The Bridgeman's will meet the Kiewel's in the championship finals for the City D-ball title Friday evening. In the semi-final games the Bridgeman's by a 9 to 2 score, defeated the Red Owls Tuesday evening; and on Wednesday evening the Kiewel's trounced the DeMolay, 15 to 2.

Scoring four runs in the 2nd inning and adding five tallies in the 6th inning the Bridgeman's scored a 9 to 2 win over Sam Farlow's Red Owl team Tuesday evening. Doc Elstad, Red Owl hurler, pitched creditably allowing but six hits, but he issued six bases on balls and he was given erratic support. Harold Hanson and Ernie Helquist shared the pitching duties for the Bridgeman's.

Paced by Harry Wisdom's two right field home-runs, and with rookie Mike Welch clubbing out two singles in three trips to the plate, the Kiewel's coasted to an easy 15 to 2 conquest of the DeMolay Wednesday evening and earned a playoff finals berth.

37 RUNS SCORED AS T. R. TEAM DEFEATS GATZKE

Locals Trying to Schedule Contest for Sunday Afternoon

Thirty-seven runs were scored, thirty six hits were clouted out, and twenty errors were committed as Thief River Falls walloped Gatzke, 27 to 10, in a game played at Gatzke on Sunday. Heavy rains had flooded the regular playing field and a new and hastily-built diamond was used for Sundays' game, and the rough infield caused numerous errors.

Stan Cockrell's single into right field, followed by Woody Almquist's long double into right center, accounted for the locals first run, marked up in the 1st inning. Thief River picked up another tally in the 2nd inning, when Bud punched out a single, swiped second, moved to third on Helquist's infield out, and scored when shortstop Bernsteen muffed Lorentson's fly ball. In the 3rd inning Thief River broke up the ball game, tallying 6 runs. Four hits, a base on balls, and four Gatzke errors, accounted for the runs. Almquist smacked out two hits during the inning, a ground single past shortstop and a long, towering triple into a patch of sweet clover in left field. Berdeen Nornes, who snapped his slump with four hits during the game, and Lanny Lorentson collected the inning's other hits.

Gatzke chalked up three scores in their half of the 3rd inning, on two errors, by Gordy Reierson and Ray Ste. Marie, and hits by Clayton Stordahl, Juel Aase, and Arnie Engelstad, with Peterson, Bernsteen, and Stordahl crossing the plate with the tallies. In the 4th inning, hits by Art Tender and Glen Bernsteen, an error by Lorentson, and base on balls, scored two runs and had men on second and third when Woody Almquist replaced Lorentson on the mound for the locals. Stordahl lashed out a right field double to score Engevik and Bernsteen with Gatzke's sixth and seventh runs.

Thief River added a run in the 4th inning, a couple in the 6th inning, drove Tender off the mound in the 7th inning, scoring five runs, and marked up nine runs, off Maland, Aase, and Norman Lunsetter in the 9th inning. Gatzke meanwhile was adding two runs in the 7th inning, and a single tally in the 8th inning, when Aase polled out a long life field triple and scored on Wally DuChamp's overthrow of third base.

CITY SALVAGE DRIVE WILL BE IN PROGRESS DURING COMING WEEK

(Continued from page 1)

At last night's meeting Paul A. Lundgren, who presided, submitted the form of a questionnaire prepared by him in cooperation with Mayor H. W. Kinghorn and C. D. Gustafson, which, with the assistance of the town boards in the various townships, will be distributed to every farm home in the county to learn what scrap material remains.

The questionnaires are expected to be returned before September 15, after which the responses will be checked to learn who have failed to comply with the request.

Farmers desiring to sell their scrap will be asked to haul it in to local dealers after the rush of the threshing season is over, or, if they are willing to donate the material, arrangements will be made by a committee headed by Mayor Kinghorn to haul it in to the city. No matter how small a collection of scrap the individual may have, it is of value to the nation's war effort, it was pointed out.

Oklee Man Fined $25 for Reckless Driving

After ramming his car against the side of the Anseby garage on East Third st. early Sunday morning, Bennie Bolstad, living north of Oklee, was arrested on a reckless driving charge. In municipal court Monday he paid a fine of $25.

Passing of Dr. Hulbert Mourned by Lions Club

The Lions club, at its luncheon meeting Wednesday noon in the Palm Garden Cafe, adopted resolutions of condolence to Mrs. A. R. Hulbert following the death last Friday of her husband, one of the group of founders of the local club and a former president. H. O. Chommie, vice president, was in charge of the meeting in the absence of President Archie Henrud.

Crookston Glider Pilot Killed in Crash Monday

Elmer Kulling, about 23, Oil City, Pa., a pre-glider training school student, was killed in Crookston late Monday in the crash of his plane from an altitude of about 150 feet.

The craft stalled on a routine flight and it was believed Kulling had nosed it upward too sharply.

Kulling was near the end of his course at the training school when the accident occurred. It was the first fatal accident at the school.

Result of week's game: Red Owl, 6; Kiewel's, 5.

In the final game on the league schedule, played last Wednesday night, the Red Owls shoved across a run in the 6th inning to hand Kiewel's Wally DuChamp his first defeat of the year. Kiewel's, on two runs in the 1st inning, a single score in the 2nd inning, and two tallies in the 4th inning, held a 5 to 1 lead going into the 5th inning, the Red Owls scoring their marker in the 2nd inning on two Kiewel errors. But after one was out the Red Owls, on hits by Helle, Hanson, Berg, and Anderson, and two errors, scored four runs to knot the count at 5-all.

Five Candidates Will Give Talks at Townsend Rally, Roy Lake, Sunday

Five candidates for state and district offices are scheduled to speak at a Townsend picnic next Sunday afternoon, August 23, at Roy Lake, 18 miles east of Mahnomen. Speakers will include Hjalmar Petersen, Farmer-Labor candidate for governor; Thomas Gallagher, candidate for justice of the Minnesota supreme court; Rev. E. L. Tungseth, Republican candidate for Congress from the Ninth District; Harold Hagen, Farmer-Labor candidate for the same office; and George Hagen, seeking the post of district judge. The program, which will begin at 1:30, also will include musical selections.

GEO MULLEN PROMOTED TO STAFF SERGEANT

George P. Mullen recently was promoted from the grade of sergeant to staff sergeant at Chanute Field, Illinois. He is one of 80 men assigned to the [illegible] branch of the Army Air Corps technical training command who received a recent promotion.

SOLD HIS BULLS

Last week Mordy Morrison of the Goodridge community advertised in the Times Classified Ads that he had two Holstein bulls for sale. He sold the bulls to the first two customers on Friday and six more came to buy the bulls after they had been sold.

Mr. Morrison is well pleased with the quick results from Times Classified ads, and asks us to tell our readers that he has no more bulls at the present. This week he is advertising some Hampshire rams and if they go as fast as the bulls he will be so busy that he won't have time to attend to his other farm work.

Advertising makes dreams of better days come true, right now, write ads, write us—we'll do the rest.

Good News

Verne Joslin, director of game and fish for the state conservation department, certainly gave the boys some "hot" news when, in the course of a speech before the Northwest Sportsmen's Association Tuesday night, he revealed that there would be a ten-day open season on pinnated and sharptailed grouse. The "chicken" season will open on Sept. 19th and continue through Sept. 28th, with the daily bag limit being placed at five birds and a possession limit of ten birds. Mr. Joslin also gave the open season dates on pheasants and Hungarian partridges. The pheasant season would open on Oct. 17th and extend through Nov. 18th, the full 23 days established by law, and the entire state would be open for shooting. The Hungarian partridge season would open on Oct. 17th and close on Oct. 25th, with the daily bag limit being four and the possession limit being eight birds, and the open territory would be slightly larger than last season. The ruffed grouse or "partridge" season, the dates of which had not been established when Mr. Joslin gave his speech will be a split season. Mr. Joslin stated that there would be an open season in October, and then an additional few days of open season on ruffed grouse would be given to coincide with the deer hunting season.

The shooting hours for all upland game birds would be in conformity with the federal regulations—from sun-up to sun-down.

Well, That's Settled

I learned from a fellow who should know, a game warden, that the federal wild fowl shooting regulations mean exactly what they state when they say that shooting hours are from sunrise to sunset. Some of the boys had begun to worry about war time restrictions, and that shooting would cease one hour before the sun had actually set. That's not so, and the provisions in your hunting license will reveal that the shooting hours are based on Central Standard Time.

Warren's New Coach

I received a tip from Marvin "Kayo" Henson to the effect that Charles Frissell, a graduate of the local high school in 1931, has accepted the position of athletic coach at Warren. Chuck, a graduate of the University of Minnesota, was a football and track letterman while in high school, and for the past several years he has been coaching at Cooperstown, North Dakota.

A Foregone Conclusion

It was a foregone conclusion that the Red Owls would be eliminated from the city D-ball playoffs if they went into the championship series without George Busse in their lineup. And that's what happened, for George left on Monday to manage the Red Owl store at Walhalla, and consequently the Red Owls trotted on the field Tuesday night to take a 9 to 2 trouncing from the Bridgeman's.

It Was True

That Tuesday night rumor that Len Mathews had died as a result of a blow received during the Grand Forks vs. Donaldson game on Sunday was true. Mathews, who was catcher and manager of the Kittson county team, and who played a couple of weeks ago, received a blow behind the head when a Grand Forks player, in completing his swing, accidently clubbed Mathews with the bat. Mathews remained in the game, but collapsed later in the evening, and died the following morning.

Thief River was scheduled to play Mathews' team at Donaldson next Sunday, but the contest has been cancelled. Manager Ole Ness is attempting to book a game with the Eldred nine as a replacement.

Hats Off Dept.

Hats off to Lloyd Bennes' Lincoln Life team who were declared winners, after a red-hot race, of the Victory golf league. The Lifes seemed to thrive under pressure for they came through with a win Sunday, in the schedule's final match, while the Poppler's were losing their match with the J. & B Drugs.

He's Irreplaceable.

Junior hockey in particular and the city and community in general suffered an irreplaceable loss last Friday when Dr. A. R. Hulbert died. It was largely through Doc's efforts that the junior hockey program was established here, and he was one of the "prime movers" in the formation of the Red River Valley junior hockey association.

We shall not see his like again.

Tom Jorde in Finals for City Golf Championship

Only a few matches were played in the city golf tournament during the week. In the only match played in the championship flight, lanky Tom Jorde fashioned out a 6-and-4 win over Dr. Homer Hedemark to advance into the finals, where he will meet the winner of the H. O. Chommie vs. Vic Kvikstad match for the city championship.

Cal Colvin scored a 6 and 5 win over Stan Larson to win the first flight consolation championship. Roy Oen defeated Oscar Rolland, 1-up in 20 holes, to win the fourth flight championship.

Farm Home Destroyed by Fire

The house on the farm of Orris Rodahl, three miles south of this village was completely destroyed by fire Tuesday morning. The fire apparently started in the upstairs part of the house and was beyond control before noticed. With the help of neighbors and others, most of their possessions were saved.

Mrs. W. J. Aitchison and Delmar returned home Monday evening after spending two weeks visiting with relatives in Elkhorn, Manitoba.

Beverly Gravum and Joan Winter spent Tuesday at the Herman Jenson home in Thief River Falls.

Miss Ellen Janda, R. N. left for Minneapolis on Sunday after spending two weeks vacation at the home of her parents, Mr. and Mrs. W. J. Janda. She was accompanied back by Miss Mildred Mayoras who had visited at the Janda home since Thursday.

Mr. and Mrs. P. O. Svard and daughters Elvera and Ruth, Mr. and Mrs. John Hedlund and Olive Iverson all of Alvarado and Mrs. Norman Aarstad of Seattle, Wash., were Sunday visitors at the Arvid Dahlstrom home.

Mr. and Mrs. A. L. Rezac and children visited with relatives in Middle River over the week-end.

Mr. and Mrs. Al Brink and son Ward, Mr. and Mrs. V. G. Brink, Mr. and Mrs. Harry Winter, Joan and Jack Winter, Gladys King and John Gullingsrud of Thief River Falls attended the annual Beekeeper's picnic at the Crookston park Sunday.

Cliff Schantzen and Si left Monday for Duluth where they hope to find employment.

Art Larson, who is employed in the creamery at Gonvick, spent the weekend with his family here.

Mrs. W. J. Janda, who is first vice president of the District P. T. A., attended a district meeting at Crookston Tuesday.

Mr. and Mrs. Carl Nelson of Hibbing came on Thursday and spent over Sunday visiting with Mrs. Mary Sherva and other relatives.

Mrs. Ruel Rolland and children of Thief River Falls were Sunday visitors at the Elmer Johnson home.

Mr. and Mrs. Fred Wick of Minneapolis visited at the Hans Sande home Saturday and Sunday.

Wm. and Henry Olson visited at the Alfred Olson home in Bray on Sunday afternoon.

Mrs. Norman Holmes was a Thursday night visitor at the Ole Granum home in Rocksbury.

Mr. and Mrs. Fred Hanson of Thief River Falls were Thursday evening callers at the Mrs. H. F. Hanson home.

Mr. and Mrs. Carl Nelson of Hibbing and Grace Carlaness of Duluth were Saturday visitors at the Ole Odegaard home in Hazel.

Mrs. Albert Anderson and Clarence, Mr. and Mrs. Melvin Anderson and children of Black River, accompanied by Duane Larson of Holt were Sunday afternoon callers at the Carl Pearson home.

Mr. and Mrs. Alfred Hance of Dorothy were Sunday visitors at the Vern Lindquist home.

Mrs. Peter Erickson and son came Saturday from Chicago and visited until Wednesday at the Mrs. Gustaf Stark home.

Mrs. Rose M. Grove from Parker's Prairie came last week to visit at the home of her sister, Mrs. T. F. Wolfgram.

Mr. and Mrs. Leo Carpenter, Ethel, Alvin and Marian, accompanied by Marlene Drees motored to Crookston Sunday and visited at the Mrs. Anna Ness home.

Mr. and Mrs. H. Grytdal of Thief River Falls were Thursday visitors at the James Kenney and Herman Ortloff homes.

Mrs. N. E. Beebe, Mrs. August Swenson, Mrs. Oscar Gunstad, and Mrs. M. H. Jackson motored to Maple Lake on Thursday and visited with Mrs. Anna Patterson.

Mrs. Axel Anderson and daughter June of Duluth came Saturday to visit a few days at the home of her aunt, Mrs. Gustaf Stark.

Mice Bursting Into Song

For centuries there have been reports from astonished housewives, generally unverifiable, of mice that burst into song. Now recent experiments indicate that mice probably devote a good deal of their time to singing, the songs being perfectly audible to other mice, and doubtless highly pleasing, but pitched so high that only a very rare human ear can hear them. The people who do hear the little mouse melodies probably have the same auditory endowment as the few people who are said to hear the "silent" dog whistles.

JUNK needed for War

"What's it good for?"
"Guns, tanks, and maybe part of a plane"

In the barnyards and gullies of farms and in the basements and attics of homes is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.

Scrap iron and steel, for example.

Even in peacetime, scrap provided about 50% of the raw material for steel. It may be rusty, old "scrap" to you, but it is actually *refined* steel—with most impurities removed, and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

The production of steel has gone *up, up,* UP, until today America is turning out as much steel as all the rest of the world combined. But unless at least 6,000,000 additional tons of scrap steel is uncovered promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead and tin.

The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

Will you help?

First—collect all of your waste material and pile it up.

Then—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

JUNK MAKES FIGHTING WEAPONS

One old disc will provide scrap steel needed for 210 semi-automatic light carbines.

One old plow will help make one hundred 75 mm. armor-piercing projectiles.

One useless old tire provides as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

MATERIALS NEEDED
Scrap iron and steel.
Other metals of all kinds.
Old rubber.
Rags, Manila rope, burlap bags.
Waste Cooking Fats—When you get a pound or more, strain into a large tin can and sell to your meat dealer.
NEEDED ONLY IN CERTAIN LOCALITIES:
Waste paper and tin cans—wanted only in certain areas, as announced locally. NOT NEEDED (at this time): Razor blades—glass.

WHAT PRICE PROGRESS?

Joe Scanlan owns a half-section of land near here which, in 1857 belonged to Truls Soland. Soland's son, Knute, recently found a tax receipt issued in 1858 for real estate taxes levied for 1857. State 74c, county 74c, school 37c, township 25c, totalled $2.10 on the entire parcel. This year, for 1941 taxes, the owners paid on the same parcel $305.40.

REV. PETERSON'S GIVEN FAREWELL PARTY SUNDAY

A farewell party was given to Rev. and Mrs. H. O. Peterson and family Sunday afternoon at the Zion Lutheran church. A program was given consisting of Scripture and prayer by Emil Shern and talks were given by the following: Morris Halverson in behalf of Sunday school; Mrs. Carl Gustafson in behalf of Ladies Aid; Charles Gustafson spoke for the confirmants; Orrin Fredrickson for the choir; Randolph Sustad for the Luther League; Hans C. Hansen expressed the appreciation of the whole congregation and the regret of them leaving. Mrs. Edel Samuelson gave a very interesting resume from the first day Rev. Peterson came here until the present. All the choir members who have sung in the choir since Rev. Peterson organized it sang "God, How Wonderful Thou Art" which was the first song sung by the choir. Henry Rud sang a solo accompanied by Mrs. Rud at the piano. Ddryce Ranum gave a violin solo. Glen Halverson sang a solo accompanied by Mrs. Fred Ranum. A duet was sung by Mrs. Ernest Melvie and Iris Ayers. The choir sang two numbers. A sum of money was given to the Peterson family by different branches of the church and from friends who had assembled.

Rev. and Mrs. Peterson expressed their appreciation for the many acts of kindness shown to them. Luncheon was served in the church parlors.

OBJECT LESSON IN CARE OF MACHINERY

Farmington.—Forty years ago the late Jens Anderson gave Nels Fredrickson of Eidsvold a grain binder, because he couldn't make it work. Nels fixed the knot-tying device and is using the binder today without a cent of additional expense. Proper care is the secret, he says. Maybe plenty of help is a factor, too, for the Fredricksons are the parents of 18 children of whom 16 are living. Nine sons were helping their father the day Eugene Clay of The Farmington Tribune photographed the aged binder.

CITY COUNCIL PROCEEDINGS

The City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on Tuesday, August 11, 1942. The meeting was called to order at eight o'clock P. M. with Aldermen Griebstein, Petersen, Overum, Severson, Stenberg present and Alderman Hulbert absent.

Minutes of the meetings of July 14th and 28th were read and declared as approved.

Monthly reports of the City Clerk, Treasurer, Municipal Judge, Dairy Inspector, Manager of Sports Arena and Park Board were presented and ordered filed.

Representatives of various civic organizations appeared before the Council suggesting that the Council take steps towards securing of a site for an airport due to the possibility of location of a preliminary Flight Training Center in this section. President Griebstein appointed Mayor Kinghorn, Aldermen Petersen and Stenberg as a committee to make investigations in the matter and report their findings.

A petition was presented, the same being signed by Arthur Hamback, Ralph Hunt, Hazel Halgrim and others, protesting against a proposed widening of Horace Avenue from First to Second Street in connection with certain improvements petitioned for at a meeting of July 28th. Alderman Stenberg moved that the city abandon such proposed widening of Horace Avenue as protested by petitioners and that the resolution as adopted on July 28th be amended to that extent. The motion was seconded by Alderman Severson and adopted by unanimous vote.

Application for renewal of Dry Cleaner's license was presented by M. E. Dahl, Dahl Cleaners and applications for license to sell milk and cream were presented by H. M. Hoel, Ole J. Dokken, the same being approved by the Dairy Inspector. Alderman Stenberg moved that such licenses be authorized for issuance. The motion was seconded by Alderman Petersen and adopted by unanimous vote.

Application for building permits were presented, as follows: W. J. Peterson, residence foundation and basement, Lots 21-24, Block 10, Knox Addition, cost $300.00; Carl Wennberg, machine shop addition, Lot 20, Block 37, O.T.S. cost $1,360.00; Tyler J. Wold, residence basement and foundation, Lots 13-14, Block 28, O. T. S. cost $400.00; Minnesota Highway Department, remodeling building moved in, Lots 1-9, Block 40, O.T.S.; John Holland, shingle residence, Lot 1, Block 11, Oakland Addition, cost [illegible]; Land O'Lakes Creameries, enlarge warehouse, Atlantic Avenue across from Fourth Street, cost $400. Application was presented by Richard Soderberg for permission to move building formerly used as NYA shop on Central School grounds to Lots 9-10, Block 41, O.T.S. and placing the same on foundation for warehouse purposes. There were objections raised to the application of Richard Soderberg and the same was laid over for a further investigation. Alderman Petersen moved that the applications for building permits be approved and granted. The motion was seconded by Alderman Severson and adopted.

H. A. Delta presented combination automobile policy, Lloyds of Minneapolis, covering car placed back in service, Plymouth sedan, Serial No. 1116418, Motor P12-43596, coverage of Bodily Injury and Property Damage liability, operated in [illegible] service and the same having been approved as to form and execution by the City Attorney. Alderman Severson moved that the same be accepted and placed on file. The motion was seconded by Alderman Stenberg and adopted.

The President of the Council and the City Clerk were on motion of Alderman Overum, seconded by Severson and adopted, authorized to execute and deliver to Fidelity and Casualty Company of New York a certificate in connection with the bond of Hazel C. Olson, City Treasurer.

Applications for renewal of licenses to sell 3.2% beer, Knute Swanson, Phil Huerd and Ray W. Magneson, on which action had been withheld at the meeting of July 28th were again brought up for consideration. Alderman Severson moved that license be authorized to Knute Swanson. The motion was seconded by Alderman Overum and adopted by roll call vote. Phil Huerd was present and was called to the table by the President for questioning. He was informed that he was not cooperating with local officials in the conduct of his business and that many complaints were reaching the authorities of mismanagement. On his assurance that he would comply with the law and show better conduct of the business Alderman Severson moved that renewal of his license be approved. The motion was seconded by Alderman Petersen and adopted by roll call. Ray W. Magneson was present and was also called to the table for questioning and was informed of complaints regarding the conduct of his business. On his assurance that he would comply with the law and improve the conduct of his business, Alderman Severson moved that his application for renewal of license be approved. The motion was seconded by Alderman Overum and adopted by roll call vote.

The following residents and taxpayers were appointed to serve as Judges of Election, during the year 1942. First Ward: [illegible] Knudson, A. Buringrud and Mrs. Christ Kirk. Second Ward: Russell Olson, John Gulligsrud and Mrs. Lyle Hanson. Third Ward: Mrs. E. J. Ettinger, Mrs. F. Holzknecht and Harry Roberts. Fourth Ward: Ben Erickson, [illegible] Iverson and Mrs. Martha Fuller.

Motion was made by Alderman Stenberg that proposals for the furnishing of coal for municipal buildings, advertised for this date, be opened and read. Bids were presented as follows: Robertson Lumber Company Premium Kentucky Screenings, $9.95; Pocahontas Lump, $12.25, additional for dust treatment $.15 per ton. Red Lake Fuel Company: Odin Premium Screenings $9.95; Pocahontas Lump $12.25; Blue Diamond Stoker, treated $11.75. Treatment on Odin and lump coal, if procurable, $.15 per ton additional. Oen Mercantile Company: Premium Kentucky Screenings, $[illegible]; Pocahontas Lump $12.42, $.15 per ton additional for dust treatment. Alderman Stenberg introduced a resolution accepting the proposal of Robertson Lumber Company and Red Lake Fuel Company, fixing the performance bond of each, in the amount of $1,000.00 and moved adoption of the resolution. The motion was seconded by Alderman Petersen and the resolution was by roll call duly passed and adopted.

Motion was made, seconded and carried that bids for the painting of Trickling Filter of Sewerage Treatment Plant be opened and read. Proposals were presented as follows: Peder Furuseth and Axel Larson: Item No. 1, $187.50; Item No. 2 $187.50, total $375.00. Arthur C. Tessier: Item No. 1, $[illegible]; Item No. 2 $[illegible], total $[illegible]. It was moved by Alderman Petersen that such proposals be laid over for further consideration on Wednesday, August 12th at eight o'clock P. M. The motion was seconded by Alderman Severson and adopted.

Alderman Petersen introduced a resolution fixing and establishing the salaries of certain city employees and moved its adoption. The motion was seconded by Alderman Stenberg, and the resolution was by roll call duly passed and adopted.

Alderman Petersen introduced a resolution approving for payment various current bills against the City and moved its adoption. The motion was seconded by Alderman Severson and the resolution was by roll call duly passed and adopted.

On motion duly made and carried the meeting was declared adjourned to Wednesday, August 12th at eight o'clock P. M.

EMIL GRIEBSTEIN,
President of the Council.
Attest: P. O. Pederson,
City Clerk.

RESOLUTION

At a regular meeting of the City Council held August 11, 1942, Alderman Stenberg, seconded by Alderman Petersen introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, The City Council has heretofore duly instructed the City Clerk to advertise for bids for furnishing approximately [illegible] tons of Premium Screenings Coal and about 80 ton of Pocahontas Lump Coal for use in the City Buildings during the heating season of 1942-43,

And, such notice having been published and bids having been received and opened by the City Council at the time and place fixed therefore,

And, such bids having been considered by the City Council and that it having been found that the bid of the Robertson Lumber Company for furnishing 140 tons of Kentucky Premium Screenings Coal at Nine Dollars and Ninety-five Cents ($9.95) per ton and 40 tons of Pocahontas Lump Coal at Twelve Dollars and Twenty-five Cents ($12.25) per ton, is the lowest and best for such coals.

And, that the bid of A. H. McLaughlin, doing business as the Red Lake Fuel Company, for furnishing 140 tons of Odin Premium Screenings Coal at Nine Dollars and Ninety-five Cents ($9.95) per ton delivered and 40 ton of Pocahontas Lump Coal at Twelve Dollars and Twenty-five Cents ($12.25) per ton delivered, is the lowest and best bid for such coals.

NOW THEREFORE BE IT RESOLVED, That the above bids be and hereby are accepted and the Mayor and City Clerk are hereby authorized and instructed to enter into a contract with the said bidders for the amount of coal above named and the bond of each bidder is fixed at $1,000.00 Dollars each.

ROLL CALL.

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in session in the Council Chambers in the Auditorium and Municipal Building on Wednesday, August 12, 1942. The meeting was called to order at eight o'clock P. M. with Aldermen Griebstein, Petersen, Overum, Severson, Stenberg present and Alderman Hulbert absent.

Bids for the painting of Trickling Filter of Sewerage Treatment Plant, laid over for further consideration at the meeting of August 11th, were again brought up for discussion. Alderman Stenberg introduced a resolution awarding the contract to Peder Furuseth and Axel Larson at their bid of $375.00, fixing the performance bond in the amount of $650.00 and moved adoption of the resolution. Alderman Petersen seconded such motion and the resolution was by unanimous vote passed and adopted.

Alderman Petersen moved that moving permit be granted to Midnite Express for moving of a certain frame building now located on the Central School Grounds to a location on Davis Avenue north of Sixth Street, such building to be used for warehouse purposes and also that remodeling permit be granted for such building. The motion was seconded by Alderman Severson and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.
Attest: P. O. Pederson,
City Clerk.

RESOLUTION

At a regular meeting of the City Council held August 12th, 1942, Alderman Stenberg seconded by Alderman Petersen, introduced the following resolution and moved its adoption:

BE IT RESOLVED, by the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, The City Council having heretofore duly instructed the City Clerk to advertise for bids for furnishing all labor, tools, equipment and services necessary to remove the loose paint from the peripheral wooden surface of the Trickling Filter Building at the Sewage Disposal Plant and to re-paint such surface thereof, all pursuant to plans and specifications heretofore adopted, and such notice having been published and bids having been received and opened at the time and place fixed thereof,

And, the City Council having considered said bids and it having been found that the bid of Axel Larson and Peder Furuseth is the lowest and best bid,

NOW THEREFORE BE IT RESOLVED, That the bid of said Axel Larson and Peder Furuseth be and hereby is accepted and the amount of their contract bond fixed at Six Hundred Fifty ($650.00) Dollars.

And, it is further resolved, that the Mayor and City Clerk be and hereby are authorized and instructed to enter into contract with said bidders for the doing of said work.

SHOD WITH STEEL She'll Swat The Axis All The Harder!

Sure the new MODEL C is on steel. MacArthur needs the rubber to land those big bombers on bumpy airfields. But that won't stop it from going anywhere you want it to go. Everything's there — Sealed Reservoir bearings, no daily greasing; hydraulic controls; 2-row tool bar implements; snappy, powerful motor.

Allis-Chalmers pioneered the air-tired tractor and still believes there is no substitute to equal pneumatic tires. When rubber comes back, you can change to air tires in half an hour, and the Model C will be better than ever. In the meantime, we recommend it on steel with complete confidence.

HORACE AV. [illegible] IS AWARDED TO ALBERT LARSON

Council Votes Tuesday Night to Proceed at Once with Widening

ALSO TO PAVE ALLEY BEHIND OEN'S STORE

Vote to Obtain an Option on Proposed Site for Airport

At an adjourned meeting Tuesday evening, the city council voted to proceed at once with the project calling for the widening of Horace av. from Second to Third sts., paving of the alley in the rear of the Oen Mercantile company and the new Hartz building and the construction of two blocks of sidewalks alongside the Evelyn hotel, the Hartz building and the Jay-Bee drug store.

The contract for the project was awarded to the sole bidder, Albert Larson, on his bid totaling $3,824, while Kenneth Bakke will supply sand and rock on his bid of $609.50. The work to be done by Larson also includes the removal of trees along the boulevards of the Horace av. block, and the moving of street light standards.

Subject to obtaining a certificate of purchase from the ration board, the council voted to call for bids on a new one-half or three-quarters ton truck for the water and light department to replace the present 1938 model, which would be turned in on the deal. Bids will be opened September 22.

Alderman A. B. Stenberg was authorized to obtain an option on a site tentatively selected as the location of the proposed Thief River Falls airport, the selection to be subject to the approval of the Civil Aeronautics authority.

A committee including City Attorney Theodore Quale and members of the council was appointed to prepare resolutions of condolence to Mrs. A. R. Hulbert, whose husband was serving as fourth ward alderman at the time of his recent death. Action on appointment of a successor to Dr. Hulbert was deferred to the next regular meeting of the council.

ED THYE, SEEKING LT. GOVERNOR POST IS SPEAKER HERE

Republican Candidate Outlines Details of His Platform

Ed Thye, former state commissioner of agriculture, dairy and food, and a candidate for the Republican nomination for lieutenant governor, spoke from a sound truck in this city late Tuesday afternoon, outlining details of his platform.

He declared that non-essential spending, and spending not contributing to the war effort in Minnesota must be cut to an absolute minimum, and that the state must immediately begin building up a reserve fund for public works after the war. He pointed out that hundreds of men now employed in munitions manufacture in this state, and thousands of men now in the armed forces, will be seeking work in private industry when the war is over and that the state must be prepared to meet the demand for jobs with a public works program which is planned in advance, and for which funds must be built up now.

He placed himself on record against a sales tax as another drain and regulatory measure on business, and declared that state and local taxes must be kept at a low level because of the tremendous drain of federal taxes, necessary for the war effort.

Absent Voters Ballots Available from Auditor

Absent voters ballots for the use of those who will be away from their homes on primary election day Tuesday, September 8, are now available at the county auditor's office, Auditor A. M. Senstad stated today. There is a fee of 25 cents for this service, and the ballots must be mailed special delivery to the voting precinct.

TECHNICOLOR EPIC WILL BE WEEK-END AVALON OFFERING

"Reap the Wild Wind" Tells Romantic Story of Sea Life

Dealing with the threat to America's sea lifeline in 1840 when salvage pirates led sailing ships to disaster on the hurricane-swept reefs off Florida, "Reap the Wild Wind", the new Cecil B. DeMille Technicolor sea epic, will be a special feature attraction at the Avalon theatre Saturday, Sunday and Monday.

Starred in the production are Ray Milland, Paulette Goddard and John Wayne. Others featured in the huge cast are Raymond Massey, Lynne Overman, Robert Preston, Susan Hayward, Charles Bickford and Walter Hampden. The film recently set a record by drawing crowds for five weeks at Radio City Music Hall in New York City.

Comedians are featured in "Sleepytime Gal", the offering at the Falls theatre Sunday and Monday, with a midnight prevue Saturday evening at 11:15. With Judy Canova, popular comedienne, in the starring role, the cast also includes Billy Gilbert, as well as Skinnay Ennis and Jerry Lester, associated respectively with the Bob Hope and Bing Crosby radio programs.

ST. HILAIRE TERM OF SCHOOL OPENS ON SEPTEMBER 14

Rural Pupils Given an Extra Week to Assist with Harvest Work

To give rural pupils additional time to help with harvest work, the opening of the St. Hilaire school has been deferred until September 14 by the board of education, Supt. H. M. Rud announced this week. He added that an increased enrollment in both the grades and high school is anticipated.

Numerous changes in the school faculty will be in effect this fall, new teachers including Ethel Torgeson, St. Thomas, N. D., mathematics; Margaret Carlstedt, Detroit Lakes, science; Mrs. Agnes Rolland, Thief River Falls, commercial subjects; Pearl Limesand, Goodridge, third and fourth grades, and Marguerite Patnode, Red Lake Falls, first and second grades.

Soo Locomotive and 16 Freight Cars Derailed

In one of the most disastrous wrecks in the history of the Thief River Falls division of the Soo Line, a big locomotive and sixteen cars on an extra Soo freight train were derailed at the east outside switch at Callaway Sunday afternoon at 5:27.

The locomotive remained upright, while the freight cars were piled up indiscriminately, some of them being badly wrecked and their contents damaged. No one was injured. O. F. Halldin was the engineer, R. T. Wagner fireman and Charles Maidment conductor.

The westbound Winnipeg train due here early Monday morning was rerouted via the Northern Pacific tracks to Crookston, and from there to the Soo junctional Erskine, there to the Soo junction at Erskine, arriving in this city at 8 o'clock in the morning. A passing track at Callaway was cleared Monday.

EDUCATION BOARD SELECTS ANOTHER FACULTY MEMBER

Miss Esther Shirley of Minneapolis to Teach Home Economics

At a special meeting of the local board of education Saturday afternoon, Miss Esther Shirley of Minneapolis was elected home economics and eighth grade history teacher succeeding Miss Ruth Sundberg, resigned.

A graduate of St. Olaf college at Northfield, Miss Shirley took post-graduate work at the University of Minnesota and taught the past four years at Dodge Center. No athletic coach has been named as yet, following the resignation of Harry Newby.

Supt. Morris Bye announced that the annual school bulletin is now being printed, and will be distributed to residents of the school district early next week.

Two Local Youths Who Admitted Burglaries Taken to Reformatory

Albert Zavoral, Jr., and his brother Werner, who pleaded guilty to a series of local burglaries in district court last Thursday afternoon, were each given sentences of one to five years in the St. Cloud reformatory, and were taken to St. Cloud Saturday by Sheriff Arthur Rambeck. Before bringing the youths into court, County Attorney Paul Lundgren had referred the case to the state parole board for pre-sentence investigation, and that body recommended that in view of their previous records, the young men be sentenced.

Youths 18-19 Receive Questionnaire Forms

Occupational questionnaires to be filled out by selective service registrants in the 18-19 year age class were mailed out Wednesday by the local board, Arthur Berg, chief clerk, announced today, adding that ten days time is allowed for answering the questions and returning the forms. Registrants are asked to complete the forms as nearly as possible before calling for outside assistance.

SECOND AUGUST CONTINGENT TO DEPART SUNDAY

Will Undergo Pre-induction Physical Exams at Fort Snelling

WILL GET FURLOUGH AFTER INDUCTION

Group of Reservists Leave From City Early Last Sunday

Constituting the second August call for a Pennington county quota of selective service men will be a small contingent which will leave Sunday morning at 11:20 for Fort Snelling to undergo physical examinations and be inducted into the service, following which the young men will return to their homes for a two-weeks furlough.

Included in the contingent are Benard Swanson and Francis Woid, Route 5, City; Perry Grytdal, Route 2, City; Willard Yonke, Norman Nowland, Peter Feragen, Harry Langlie and Arthur Holdahl, all of Thief River Falls; Leonard Hoass, Oklee; Roy Steinbrink, Route 3, Red Lake Falls; Ludvig Bjerklie, Route 2, Trail; and John Leslie Sarvis, Tacoma, Washington.

With the occasion enlivened by stirring music by the municipal band directed by Vern Keifenheim, the group of reservists inducted at the time of the first August call left Sunday morning for Fort Snelling to be assigned to their duties following their furlough. Also present were relatives and friends and members of the Civic Service Organization, who presented the new soldiers with diaries and other mementos. Two other members of the contingent, John Stucy and John Stenseth, left Wednesday.

PRICE CEILINGS ARE C & C TOPIC THURSDAY NIGHT

Field Analysts from State OPA Lead Discussion Session

After holding conferences with individual merchants during the day last Thursday, C. R. Lane and Alan Kline, field analysts with the Minnesota division of the federal Office of Price Administration, led a discussion of the price ceiling plan at an evening dinner meeting of the Civic and Commerce association.

Mr. Lane pointed out that the program is designed to avert inflation, but not to force merchants out of business by preventing prices that will permit a legitimate profit. He added that merchants are authorized to appeal to the state OPA office for relief from situations causing hardship.

The speakers also outlined proper methods of posting ceiling and current selling prices.

Music Class Opens at St. Theresa Studio

St. Theresa Music Studio announces that the music class will be open for registration on Monday, August 31 for the fall and winter term. Application may be made by telephone (number 534-W), but new pupils are encouraged to make a personal call at the Studio, since it will enable the parents to discuss matters of importance regarding the work with the teacher.

Arrangements should be made as early as possible, since those who apply first will be allowed their choice of daily periods for lessons, etc. After the number that can be accommodated is reached, it will be necessary to refuse further applications.

The Studio is offering private lessons in piano, violin, guitar, and accordion. Those who wish to make all possible progress are urged to arrange for daily supervised practice. When the teacher has daily contact with the pupil it prevents the formation of undesirable habits and the wasting of time.

Pupils will be given an opportunity to accompany; special stress will be given to technique, time, public appearance, etc. all of which have their special value in the music education of a child.

V-MAIL SYSTEM IS USED FOR SENDING MAIL OVERSEAS

Space-Conserving Plan Is Devised for Letters to Service Men

The post office department in Washington announced today that the V-Mail service, inaugurated on June 15, is now past the experimental stage, with each week showing large increases in the number of letters mailed to American soldiers overseas. The war department has increased its facilities to handle promptly the volume expected in the future.

Facilities for photographing and reproducing V-Mail to and from the United States and the British Isles, Australia, India, Hawaii and other points are now in operation. A similar service is being planned for Iceland and other points where the volume may warrant.

Pointing out that V-Mail provides a safe means of communication with members of our Armed forces, the post office department gave assurance that the film (upon which the communications are reproduced) is given the most expeditious dispatch available. Because of the small space taken up by the rolls of film, they often can be carried on ferry planes or bombers.

Every pound of weight which can be saved on air transports overseas, said the Department, means that an equivalent amount of weight can be allotted vital military material.

In recognition of this, and in an effort to insure delivery of mail to as many men as possible at overseas destinations when space is limited, the war and navy departments have directed that V-Mail be given priority in dispatch over all other classes—including air mail—when transportation facilities under control of those departments are used.

V-Mail letter sheets have been distributed at all post offices; and have been provided all military and naval personnel at overseas points through Army and Navy post offices and military channels. Private firms and individuals have also been permitted by the Post Office Department to reproduce the letter sheets. The sheets also will be available soon to all stores selling stationery.

In 1857 Minnesota expense record lists 43¾ cords of wood at $229.75, and 12 buffalo tongues $9.00. Bear meat, deer meat, and wild fruits are also mentioned.

FAWN GETS FIRST AID AFTER NEAR DROWNING

Aitkin.—Two fishermen found a three months old buck swimming two miles from shore in Mille Lacs lake, utterly exhausted and nearly unconscious. On shore a rub-down, blankets, and warm milk restored the baby, who developed a fear of the night and would stay quiet only when the lights were on. When fully recovered he's scheduled for one of the state parks.

Marshall County Rural Schools Set to Open

Marshall county's first rural school term will open next Monday, August 31 in District 66 near Alvarado with Miss Ruth Svard as teacher, while on September 8 there are 66 rural schools scheduled to open, Miss Thora Skomedal, county superintendent of schools, announced today.

"There is apparently very little shortage of teachers among the rural districts, Miss Skomedal reported with only nine or ten vacancies existing at the present time. There have been applications made for all vacancies, although boards in all instances have not yet entered into contracts with the applicants.

STATE NOW GETS LESS THAN TENTH OF PROPERTY TAX

Local Governments Receive 91.4 Pct. of Property Taxes Imposed

Listing the reductions that have been made in state tax levies on property in recent years, the Minnesota state tax department in a new research report made public this week by G. Howard Spaeth, state tax commissioner, pointed out that only 8.6% of the taxes imposed on property in Minnesota for 1941 was for state purposes.

Fully 91.4% of the total tax levies of $109,750,095 which taxpayers of the state must dig up in property taxes this year to pay the 1941 levies, the report said, have been made to provide funds for county, municipal, township and school district purposes. Municipal governments and school districts each account for about 29% of the total, and county governments for 27.5%.

The report, one of the clearest and most comprehensive yet presented, traces changes in the property tax in Minnesota over the past 18 years and shows the place the tax now holds in providing funds for government in this state. Only the state has decreased reliance on the property tax the report showed. Local units of government, depending on the property tax for more than 90% of their tax revenue and for something more than half of all funds they receive, have not decreased their levies on property from the level that prevailed in 1924. Levies on property by local governments amounted to $100,487,000 for 1924 and went up about $10,000,000 during the period from 1927 to 1930, but since have declined and for 1941 were down almost to 1924, with a total of $100,703,000.

One of the interesting disclosures in the report was the decline in the state's reliance on the property tax. The property tax provided about a third of the state's revenue back in 1924. The percentage rose until in 1933, the property tax furnished 44.6% of the state's revenue, or $17,815,913. But the percentage has gone down until the state's revenue from the property tax amounted to only 11.5% of total revenues for 1941, or $9,402,347—something like $1,847,000 less than in 1924.

Tax delinquency, which ran as high as 20% of the total levy in the depth of the depression, amounted to only 5.2% on 1940 taxes, the report showed.

GETS FRIEND'S WORLD WAR MESS KIT IN CURRENT WAR

Cass Lake—'Way back in 1918 when the tread of Mars was rocking the world, Gene Olson found time to engrave his name in one of Uncle Sam's aluminum mess kits, the better to keep track of that essential piece of equipment. Recently at Camp Wallace Texas, Heinie Schmidt, local service man and good friend of Olson's, was issued the same mess kit. They consider this a good omen, and Heinie plans to bring it home so the two can share peacetime mulligan from it.

A VALUABLE ALLY

One of the really important developments of the past week was Brazil's declaration of war on the Axis powers. We have reason to welcome this great South American country as an ally not only for the active aid we may receive but also because of the influence Brazil's action will have on the thinking of people in other countries.

Brazil as an active ally will simplify our problem of patrolling the south Atlantic and will add to the difficulties of the Axis powers in maintaining their South American bases for espionage and propaganda. These contributions will be of direct military value.

Less direct but of still greater importance will be the effect on the attitude of other nations in both South America and Europe. South Americans are Latins, closely related to the people of Spain, Portugal and other Southern European countries, and Brazil's active participation in the war is going to do much to build anti Axis sentiment in nations whose leaders are pro Axis in their sympathies.

Brazil's declaration of war may truly be hailed as an important victory for the United Nations.

HAROLD GUMS THE WORKS AGAIN

Harold Ickes achieved a new high in creating confusion last week when he decreed that shipment of gasoline by tank cars into northwest states would be stopped Monday. Many good citizens took the order seriously and in anticipation of a gasoline famine started packing a reserve supply in mason jars. Harebrained Harold must have gotten a lot of chuckles out of this latest triumph in breaking down public morale and we will be glad to chip in a nickle toward the purchase of a bundle of German marks to be presented to him in recognition of his aid to the Axis.

The order made us a little jittery too when we read it. It would be impossible to serve the fuel needs of this corner of the state without rail shipments and a fuel shortage during the next few weeks would mean a terrific loss to farmers. Then it occurred to us that the order was too silly to be taken seriously and we decided to worry no more about it. The expected modifications came along in due course. We are going to have enough gasoline to carry on necessary activities, as anyone might have known.

How simple it would have been for Mr. Ickes to make a sensible declaration in the first place, explaining the need for a curtailment of shipments and asking for the cooperation of the public. But Harold doesn't do things that way. He likes to crack the whip. *He gets a big bang out of being* a boss. He is a mule skinner at heart. It is possible that he has some special abilities that qualify him for the important position he holds but in the interests of the nation's war effort the administration should deny him all use of the radio, the press or the mails. As a public relations man he is the nation's outstanding disorganizer.

Horace Avenue, between Second and Third Streets, will be widened this fall and this project, made necessary by the construction of the Hartz building, revives the question of whether or not all streets in the business section should be made wider. For the time being automobile parking is not a problem but with a return to normal conditions it will be very much of a problem again and street widening is one of the reasonable solutions. Unless the streets are widened it will be necessary to extend the parallel parking zones and that in turn will greatly reduce parking space. Our sidewalks are now wider than they need to be and can be narrowed without causing inconvenience. Street widening will be a good project for the era of public work programs that will follow the war.

Enough threshing has been done to indicate that predictions of a big crop thruout this area were well founded, but only a small portion of the crop is in the bins and until threshing is completed the big crop will not have been harvested. Wet weather is one thing we don't want more than anything we can think of right now.

When the Yanks dropped in unexpectedly on the Solomon Islands it was fair to assume that they went in with plenty of power to be reasonably certain of accomplishing their objective. It is not necessarily to the discredit of the Japs that they were defeated. But if the Japs fail to regain control of the islands, as they are now attempting to do, this failure will be a reflection on Japanese military leaders that no doubt will result in several suicides. Reports indicate that we are doing better than holding our own in the battle of ships and planes that now is raging. Another defeat in the Solomons will give our little friends some reasons to start wondering whether or not they really are the superior race.

PUBLIC OPINION

Editor the Times:

Several weeks have gone by and no answer to Kitty's letter. Well, here's hats off to Kitty, who ever she is, from the sound of her letter she's a farmer's wife like so many others. Ain't her letter the truth tho? Boy! by the time the hay is all up for a weeks work, cows milked, pigs fed, chickens, turks etc. taken care of, supper to get for a hungry crew. By that time we sure don't know if we are coming or going. Then baths to take in the old tub, clean clothes for the whole family so a farmer be fit to be seen in town. Yet what is there left for him to do when he reaches town at 8:30 or 9 after racing at 40 per then spend 15 minutes or more driving over town looking for a place to park so he doesn't have to haul cream cans, egg cases etc half across the town. There's a list that could go on and on. Cream to be tested, eggs graded, repairs for mowers, hay slings, tractors, long list of groceries to get. Ma wants to look at yard goods, sister's buying a new dress. Baby brother is crying from being hauled around from store to store because they close at 9. Sure we could start chores at say 4:30 or 5, but can we put up big stacks of hay in so many hours, then run our legs off for the rest. The farmer they tell us must do ever so much more to help win the war. Yet why can't the farmer be given a bit of help too by having later store hours so he can buy and get whatever is needed? Then after shoppings all done, we like to see a movie. Thank goodness they have hours that give us a chance to sit down and rest for a few hours, if by that time we are not so dog-gone tired we buy the kids ice cream and go for home again.

The stores in Thief River Falls close early enough all week so one night could be open for farmers night. In our small town we can get into our grocery store until midnight. There our store keeper is alone, grading eggs, fixing orders, talking to everyone about this and that. He's not only helping himself but we farmers thank a lot of our little town stores even tho he hasn't cream station, yard goods, repair shop, etc.

Yes, Kitty's sure right, we should be given more shopping hours. After all we farmers must eat and live too, and what would the city folks do without cream, eggs, etc. that we have to bring in? Can we do all there is to be done when we come to town and find "Closed" signs hung in every store door?

Yes, don't it the truth tho, they'll do it every time.

To dig or not to dig is a common problem this month for the family with early potatoes. If the *vine is dead, the potatoes mature,* and your storage space at all suitable, horticulturists say dig. They reason that potatoes left in the ground after the plan is dead may become scabby and are always a prey for grubs, wire worm and similar pests. If properly stored, these early varieties will last through the winter. If you don't know the best way to store these and other fruits and vegetables, drop in to the office for a free copy of "For Health This Winter Store Vegetables"; or address your request to the Bulletin Room University Farm, St. Paul.

This week and next, cheese is the Victory Food Special. Production of cheese in the United States has been stepped up to all-time record levels to meet wartime requirements of the United Nations and domestic consumers. Supplies available for home use are now at peak levels. Victory foods are not listed because they are cheap; their designation is used to indicate heavy supply and top quality, at reasonable price. Use of cheese in meals helps to conserve meat supplies essential for war purposes.

Vegetable seed saving is more important than ever this year with prospects indicating a reduced supply in some crops next year. The practice of home saving year after year is not recommended because it may mean seed deterioration, but for one or two years, especially in war time, it is advised. Seeds of parsnips, onions, and sweet corn are difficult to store, but beans, peas, carrots, parsley, and peppers will keep more easily. Seeds must be thoroughly dried then kept in a cool dry place. In general, the higher the temperature and humidity, the shorter the time vegetables seeds will keep.

It's time to spray or dust for melon "rust". This week will probably see the first signs of anthracnose, so watch for round pink spots on the fruit and those irregular dead areas on the leaves. Wet weather steps up this disease and areas around Mankato and the Twin Cities have suffered severely in the past two years. A yellow copper dust is recommended, and each year, before planting, have the seeds treated.

Squash bugs will get in their worst licks from now on. The sucking insect is bad enough, but the striped cucumber beetle, which chews its way along the stem and injects wilt bacteria in the vine, is worse. Dust with 1 part lime arsenate to 9 parts land plaster (gypsum) and repeat at least every week to control the immature beetles. Only hand picking will rid your garden of the full-grown adults, and picking is practical only in small home gardens.

Two melon diseases are causing complaints now and need to be distinguished before treatment is given. Wilt in the ends of muskmelon runners is caused by bacteria. Break the stem and touch your finger to the break; if the sap strings out like a thread on your finger the disease is wilt, carried by the striped beetle. Dust with 1 part calcium arsenate to 9 parts land plaster.

Fusarium in melons is caused by a fungus which lives in the soil almost indefinitely, once it is established. It causes the whole vine to wilt and a reddish ooze appears on the big stems and on runners near those stems. The only control for this disease is to plant resistant melon varieties. Golden Gopher is one of the best. Others are being developed by specialists in the experimental laboratories at University Farm and will be available as soon as perfected.

Traffic Offenses Cost 739 Drivers the Loss of Licenses in July

Three hundred and fifteen Minnesota motorists suffered revocation of their driver's licenses during July and 421 more were barred from the use of their cars by having their licenses suspended for varying periods of time, depending upon the seriousness of the offense against traffic safety laws.

Of the licenses revoked, and not restorable for at least one year, 273 were taken up by the state as a penalty for driving while intoxicated. Twenty-three driver's licenses were revoked for two or more offenses against the speed laws, nine for repetition of reckless driving, six for failure to stop and disclose identity after an accident, and one for habitual inebriacy.

Driver's license suspensions, varying in length from 15 days to one year, included 167 for speeding, 80 for reckless driving, 32 for inability or unwillingness to furnish a doctor's statement of vision test, 30 for refusing to take a driving test, 18 for unsatisfactory judgments as a result of accidents, and 10 for incompetency. Failure to establish financial responsibility caused the suspension of 46 driver's licenses.

Fifty-seven of the drivers whose licenses were revoked and 220 of those suspended were under 25 years of age, with a combined total of 191 of them being under 21 years of age. Only 17 revocations and 28 suspensions were imposed upon motorists over 65 years of age.

Coal Users are Urged to Buy Winter Supply Now

Northwest householders, whose coal supply comes chiefly from middle-western mines, were urged by Solid Fuels Coordinator Harold L. Ickes to "act without delay in ordering every ton of coal possible." The need for consumers to buy their winter's coal now, Mr. Ickes said, is pressing. Shipments from coal mines in Illinois, Western Kentucky, Indiana, Arkansas, Oklahoma, Kansas, Missouri and Iowa have been unusually heavy for war purposes, but, Mr. Ickes said, additional coal is still available for immediate delivery to householders in many areas. Because of lack of civilian consumer orders, many mines are idle part of the time. In Iowa, for instance, two-thirds of the mines are idle one day a week because of the lack of orders.

Looking Backward

1932—TEN YEARS AGO

Clarence O. Erickson, for the past eight years associated with the Oen Mercantile company, announced plans for opening his own clothing store.—A "Whiskers Club", with a membership of more than 100 men, was organized in connection with the Pioneer Days celebration to be held here in October.—There will be no changes in the public school faculty for the coming year, Supt. Morris Bye announced.

1922—TWENTY YEARS AGO

While there was plenty of water in the river, weeds in the Red Lake river bed for a distance of 30 miles below the outlet interrupted the flow sufficiently to interfere with the operation of the local power plant. Directors of the local creamery were conferring with architects relative to plans for the new building which it is proposed to erect in 1923.—Mrs. Beatrice Hicher, president of the Woman's club, was preparing for the opening of the fall schedule.—Mr. and Mrs. Emil Zeh and son Ernest left on an outing at Red Lake and Bemidji.

Gov. Stassen Endorses Ed Thye of Northfield for Lt. Governor Post

Outlining the serious problems that the state government must face in the critical war year ahead, Governor Harold E. Stassen in an address Tuesday night expressed belief that the people have recognized in Ed Thye, Northfield farmer, the qualities of leadership needed in this period and will elect him lieutenant governor this fall.

From this position, Thye would succeed to the Governorship, when Stassen carries out his decision to go into active service in the Navy in April, after the legislative session, if re-elected.

The people have decided that "Ed Thye has the ability, strength and rugged character" to direct the affairs of the state as governor and meet the serious problems it must face, Stassen said, and concluded with the simple statement: "I believe the people are right."

Clean Grain Mites in Storage Bins, Advises County Agent Palmer

Farmers of this area are advised to take extra precautions this year of the grain mite which has been eating on 1941 stored grain, according to an announcement by County Agent Ernest Palmer. Bins infested by this mite, if not properly cleaned, will cause the same trouble in the 1942 crop.

Mr. Palmer states that all bins should be cleaned, cracks and crevices should be thoroughly sprayed with a contact spray. If there is no danger of fire, kerosene may be used.

Carl R. Anderson, AAA chairman states that mites have been found in practically all 1941 grain that his office has checked. Several of commercial fumigants sold by local dealers have been found effective in controlling this mite when found in the grain.

Army Recruiting Office Reopened in Postoffice at Grand Forks, N. D.

The United States Army recruiting service has reopened its office in the postoffice building at Grand Forks, with Private George Lundquist in charge. The office is open from 8 a. m. to 5 p. m. daily except Sunday, and take applications for voluntary enlistment in most branches of the army.

Skilled men are needed in the Signal Corps, the Amphibian Engineers Command, the Air Corps Ground Crew, and the Ordnance Department. Men from 18 to 44 (or previous service men up to the age of 50) are eligible, and men of 18 and 19 are given their choice of combat branches in the Army.

Information on the Aviation Cadet program and the Women's Army Auxiliary Corps is also available. Write to the U. S. Army Recruiting Office, Grand Forks, for further information.

State Patrol Tightens Wartime Traffic and 40-Mile Speed Rules

A further tightening up of traffic law enforcement throughout the state both to bring about more rigid compliance with the wartime emergency 40-mile speed limit and to lessen the increasing danger of traffic accidents as motorists' tires become less and less dependable, was indicated this week by the July report of state highway patrol activities.

Arrests for drunken driving, although one of the most grave offenses from the standpoint of endangering human life and property, naturally do not reflect any material effect as a result of wartime emergency regulations. All offenses for drunken driving, and likewise for careless driving, detected by patrolmen result in arrests without option of a first-offense warning ticket.

Total July arrests for the four offenses of speeding, careless driving, improper passing, and failure to heed stop signs and signals were 616, while an additional 927 motorists were warned for less serious or inadvertent violations of this type.

In all, highway patrolmen made 1,100 arrests during the month, issued 3,217 written warning tickets, and passed out 1,755 additional warnings of a verbal nature to transgressing motorists. They also issued 2,267 tickets to drivers operating vehicles with illegal or improper equipment. In addition to the improper equipment warnings or "must-repair" tags, 167 drivers were arrested because of the grave danger to life and limb they were creating on the highways.

University Football Season Nearing with Geo. Hauser in Charge

With a team made up largely of players who are members of the army or navy enlisted reserves in one category or another, and who therefore are deferred, mostly until graduation, the University of Minnesota is approaching one of the most interesting football seasons in its history.

Among highlights will be the fact that Dr. George Hauser will serve as headcoach in the absence of Bernie Bierman; that Minnesota will play Illinois at Urbana for the first time since 1920; that the Gophers will meet Bierman's team of Flying Cadets from Iowa City, and that Michigan, Northwestern, Pittsburgh, Iowa and Indiana will all appear in Memorial Stadium.

It's going to be a big football season in every sense, and in view of the widespread hardening programs through which young men are being put in all army camps and training stations the athletes have a perfect right to feel that as they play they are going through part of the preparation for whatever war service they will join as soon as they finish college.

Minnesota's team will center around such veteran stars as Bruce Smith, Bill Daley and Bill Garnaas in the backfield, Captain Dick Wildung, All-American tackle, and Bill Baumgartner of Duluth, one of the best ends to tread a Minnesota gridiron since the days of that other Duluthian, All-American, Butch Larson.

BRIDGEMANS AND KIEWELS TO PLAY OFF TIE FRIDAY

Last Week's Championship Contest Ended with 11-11 Score

Stan Cockrell's Bridgemans team and Helmer Ness' Kiewels failed to reach a decision Friday night in their championship D-ball game, the contest being called because of darkness at the end of the 7th inning with the score deadlocked at 11-all. The two teams will play off the tie tomorrow evening at the East Side park.

A walk to Ernie Helquist and Stan Cockrell's right field homerun gave the Bridgeman's two runs in the 1st inning, and single scores in the 2nd and 3rd innings, while Kiewel's were breaking into the scoring column on Berdeen Nornes' homerun, brought the Bridgeman's lead to 4 to 1 in the 4th inning.

Kiewel's knotted the score in their half of the 4th inning, bunching hits by Lenny Helquist and Nornes with three bases on balls to shove three across the plate. A base on balls to Noly Ness, a triple by Len Helquist, and Wally DuChamp's single gave the Kiewel's a two-run lead in the 5th inning; but the Bridgeman's exploded for six runs in the 6th inning, to take a 10 to 6 lead. Harold Hanson's center field homerun being the "power" blow of the inning.

Singles by Nornes, Helmer Ness, and Steve Alnes, a fielder's choice, and two errors, in the last of the 6th inning accounted for four Kiewel's scores, and to tie the score at 10-all. Eddie Flasch opened the 7th inning with a triple and scored on Ernie Helquist's ground ball, and Bridgeman's had a one-run lead; but Wally DuChamp's double, Harry Wisdom's single, and Alnes' single brought Kiewel's tying run over the plate.

RECREATION HIGHLIGHTS

A large group of people were on the 8 hour camp last Wednesday under the supervision of Camille Dostal, local recreational worker. This is part of the program offered to the community by the local recreation board, which is sponsored by the city council.

The group hiked out 3 miles east along the river and had their dinner cooked in the open. After the noon meal there was a rest period, then they hiked along the river. After an afternoon snack active games were played and then the group journeyed home.

There are two more 8 hour camps before school begins. These are held on Wednesday and the group leaves the arena at ten o'clock.

Life guards will be on duty at the swimming pool from 10 a. m. to 9 for two more weeks.

Gaynord Warneke will be in the Tindolph playgrounds for the next two weeks. Croquet, feather ball, ping pong, croquet golf and volley ball are available.

You teen-age dance lovers, don't forget the dance Friday, the 28th at the auditorium.

4-H Club Health Champs Will be Picked Sept. 2

State Christmas Seal headquarters at 11 West Summit avenue, St. Paul will be turned over to an all-day 4-H club clinic on Wednesday, Sept. 2, at which Minnesota's healthiest 4-H Club girl and boy will be selected by a corps of 14 doctors and dentists under the general direction of Dr. E. A. Meyerding, executive secretary of the Minnesota Public Health association. About 180 young people will go through the clinic and the boy and girl having the highest score will win the coveted titles of Minnesota's Health Queen and King.

THIS LITTLE PIG WENT TO SUPPER

2-YR RENEWAL OF DRIVERS LICENSES URGED IN REPORT

Committee Advises Change as Means of Aiding Efficiency

All that the oft-criticized Minnesota driver's license law needs to make it fit exactly into the pattern of the nationally recommended model driver's license law is one little amendment requiring biennial renewals.

This was the word passed on to Minnesota editors this week by the state editorial association's "Save 100 Lives" Committee, as constituting the report of a special study committee of the Minnesota Safety Council, accepted and approved by the council's executive committee. The committee, headed by Homer Thomas of St. Paul, made its report to Safety Council President A. V. Rohweder, at the summer safety conference in Duluth last Friday, in which members of the editor's traffic safety committee participated.

The safety council, in conjunction with the Minnesota Farm Bureau Federation, Minnesota Education association, League of Minnesota Municipalities, Parent Teachers Association and numerous other civic groups, had previously urged revising the present driver's license law to make it more effective as a means of reducing traffic accidents. President Rohweder asked the special committee to determine what revision would be necessary to achieve this objective.

The report adopted recommends that all driver's licenses require renewal every two years. Under the present law a new license is required only in cases of new drivers, persons who have lost their licenses, or those who have changed their names or addresses. Mr. Thomas' report asserted that if the present law were amended to require renewal of licenses every two years the following results could be accomplished:

1. Driver's license records, now bogged down with "dead" licenses, could be brought up to date as virtually all licenses remaining in the files would be "alive" or active. This would reduce the bulk of driver's license records by approximately 50 per cent.

2. Persons who may have evaded the law by retaining in their possession license certificates after the privilege of operating motor vehicles has been revoked or suspended, would be almost immediately detected and such invalid licenses rendered useless. This would be of great value to traffic law enforcement officers.

From 1920 to 1942 the annual sale of dogfood in the United States rose from nothing to 700,000,000 pounds.

John Jaranson Qualifies as Aerial Gunner

Soon to be blasting Axis Zeros and Messerschmitts from the sky with blazing bullets from 50-calibre Browning machine guns mounted in the turret, stinger or bathtub of one of Uncle Sam's bombers is John E. Jaranson, 26, son of Mr. and Mrs. J. G. Jaranson, Thief River Falls. A graduate this week of the nation's largest aerial gunnery school located at Harlingen, Texas, down near the Mexican border, he now wears a pair of silver Gunner's Wings, combat air crew insignia, and was promoted to sergeant the day he completed the intensive five-week training course.

After short ceremonies at the gunnery school, he departed under sealed orders to join a combat unit.

Lennie Lorentson Hurls Shutout vs. Donaldson

With Lefty Leny Lorentson turning in his finest pitching performance of the season, hurling a four-hit shut out and collecting twelve strikeouts, and with the local batters raking the offerings of Scott Mathews for seventeen base hits, Thief River rolled up an 8 to 0 win over Donaldson in a game played at Karlstad on Sunday. The contest was played as a benefit for the family of L. K. Mathews, Donaldson's manager and catcher, who died last week as the result of a baseball injury.

The locals scored their first, and winning, run in the 1st inning. After Gordy Reierson, who opened the frame with a single to center field, was picked off first base on an attempted sacrifice, and Stan Cockrell had grounded out, Ray Ste. Marie was given a "life" when Donaldson's shortstop made a poor throw to first base. Wally Du Champ then poled out a right field double and the fleet Ste. Marie scampered around the bases to tally the first marker. Cockrell's double and Ste Marie's single shoved across another Thief River score in the 3rd inning.

Meanwhile Lenny Lorentson was pitching himself into and out of trouble. In the Donaldson half of the 1st inning, Lenny loaded the bases on walks, and with only one out, but he whiffed Lloyd Ostad and Larry Johnson to retire the side. And in the 2nd inning Donaldson, on singles by Ed Johnson and Dane Nordine, had men on first and second with one away, and Lorentson struck out Don Brown and forced Scotty Mathews to pop to Gordy Reierson.

Donaldson made another threat at a score in the 5th inning when Mathews punched out a right field single, moved to second on a passed ball, and stole third base, but Cockrell took care of Dammann's pop foul for the second out and Lorentson set Dick Clam down on strikes for the third out.

Thief River added a single run in the 6th inning on singles by Berdeen Nornes and Gordy Reierson and a Donaldson error, and picked up two scores in the 7th inning when Ste Marie, DuChamp, and Nornes pounded out singles and Donaldson's right fielder made an overthrow at home plate. Five singles in the 8th inning accounted for the locals final tallies.

While Lenny Lorentson was the locals standout performer, center fielder Wally DuChamp turned in a fine game, having four putouts, and catcher Harold Rud handled Lorentson's slants in a capable manner. Ste. Marie and Nornes, each with three hits in five trips to the plate, led the local batters.

9th District Ranks High in Treasury Bond Sales

An outstanding job in assisting the government's program to finance the war effort was accomplished by citizens of this city and the Northwest in connection with the recent offering of Treasury bonds, according to word received from Secretary of the Treasury Henry Morgenthau. Purchases of the bonds in the Ninth Federal Reserve District, of which this city is a part, totaled $22,583,000 in the 12 days the Treasury bonds were offered. This placed the Ninth District in sixth position among the nation's 12 Federal Reserve districts—despite the fact it is the smallest of 12, according to John N. Peyton, president of the Federal Reserve Bank of Minneapolis.

The Upland Bird Situation

Here's what the game wardens have to say about the chicken, grouse, partridge, and pheasant situation: Ed Thorde, Baudette, "Speaking for Lake of the Woods county and eastern Roseau county I can say that we have had one of the finest increases in sharp-tailed grouse, an increase that justifies a ten-day open season. While the ruffed grouse have not shown the increase of the sharptails, there are enough birds to justify a ten-day or three-week season."

Bill Berchert, local warden, said: "Heavy cover has made it difficult to estimate the sharp-tailed grouse situation, but it appears that there has been a slight increase; and there has, too, been an increase in pinnated grouse, and a considerable increase in pheasants."

Martin Nelson, Norman county game warden, comments: "The pheasant increase in Norman county has been the finest since the introduction of the bird, with an estimated 70% hatch this spring. The Hungarian partridge appear to have moved out of the territory, as only a few coveys have been noticed this summer. Let me emphasize that the pheasant increase has been remarkable."

"Kittson county's Lee reported: "There has been one of the largest hatches of sharptails this year, and the Hungarians, too, have revealed a splendid increase."

Poppler's are Still in the Race

I was perhaps somewhat premature in my last week's tip of the hat to the Lincoln Life team for winning the championship of the Victory Golf league, for the league directors have decided that a replay of the Poppler's Furniture vs. J & B Drugs match is justified, and a win for Poppler's would give them a first place tie with the Lincolns.

The complications were caused when rain forced postponement of the matches scheduled for August 14th, the final matches of the season. The Poppler's, for instance, did not know that they were scheduled to play off their postponed match with the J & B on Sunday, the 16th, and the result was that only three members of the squad were able to turn in scores on that date. And it happened that Stan Larson, the team captain, was playing a city golf tournament match on that day, and it was necessary to include his match play score in the Poppler's team total.

Finally, the two Poppler's players that had missed the match on Sunday turned in scores later during the week, and their scores have the Poppler's a win over the J & B's. All in all it was an unsatisfactory conclusion, and the directors, in justice to the Poppler's and the J & B's, decided that a relay would be in order.

Lloyd Bennes, Lincoln Life captain, who's at the top of his game, having won the first flight championship during the week, reported that he is anxious to have the Poppler's defeat the J & B and force a playoff between the Lincolns and the Poppler's for the league title. Lloyd will get his wish, I hope.

A Fine Custom

Ever since the local golf club introduced a city golf tournament, and it has been a number of years, it's been customary to find Hans Chommie in the championship flight finals, and that record is intact this year for on Sunday, in an 18-hole match, Chommie will play Tom Jorde for the club championship.

The odds, though, are on Tom for the lanky free-swinging youngster has been playing top-flight golf all season.

But it's a fine custom to have Chommie in the finals for, win or lose, he's a competitor.

A Bang-up Performance

The local ball team turned in its top performance of the season in trouncing Donaldson 8 to 0 at Karlstad on Sunday. The boys were hitting and fielding, and Lenny Lorentson was pitching shut-out ball.

Berdeen "Buttercup" Nornes continued to slug the ball, getting three solid hits in five trips to the plate. Some of the fans are wondering about Buttercup's streak of hitting, whether it's accidental or natural. Well, Berdeen on Sunday, against Donaldson, was getting an advantage, and here's how: Dick Clam, the Donaldson catcher, wasn't hiding his signals when he flashed the sign to pitcher Scotty Mathews, with the result that the locals' manager "Ole" Ness, coaching at third base, was able to read the pitches.

Berdeen, you know, can't hit a curve ball even if he knows it's coming, but he's a killer on a straight, fast ball, so whenever "Ole" saw the catcher give the one-finger sign, for a fast ball, he'd shout to Berdeen, "All right, boy, hit this one," or "This is the one you want," and Nornes would dig in and take a cut at the next pitch knowing that it would be "in there".

Chommie, Jorde in Golf Title Finals on Sunday

Tom Jorde and Hans Chommie are the finalists in the championship flight of the city golf tournament, and will meet in an 18-hole match Sunday. A new champion will be named as Jimmy Nordine, champion in 1940 and 1941, was not able to defend his title being stationed at the Army Air Corps base at Phoenix, Ariz. Chommie reached the finals with a 1-up win over Vic Kvikstad in a ding-dong match last Sunday. In the first flight championship finals, played on Sunday, Lloyd Bennes scored a 1-up win over Floyd Daniels.

Minnesota Faced with Drastic Slash in Tire Quotas for September

Minnesota tire quota for September will not be big enough to supply those eligible, T. G. Driscoll, director of the state office of [illegible]

Driscoll said the state will face a drastic reduction from the number of tires permitted during August, although he has not been advised as to the exact number to be allotted.

The OPA in Washington has called on local rationing boards for the "strictest possible interpretation" of recent regulations restricting truck eligibility.

2 Blazes Cause Small Damage During Week

The fire department was summoned Saturday evening to Main av. S. near the Great Northern tracks when a stack of empty pop cases caught fire, the blaze being extinguished in a short time. The Tom Lian saw rig sustained some damage in a fire that developed Monday evening on Dewey av. N. near Eighth st.

Navy to Show Torpedo in State Fair Exhibit

OFFICIAL PHOTOGRAPH

The most deadly, intricate and expensive of all naval projectiles is the torpedo. Originally designed for use in submarine warfare they are now launched from nearly all light cruisers, P. T. boats and from certain types of air craft. Lt. (j.g.) Nate Crabtree is shown explaining the mechanism of one that will be on exhibit at the Naval R. O. T. C. display on the ground floor of the grandstand at the Minnesota State Fair, August 29th thru September 7th.

— FOR —
State Senator
From the 65th Legislative District comprising Clearwater, Red Lake and Pennington Counties.
Vote for
Ejnar Jensen
Endorsed Farmer-Labor Ass'n Candidate

This is my first attempt for public office in this district so I am not as well known as some of the "old timers." However, I shall make an attempt to reach as many of the voters in this district as possible before the primaries on September 8th.

I have been engaged in farming on my farm in Pennington county for many years and feel that I am fully acquainted with the problems of the people in this district.

My entrance into the race for state senator was not entirely my own choosing as I was endorsed for this office by the Farmer-Labor association district convention last spring and accepted this endorsement to make the race.

If nominated and elected at the coming elections, I promise to fulfill the duties of this high office to the utmost of my ability.

Any courtesies shown me will be most sincerely appreciated.

That Extra Something!
...You can spot it every time

OF COURSE the Armed Services get Coca-Cola just as they get all the good things that are wanted and needed to do each job.

Coca-Cola has that extra something to do the job of complete refreshment. It has a taste that's uniquely satisfying—a quality that's unmistakable. And there's a real reason for that. Coca-Cola holds the original secret of unique refreshment... a finished art in its making... a blend of wholesome flavors that can't be copied.

Your experience has discovered this special something in Coca-Cola... delicious taste with no cloying after-taste... refreshment in the finest form. The only thing like Coca-Cola is another Coca-Cola.

• • •

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing... the real thing... "a single thing coming from a single source, and well known to the community".

At U. S. O. recreation centers, you'll see how happily ice-cold Coca-Cola "cuts in" to make "intermission" a refreshing moment on the sunny side of things. It makes for morale.

MINNESOTA FAIR SET FOR RECORD START SATURDAY

More than 50,000 Exhibits at 83d Annual State Exposition

All is in readiness for the opening of the 83rd Minnesota State Fair Saturday. With 57,144 individual exhibits, featuring three national livestock shows and the greatest war exhibits in history, the $35,000,000 exposition is expected to set a new all-time record for attendance in its 10-day run.

Record entries in all departments will compete for $150,000 in premiums.

Opening day feature will be the U. S. Navy show which will augment the Saturday afternoon program by Jimmy Lynch and his track thrillers. More than 1,000 sailors will participate in the colorful opening day maneuvers.

All branches of Uncle Sam's service will be represented in the enlightening War Exhibit, located in the street floor of the grandstand. The army, navy and marine corps will cooperate in the 10-day show. The display will include torpedoes, mines, gyroscopic compasses, walkie-talkies, anti-tank guns and trench mortars. The Red Cross will have on display a complete exhibit showing its peace and wartime activities.

Heading the livestock exposition will be the National Percheron Show, the National Shropshire Sheep Show and the National Red Polled Cattle Show. Exhibited for the first time in the Horticultural show will be five new vegetables and fruits, the Minjon apple, the Golden Gopher Musk Melon, the Red Coat and Pipestone plum and the Cascade currant.

Wings of Freedom will top the entertainment program for 10 nights before the grandstand; Circus Olympia will play four afternoons, September 3, 4, 5 and 6; three afternoons of harness racing are set Aug. 31, Sept. 1 and 2, and six nights of Horse Shows are billed August 30 thru Sept. 4. Fireworks will climax all evening programs.

12 YEAR OLD MINNESOTAN CORPORAL IN THE MARINES

Pipestone.—The day after Pearl Harbor 12-year-old Tommy Johnson wrote to the commander of the United States Marines base at San Diego expressing a fervent desire to be a Marine. Tommy was promptly commissioned an honorary corporal in the Marines, with chevrons, and now has a regulation uniform.

'General' Coxey Leads New Army

Ensconced in a horse-drawn buggy, "General" Jacob S. Coxey, who once led an army of the hungry to Washington, is shown leading a small army of war workers in Massillon, Ohio, during the tribute paid to Massillon war industry by the army and navy. High officials of the war and navy departments and heroes of the army and navy participated in the "salute to Massillon."

WAR'S MIGHTIEST WEAPON TANK, BORN IN MINNESOTA

Winona.— Twenty-eight years ago, in the shallows of the Mississippi near here, a gangling skeleton of pipes, wires, and plates crawled ominously over the terrain. Today thousands of armored descendants of this ungainly creature swarm over the steppes of Russia, the sands of the Sahara, the once fertile field of Europe. It was the first tank; they are the modern armored tanks. E. M. Wheelock, vice president of the Old Pioneer Tractor Co., now a 70-year-old nigh-forgotten resident of Minneapolis, was the builder. One sale, for $15,000 seems to have been his sole remuneration for an idea that has modified the worldwide methods of Mars.

MARRIED MEN TO BE DRAFTED SOON, HERSHEY STATES

Says End of Available Supply of Single Men Is Now In Sight

Major General Louis B. Hershey, national selective service director, Friday advised men with dependent wives only to "begin making arrangements now" to enter the army.

Asserting the "end is in sight" of available supply of single men for military duty, the director said that reclassification of all married men would start "probably in October and certainly by Christmas."

Hershey urged industry to begin training large groups of women to replace able-bodied men in indispensable war production jobs.

"The number of men who think they are indispensable in war industry will be materially reduced in the very near future," Hershey said in predicting that women would take over still more jobs in war plants.

The draft director said he expected congress to amend the selective service law soon to permit drafting of 18 and 19 year old youths.

"We have never had a war when it was not necessary to draft boys of 18 and 19, and I expect we'll have to take them in this one," he said.

POSTOFFICE CITES SHIPPING RULES ON OVERSEAS MAILING

Parcels and Cards Should be Mailed Not Later than November 1

Christmas parcels and cards destined for members of the American armed forces abroad should be mailed during the period from October 1 to November 1 to insure delivery in advance of the holidays, Postmaster Andrew Anderson announced this week. He also called attention to the following regulations:

In order to conserve shipping space, Christmas parcels shall not exceed 11 pounds in weight or 18 inches in length or 42 inches in length and girth combined. Members of the armed forces are amply provided with food and clothing and the public is urged not to include such articles in gift packages. Not more than one Christmas parcel shall be accepted for mailing in any one week when sent by the same person to the same address.

Owing to the great distances to be transported, and the fact that sacks of mail are piled one on top of another in shipping, parcels must be prepared to withstand more than ordinary handling and pressure. They must be tightly packed—no rattles. No perishable matter should be included in any parcel.

Intoxicants, inflammable materials, including matches of all kinds and lighter fluids, poisons or compositions likely to injure persons handling the mail or damage other mail, are unmailable.

How to address parcels—Address must be legible. Parcels addressed to overseas army personnel should show, in addition to the name and address of the sender, the name Army serial number, rank, branch of service, organization, A. P. O. number of the addressee and the post office through which the parcels are to be routed.

F. Allen Obtains Quick Action from Times Ad

Campaign Under Way to Reduce Rail Crossing Crashes in Minnesota

Spurred on by a long and growing list of traffic tragedies at highway-railroad intersections, the "Save 100 Lives" committee of the Minnesota Editorial association is appealing to all daily and weekly newspaper editors to cooperate in an educational campaign to reduce the number of deaths and injuries in railroad grade crossing accidents.

The traffic accident reduction campaign, in which some 400 of the state's 500 editors are actively cooperating, will focus special attention upon the grade-crossing accident problem, according to John E. Casey of Jordan, state chairman of the "Save 100 Lives" committee, and strive to induce motorists to strictly and habitually observe railroad crossing "stop" signs. The drive will be in cooperation with safety efforts of the state railroad and warehouse commission and the state highway department.

During the first five months of the current year 16 people have been killed and 67 injured in 120 railroad grade-crossing accidents in Minnesota. Frank W. Matson, chairman of the railroad and warehouse commission, pointed out that 57 of these accidents have occurred as a result of motor vehicles running into the sides of trains. Twenty-two of the grade crossing crashes, which claimed two lives and 11 people injured, have occurred at railroad crossings designated as "full-stop" and so clearly marked with stop signs and warning signals.

State Director Cites New Regulations for Selective Service Men

On and after August 20, selective service local boards are no longer authorized to grant stays of induction or deferments to registrants applying for a commission or enlisting in the armed forces, Colonel J. E. Nelson, state director of selective service, announced today. Regulations covering this change have been received from Washington and distributed to all local boards.

It was stated that the reason for this change is that many registrants wait until they are about to be inducted before attempting to enlist in one of the other services or to make application for a commission. This has resulted in unnecessary delay in the registrant's entry into service.

Deferments or postponements which have been granted before August 20 will be continued for the period for which granted.

Workers Asked to Keep Current Registration at Employment Offices

The need for workers to keep current their registration for work with the U. S. Employment Service was emphasized this week when Leonard H. Ryan, state director, announced that 2,285 Minnesota workers had been referred to distant war production jobs during July.

USES is experiencing a rapid turnover in its pool of workers and no registration is retained in the agency's active file for longer than thirty days, Ryan said.

The demand for Minnesota workers to fill war jobs at points outside the jurisdiction of most local offices is accelerating rapidly. Workers who fail to keep their registrations on a 30-day basis will lose the opportunity of obtaining this employment, Ryan said.

SHOCK TROOPS TAKE MONTEVIDEO HARVEST

Montevideo, —Even the farmers were shocked when 15 teams of Montevideo business men made 111 trips into the neighboring countryside and shocked 2,602 acres of grain in the surprising short time of 2,149 man hours. The leading team accounted for 520 acres.

Kitty's Komments

The din of tractors pulling combines, binders or running threshers is a grand symphony of sound right now. It puts you in mind of a gigantic factory at work; and that is just what it is—garnering in the vital necessity, food. Rich harvest it is! The weight of a bundle of grain testifies that.

Men, begrimed with dirt and sweat are toiling overtime to gather the bountiful harvest. Women, too, on binder and tractor are taking their sons' and brothers' places in the fields.

Night finds them work-worn and weary, eating the wonderful meal, Mom has somehow managed to prepare with all her work and aid in the field.

There is not much time for idle conversation during this busy season. Each one has his evening task to perform before one can sink into blessed and oh so welcome slumber.

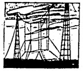
Mom takes a little time off after the dishes to look at her flowers. Those few minutes give solace to a heart that somehow seems always troubled these days. Two weeks have passed since her last letter from a son at camp. It can mean only one thing. A pearl of moisture glistens on the crown of an aster she holds in her hand. Yet with a prayer trembling on lips that never utter one word of dissent, she resolutely pulls a weed that has stuck his face up among the asters. America can well be proud of its mothers!

STRANGE THAT SUCKERS HAVE TO BE PROPAGATED

Grand Rapids.—Among Minnesota's more unique businesses, several of which may be flourishing in Itasca county, is a commercial fish hatchery devoted to the propagation of suckers. The youngsters make ideal bait for walleyed pike, bass crappies, and other game fish. The average output attains the rather startlig figure of 24,000 minnows a week.

Towers of Truth

Chinese, Finnish, Tagalog, Dutch, Spanish—programs in more than a dozen tongues go out from the towers of General Electric stations WGEA and WGEO, Schenectady, and KGEI, San Francisco.



1. They provide authentic war information for news-starved peoples around the globe, entertainment for U.S. forces abroad. These G-E short-wave stations . . .

2. . . . have special antennas "pointed" at Australia, South America, China, Europe—making reception there almost as strong as from local stations.

3. They provided the only U.S. programs that reached Bataan. People in conquered lands risk their lives to listen. Smuggled letters say they bring hope of release.

4. Some announcers are regular G-E production employees, working on war work. They tell people in their native lands that America is determined on victory.

General Electric believes that its first duty as a good citizen is to be a good soldier.

NEWFOLDEN

MARTIN OLAF TOLLEFSRUD PASSED AWAY AUG. 16

Funeral services were held in the Bethlehem Lutheran Church on Wednesday, August 19, for M. O. Tollefsrud who passed away on Sunday, August 16, at the age of 67 years and 9 months. Rev. G. P. Ronholm officiated at the rites and interment was made at the Newfolden cemetery. Pall bearers were Halbert Amundson, Hjalmar Johnson, Ben Fisher, Hjalmar Stokke, Stiener Minnemoen, and Andrew Ostlobe. Songs were furnished by J. O. Gundlm and Rev. and Mrs. G. P. Ronholm.

Born in Decorah, Iowa, on December 17, 1874, at the age of three he moved with his parents, Ole and Bertha Tollefsrud, to Fargo, N. D., where he grew to manhood on a farm in that vicinity. In the year 1912 he was united in marriage to Hannah Stokke and to this union two children were born. He has made his home in the Newfolden vicinity for the past twenty years.

Left to mourn his departure are his wife, Mrs. Hannah Tollefsrud and his children, Mrs. John Balgaard of Orleans, Elmer Tollefsrud of Camp Wallace, Texas, Harry Tollefsrud of Minneapolis, and Mrs. Ernest Hanson, of San Diego, Calif., one grandchild, two brothers, and four sisters. A son Clarence preceded him in death.

The Shipping Association will ship stock Tuesday, Sept. 1.

War times are critical times. Your young people and ours are away from home engaged in the various branches of military service. While they are doing their part in the war for humanity we at home also have our various duties to perform to help them to victory.

Howard Hoel, owner of the Hoel's Quality Dairy Plant, is doing his part with our Navy and for the duration we are operating his plant for him. We are producing various foods especially vital in these war times.

We are putting forth every effort to do the job right. We are constantly emphasizing the importance of CLEAN, WHOLESOME MILK.

In the following ways we aim to keep up our ACE HIGH QUALITY:

1. THE DAIRY HERD—We have a herd of sixty-five dairy type cows all regularly tested and free from disease. They are carefully fed on proper rations and are always in best of condition. In other words "Milk from Contented Cows."
2. LOCATION—We are located on the bank of the river with wonderful natural drainage which means so much to a clean dairy barn.
3. HOUSING OF COWS—Our barn is modern, electric lights, electric ventilator, electric power, running water, individual drinking cups which always supply plenty of clean, fresh water. Our floors and mangers are all cement. Barn temperature is always good.
4. CARE OF COWS—In the summer our cows are on good, clean pasture and also are fed in the barn. In the winter our cows live under the best of sanitary conditions and have STALL COMFORT with plenty of clean bedding, fresh water and a balanced ration. Our cows are regularly clipped on flanks and udders to insure strict cleanliness.
5. CARE OF BARN—Care of our cows and barn is not a secondary job to be done after a full day in the field. Our cow and barn men devote their entire time to the care of the barn and the cows. Our floors and mangers are always clean and are kept white with lime to insure cleanliness.
6. MILKING—Our cows are all milked by a modern machine into a vacuum tight can and the milk removed immediately to a cooling room and from there to our modern pasteurizing plant in town where it is properly pasteurized and bottled with the latest modern machinery.
7. PRICE—Our price is always in line with the market. We would like to have you use our products and as a special inducement for you to use more milk we are redeeming our milk caps with war stamps. Help the children fill their stamp books. Just bring in the center part of the caps and get your stamps. This is a saving on your milk bills. Phone our office for particulars.

KRATKA

Young Jerry Magnon, 4-H club member is the proud owner of a registered Jersey bull calf.

The unique way in which he received the calf came as a pleasant and unexpected surprise to his parents, Mr. and Mrs. Ed. Magnon. Early last spring, Mr. Magnon when reading a farm paper came upon a coupon of entry to a contest sponsored by the Jersey Breeders of America. The contest was the writing of an essay on "Why I should win a Jersey victory bull." It interested Mr. Magnon and he suggested that Mrs. Magnon should write a 200 word essay.

On the spur of the moment she did, sending in the entry and then completely forgetting it, until about two weeks ago when two letters were received in the mail, one a congratulatory letter from the Jersey Breeders Association on the winning of the calf, and the other an invitation to the Wadena fair to the Jersey show to receive the prize, the bull calf.

Mr. Magnon and sons attended the fair where seventeen other calves were presented to winners in the State of Minnesota. It is a nation wide contest with one hundred calves given away. The calf won by the Magnons is from a herd of sixty-six registered Jersey cows, and he also has the distinction of being from the highest producing cow. It was a prize worth winning. Young Jerry Magnon has a fine calf for his 4-H project and the Magnons, a worthwhile addition to their herd.

Sunday dinner guests at the Gerhart Hanson home were the following: Mr. and Mrs. Olaf Lien and Geraldine and Mr. and Mrs. Peder Olen, all of Halma; Mr. and Mrs. O. J. Carlson and Mavis and Mr. and Mrs. Ivan Sheggrud and Verona. Afternoon luncheon guests included the above mentioned and Mr. and Mrs. Albert Hanson and Mr. and Mrs. Rudolph Hanson, Duane, Marlos, Lila and Lola.

Mr. and Mrs. Victor Nygaard and son of Grygla were Sunday guests at the Ed. Magnon home.

The Misses Ruth and Rudy Angell and Mrs. Ed. Duprey and Dellys Marie and Clyde Wyman of Minneapolis were week-end guests at the Elias Angell home in Smiley. The above mentioned and Mr. and Mrs. Elias Angell were Saturday supper guests at the Rudolph Hanson home. Mrs. Ed. Dupuy and Dellys Marie remained for an extended visit.

Mrs. Annund Haugen is a patient at the St. Luke's hospital. Her condition is very serious. She has been in ill health for a long period of time.

Mr. and Mrs. Ingval Hanson and family of Thief River Falls were Sunday guests at the Albert Hanson home.

The interior of the Telemarken church has been painted and varnished, and the church basement entirely renovated. It made a vast improvement and it all presented a very cheerful appearance last Sunday when the Young Peoples' Society met in the new church basement for the first time since its reconstruction.

The 4-H club met at the Ed. Magnon home Monday evening. A period of recreation and games was spent by those present, after which Mrs. Magnon served lunch to the group. A number of members were absent due to the busy season.

2,197 PERSONS IN THIS AREA GETTING HOSPITAL SERVICE

Large Number Enrolled in Association's Blue Cross Plan

In Thief River Falls and vicinity, there are now 2,197 persons enrolled in the Blue Cross plan of the Minnesota Hospital Service association, it was announced this week at state headquarters.

The Blue Cross plan was adopted by this community in March, 1940 when the Mercy Hospital and St. Luke's Hospital became affiliated with the association.

There is now a total number of 497,897 subscribers to this plan throughout the state. The Blue Cross plan is the only non-profit hospitalization plan in Minnesota approved by the American Hospital association, and now has 106 contracting hospitals in 74 communities in the state.

Since its organization in 1933, the Blue Cross Plan has hospitalized approximately 200,000 subscribers at a cost of more than 6 million dollars to the association.

Red Lake Falls Youth Hospital Apprentice

Harold F. Becker, 23, son of Mrs. Anna Becker, of Red Lake Falls, was graduated last week from the Hospital Corps School at the U. S. Naval Hospital at Great Lakes, Illinois. Becker, one of a class of more than 450 men, is now rated as a hospital apprentice, second class. The graduates will continue their training at Naval hospitals before being sent to duty at sea or to other shore stations.

NYA NOW TRAINING YOUTH IN DEFENSE INDUSTRIES WORK

Representative to Confer with Local Prospects Friday Morning

During the year 1942 thirteen million new war production workers will be needed according to Paul V. McNutt, chairman of the War Man-Power commission. The National Youth Administration has been given the responsibility by Congress of preparing out-of-school youth for jobs in vital defense industries. As the war continues and more men are taken into the armed forces women will be needed at a rapidly increasing rate, and for this reason girls as well as young men are being trained for a place in the defense program.

The NYA activities are prescribed by the War Man-Power commission. In Minnesota, these activities include the operation of NYA war production training centers for girls at Warren and Duluth, and for young men at Duluth, Shakopee, Glenwood, and Winona. At these centers training leading to employment in war production industries is given in: sheet metal, radio, machine shop, welding, industrial sewing, and carpentry and joinery.

As these centers are production centers for the army and navy and other governmental agencies, trainees assigned to them are paid board and room and an average of $10.00 in cash per month. Anyone interested in being assigned to any one of these centers should contact Theodore Sjodinig, field representative of the National Youth Administration when he is in Thief River Falls at the U. S. employment office at 10:00 a. m. on Friday, August 28.

NAME THEM TOPATOES AND BE DONE WITH IT

New Ulm.—Tomatoes on potato vines are becoming epidemic, having been found here as well as in several other parts of the state. Folks here who have seen the phenomenon before of green globes about the size of a walnut growing on potato vines, variously call them potato apples and tomato apples. Some growers say they are the result of cross-pollination of tomatoes and potato vines in bloom.

USED THRESHER
We have a 28x48 Minneapolis Grain Thresher on hand. Just got it in. It is only 6 years old and in perfect condition. Complete and ready to go and is just like a new machine $700

USED TRUCK
We have a 1½ ton International Truck on hand with perfect set of tires, dual rear tires. With a new 1942 Green Diamond International Motor. It is all checked over and while a 1938 chassis, the truck is actually just like new. 155-in. wheel base. It is worth twice the money we ask for it $795

USED CARS
Only a few left of the good reconditioned cars, but we have some outstanding values among our used cars and we aim to clean up right now, so are pricing all to sell. We also have several used cars that have not been reconditioned, because of help shortage. Many of these cars can be fixed up at small cost and actually $100.00 values or more as low as $25.00, sold as is.

HORSES
8 good farm horses to sell from $45.00 and none over $85.00. From 3 years old to 10 years. Also one yearling colt.

OUR BACK LOT
It will pay you to look over our back lot from time to time, as we do get in many used machines that are good values. Most of them we recondition and put in good working condition.

In this back lot of ours you will also find many good used car values, etc.

31 COUNTIES SHOW ROAD FATALITIES LOWER TO JULY 1

Pennington County Records Four Deaths for First Half of 1942

Thirty-one of Minnesota's 87 counties showed a reduction in traffic fatalities for the first six months of 1942 as compared with the first half of 1941, a report of the Traffic Accident bureau of the state highway department shows. Twenty-six counties were "death-free."

The safety records of thirty-six counties were marred by increases in traffic deaths, while 20 recorded the same number of fatalities as occurred during the first half of 1941. Nine of the latter, however, boasted of having no fatalities whatever during the first six months of either year. These were Hubbard, Lake, Lake of the Woods, Mahnomen, Murray, Pipestone, Roseau, Watonwan and Wilkin. Pennington county recorded two deaths during the first half year of 1941 and four during the first six months of the present year.

Of the three largest counties in the state, Hennepin county showed a decrease from 41 deaths in the first half of last year to 34 during the same period this year and St. Louis decreased from 19 to 17. Ramsey fatalities increased from 19 to 24.

The largest increases were in: Anoka from zero to four; Carlton from zero to 5; LeSueur from one to six; Morrison from one to 5; Pine from four to nine; and Redwood from 3 to 7. The most notable decreases were shown in Dakota from nine to four; Fillmore, Swift and Todd each with fatalities reduced from four to zero; and Winona with a reduction from nine deaths in the first half of 1941 to only one death during the first half of 1942.

Revised figures show 210 fatalities between January 1 and June 30 of the present year as compared to 216 for the corresponding period of 1941. Of these 40 occurred in January, 33 in February, 42 in March, 41 in April, 34 in May, and 29 in June.

HEMP AND JUTE REPLACED BY YUCCA ROPE IN U. S.

Farm rope used in the northwest during the war and possibly after the war will be made of Yucca instead of the traditional Manila hemp and jute, Secretary of Interior Harold L. Ickes says. Experiments with fibers from the Yucca plant as a substitute for hemp, jute and other vegetable fibers cut off by the war disclose the Yucca as making a substantial rope, twin, burlap, mattress and upholstery materials. The Yucca plant grows abundantly on government lands in sections of Arizona, New Mexico, California and Nevada.

Asks your vote as
"The Full Term Candidate"
for Republican Nomination for Governor

The Republican Party in peace or war, has always presented a candidate for the full two-year term. Voters demand that the inherent and traditional right shall not now be taken away from them, as advocated by the present Governor, candidate for a "four months term." Do not waste your vote—defend your constitutional right to a full term Governor.

If elected, Martin A. Nelson will:
Clean up the Conservation mess.
Urge more iron ore taxes for the tax relief of agriculture and local business.
Be a fighting Governor for the farmer, not big business. (He was raised on a farm).
Stop reckless spending. (This administration has spent most in the history of the state for salaries in the Governor's own office).
Guarantee fair treatment to our Armed Forces, in service and after their return. (He was a World War aviator).

To the Voters of the Ninth Congressional District:-

There are only two issues in this campaign:

To win the war and to save America from an economic upheaval when the war is over

Since the last war, through study and travel, I have become firmly convinced that we cannot afford to fight a World War every twenty-five years, and it will be up to you to elect leaders who have the courage of their convictions to shape our post-war policies, both foreign and domestic, so that such a terrible catastrophe will not happen again.

I am a candidate for Congress. I was born and raised in Otter Tail County and am a graduate of St. Olaf College and the University of Minnesota. I am an ex-service man, and from 1928 to 1940 I was Judge of the Municipal Court of Fergus Falls.

CITY SCHOOLS OPEN FOR FALL TERM TUESDAY

Only One Vacancy in School Faculty Remains to be Filled

GENERAL TEACHERS MEETING ON MONDAY

Pupils Entering 7th Grade Will Meet Saturday Morning

With numerous changes in the faculty, particularly in the Lincoln junior-senior high school, and with all but one of the more than fifty teachers appointed by Wednesday of this week, the Thief River Falls public schools are well prepared for the opening of the school term next Tuesday morning, September 8, Supt. Morris Bye announced today. A general teachers meeting will be held Monday, Labor Day.

Approximately 1500 pupils will make their way back to classrooms in the city with the start of the term, Mr. Bye stated, at the same time calling attention of all pupils planning to enter the seventh grade in junior high school that they are to meet in the Lincoln school auditorium Saturday morning, September 5, at 9 o'clock.

During the past week the board of education accepted the recently tendered resignation of Harry Newby as athletic coach and appointed as his successor Willard Kottke of North St. Paul, who served as coach at Rush City the past three years. He is a graduate of St. Cloud teachers college.

The board also accepted the resignation of Charles Sewrey, who had been elected history and debate teacher, but who has been called for army duty. Appointed modern history teacher was Miss Helen Patterson of St. Paul, who was graduated this spring from the University of Minnesota.

Other new members of the junior-senior high school faculty include Miss Frances Aamot, commercial; Charlotte M. Bradley, English and public speaking; Mildred J. Brudvig, librarian; Florence S. Euren, history and business relations; N. Quentin Jones, physical education; John R. Nyberg, American history; Donald F. Rogers, band music; Esther L. Shirley, home economics and history; and Anna Marie Skadeland, commercial.

The only new members of the grade school faculty are two new teachers at the Knox school: Miss Dolores E. Garrigan, first and second grades; and Emeline Johnson, fifth grade.

Kindergarten departments will be maintained as in past years in the Knox, Northrop and Washington buildings. Eligible to attend are children not old enough to enter the first grade, but who are five years old on or before March 1, 1943. None will be enrolled later than September 21.

Supt. Bye announced that students in the junior-senior high school will be required to pay a general fee of $3.00 upon enrollment. Payment of this fee entitles the student to receive textbooks, wardrobe locker, a gymnasium locker, towel service, the school newspaper, and season tickets for football games, basketball games, debates, declamation contests, and assembly programs. Notebooks and workbooks are not included with the textbooks. One dollar of this fee is a deposit fee and will be refunded at the end of the school year if and when all the textbooks are returned in good condition and no damage to other school property is charged up to the student. The fee should be paid in advance in the superintendent's office.

Next Selective Service Group to Leave Sept. 27

The next Pennington county quota of selective service registrants is scheduled to leave Thief River Falls Sunday, September 27, to undergo physical examinations and induction at Fort Snelling, it was announced today by Arthur Berg, chief clerk of the local board. The contingent will be substantially larger than that which left in August.

Mayor Kinghorn Taking Enlistments in Navy

Any one between the ages of 18 and 20 can enlist in the Navy with Mayor H. W. Kinghorn, who will furnish free transportation to Bemidji Navy sub station for further examination, it was announced today.

Of North St. Paul, who during the past week was engaged by the local board of education to fill the position of Lincoln high school athletic coach, succeeding Harry Newby, resigned. Mr. Kottke is a graduate of St. Cloud teachers college, and coached with considerable success at Rush City the past three years.

In an effort to induce voters of all parties to participate in what promises to be a quiet primary election next Tuesday, September 8, the Junior Chamber of Commerce of Thief River Falls, in cooperation with the state junior chamber, today completed plans for a "Get out the Vote" campaign in this community, it was announced by Arthur Johnson, president.

"Vote as you wish, but vote" will be the keynote of the drive, it being explained that the organization will engage in no partisan politics in support of any particular candidacy. It is planned to contact voters by means of the telephone as well as thru a movie "short" at the Falls theatre up to the date of the election.

Mayor H. W. Kinghorn today lent his support to the campaign by issuing a proclamation calling on citizens to fulfill their obligation by appearing at their voting precincts next Tuesday.

FARMER-LABORITE PICNIC SUNDAY IS CANCELED BY RAIN

Howard Y. Williams Speaks to Small Group at Sons of Norway Hall

An all-day rain Sunday necessitated cancellation of the Farmer-Labor picnic planned for that afternoon in the Heinze grove south of the city. Instead, fifty persons assembled in the Sons of Norway hall and heard an address by Howard Y. Williams, association-endorsed left-wing candidate for the Farmer-Labor nomination for lieutenant governor.

After discussing international issues and predicting that Hitler next winter would launch a peace offensive in an effort to divide the American people, Williams declared that American monopolists are a greater menace to the United States than Hitler, Mussolini or Hirohito, and asserted that the big industrialists are more concerned with their own financial welfare than with winning the war.

Ejnar Jensen, secretary of the Pennington County Farmer-Labor association, who presided, also introduced Representatives W. E. Day of Bagley and J. O. Melby of Oklee, candidates for reelection, who spoke briefly.

Day criticized what he termed the dishonesty of the Stassen administration of stage affairs, while Melby asserted the governor had led an attempt to dip into state trust funds during the last session of the legislature.

NUMEROUS LOCAL YOUNG MEN ENLIST IN ARMED SERVICE

Son of Selective Service Board Chairman Has Enlisted

In addition to local men entering the army thru selective service, a considerable number from this community have enlisted during the past ten days.

Including in the group is Vern Olson of Goodridge, who has enlisted in the U. S. Navy. He is the son of Gwen Olson, chairman of the Pennington county selective service board.

Others enlisted from the Thief River Falls area include Chester Nelson, army; Edward Wood, air corps enlisted reserve; Austin Shanahan, army; and Lloyd V. Olson, Donald Lorentson, Ed Burdick, Joe (Nick) Christo and Delmer Hovie, all in the U. S. Navy.

SPORTSMENS CLUB MEETING TUESDAY IS WELL ATTENDED

Votes to Keep on with Trap Shoots until Hunting Season Opens

Following a discussion by Ernest Barzen and other members, the Pennington County Sportsmens club at a well-attended meeting Tuesday evening voted to continue its trapshooting program until the start of the hunting season.

It also was voted to sponsor a merchandise trapshoot Friday, September 18, this event to take the place of last fall's Hunters Special shoot, which has been suspended for the duration.

The club adopted resolutions expressing its appreciation of the action of the state department of conservation in extending shooting hours during the coming open season to include the period from sunrise to sunset.

The entertainment program at the session included the showing of motion pictures on "Camera Thrills in Africa" and "Why Save the Elk?" Lunch was served at the close of the evening.

Pennington Co. Fails to Attain War Bond Quota During Month of August

For the first time this year Pennington county failed in August to exceed its monthly quota of war bond sales. With a quota of $35,100, sales thru the postoffice, banks and savings and loan association aggregated $26,575. Figures were not available here on purchases made by local residents, numbering nearly 100, thru payroll deductions made in their employers' offices in the Twin Cities.

HARTZ COMMENTS ON SUIT BROUGHT IN FEDERAL COURT

Local Firm Is Charged with Violating Provisions of Wage, Hour Law

Suit was filed September 1st to restrain the L. B. Hartz Stores of Thief River Falls from violating the federal wage and hour law, according to L. A. Hill, regional director of the wage and hour division of the department of labor. The complaint filed in U. S. District Court, Fergus Falls, state that the defendant operates 20 retail stores in Minnesota and North Dakota and serves 850 authorized dealers in these states and Wisconsin, and charges "failure to comply with the minimum wage, overtime and record keeping provisions of the law and with shipping in interstate commerce goods produced in violation of these provisions."

In his press release Mr. Hill says "Investigation disclosed that employees had worked as high as 72 hours a week without additional compensation for overtime. No records of hours worked were kept until the law had been in effect more than two years. Records maintained since April, 1941, regularly showed that employees had worked 50 hours a week, however, the government contends that the firm did not keep an accurate record of the hours worked."

In commenting on the case, L. B. Hartz, head of the organization, made the following statement:

"To the best of our knowledge no one in the Hartz organization has ever been paid on a scale less than that provided by the wage and hour law. Practically all employees are being paid far in excess of this scale. Advances in pay and better working conditions are extended employees voluntarily and we have a family of workers happy in their jobs, proud of their company's progress and hopeful of better things for themselves and for the business which gives them employment.

"Honest law enforcement should begin with enlightenment and education instead of with threats and intimidation. When the very people who write the laws cannot give you an answer to a simple question concerning them it seems strange that a citizen should be prosecuted before he has been given an explanation of a law he has been accused of violating. The obvious errors in the story released to newspapers of the Northwest by the wage and hour division suggest that these officials are more interested in creating a prejudice than in securing justice."

Auditor's Office Open Sunday 9 to 12 to Issue Absent Voters Ballots

County Auditor A. M. Senstad stated today that his office will be open next Sunday morning from 9 to 12 o'clock to issue absent voters' ballots to any persons who will be away from home on Tuesday, primary election day. Together with other public offices, the auditor's office will be closed Monday in observance of Labor Day.

Primary Election Set for Tuesday, Sept. 8th

CITY RANKS WELL IN RELATION TO PER CAPITA LEVY

Ranks Third Lowest Among 43 Cities in Levy for Municipal Needs

The city of Thief River Falls, with a per capita levy for city purposes in 1941 of $2.66, ranks third among the 43 Minnesota cities of 5,000 to 30,000 population in this respect, it is revealed in an analysis prepared in the office of G. Howard Spaeth, state tax commissioner.

At the top of the list is St. Peter with a per capita levy of $2.50, followed by Anoka with $2.44. The Iron Range cities had the heaviest levies, ranging up to $71.56, per capita.

With a per capita levy of $10.36 for school purposes, the Thief River Falls district ranked fifteenth lowest among the 43 communities in this respect. St. Peter was lowest in this division, with a per capita levy of $6.42, while Ely was highest with $62.30.

As is generally known locally, the low levy for municipal purposes in Thief River Falls is due to the large earnings of the municipal power plant.

STORES, BANKS AND POSTOFFICE WILL CLOSE ON MONDAY

Public Offices Also Will Observe Annual Labor Day Holiday

In accordance with the custom of past years, stores in Thief River Falls will remain closed all day Monday, September 7, in observance of the Labor Day holiday, it was announced today by E. R. Benson, chairman of the merchants committee of the Civic and Commerce association.

Patrons of the stores are urged to keep the double holiday in mind in filling their week-end shopping needs.

Public offices, banks and the postoffice also will suspend business Monday. There will be no window service at the postoffice, and no deliveries of mail in the city or on the rural routes.

Claffy Is Installed as Local Legion Post Head

With Ninth District Commander John W. Sands of Warren serving as installing officer, recently elected officers of Elmer J. Eklund post of the American Legion assumed their new duties Friday evening. W. G. Claffy succeeded Major G. Schilbred as post commander, while Ben I. Froiland was installed as adjutant, succeeding the late Dr. A. R. Hulbert.

Proclamation Is Issued by Mayor H. W. Kinghorn

TO OUR CITIZENS

I am glad to have the opportunity to endorse the "Get out and Vote" campaign sponsored by the Junior Chamber of Commerce in connection with the primary election next Tuesday, September 8, and I hereby earnestly request all voters of this community to exercise their right to vote, a privilege which should be all the more precious to us in these days when dictators are seeking to conquer the world.

MAYOR H. W. KINGHORN

LOCAL APIARIST PRIZEWINNER AT MINNESOTA FAIR

George Gessner Wins Seven Firsts with Exhibits of Honey Products

Thru the honey products exhibited at the Minnesota state fair this week by George Gessner, leading local apiarist, Northwestern Minnesota and Pennington county in particular gained well-merited recognition for its record as a honey-producing center.

With his exhibits of comb and extracted honey, beeswax and bees, Mr. Gessner achieved the distinction of winning seven first place blue ribbon awards in the various classifications, as well as five second awards.

In addition, his exhibits won the sweepstakes and reserve sweepstakes at the big exposition, the various awards aggregating a substantial amount of cash.

1.68 INCHES RAIN FELL IN THE CITY DURING THE WEEK

Rains Cause Serious Delay in Threshing Work in District

As a result of a period of rainy weather from last Friday thru Tuesday, harvest and threshing operations in this territory have been at a standstill all week. The total rainfall was 1.68 inches, including .61 inch last Friday, 1.02 inches Sunday and .05 inch on Tuesday.

The all-day rain Sunday was accompanied by a considerable electrical display. The mercury slumped sharply early this morning to a point well below the 40-degree mark, and light frosts were reported in some localities.

The long-continued rains create a serious situation for farmers in the area, who had just gotten well started with threshing operations.

Large Group Witnesses Great Northern Movies at Lions Club Meeting

Members of the Lions club at their luncheon meeting Wednesday noon in the Palm Garden Cafe had as their guests a large number of Rotarians and members of the Junior Chamber of Commerce, the occasion being the presentation by the Great Northern Railway of an excellent Technicolor sound film depicting in striking fashion the manifold resources of the area served by the railroad. W. N. Wedeny Great Northern agent here, was instrumental in obtaining the film for local presentation.

Six marriage licenses were issued in August from the office of Henry Storhaug, clerk of court, the number comparing with nine for the same month in 1941.

Statewide Blackout Is Coming Soon, Official Says

Lieutenant C. L. Fleming of Minneapolis conferred here late last week with Major Gustav Schilbred, chairman of the Pennington county civilian defense council, following which he announced that progress of the work in the county to date is highly satisfactory. He added that a statewide blackout will be staged within the next thirty days.

Local Interest Lags Due to Lack of Contests for County Office

1 TO BE ELIMINATED IN STATE SENATE RACE

Lively Contests Under Way for Governor and U. S. Senate Post

With local interest lagging owing to an absence of contests for Pennington county offices, the primary election will be held next Tuesday, September 8. The election is enlivened by spirited contests for nominations for governor, lieutenant governor and United States senator in the Republican and Farmer-Labor parties.

Considerable interest has developed in the contest for the office of state senator from the 65th legislative district, embracing Pennington, Red Lake and Clearwater counties. Included in the field of three candidates, who will be narrowed down to two following the primaries, are W. E. Dahlquist, W. J. Douville and Ejnar Jensen, Highlanding.

There also is brisk competition for the Republican nomination for Ninth district congressman, the aspirants including Senator E. L. Tungseth of this city, John W. Padden of Crookston, Philip R. Monson and Henry Nycklemoe of Fergus Falls, and Ole Sageng of Dalton. Harold Hagen of Crookston is generally conceded to win the Farmer-Labor nomination for the office over his opponent, Albert S. Falk, while the Democratic candidates are R. S. Cowie, Henry L. Olson of Beltrami and T. A. Teigen.

Unusual importance is attached this year to the race for lieutenant governor following the announcement by Governor Stassen that, if reelected, he will resign his post next April to become a lieutenant commander in the Navy, in which event the lieutenant governor would take over his duties. The battle for the Republican nomination for this office is chiefly between C. Elmer Anderson, incumbent, and Ed. Thye of Northfield.

Senator Joseph H. Ball, candidate for reelection, speaking on the iron range Monday night, declared that "the tragic significance of recent utterances of some so-called isolationists leaders is their clear indication these individuals, if given the chance, would repeat in the peace after this war the same mistakes that led to this war."

Walter K. Mickelson, Ball's rival for the Republican nomination, was pictured as a man "in wholehearted sympathy with the interests of labor that are in line with the welfare of the nation." Edward Slettedah, member of three AFL locals, declared significant from a labor standpoint the fact that every man or woman who is or has been employed by him was actively working in his behalf. As for Ball, Slettedah charged that the senator's record was conspicuously antagonistic to labor and that as a reporter in St. Paul, Ball wrote articles "loaded with falsehoods and antagonistic to the workers" and defied Slettedah to do anything about it.

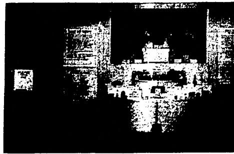
Bemidji Man New Manager of Gamble-Robinson Co.

Harold Helakson of Bemidji arrived in the city Wednesday to take over the post of manager of the local Gamble-Robinson branch, succeeding Harry Langley, who served as manager the past two years and who has been inducted into the army. Mr. Helakson, who will be joined here by his wife and children within the next few weeks, has been associated with the Gamble-Robinson company for the past ten years.

Rev. John O'Toole Given Post in Local Parish

Changes of assignments in the diocese of Crookston were announced by the Most Rev. John H. Peschges, Catholic bishop. Rev. John O'Toole of Crookston has been assigned as assistant in the Catholic parish at Thief River Falls where he will replace the Rev. Clement Cloutier. Father Cloutier goes to Akeley as pastor, taking over the work of Rev. Edward McMenamin, who has been loaned, temporarily to the diocese of Fargo.

Pennington Booth Places Fourth at State Fair



Pennington county received splendid recognition at the Minnesota state fair this week when the county booth, prepared by Clarence A. Vevea and featuring the important honey-producing industry in this section, was awarded fourth prize in a field of 27 competing displays.

The Pennington county display scored a total of 1822 points out of a possible total of 2000. Testifying to the improvement made in the county booths prepared by Mr. Vevea in recent past years, the county in 1941 placed tenth, in 1940 sixteenth and in 1939 twenty-fourth.

The 1942 display presents in attractive fashion the source of honey, the product itself and the byproducts. Placards call attention to what the bee industry means to Pennington county and the state of Minnesota.

Local Girl Is Wed In San Diego, Calif.

The Loretto Chapel in the Saint Joseph's Cathedral in San Diego, Calif., was the scene of the wedding of Miss Vivian M. Stromberg, daughter of Mr. and Mrs. Peter Stromberg of this city, to Joseph G. Gable, son of Mr. and Mrs. George Gable of International Falls, on the 22nd of August. The service was read by Rev. Father E. A. Johnson, O. M. I.

The bride wore a blue and white ensemble with white accessories, and two beautiful orchids fashioned her corsage. A diamond set gold locket, a gift from the bridegroom, was also worn. Mrs. F. E. Birkett of Park Boulevard in San Diego as matron of honor wore a teal suit with black accessories. Her corsage was of talisman roses. F. E. Birkette served as best man.

A wedding breakfast was held in the Blue Room of the U. S. Grant Hotel for close friends immediately following the ceremony.

The young couple left on a short wedding trip to Hollywood and Big Bear Lake resort in the San Bernardino Mts. For travel Mrs. Gable wore a beige suit with brown accessories.

Both Mr. and Mrs. Gable are employed in the war industry. Mrs. Gable, formerly with the Kress Co., is now in the purchasing department at the Consolidated Aircraft plant. Mr. Gable is at the naval air station in North Island, San Diego.

The couple will make their home at 3647½ India St. in San Diego, Calif.

After a social evening lunch was served by the self-invited guests including Mr. and Mrs. Norman Holen, Mr. and Mrs. Carl Hanson, Mr. and Mrs. Warren Ferber, Mr. and Mrs. Lloyd Bennes, Mr. and Mrs. John Lind and Mr. and Mrs. Alvin Holzknecht.

Anne Dahlen Weds C. Warren Bubier in Trinity Church

In a beautiful setting of ferns and tall baskets of autumn flowers, Miss Anne Theresa Dahlen, daughter of Mrs. Henry S. Dahlen of this city and the late Mr. Dahlen, became the bride of C. Warren Bubier of Providence, Rhode Island, son of Mrs. Charles W. Bubier and the late Mr. Bubier of that city, at a 4 o'clock ceremony read by the Rev. G. S. Thompson at Trinity Lutheran Church Monday, August 31.

Erling Mellby, accompanied at the piano by his mother, Mrs. O. F. Mellby, sang a program of prenuptial music, including Cadman's "At Dawning", "I Love Thee", and "Beloved, It is Morn" by Grieg. Mrs. Mildred Engen Hamilton at the organ played the wedding marches. During the ceremony Mr. Mellby sang "O Perfect Love" by Barnby.

Miss Elizabeth Dahlen, sister of the bride, wearing a shirtwaist style gown of chrysanthemum net with a full skirt over yellow taffeta, entered first. She wore a cluster of chrysanthemums in her hair, repeating the bronze 'mums that were combined in her bouquet with yellow snapdragons. Her double strand of pearls had been given her by the bride.

Following her were the bride's small nieces, Margaret Louise Haroldson of Devils Lake, N. D., and Jeanne Victoria Dahlen, who wore identical floor-length frocks of pale pink, full skirted like the bridesmaid's, with tiny collars and buttons. They carried miniature bride's bouquets and wore gold bracelets, gifts of the bride.

The bride entered on the arm of her brother-in-law, A. L. Haroldson of Devils Lake, N. D., carrying a shower bouquet of pink roses and white daisies. The delicate blue silk gown she wore, made with a tight bodice and pleated train, the white kid gloves and the handmade point lace handkerchief had been worn by the bride's mother at her wedding. A piece of veil, worn by the groom's mother, was fashioned into a rosette and worn at the waist of the gown.

Stanton R. Dahlen, brother of the bride, was best man. The bride's mother was dressed in navy blue net with matching accessories and wore an orchid. A reception at the Terrace Room of the Rex Cafe for fourteen guests followed the ceremony.

For the honeymoon, a Great Lakes boat trip, Mrs. Bubier is wearing a blue tweed suit with chestnut brown accessories. After October 1st they will be at home in Providence, Rhode Island, where Mr. Bubier is employed with the General Fire Extinguisher Company. He is a graduate of Brown University in Providence and the Boston University Law School. The bride is a graduate of Moorhead state teachers college and Katherine Gibbs School in Providence.

Air Express Attains Its 15th Anniversary

Regularly scheduled air express service in the United States was 15 years old September 1. It was on September 1, 1927 that four pioneer airlines joined with the predecessor of the Railway Express Agency to offer shippers a coast-to-coast air shipping service with branches extending to Los Angeles, Dallas and Ft. Worth. In the first full year of operation, reports the air express division of Railway Express, about 17,000 shipments were carried. In the first six months of 1942 more than 677,000 shipments weighing 4,790 tons were flown on regularly scheduled flights of the 19 domestic airlines.

MEAT RATIONING GOES INTO EFFECT NEAR END OF YEAR

Government Takes Action to Provide Equitable Distribution

Nation wide consumer meat rationing by coupons will go into effect in about four months, Secretary of Agriculture Claude R. Wickard announced Monday night in Washington.

The decision was reached by food requirements committee, which recommended that war production board immediately establish quotas for meat sales by packers to civilian markets to insure equitable distribution.

The committee, of which Wickard is chairman, also suggested civilians voluntarily reduce their meat consumption until the rationing program goes into effect.

The committee will announce shortly suggestions of ways in which civilians can accomplish this, including possibility of "meatless days."

Civilians were urged to conserve the so-called "red meats"—beef, veal, pork, lamb and mutton—by substituting cheese, poultry, fish and beans.

Food requirements committee was created by Production Chief Donald M. Nelson and was vested with virtually supreme control over production and allocation of civilian and military food supplies.

It also has authority to step up or limit domestic production of foods as well as importation of foods and agricultural material from which foods are derived.

WOODCHUCK HAS LONG RIDE TO HIS DEATH

Grand Rapids.—As Ervin Stram returned to his car after a day's fishing on the north shore he noticed a woodchuck run under his car. Not seeing the little fellow again he figured he had sneaked off. As he drove into his yard, some 100 miles from his starting point, his dog greeted him with much loud barking and excitement. Finally the dog came dashing out from under the car with the animal. Its hair had been burned where apparently it had come in contact with the exhaust pipe of the car and it was so covered with dust it was almost unrecognizable.

Air Force Lieutenant

GEORGE B. WILSON

Son of Mr. and Mrs. George Wilson, Sr., of Aurora, and grandson of Mr. and Mrs. William Olson of St. Hilaire, recently received the silver wings of an army air force lieutenant at Ellington Field, Texas, after completing 27 weeks of intensive training and passing with flying colors. His mother, who was present for the occasion, had the honor of pinning his wings on his blouse.

More Federal Openings for Stenos and Typists

Elmer Benson, candidate for the Farmer-Labor nomination for senator, claimed that Hjalmar Petersen filed for the Farmer-Labor nomination for governor at the instance of "master strategists of appeasement."

Gov. Stassen, defending his administration's financial record, claimed 24 million dollars had been saved in state spending in the past 3½ years while state investments had risen 23 million in the same period.

Martin Nelson, Stassen's opponent, who claims Stassen spent 14 million more in the first two years of his administration than ever before in state history, charged that the governor was switching figures to bewilder the voters. Speaking of his own program, Nelson said he was for an adequate school system, striking the "un-American lien provision" from the homestead lien law, "spending without pretense" to stop immediately, and a reduction in the automobile license fee.

Paul Rasmussen, candidate for the Farmer-Labor nomination for governor, said "German citizens of the United States and Minnesota are not in sympathy with Hitler and the axis powers and they are not going to support men who are isolationist and who are ready to compromise in a premature peace with Hitler and his associates."

AUTUMN TWINS

Grape Pie is one of the special specialties each September in a popular city eating place. But Green Tomato Pie belongs to homey, large kitchens with wood stoves. It comes from "the early days" — and it deserves a place as important as the Grape Pie. But so far few moderns seem to have discovered the deliciousness of this old-time pie. You'll enjoy serving both these pies as long as the "makings" are available.

GRAPE PIE

- 4 cups Concord Grapes
- 1 cup sugar
- 3 tbsp. all-purpose flour
- 1 tsp. lemon juice
- 1 tbsp. butter

Remove the skins from grapes. Put pulp in saucepan without water, and bring to a boil. While hot put through a strainer to remove seeds. Combine the strained pulp with the skins. Mix sugar and flour together, and stir into the grapes. Add lemon juice. Put into pastry-lined pan and dot with butter. Cover with top crust and bake 40 minutes. Hot oven, 450° F., for the first 10 minutes, then reduce to 350° F., moderate oven to finish baking. This makes a filling for one 8-inch pie.

GREEN TOMATO PIE

- 3 tbsp. all purpose flour
- 1½ cups sugar
- 3 cups green tomatoes sliced very thin (about 5 small tomatoes)
- 1 tsp. salt
- 1 tsp. spice (nutmeg or cinnamon or mixed spices)
- 1 tbsp. butter
- 1 tbsp. mild vinegar (or 3 tbsp. lemon juice and 1 tsp. grated lemon rind)

Mix flour and 3 tbsp. of the sugar together. Sprinkle part of this over an unbaked pie crust in pie pan. Cover with tomato slices (cut in 2 or 3 inch pieces each if large). Sprinkle with salt. Cover with the sugar and add the spice. Dot with butter and sprinkle vinegar (or lemon) over all. Sprinkle remaining flour and sugar mixture over all. Wet edge of under crust, cover with top crust and bake 1 hour. Bake in 450° F., hot oven for first 10 minutes then reduce to 350° F., moderate oven to finish baking. Filling for one 8-inch pie.

PASTRY FOR TWO-CRUST 8-INCH PIE

- 1½ cups all-purpose flour
- ½ tsp. salt
- ½ cup shortening
- Ice water—(about 3 tbsp.)

Sift flour once before measuring. Sift flour and salt together. Cut in shortening with 2 knives or a pastry blender leaving it in lumps about the size of large peas. Add just enough ice water to make dough stay together. Pat together and round up on cloth-covered board, using flour rubbed into cloth to keep dough from sticking. Divide dough in half, and roll out one-half (about 1/16 inch thick) in circular piece to fit pan. Place in pan very loosely to avoid stretching. Let a half inch of the dough extend beyond rim of pan. Let pan rest on table while cutting off any dough. Fill crust with desired filling. Wet edge of under crust. Fold top crust in half, making several cuts through which steam may escape. Lay folded crust gently on top of filling, unfold so that entire surface is covered. Press the two edges together and build up fluted edge. Bake (time and temperature depend on filling.)

The war is three years old this week. Thief River Falls has a better reason than most communities for remembering those first days when the invasion of Poland was followed quickly by declarations of war by Britain and France. Canadian and American veterans were celebrating a reunion here when the news came. For those of us who live south of the border the danger of being involved in the war was remote, but for our visitors at that time, war had come. They were a part of it, and the reunion that was to be a celebration of past victories became a dedication to future sacrifices. Now, as the war goes into its fourth year, Canadians and Americans are united again. In all corners of the world our young men and theirs are fighting shoulder to shoulder in a common cause. These young men will win the war, as the last war was won. But this time they will do more than just win the war. This time, when the war is won, the peace will also be secured. And when the soldiers of today become the veterans of tomorrow there will be many reunions across the line as that which was held here three years ago. If we deal wisely in our problems of the peace these reunions of the future will not be interrupted by new declarations of war.

It doesn't take long to get over to the polling place. Vote Tuesday. Vote as you please, but vote.

Another one of those million dollar rains drenched the Northwest this past week—a million dollar rain in reverse. In some communities nearly four inches of water fell within a few days. At the local station less than two inches were registered during the week but an inch of rain, when you don't want it, is a lot of water.

This week's issue of Business Week says there is going to be another drastic cut in *the production of farm machinery but an* increase in the manufacture of repair parts. That means that the old machines will have to serve at least another season and probably several. Any usable piece of equipment will be looked upon as valuable property this winter and treated very tenderly.

Tuesday is election day and school opening day too, and each of these important events means extra activity. This year the labor shortage will interfere with both to some extent. Many youngsters thruout the country will be unable to start school on the opening date because of farm work and the same reason will keep many oldsters from the polls. Attendance at both schools and polls are apt to be lighter than usual.

A report on taxes in Minnesota, issued recently by Howard Spaeth, commissioner of taxation, presents Thief River Falls in a very favorable light. Only two cities of more than 5,000 population in the state have a lower per capita tax levy. In Thief River Falls the tax for municipal purposes per capita is only $2.66. Anoka and St. Peter citizens are taxed a few cents less than this but the state average is more than $18. The big reason for our low tax of course is the municipal light plant, but many other communities have municipal light plants too. A part of the credit certainly should go to good local government.

Looking Backward

1932—TEN YEARS AGO

Martin Evenson, for 43 years a leader in local affairs, passed away August 21 at the age of 69. —Construction was started on new residences for A. M. Magnuson and A. Lein.—The Sons and Daughters of Norway honored Mr. and Mrs. N. J. Anderson the occasion of their golden wedding anniversary.—Mrs. A. H. Akre, longtime resident here, died August 23.—Kern Olson was elected president of the Whisker club organized in connection with the celebration planned for October.—Rev. E. A. Cooke was named president of the newly formed Pennington County Dry league. —Burglars invaded the Thief River Grocery, making off with 100,000 cigarets valued at $700.

1922— TWENTY YEARS AGO

A total of 193 carloads of grain passed thru the city one day this week, the largest movement since 1915.—The Palace Clothing company and the Dudley block in which it was located suffered a heavy loss from fire.—Rev. and Mrs. Charles Gerlinger were guests at a reception given by the Presbyterian congregation at the home of Mr. and Mrs. J. Funeral Rites for Mrs. Johanna Pederson

Funeral rites are being held today, September 3, for Mrs. Johanna Anna Kathrina Pederson of Beltrami county who died at her home September 1 at the age of 86 years, 1 month, and 14 days. The rites, which were held at the home of the deceased, were conducted by Rev. Osthy of Grygla and interment was made in the Lone Oak cemetery.

Born in Ringerike, Norway, on July 17, 1856, the deceased was married to John Pederson and both came to America in 1905 and settled in the western part of Beltrami county where they made their home. Mrs. Pederson was a Gold Star Mother and visited her son's grave in France.

Surviving are one daughter, Mrs. Bertha A. Marotteck of Malcolm, Minn. Her husband and three sons preceded her in death.

RURAL MINISTERS TO GET AUTOS, TIRES AS NEEDED

Ministers and religious practitioners who cannot get around to their parishes by any other means of transportation will be entitled to automobiles and tires, the Office of Price Administration says. So far as ministers are concerned, eligibility for both tires and automobiles is limited to those who serve specific congregations. Conducting services is recognized as among the needs to be served. Organizational or evangelistic activities, however, are not considered eligible duties.

Mrs. Anna Berg Dies Thursday, August 31

Mrs. Anna Berg of Rocksbury Township died last Thursday, Aug. 31, at the age of 81 years and 8 months. Funeral rites were held Wednesday, September 2, at 1 o'clock in the Larson chapel and at 2 o'clock in the Tarna Lutheran church in St. Hilaire with Rev. Herman Larson officiating. Interment was made in the St. Hilaire cemetery.

The deceased was born near Christiansand, Norway on December 31, 1860. After coming to America with Mr. and Mrs. Halvor Skarum and settling at St. Hilaire, she was married at Crookston to Axel Berg, and they both homesteaded in Rocksbury township for a number of years. For two years they lived in Texas, and they finally settled in Rocksbury township where they since made their home.

Surviving are six daughters, Mrs. Iver Iverson and Mrs. T. S. Iverson of Hazel, Mrs. Herbert Griemann of Goodell, Iowa, Mrs. Hjalmer Carlson of Euclid, Mrs. Herman Riebe of East Grand Forks, and Mrs. Ola Linde of Jamestown, N. D.; two sisters in Norway, and twenty-seven grandchildren. Her husband, two sons and one brother preceded her in death.

GARDEN and TABLE

By ERNEST A. PALMER

Spray now if you want to find ground cherries in the husk when you harvest. They are ripening now and will continue until frost. The ground cherry insect is a close relative of the corn ear worm. Spray with arsenate of lead. Three heaping teaspoonfuls to one gallon of water every week should do it.

Effects aren't visible at once, but it's 10 to 1 your garden is already under attack from the squash bugs. Young plants are killed, old ones badly damaged unless you dust regularly with 1 part calcium arsenate to 9 parts land plaster. Treat plants from the bottom, up. The bugs are on the underside of the leaves.

Fight the cucumber beetle with the same calcium arsenate and gypsum mixture before it has a chance to spread mosaic disease to your melons, squash, cucumbers, and other vine crops.

Wait until late this month to store vegetables and fruit unless you can maintain very low temperatures regardless of outside weather. Otherwise, only onions should be considered this early. If your storage room isn't ready, check your needs with recommendations given in Extension Bulletin, For Health This Winter Store Vegetables.

You can still buy beeswax from loc beekeepers as well as from drugstores and honey supply houses. If you're having trouble getting it for waxing those winter vegetables, call on us for the names of nearly sources. And if you haven't waxed before—it's a neat and easy method. We have complete directions for you in Extension Pamphlet 102, "Preserve Garden Products by Drying, Waxing, and Brining.

It's pickling time for melon rinds, vegetables, and fruit. Some good recipes use little sugar and in many cases, the sirup may be used more than once. However, sugar for this purpose must come out of the regular sugar ration, says the Minnesota State Office of Price Administration. It is not permissible to use your canning allowance for cucumbers, watermelons, and other pickles.

Home-canned tomatoes will help keep your family health this winter. Weather has shortened the crop; so don't wait. Prices won't be as low as in some seasons. With much of the commercial pack going to military uses, your grocer may have a smaller stock and at a higher price. Home preserving assures you of all you want at an economical price.

Washing Woolen Flannel Robe

If you received a woolen flannel house-robe for Christmas, you will be washing it fairly soon, for frequent dips are the easy way to keep its colors as fresh as ever. Soil, in fact, actually injures any article where it is allowed to linger. So work up a good lukewarm suds in your washer and give the robe a three-minute bath and two or three rinses of the same warmth, dry away from cold or heat. When very little dampness is left, iron it on the wrong side with a slightly damp cloth, like old sheeting, over it, and with low heat. An ironer is ideal for this.

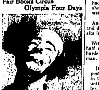
Cow With Pants

Mrs. R. Arbuckle of Champaign, Ill., has a cow that wears pants on its front legs, says the American Magazine. Lightning burned off the hide, and the pants protect the legs from injury.

Wrist Watches Popular

The World war made wrist watches for men popular.

Fair Books Circus Olympia Four Days



Circus Olympia has been booked as an added attraction for the Minnesota State Fair through four afternoons, Sept. 3, 4, 5 and 6, bringing the world's funniest outdoor circus before the grandstand.

Direct from the Chicago amphitheater, the three ringed circus will be replete with trained animals, daring acrobats and colorful spectacles representing all of the Allied nations.

More than 200 performers and 100 trained animals will provide thrills for State Fair fans.

Best-Seller Diamond

Ethel Bernstein handles a million dollars worth of diamonds a year. She is a buyer for one of New York's wholesale diamond dealers, and is one of the few women in the United States entrusted with large-scale buying of the costly gems.

Twenty years ago Mrs. Bernstein began in a routine office job, fell in love with the sparklers and worked her way into the buyer's chair. Now you can see her any week-day with a black-rimmed loupe (magnifying glass) screwed into one eye, twirling the diamonds in her steel tweezers, above a big white paper square. She never touches with her hands a stone she is inspecting and buys only in the morning in a clear, cold north light. Best-seller diamond of all time, she says, is the round engagement solitaire.

Popular Pilots

Most popular men in Britain are the ferry pilots who never fly a plane across the Atlantic without stuffing their pockets full of silk stockings for the girl friends. Of the 5,000 persons questioned—about evenly divided as to sex—only 250 bought overcoats, about half the women and half the men bought stockings and socks, respectively; only 20 per cent of the people bought underwear (miners bought more underwear than anyone else); about 10 per cent of the men bought suits, another 20 per cent bought pants only and the men under 30 went as wild as the girls did on stockings—but the men bought ties, scarves and shirts.

Portuguese Monarchy

The turn of the Twentieth century marked the downfall of many monarchies in Europe.

In Portugal, however, where the revolution of 1910 expelled Alfonso and the royal family for all time, the ascendency of the monarchial line in 1640 is still celebrated.

The stamp issued in 1940 to commemorate the 300th anniversary of the monarchy, bears a likeness of King John IV, duke of Braganza.

As leader of the patriotic party, the duke succeeded in 1640 in expelling the Spanish usurpers and making himself king, after the country had been 60 years under the yoke of Spain.

Pointed Paragraphs

South American Colors Smart

The South American way having captured the fancy of North American women, full skirts, big tropical prints and daring Peruvian and Brazilian peasant colors — tomato red, strong yellows and dark bluish greens—add pepper and spice to the Summer fashion diet of washables. A little sugar, too, if American Institute of Laundering recommendations for washing are followed!

Based on their tested recipes for washing colors and fabrics safely, the Laundry Institute recommends that tomato red never be washed with any other color except red, and strong yellows with no other colors except yellows. Dark bluish green, however, may be washed with dark browns, dark blues, purples, or dark greens without marring true color tones. And, because most of these colors are found in linen-like rayons, water definitely on the coolish side, no more than 70 degrees Fahrenheit, should be used for washing.

Trailers—Jobs—War Bonds!

The average income of families in trailer coaches at various war construction sites is well over $250 a month—and average expenses are less than $125! Most of the difference goes into war bonds.

• • •

Unions 'Fully Protected'

Labor unions "now have complete statutory protection from external attack," and "are more secure (under the law) than the church, than the political party, than any other private institution known to democracy," the Inland Steel Company argued in a recent War Labor Board case in which imposition of the closed shop in industry was in dispute.

• • •

Methodist Schools Replan

The 125 Methodist colleges and universities throughout the nation have revamped their schedules in order to provide students with the same high type of curriculum under the geared-up wartime programs, as has always characterized their institutions.

Department stores all over the country are reporting the best yard goods season in history.

Keep Hens, Pullets Apart

"Old hens rule the roost," say poultry experts; and they also say it is not good poultry husbandry to place the new pullets in the same laying houses with the old birds. The old hens boss the pullets, bully them around and cause them to lay less than they otherwise would. Pullets need a heavier grain ration than the old birds can stand, and this is but another reason for keeping the two groups in separate houses. Following this bit of chicken psychology will mean more profits for the new pullet crop.

LOCAL RIFLE CLUB TO HOLD MATCHES ON RANGE SUNDAY

To Replace Valley Matches, Suspended for the Duration

The Thief River Rifle club will shoot a local team match on their range next Sunday beginning at nine o'clock in the morning. The Red River Valley Rifle and Revolver league .30 caliber matches, which this club has sponsored in the past, have been discontinued until after the war.

The course of fire on Sunday will be ten shots standing at 200 yards, ten rapid fire at 200, ten shots rapid fire at 300 and ten shots slow fire at 600 yards.

High individuals in each of these will be proclaimed the winner of that portion of the course, while the winner of the grand aggregate score will be the club champion. The club expects a good turnout for this shoot as it will be the only one to be held this season.

Special Attraction for 'Teen-Age Dancers

The local recreation board announced today that Lloyd Hunter and his fourteen-piece colored orchestra will provide music for a special 'teen-age dance to be given in the Auditorium Friday evening, October 16. The usual admission fee of ten cents will be charged. Another of the regular dances will be given Friday evening of this week between the hours of 9 and 12 o'clock.

1942 CHAMP

TOM JORDE
Winner of the 1942 Thief River Falls golf championship, is pictured here at the end of one of his powerful drives that were a big factor in his victory over H. O. Chommie. Tom poked them down the fairway as far as 300 yards on the wet turf and after a few jittery holes, settled down to a steady game around the cup.

Wally DuChamp Leads Local Baseball Team in Batting Averages

The seasons final averages reveal that center-fielder Wally DuChamp punched out 22 hits in 50 times at bat to roll up a fine .440 average to win the individual batting honors. In addition, Wally was "tops" in total-bases and runs-batted-in, having collected 31 bases on his 22 hits and driven in 18 runs. Woody Almquist with 20 hits in 51 trips to the plate won runner-up honors with a .392 average, and proved to be the club's leading run-getter, scoring 16 tallies. Harold Rud, in 16 times at bat, had a .437 average, and Milt Helgeson, in 10 times at bat, had a .400 average.

TOM JORDE PLAYS SUB-PAR GOLF TO TAKE CITY TITLE

Defeats H. O. Chommie in Championship Match Tuesday

After three-putting on the first green and four-putting on the second green, and losing the holes to his veteran opponent, young Tom Jorde steadied to shoot sub-par golf to defeat Hans Chommie, 2 up and 1 to play, in an 18-hole finals match for the city golf championship Tuesday afternoon.

Chommie scored a birdie 4 on the 1st hole, and a 5 on the 2nd hole to grab an early 2-up lead. The 3rd hole was halved with birdie 4's, but Jorde won the 4th hole with a par 3 when Chommie's tee shot went into a trap. The 5th, 6th, and 7th holes were halved. Chommie's pitch to the green on the 8th hole grazed some branches and fell short of the green, Jorde meanwhile, pitched to within five feet of the pin and dropped his putt for a birdie 3 to even the match.

Both golfers were to the right of the green with their tee shots on the 9th hole. Tom's pitch rolled over the green, while Chommie was on and four feet from the cup. Chommie sank his putt to win the hole and go 1-up. The medal for the first round was Chommie, 37; Jorde 38.

Both golfers marked up 5's on the 10th hole, for a half. Jorde scored a par 4 on the 11th for a win to again even the match. Chommie's second shot on the 11th missed the green, being off to the left. For the second time in the match birdie 4's were scored on no. 3, which was the 12th hole in the second round. Jorde's tee shot on the 13th was four feet to the left of the pin, while Chommie's tee shot was twenty feet short of the green.

Hans chipped to within two feet of the cup, but Jorde dropped his putt for a win, and went into a 1-up lead. On the dog-leg 14th, Chommie with two wood shots, was in position for a short pitch to the green, but his shot failed to reach the green, falling short; while Jorde was five feet off the pin with his chip shot. Chommie again chipped short of the pin, but dropped a long putt for a 6, but lost the hole when Jorde sank his putt.

Both golfers missed the green with their tee shots on the 15th, but their pitch shots were within six feet of the cup. Jorde missed his putt and took a 4, while Chommie rolled his putt into the cup for a 3. Jorde's par 4 on the 16th won the hole, and gave him a 2-up lead with two holes to play; and when the 17th hole was halved with par 4's, Jorde won the match. Jorde during the second round had a 31 for the eight holes played, being two under par; while Chommie scored a 34.

The cards

Abbott and Costello to be at Avalon Sunday in New Comedy, "Rio Rita"

Comedians Bud Abbott and Lou Costello turn spy-chasers in their new musical comedy, "Rio Rita", in which they will appear at the Avalon theatre Saturday, Sunday and Monday. They are aided in their latest escapade by Kathryn Grayson and John Carroll, who furnish the love interest and the songs.

"Juke Girl", a lusty action drama combining romance with breezy dialogue, will be the offering at the Falls theatre Sunday and Monday, with a midnight preview Saturday evening at 11:15. In the top roles are Ann Sheridan, Ronald Reagan and Richard Whorf, with George Tobias, Alan Hale and Gene Lockhart also featured.

Retail Sales Slowing up in Red River Valley

Department and general store sales for the first seven months of this year as reported by stores in the Red River Valley section of Minnesota averaged 12 per cent larger than those marked up for the similar seven-month period last year while sales during July this year were about the same as those for July 1941, according to retail trade figures just released by the Federal Reserve Bank, of Minneapolis.

GOV. H E. STASSEN IN DISCUSSION OF STATE FINANCES

Declares Expenditures and Outstanding Debt Have Been Reduced

Summarizing the improvements made in the state government during the past four years, Governor Harold E. Stassen in an address this week outlined a program for the coming session of the legislature which he said will be necessary to consolidate these gains and meet the problems growing out of the war.

Highlighted in the Governor's address, along with social and welfare advances, was a summary of financial gains, which, he said, have resulted from four years of Republican administration. Supporting his statements with certified copies of reports from the offices of State Auditor Stafford King and State Treasurer Julius Schmahl, Governor Stassen said improvements had been made as follows:

Total state spending has been reduced from $108,620,832 in 1938 fiscal year, under previous administration, to $101,007,458 in 1940 fiscal year, first full fiscal year under present administration, a reduction of some $7,600,000, and down to $100,760,849 for 1941 fiscal year, making a reduction of nearly $8,000,000 compared with 1938.

State debt has been cut down $23,000,000 since January, 1939.

Number of persons employed by state departments has been reduced from 16,878 on July 1, 1938, to 12,502 on July 1st, 1942.

School trust funds have been increased $23,000,000.

The deficit of $8,500,000 that existed in the general revenue fund on December 31, 1938, has been eliminated and a surplus of $3,000,000 accumulated. In addition, the state has a balance in the income tax school fund of $4,000,000 and cash reserve of $5,000,000 in the highway fund, making cash reserves of $12,000,000 in all.

State Is Second Only to Texas in Turkey Raising

Paul H. Kirk, federal-state agricultural statistician, reported this week that Minnesota would be the nation's second-largest turkey producing state this year.

Kirk said the Minnesota turkey crop would be 3,207,000 head, approximately the same as last year but more than the 1939 or 1940 crops.

Only Texas which expects to produce 3,724,000 turkeys will surpass Minnesota in turkey production this year, Kirk said.

Keeping Score

.... With HUCK OLSON

Oscar Cerny opened his Mint alleys on Tuesday, and some of the boys have already been taking the kinks out of their arms. Al Weber, bowling association president, isn't going to take on the boys until the "shine" has been worn off the alleys. His curve ball won't take "stuff" when the alleys are slick, but in a couple of weeks he'll be ready for some "bingo bango".

The City Bowling association will hold an organization meeting within a week or two, and plans for the season's league bowling will then be made. It is expected that three or four leagues will be in operation again this winter.

Presenting the New Coach

When Harry Newby decided that there was less grief and worry in politics than in coaching and handed in his resignation, he created quite a problem for the local school authorities, but they have apparently solved that problem when they signed Willard "Bill" Kottke as athletic coach. Kottke, a big, blond, six-footer, is a graduate of St. Cloud Teachers College, and a resident of St. Paul. For the past few years he has been coaching, and with fine success, at Rush City. His basketball team in 1941 went into the district finals, and last year they won the 25th district championship, losing to the Buhl team in the regional. And it will perhaps be of interest to the local golfers to learn that Kottke for the past four summers has been employed as a golf professional, and in the recent St. Paul Open, played over the Keller course, he scored a 295, which earned a place among the top twenty.

They'll Try Again on Friday

Friday evening's heavy rain washed away the championship D-ball game scheduled to have been played between the Bridgeman's and the Kiewel's, but the two teams will try to get together tomorrow evening. Team managers Stan Cockrell and Ole Ness request that the players report to the East Side park at 7 o'clock.

Halmrast to Moorhead

Cliff Halmrast, one of the finest basketball players ever produced by Moorhead high school, has returned to the Spud school as a coach. Halmrast was a star performer back in the days when Moorhead was included in the eighth region, and when coach Glenn Hanna was turning out his wizard teams. Cliff was an all-state center on the Spud team that won the state basketball title in 1928, the first of the Spud's two successive state titles. As teammates on that Moorhead squad Halmrast had such basketball hotshots as Earl Moran, Johnny Walker, Bliss Littler, Bud Marquardt, Orr and Pat Hilde, and Carroll Malvey. Halmrast, after completing his high school career, enrolled at Concordia and aided the Cobbers in winning the state college basketball championship.

Rube Hadrath in the Post

Last week's issue of the Saturday Evening Post, for August 22 had an article entitled "Salute to the Men of Stillwater", and one of the men referred to in the article was R. M. Hadrath. That's the Rube Hadrath who graduated from the local high school in 1920, and who was a member of the nifty American Legion basketball team in the early twenties. Rube is general manager of the John R. Stoltze dried-milk plant in Stillwater, Minn., and he, together with three other Stillwater men, have formed a concern called the Stillwater War Industries, Inc., for the purpose of converting idle men and machinery to war production.

A Worthy Champion

I huffed and puffed along with the gallery that watched Tom Jorde score a 2-up win over Hans Chommie Tuesday afternoon to win the city golf title. Tom will have his name engraved on the championship trophy, following the names of Chommie, Vic Jung, and Jim Nordine; and judging by his play on Tuesday Tom deserves his place with those golfers.

Tommy took seven putts on the first two holes, and it appeared for a while that he was getting jittery; but he got his game under control. And he needed to have his game in control in order to beat Chommie, for Hans, except for a couple of lapses and a tough "break" on the 8th hole, was in the match all the way.

Jorde really uncorked a drive on the 7th hole. The hole is 380 yards long, and Tom's drive must have reached the 300 yard marker, perhaps a bit over. It was such a long drive that it made Bill Sponheim doubt that the hole is 380 yards long.

CORN FIELD DAY AT N. W SCHOOL SET FOR SEPT. 19

26 Different Varieties of Corn Hybrids Will be Tested

A field day for Red River Valley corn growers has been set for Saturday, September 19, at the Northwest School and experiment station at Crookston. The Corn Field Day, according to Superintendent T. M. McCall, will be of special interest this year in that comparison between twenty-six of the leading corn hybrids will be made with standard varieties such as Northwestern Dent and Minnesota 13.

R. S. Dunham, agronomist at the Northwest Station, incorporated into the tests this year all of the corn hybrids from commercial seed companies that have been offered for sale in the Red River Valley including five of the Minnesota hybrids which show greatest promise for Northwestern Minnesota.

The Corn Field Day program will start at 1:30 p. m. Dr. H. K. Hayes, chief of the division of agronomy and plant genetics and pioneer corn breeder from the Minnesota experiment station, will give the main address of the day. Other speakers on the program will include Mr. Ralph Crim of the agricultural extension division and Mr. E. H. Rinke of the division of agronomy, both of University Farm, St. Paul, and R. S. Dunham of the Northwest Station staff.

An excellent opportunity will be afforded corn growers to study the performance of the new hybrids in a year that has not been too favorable for corn production.

Seek Radio Operators for Merchant Marine

Uncle Sam sends out a call for help to young men between 16 and 35 interested in becoming radio operators in the American merchant marine. The northwest office of the United States Maritime Service is now conducting a drive for enrollments in its radio training school at Gallups Island in Boston. Requirements for the radio school are the same as those for apprentice seamen training, except that two years of high school, including one year of algebra, are required. The training period lasts six months. Applicants may obtain information at the Maritime Service enrolling office, 109 U. S. Court House, Minneapolis, Minn.

Trains for Double Revenge on Japs

C. R. Baker of St. Louis, machinist's mate first class (left), learns to use a tommy-gun at a Seabee base near Norfolk, Va., from which point he will soon depart to seek revenge for the death of two sons in the Pacific. One was killed with the army when Manila fell. The other is missing from the aircraft carrier Lexington, which went down in the Coral sea.

Federal Civil Service Is Seeking Applicants for Signal Corps Work

The United States civil service commission announced today that the Signal Corps needs a vast number of people to be trained for radio work in the U. S. Signal Corps.

The trainee repairman position pays $1440 a year. Requirements for this position are: Completion of a defense training course in telephone or radio work; or six months' paid experience in radio or electric work, or license to operate an amateur radio station for past 2 years; or completion of 2 years of an electrical, telephone, or radio repairman course in a vocational or industrial high school.

All persons, both men and women, 16 years of age or over, may be considered. Applicants with 1-A draft classification, if eligible, will be placed in the enlisted reserve of the Signal Corps.

For further information relative to the above mentioned position, see the civil service secretary at the postoffice or the local office of the U. S. employment service.

Buy defense bonds and stamps.

State Teachers College at Bemidji Opens Sept. 8

Registration for all students at the Bemidji state teachers college will begin Tuesday, September 8. Upperclassmen are expected to complete their enrollment at this time.

Freshmen students are asked to meet in Room 129 in the main building at 8:30 for preliminary instructions and assignments to groups. Tuesday and Wednesday will be taken up with physical check-ups and other entrance examinations.

Time will be given for students' consultations with faculty members in working out schedules and deciding on the program to be carried for the year. Regular class work will begin Thursday, September 10.

Exams are Slated for Charman at Postoffice

The U. S. civil service commission has announced an open competitive examination for filling the position of charman, at 40c an hour for each hour of actual service, at the post office in Thief River Falls. Applications for this examination must be on file with the manager, Eighth U. S. civil service district, St. Paul, by September 28. Information in regard to the requirements and the character of the examination, and application blanks may be obtained from Gunder Legvold at the local postoffice.

SPUDS SPRAYED FROM AIRPLANE

Roseau—For the first time in the history of potato culture in Roseau county an airplane was used to spray potato fields. The fields are infested with late blight which threatens to destroy the crop. It is dangerous work as the plane must fly barely two feet above the vines to spray the copper dust most effectively. A biplane, especially built for this work is used, and it has a hopper which carries 1200 pounds of dust.

STATE UNIVERSITY TO OPEN FOR FALL SESSION SEPT 28

Institution to Cooperate Fully in the Nation's War Effort

The University of Minnesota will open nearly a week earlier than usual this year, classes starting Monday, September 28, and will face a fall quarter whose twelve weeks will reveal more clearly than anything yet has what the university is going to be like in time of total war.

Although no considerable planned changes are in prospect the institution will be modified by changes in enrollment, loss of faculty members who have gone into military service, industrial work or war-related research, and by the presence on the campus of the various activities under actual research, and by the presence on the campus of the various activities under actual supervision of the military in which the university is helping Uncle Sam.

Increased prices for everything it must buy and actual scarcity of some of its needed scientific supplies are facts which the University of Minnesota must face just as much as private establishments do, except in the rare instances where special priorities are granted to educational establishments.

President W. C. Coffey has already stated that he believes the university should devote itself to aiding the war effort on the widest scale it can attain, explaining that this means classroom work should be oriented toward the war, in addition to the scientific and other undertakings that provide results usable in fighting the war, whether of steel, of propaganda in foreign countries, or of economic controls that both protect the civilian population and prevent disruption through selfishness.

Navy Recruiting Office at Bemidji Making Drive

The Navy recruiting office at Bemidji is staging a drive for 150 men during the month of September from this territory. The drive is in the form of a contest between towns. The town sending in the most men for enlistment per 100 population will gain special recognition. A huge clock has been erected in Bemidji showing the enlistments from day to day in the territory to give the public an idea just how the drive is coming along.

HENDERSON ASKS COUNTRY TO CUT AUTO, TIRE USE

All vehicle operators in the country were appealed to by Price Administrator Leon Henderson to intensify their efforts to save tires by driving less and driving carefully. Such activity, he said, is necessary to conserve the dwindling supply of rubber for tires and tubes. Quotas of tire allotments are being reduced in all classifications except on Grade II passenger tires available to war plant workers who qualify under special regulations.

Hebrew Evangelist Here

Rev. Maurice Gordon, Hebrew Christian evangelist, is speaking at the First Baptist church on prophetic and evangelistic subjects every evening at 8:00 P. M. through Sunday, September 13th. A special feature nightly is a question box conducted by Rev. Gordon dealing with timely questions and with the Jewish way of life. At 2:30 Sunday afternoon Rev. Gordon will illustrate how the Jews live with their forms and their customs.

Secretary Morgenthau Pays Tribute to J. C. PENNEY WAR BOND SALES

The J. C. Penney Company's 1609 stores, whose 4% July quota for War Stamp and Bond Sales was $1,200,000.00, turned in the staggering total of $8,422,553.85—or almost 25% of its merchandise sales! To realize what this figure stands for in actual war material, this sum will buy one destroyer plus one submarine plus 100 Army fighter planes plus 36 light tanks!

The importance of this achievement was acknowledged by the following telegram of commendation from Secretary of the Treasury Morgenthau, who took particular note of the tremendous scope of the Company-wide publicity program which made these results possible.

RIVER FALLS

Threshing has been going in full swing in this community the past week. Grain is yielding very good. K. T. Dalager reports his wheat yielded 41 bushels to the acre. Herman Jepson's oats run 87½ bushels to the acre. Flax is the poorest crop this year due to the rust.

Baptism Service

The home of Mr. and Mrs. John Fellman was the scene of a baptism service Sunday, Aug. 23. The infant daughter of Mr. and Mrs. Axel E. Larson of Clearbrook, son-in-law and daughter of Mr. and Mrs. Fellman, was baptized, Phyllis Clara, by Rev. C. W. Erickson of Thief River Falls. The sponsors were Mr. and Mrs. Fellman, Lorraine Larson and Louise Twietbakk. Visitors and dinner guests included Mr. and Mrs. Ernest Ulrich and family of Red Lake, Mr. and Mrs. Axel Larson and family of Clearbrook, Rev. and Mrs. C. W. Erickson and Miss Hilda Erickson and Algot Erickson all of Thief River Falls and Louise Twietbakk of Clearbrook.

The rain which came late Friday afternoon and Saturday and Sunday will delay threshing for many days. There is a lot of threshing yet to be done. Flax yet to be cut. The fields are so wet that plowing can't even be done.

Rev. and Mrs. Alex Sand of Annandale arrived Monday at the August Swenson home to visit for some time.

BAD NEWS:

It is reported that serious weed infestation in flax fields is quite general throughout the state.

GOOD NEWS:

FLAX STRAW For paper making can still be used however from fields where the weeds are quite prominent if the farmer can find the time during the harvest rush to thresh the weedy, unsaleable straw into a separate pile.

Closer stubble in the clean beds, less concaves in the thresher, and large well topped piles still pay dividends by increasing the weight of your by-product.

MORE GOOD NEWS:

WHY NOT GIVE THE DICTATORS STRAW FEVER BY ASKING YOUR STRAW DEALER TO LET YOU HAVE PART OF YOUR MONEY IN WAR BONDS OR STAMPS.

CATTLE BLINDED FROM POLLEN

Howard Lake.—Ten head of cattle on the Al Diers farm near here have gone blind; some of them in one eye and others are totally blind. It was noticed in the young stock first when they were found walking around in circles upon being turned out of the barn. The veterinarian who examined them stated the blindness came from a pollen. All have been put in a dark barn and some have recovered partially but the doctor believes some will be blind in one eye permanently.

COUNTY BOARD PROCEEDINGS

Pursuant to adjournment the City Council of the City of Thief River Falls, Minnesota, met in regular session in the Council Chambers in the Auditorium and Municipal Building on Tuesday, August 25, 1942. The meeting was called to order at eight o'clock P. M. with all members present.

Bond of Peder Furuseth and Aaron Larson in the amount of $[illegible], with Western Surety Company as surety and furnished in connection with their contract for painting of Treating Boiler of Sewerage Treatment Plant was presented and being approved as to form and execution by the City Attorney, it was moved by Stenberg, seconded by Peterson and carried that the same be accepted and ordered filed.

In the matter of the office building owned by Roy E. [illegible], now located immediately east of the railroad shop serving the power plant and the Larson Mercantile Company, on city owned property, which was to have been removed according to terms of a certain agreement dated October [illegible], 1940, between the City and Roy E. [illegible], it was moved by Alderman Stenberg that the City Attorney be directed to notify the owner to remove said building forthwith in order that completion of improvement of power plant grounds might be carried out. The motion was seconded by Alderman Severson and adopted by unanimous vote.

The City Clerk was on motion of Alderman Peterson, seconded by Overum and adopted, authorized and directed to cause notice to be published calling for bids for the furnishing of a motor truck for use by the Water and Light Department, [illegible], with trade in of present equipment, bids to be opened and considered on Tuesday, September 22nd at eight o'clock P. M.

President Griebstein designated Aldermen Overum and Severson as a Committee to confer with the City Attorney in the preparation of a resolution of condolence to the family of the late A. R. Hulbert, Alderman of the Fourth Ward.

The Council then proceeded to conduct a hearing advertised for this date in connection with certain improvements of Block Thirty-five of the Original Townsite, Horace Avenue and Second Street, L. H. Harris, one of the property owners, being present. Alderman Petersen introduced a resolution approving the specifications covering improvements to be made and determining to proceed with improvements as outlined in said specifications and moved the adoption of such resolution. Motion seconding adoption was made by Alderman Overum and the resolution was by roll call passed and adopted. Motion was made, seconded and carried that proposals, duly advertised for this date, covering such improvements be opened and considered. Proposals presented were as follows: Kenneth Bakke: 175 cu. yds. sand, $1.20 per cu. yd.; 225 cu. yds. rock $1.70 per cu. yd. Albert Larson: Alley pavement $[illegible] per sq. yd.; curb $[illegible] per lineal foot; Pavement widening, $2.10 per sq. yd.; sidewalk, $1.40 per sq. yd.; re-setting five ornamental light standards $12.00 each and removing trees $5.00 each, total $[illegible]. Mr. Larson also offered to pay the city at the rate of $.10 per cu. yd. for the use of cement mixer owned by the city. Alderman Petersen introduced a resolution accepting the proposal of Kenneth Bakke covering sand and rock at his bid of $[illegible] and that of Albert Larson, covering the general contract, setting the performance bond of Kenneth Bakke at $[illegible] and that of Albert Larson at $4,500.00 with surety to be approved by the City Council, and moved the adoption of such resolution. The motion was seconded by Alderman Overum and the resolution was by roll call duly passed and adopted.

Alderman Stenberg introduced a resolution approving for payment to James Leffel & Company the sum of $2,212.00 for material in repair of 17 in. water turbine and to Ernest F. Granzow the sum of $300.00 for supervision and engineering in connection therewith and moved its adoption. The motion was seconded by Alderman Petersen and adopted by roll call vote.

Alderman Overum introduced a resolution appropriating out of the Band Fund, to Thief River Falls Municipal Band, the sum of $400.00, to be expended in operation of such municipal band and moved its adoption. The motion was seconded by Alderman Stenberg and the resolution was by roll call unanimously passed and adopted.

President Griebstein appointed Alderman Harry Severson as Council Member of Municipal Band Committee, succeeding A. R. Hulbert, deceased.

On motion duly made and carried Alderman Stenberg of the Air Port Committee was authorized and instructed to secure from the owner of certain lands in Sections 16 and 21 of Township 153, an option to purchase such lands for air port purposes at a consideration determined and requested by such owner.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council.
Attest: P. O. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held August 25, 1942, Alderman Petersen, seconded by Alderman Overum, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, a petition has been presented by the owners of real estate abutting on the alley, extending from Second Street to Third Street across Block Thirty-five (35) of the Original Townsite of Thief River Falls, Minnesota, requesting that said alley be improved by grading, leveling and paving said alley with concrete so as to bring it up to the standard of the streets with which it connects and also to construct and install a concrete sidewalk on the West side of Horace Avenue from Second Street to Third Street; also to construct a concrete sidewalk from Horace Avenue to LaBree Avenue on the North side of Second Street; also, to widen Horace Avenue and Second Street fronting on Block Thirty-five (35) so as to permit diagonal parking of cars, and the Council having determined that the said petition is signed by the owners of more than Fifty-one per cent (51%) in frontage of the real property abutting on the parts of the streets named in the petition as the location of the improvements as petitioned for and the Council having duly referred the petition to I. E. Quist, a competent engineer, and the said engineer having made and filed his report to the Council, advising the Council in a preliminary way, as to how the proposed improvements should best be made, and also as to the probable cost of the improvements and the Council having fixed a time and place when the petition will be considered and action taken in reference to the same and the Clerk having given due notice thereof and at the time of such hearing, the Council having heard all persons who cared to be heard in reference thereto and at the conclusion of said hearing, having taken up and considered said petition.

NOW THEREFORE BE IT RESOLVED, That the following improvements be and hereby are ordered to be constructed:

1. Construct a pavement on the alley of Block Thirty-five (35) of the Original Townsite of Thief River Falls, Minnesota. Such paving is to be the full width of the alley and to be constructed of concrete and upon the grade elevation and according to the specifications now on file with the City Clerk.
2. Demolish the old curb along the West side of Horace Avenue from Second Street to Third Street and construct a sidewalk seven (7) feet wide along the sidewalk line on the East side of said Block Thirty-five (35) of the Original Townsite of Thief River Falls, also to construct a new curb and gutter along the outside sidewalk line of such sidewalk and pave with concrete, the strip between the present paving and the new gutter as the same shall be constructed.
3. Also, construct a sidewalk Fourteen (14) feet wide along the South side of Block Thirty-five [illegible] the North side of Second Street.

BE IT RESOLVED, That I. E. Quist, City Engineer, be and hereby is designated as the engineer in charge of said work. That the plans and specifications therefor as prepared by him be approved and filed with the City Clerk and that said engineer be given general supervision to the work of such construction.

ROLL CALL.
Aldermen voting Yea: Griebstein, Petersen, Overum, Severson, Stenberg.

Attest: P. O. Pederson,
City Clerk.

RESOLUTION

At an adjourned regular meeting of the City Council held August 25, 1942, Alderman Petersen, seconded by Alderman Overum, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that

WHEREAS, the City Council has heretofore determined to construct certain improvements to-wit:

1. Concrete paving on alley in Block Thirty-five (35) of the Original Townsite of Thief River Falls, Minnesota;
2. Also, a sidewalk, curb, gutter and widening of pavement along the West side of Horace Avenue and fronting on said Block Thirty-five (35);
3. Also, sidewalk on the North side of Second Street and fronting on said Block Thirty-five (35).

WHEREAS, The City Clerk has been instructed to advertise for bids for the construction of said improvements and bids having been received and opened and considered, at the time and place fixed therefor, and it appearing that the bids of the following persons are the lowest and best bids for the portions of said improvements, to-wit:

The bid of Kenneth Bakke for furnishing 175 cubic yards of sand at a unit price of One Dollar and Twenty-four Cents ($1.24) per cubic yard and 225 cubic yards of rock at a unit price of One Dollar and Seventy Cents ($1.70).

This is my first attempt for public office in this district so I am not as well known as some of the "old timers." However, I shall make an attempt to reach as many of the voters in this district as possible before the primaries on September 8th.

I have been engaged in farming on my farm in Pennington county for many years and feel that I am fully acquainted with the problems of the people in this district.

My entrance into the race for state senator was not entirely my own choosing as I was endorsed for this office by the Farmer-Labor association district convention last spring and accepted this endorsement to make the race.

If nominated and elected at the coming elections, I promise to fulfill the duties of this high office to the utmost of my ability.

Any courtesies shown me will be most sincerely appreciated.

A Remarkable Record:

State spending cut down $7,000,000 a year from the 1937-1938 level.

State debt reduced $23,000,000, reaching lowest point in ten years.

State trust funds for schools increased $22,500,000.

Deficits that existed in 1938 eliminated and cash reserves of $13,000,000 built up.

The absolute proof of these accomplishments is furnished in certified statements of the offices of State Auditor Stafford King and State Treasurer Julius Schmahl supplied to each paper running this advertisement.

SQUIRREL CAUSES DAMAGE OF POSSIBLY $100,000

Stillwater.—At 8:48 a. m. one morning recently a gray squirrel decided that one of the oil switches at the Oak Park transformer station of Northern States Power Company would be a fine place to sit. He proceeded to sit. There followed a flash, a puff of smoke, and in a tiny fraction of the proverbial split second later three huge transformers, weighing 24 tons each as installed, and two oil switches and all automatic control equipment were in smoking ruins. Damaged switches, transformers and controls have gone to repair plants. Extent of damage is not yet known, and will not be until they are taken down but it is expected to run from $50,000 to $100,000.

Mount Rubidoux

Mount Rubidoux rises abruptly from the Santa Ana valley at Riverside, Calif. At the crest is a cross dedicated to the memory of Father Junipero Serra, the heroic Franciscan missionary to the Indians. A feature of special interest connected with this mountain is the impressive Easter service held annually at sunrise.

For Statesmanship and Progress at the State Capitol

A Remarkable Record:

State spending cut down $7,000,000 a year from the 1937-1938 level.

State debt reduced $23,000,000, reaching lowest point in ten years.

State trust funds for schools increased $22,500,000.

Deficits that existed in 1938 eliminated and cash reserves of $13,000,000 built up.

The absolute proof of these accomplishments is furnished in certified statements of the offices of State Auditor Stafford King and State Treasurer Julius Schmahl supplied to each paper running this advertisement.

SQUIRREL CAUSES DAMAGE OF POSSIBLY $100,000

Stillwater.—At 8:48 a. m. one morning recently a gray squirrel decided that one of the oil switches at the Oak Park transformer station of Northern States Power Company would be a fine place to sit. He proceeded to sit. There followed a flash, a puff of smoke, and in a tiny fraction of the proverbial split second later three huge transformers, weighing 24 tons each as installed, and two oil switches and all automatic control equipment were in smoking ruins. Damaged switches, transformers and controls have gone to repair plants. Extent of damage is not yet known, and will not be until they are taken down but it is expected to run from $50,000 to $100,000.

Mount Rubidoux

Mount Rubidoux rises abruptly from the Santa Ana valley at Riverside, Calif. At the crest is a cross dedicated to the memory of Father Junipero Serra, the heroic Franciscan missionary to the Indians. A feature of special interest connected with this mountain is the impressive Easter service held annually at sunrise.

RIVER VALLEY

MINNESOTA GIVEN REDUCED QUOTA OF TIRES THIS MONTH

Allotment to State Is Cut Sharply for Month of September

Minnesota allotments of passenger car and truck tires and tubes for September have been reduced from 36 to 58 per cent in most classifications, T. G. Driscoll, regional OPA director, announced Thursday.

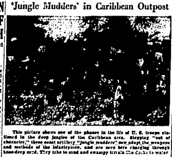
Allotments of new passenger car tires for the state totaled 666, a reduction of 49 per cent from 1,294 in August; grade 2 passenger tires, 1091, compared with 1,032 in August; passenger recaps, 4,577, 39 per cent under August's 7,507, and passenger tubes, 3,353, a drop of 36 per cent from 5,256.

New truck tire allotment for September is 3,119, a reduction of 49 per cent from 5,968 this month; truck recaps, 3,110, reduced 58 per cent from 7,443 in August, and truck tubes, 3,631, compared with 7,020, a cut of 48½ per cent.

DOUBLE OR NOTHING!

Morris.—A group of Marshall women enroute to visit Mrs. A. E. Itamio had a unique experience when they stopped to cook a picnic breakfast. Out of eight eggs dropped into the frying pan, seven of them had double yolks!

'Jungle Mudders' in Caribbean Outpost



This picture shows one of the phases in the life of U. S. troops stationed in the deep jungles of the Caribbean area. Stepping "out of character," these coast artillery "jungle mudders" now adopt the weapons and methods of the infantrymen, and are seen here charging through knee-deep mud. They take to mud and swampy terrain like ducks to water.

Growing With Your Child

Institute of Child Welfare, University of Minnesota

Learning to Read

Eager though children may be, when they enter school, to learn to read, a good many of them become disheartened and indifferent by the end of their first year. Some of them fail outright, and suffer the humiliation of not "passing". Others are allowed to go on, but with so little grasp of this important tool subject that they stumble along and become slow, poor readers as a result of having got a bad start.

Because so much of the child's school progress will depend upon his ability to read easily, it is worth while to use every precaution in the interest of his early success. First of all, are the child's eyes in good condition when he enters school? It sometimes happens that an eye defect is not discovered until a child has struggled for three or four years under a handicap that he himself does not realize. How can he tell that his eyes are any different from those of the child next him? He often begins to feel that his trouble must be a result of his "dumbness." If there exists the slightest suspicion that a child's eyes may be at fault, they should be examined by a competent eye specialist. Even though glasses may have been fitted by an able person, the chances are that they must be altered from time to time; for children's eyes change so rapidly as to make it unsafe for them to wear glasses longer than six months without reexamination.

Hearing is an important adjunct to learning to read. If a child is inclined to omit endings and syllables that are not stressed, it may be suspected that his hearing is not acute. He may also be unable to distinguish between somewhat similar words, as for example, he may not hear that "shall" and "shell", and "sand" and "send" are different words. The advantage of checking up on the child's hearing is obvious in connection with the school seating arrangement. If the teacher is unaware that a child has a bit of difficulty, she may seat him in the rear of the room, or near a noisy window. Putting him in the front row minimizes the possibility that he will become easily abstracted and dream instead of "paying attention" as the phrase goes. (How can a child "pay" attention when he hasn't the coin of hearing, with which to pay?)

Studies in which individual instruction has been given to reading problem children emphasize one fact with which many people would be inclined to agree from their own observation. The average child gets too little attention from his teacher, who hasn't time to analyze his individual limitations. He is one of so large a group that she cannot possibly study his case as it should be studied, to discover whether his difficulty is in part a result of his very limited vocabulary, so that he finds it hard to recognize words; whether it is partly the result of much use of a foreign language in the home; whether it has anything to do with the fact that he finds it hard to establish a habit of looking from left to right along the line, and so reads "was" as "saw", "rat" as "tar", and "on" as "no". These are only a few of many possibilities no one of which carries the sole blame. It may interest parents to know that children who are read to, who hear conversation and discussion, and thus pick up a wider range of knowledge and a larger vocabulary than the average, who have had crayons and paper to play with, and who have a certain amount of familiarity with printed words, such as those seen in signs and posters, are better prepared for learning to read, when they start to school.

From where I sit . . . by Joe Marsh

It's real puzzlin' when you stop to think about it.

I mean the way the human race has worked out a whole set of crazy, dried alibis for its misdeeds and shortcomings.

Some of them's harmless alibis—like the office boy's grandmother who always passes away just before the big baseball game.

Here's some others. "My alarm clock didn't go off." "I left my money in my other suit"—"I was settin' up with a sick friend."

And then the one about the two beers. Now that one is downright exasperatin'.

Because there's not a shred of truth in it.

Every once in a while I read in the papers about some ornery cuss, who never did know the meanin' of moderation, gettin' himself into trouble—

—and then protestin' that all he had to drink was "a couple of beers."

He knows it isn't true. He's just sayin' that because he knows that "a couple of beers" sounds moderate and sensible—and it is.

Personally, I don't ever remember seein' a couple of glasses of beer, enjoyed among friends, hurt any normal, sensible person.

If you won't get in trouble without beer, you aren't going to get in trouble with it.

Matter of fact, it's been my observation right along that a friendly glass of beer in pleasant sociability leads to just the opposite of trouble.

It goes along, seems to me, with good companionship, and moderation, and tolerance for the other fellow.

Yes, sir, from where I sit, it looks like the fellow that goes and gets himself in trouble, and then blames it all on a "couple of beers" isn't really foolin' anybody.

But he is bein' mighty mean and unfair to the people that enjoy the right to a sensible moderate drink like beer—yes, includin' "a couple of beers."

Joe Marsh

Take a tip from a man who knows cars!

For high test gas . . . at the price of most low test gasolines . . . stop at any Orange & Black 66 Shield and fill up with Phillips 66 Poly Gas!

And while you're about it get your Phillips 66 dealer's advice on how best to CARE FOR YOUR CAR—FOR YOUR COUNTRY. One pointer he'll surely give you is "Don't drive over forty!"

Tire engineers have proved that driving at 60 wears out tires almost three times as fast as driving at 40. And, remember, a reasonable speed also saves gas and oil.

N. W. SCHOOL TO OPEN FALL TERM ON OCTOBER 5TH

Opening Delayed to Enable Boys to Assist with Work on Farm

The opening of the fall term at the Northwest School of Agriculture at Crookston has been set for Monday, October 5. In delaying the opening of the fall term one week, Superintendent T. M. McCall states added opportunity is given farm boys and girls to help finish up essential farm work and not lose school time.

The added experience gained by students in seeing through the seasonal work on the farms and in the home makes an excellent background for the vocational work offered in the regular school courses. Credit earned by students from summer project work on the farm and in the home, which supplements the credits earned in school, enables the agricultural school student to fit himself for practical employment or for college entrance in four years.

Advance registrations for the fall term, according to R. J. Halvorson, registrar at the school, are ahead of last year. A trend noted in advance enrollments is that an increasing number of boys and girls who have been out of school from one to three years are returning for additional training. Great interest is manifested in all of the vocational training courses, and especially the work offered in agricultural engineering.

SILVERTON

In spite of the rain on Sunday last a good sized group attended Luther League entertained by Mrs. Syvert Hanson and Inanda and Estelle Hanson at the church parlors. After services a Sunday school program was given.

Elwell School

Pupils attending Elwell school please take notice. Mrs. Lillian Knutson of Thief River Falls will be the new teacher at Elwell and the fall term will begin Sept. 21.

A letter received this week from Pvt. Martin Hanson says he is stationed at Leesville, La., and likes army life very much. He had been hospitalized for two weeks with foot trouble after spending a month on maneuvers, but expected to rejoin his company again this week.

Mr. and Mrs. W. E. Chapman were dinner guests Monday of last week at the Irvin Chapman home and later joined by the Irvin Chapman family were guests at Earl Chapman's.

Sandra Johnson of St. Hilaire came Monday to spend a few days with her grandparents, the Woolsons before the beginning of school.

A group of girls, classmates of M. S. T. C. at Moorhead enjoyed a short outing before beginning fall duties. Miss Loretta Aos of Gully came Tuesday evening and was an overnight guest at the Woolson home Wednesday morning. Reca and Miss Aos left for Warren where they were joined by Marjorie Anderson and Miss Phyllis Melbo, student nurse of the Swedish hospital at Minneapolis, a days trip in North Dakota and a trip to Winnipeg was enjoyed. All returned to their homes on Friday evening.

Supper guests at Woolson's on Sunday evening were Mr. and Mrs. Vernon Sorenson, Stilaf Anderson of Ames, Iowa, Lester Chapman and Ray Culkins.

Curtis Nordwell who has been employed at the W. E. Chapmans left for Bemidji Monday to visit his mother and will leave at once for Oklahoma where he is attending college.

FIRE DESTROYS HOUSE ON OLD JOHN SWAN FARM

Fire presumely caused by lightning completely destroyed the home on the old John Swan farm Sunday afternoon. The Arthur Swan family who rents the farm, but does not live there, had some household goods, clothes, guns and belts for threshing machine in the house which was also destroyed. The fire was first noticed by a passing car driver, but by the time help arrived the fire was too far advanced to save anything.

Mr. and Mrs. Ted Eide left last week for their home in East Grand Forks after spending the week end at the Henning Peterson home.

Mr. and Mrs. Henning Peterson and Mr. and Mrs. Ted Eide spent Sunday afternoon at the Otto Klingborg home in Alvarado.

Jim Lannoye returned home from North Dakota last week. He was laid up from work from an infection on a finger caused by a sting from a spider.

Jess Hanson attended the Minnesota-North Dakota O. P. A. meeting held in Fargo, N. D. a week ago Sunday. He also visited his sister who resides there.

Mrs. Leonard Johnson and son Leroy who have spent the past three weeks with Mrs. Johnson's mother, Mrs. Nellie Nyflot, left for their home in Minneapolis on Wednesday.

Mr. and Mrs. Norman Johnson who has been farming near Lockhart have sold their farm machinery and intend to leave for the west coast to seek employment in defense plants. The Johnsons are well known here as Mr. Johnson was editor of the Newfolden Clarion for a number of years.

Ernest Homestad, Charlie Robison and Carl Sorenson returned from Alliance, Neb., Monday They have been employed building barracks for the U. S. Army there.

Pvt. Edwin Evenson who has been stationed in California, arrived last Saturday for a two week's visit with his brother-in-law and sister, Mr. and Mrs. Ed Hagman. He will be stationed at Camp Ripley when he leaves here. Edwin was well known here a few years ago. He was born and grew to manhood on the old Knute Evenson farm. He has spent the past fourteen years in Seattle, Wash.

SHOD WITH STEEL She'll Swat The Axis All The Harder!

Sure the new MODEL C is on steel. MacArthur needs the rubber to land those big bombers on bumpy airfields. But that won't stop it from going anywhere you want it to go. Everything's there — Sealed Reservoir bearings, no daily greasing; hydraulic controls; 2-row tool bar implements; snappy, powerful motor.

Allis-Chalmers pioneered the air-tired tractor and still believes there is no substitute to equal pneumatic tires. When rubber comes back, you can change to air tires in half an hour, and the Model C will be better than ever. In the meantime, we recommend it on steel with complete confidence.

FRANK RINKEL NEW ALDERMAN FROM 4TH WARD

Is Appointed Tuesday Night to Succeed the Late Dr. Hulbert

ORDINANCE IS READ ON BLACKOUT RULES

Red Cross Given Use of Council Room for Surgical Dressings

Among the important items of business transacted by the city council at its September session Tuesday evening was the election of Frank A. Rinkel to the position of fourth ward alderman, succeeding the late Dr. A. R. Hulbert.

Mr. Rinkel, who was named on the first ballot, had been elected to the office in the city election last year, but did not qualify owing to a conflict at that time with his duties as an employe of the rural credit department. He assumed his new duties Tuesday night.

Fred Protz and Mrs. H. A. Brumund appeared in behalf of the local Red Cross chapter to solicit the aid of the council in arranging for quarters in which to prepare surgical dressings for the armed forces. After some discussion, the council granted the use of the council chamber three afternoons a week. The project, it was pointed out, will continue for sixteen months, according to present plans.

Following a presentation of the matter by Major Gustav Schilbred, chairman of the county civilian defense council, the first reading was given a proposed ordinance designed to enforce blackout regulations in this community as a wartime measure.

The ordinance confers official authority on air raid wardens, and sets up penalties for infractions, with fines ranging up to $100 and imprisonment up to ninety days.

Major Schilbred and Paul A. Lundgren also asked an appropriation from the city to aid in financing necessary expenditures by the various county war agencies. They reported that the county board Tuesday had voted $150 for the purpose, and the council appropriated a like amount. Expenditure of the funds will be directed by a finance committee including Mayor H. W. Kinghorn, Chairman Alf Bredeson of the county board and a third member to be named by them.

At the request of the Greenwood cemetery commission, the council instructed City Engineer I. E. Quist to prepare preliminary sketches and cost estimates on the construction of a receiving vault in the cemetery for use during the winter months. Immediate erection of the structure is not contemplated, it was indicated.

Approval also was given the appointment by the library board of Miss Inga Thompson as a second assistant in the library.

PENNINGTON AAA ELECTION SET FOR FRIDAY, SEPT. 18

Farmers to Vote at Fourteen Community Meetings in County

Pennington county farmers who are cooperating in the AAA program will hold their annual community elections Friday evening, September 18, at 8 o'clock in fourteen localities, Carl Anderson, county chairman, stated today. Notices giving the place of meeting are being mailed to individual farmers from county headquarters.

The purpose of the meetings will be to elect delegates and alternates, as well as three committeemen and two alternates. Delegates will assemble at the county AAA office Saturday to elect their county committee, Anderson stated.

New Home Nursing Class to Open Next Wednesday

The Hon. C. J. Hambro, now of Princeton, New Jersey, former premier of Norway and head of the Norwegian parliament in exile, will speak in the Thief River Falls Auditorium Monday evening, October 5, according to word received from him this week by Major G. Schilbred. Mr. Hambro, who has wide renown as an orator, will be making his first appearance in this city, and his address is expected to attract a huge audience from thruout this section of the state. A committee to handle arrangements for the program will be appointed this week, Major Schilbred stated.

COUNTY NURSE IS PROVIDED FOR IN BOARD'S BUDGET

Favorable Action Taken on Petition by Board Tuesday

Acting favorably on petitions recently presented, the Pennington county board at its September session Tuesday voted to make provision in its budget for the coming year for the employment of a county public health nurse, effective January 1, 1943.

The board also voted an appropriation of $150 to finance necessary expenditures of county defense agencies, the money to be spent under the supervision of a finance committee including Alf Bredeson, chairman of the county board; Mayor H. W. Kinghorn, and a third member to be named by them.

Arrangements were made at the session to conduct a sale of reappraised and newly forfeited lands in Pennington county, starting November 9. The usual grist of bills also was approved for payment.

STASSEN, BALL, THYE, PETERSEN BENSON NAMED

Stassen Leads Martin Nelson by Big Margin for Governorship

ANDERSON CONCEDES VICTORY BY ED THYE

Luther W. Youngdahl Leads Field in Supreme Court Contest

Governor Harold E. Stassen and his running mates, Senator Joseph H. Ball and Ed Thye, candidate for lieutenant governor, won nominations by good margins in Tuesday's primary election.

Elmer A. Benson, association-endorsed aspirant, won the Farmer-Labor nomination for U. S. senator, while Hjalmar Petersen of the right-wing faction was nominated for governor.

Stassen's total and his margin over Martin Nelson, Austin attorney, continued to mount Wednesday in what the governor's campaign manager said he, regarded as an endorsement of Stassen's plan, if re-elected, to exchange his office for a naval post next spring.

With 3176 precincts reported, Stassen led Nelson, 191,695 to 124,899.

Senator Joseph H. Ball, former newspaper reporter, was endorsed as Republican candidate for the post to which the governor appointed him in 1940 following the death of Farmer Labor Senator Ernest Lundeen.

Thye, Northfield farmer Stassen endorsed, was conceded the GOP nomination for lieutenant governor by 30-year-old Lieut. Gov. C. Elmer Anderson, his nearest opponent in an eight-man field.

John Padden of Crookston was the ninth district Republican nomination. Harold Hagen, Buckler's secretary, was chosen by Farmer-Laborites, while Henry L. Olson, late of the "Flying Tigers" was nominated by the district's democrats.

Opposing Stassen in November will be John D. Sullivan, who was unopposed in the Democratic primary, and Former Governor Hjalmar Petersen, probable Farmer Labor choice.

Former Governor Elmer Benson, who once served in the senate by appointment, was the Farmer Labor choice to oppose Ball in the general election, with Ed Murphy of St. Paul winning the Democratic endorsement without a fight.

Mrs. Ernest Lundeen, widow of the Farmer Labor senator, ran second to Benson in the Farmer Labor senate contest.

DRIVE AGAINST INFLATION IS OPENED BY FDR

President Monday Demands Stabilization of Farm Prices

ALSO PLANS TO SET CEILING ON WAGES

Declares American People are Not Doing Enough to Win War

President Roosevelt carried his battle for stabilization of living costs to the people Monday night with a radio address asserting that immediate action was necessary to avoid "serious domestic economic crisis," that "if we wait for two or three or four or six months it may be too late."

During the day he had sent a message to congress demanding legislation by October 1 to bring farm prices under control. Unless congress acts by that date he will act himself, he said. Firmly he reiterated this statement of his intentions in Monday night's address. With farm prices stabilized, he himself would act to stabilize wages, he promised.

The radio address contained also a front-by-front summary of the progress of the war, which closed with a statement that in Europe the "aim is an offensive against Germany," toward which preparations are in progress in both the United States and Great Britain.

"The power of Germany must be broken on the battlefields of Europe," he said, adding that:

"Certain vital decisions have been made. In due time you will know what these decisions are—and so will our enemies. I can say now that all these decisions are directed toward taking the offensive."

In the nine months since Pearl Harbor, Mr. Roosevelt said, America has sent three times as many men overseas as went to France in the equivalent period of World war I.

"And every week," he added, "sees a gain in the actual number of American men and weapons in the fighting areas. These reinforcements in men and munitions will continue to go forward."

Bluntly, Mr. Roosevelt told the American people that "we are not doing enough" toward winning the war. The economic situation with its inflationary dangers was proof enough of that, he thought.

He described his message to congress and repeated his demand that present obstacles to controlling farm prices be removed. President

Mr. and Mrs. Wm. Causin Note Golden Anniversary

With the occasion featured by a high mass celebrated by Rev. Father Merth at St. Gertrudes church at Rhoda, Mr. and Mrs. William Causin of Kratka township Sunday observed their golden wedding anniversary in the presence of a large group of relatives and friends.

Following the mass, the Causin family and other relatives enjoyed dinner at the Lincoln hotel in Red Lake Falls, after which open house was held at the Causin home, where a delicious lunch was served to the visitors.

The venerable couple were married at Cavalier, N. D., September 4, 1892, Mrs. Causin (Alice Adrian) having been born at Toronto, Ontario, while her husband was born in Aix La Chapelle, Germany, coming to this country when 18 years old.

In 1908 the couple moved from North Dakota to the state of Delaware where they resided for a few years before coming to this community, where they have since resided.

Seven of their nine children were present for the occasion, including Otto, Harry and Ella of Thief River Falls, Mrs. Harry Weidner and Mrs. Arthur Brunner of Regal, Minnesota; and Mrs. Philip LaChance and Francis Causin of Red Lake Falls. Unable to be present were Herbert Causin of Tacoma, Washington, and Pvt. Orlando Causin, who is serving with the U. S. Army in Alaska.

Others included in the group which assembled for the occasion were Mrs. Annie O'Rourke, St. Paul; Mrs. Katherine Fahey, Grand Forks; Mr. and Mrs. Dick Lewis, Grafton, N. D.; Mr. and Mrs. Floyd Dean and family, Hatton; Mr. and Mrs. Ballard Fahey, Grand Forks; Miss Aileen Fox, Hatton; Mr. and Mrs. John Fox, Detroit Lakes; Mrs. L. Archambault, Thief River Falls; and Mrs. Eldora LaChance, Red Lake Falls.

FEWER PUPILS ARE ON HAND AT START OF TERM TUESDAY

Enrollment in Schools on 1st Day Totals 1445; Was 1534 Last Year

With the faculty complete and all teachers on hand, the Thief River Falls public schools opened their fall term Tuesday morning. Due in part to the fact that a larger number of students have been delayed in entering school this year, the enrollment on the opening day was below the 1941 figures.

Following are comparative figures as of Tuesday:

	1942	1941
Lincoln high	748	794
Washington	315	340
Northrop	228	230
Knox	251	270
	1445	1534

The last vacancy in the faculty was completed Saturday with the appointment of Orville C. Berg of Hoople, N. D., as teacher of general science and algebra. He is a graduate of Concordia college, and taught last year at Saco, Montana.

To take the place of Miss Gladys Berntsen, girls physical education instructor, who will be married shortly and who will give up her duties September 16, Miss Alice M. Carter of Grand Forks has been appointed. She is a graduate of the University of North Dakota, and taught last year in South Dakota.

Rotary Club Will Sell Sign on T. H. 32, Giving Proceeds to Red Cross

H. W. Thelander of the local Farm Security office addressed the Rotary club at its meeting Tuesday noon in the Evelyn hotel, discussing the work in which he is engaged here. In its business session the club members voted to raze the large Rotary sign, long a landmark on the approach to the city on Highway 32, and to donate to the Red Cross the proceeds from the sale of the considerable amount of scrap iron contained in the sign. A guest at the luncheon was Dr. P. M. Dale of Granite City, Illinois, a former Rotary district governor.

LIGHT VOTE IN PRIMARY CAST HERE TUESDAY

Less than Half of Eligible Voters in Pennington Co. Turned out

DAHLQUIST, JENSEN PASS PRIMARY TEST

Republicans Reveal Added Strength Compared to 1938 Primary

Revealing a tendency to support Republican candidate for office, Pennington county voters turned out in small numbers for the primary election Tuesday, less than half the eligible voters of the county taking advantage of the opportunity to register their choice of party nominees in the November election.

With no primary contests for county office, chief interest in the election centered in the race for the Republican nomination for Congress from the Ninth district, in which Senator E. L. Tungseth was one of the leading contestants, and the race for state senator from the 65th legislative district, in which the three candidates were narrowed down to two.

W. E. Dahlquist was high man in the senate race, accumulating 1051 votes in the county and 2214 in the district, more than the combined total of his two opponents, W. J. Douville and Ejnar Jensen, who in the district won respectively 912 and 1189 votes. Dahlquist carried both Red Lake and Clearwater counties by decisive margins. Mr. Jensen, second high man, will be his opponent in the November election.

Increasing strength of the Republican party in Pennington county as compared to the 1938 primary is indicated by the fact that the party's three candidates for governor this year attracted 1914 votes, compared to 696 in 1938 while the Farmer-Labor vote in the spirited Petersen-Rasmusson contest Tuesday aggregated 496 votes in contrast to more than 2000 in 1938.

Governor Stassen Tuesday again was favored by county voters, receiving 700 votes to 514 for Martin Nelson and 100 for Alexander. For lieutenant governor Ed Thye was given 537 votes compared to 396 for C. Elmer Anderson, incumbent. Senator Tungseth led the field in the county by a wide margin for the Republican nomination for congress, piling up 815 votes compared to 240 for John W. Padden, his nearest rival.

Elmer A. Benson, candidate for the Farmer-Labor nomination for the U. S. Senate, received 274 votes, followed by Mrs. Ernest Lundeen with 103 and Henry Arens with 58. For the party's nominee for governor, Hjalmar Petersen won 283 votes in the county to 213 for Paul Rasmussen.

SPREADING COSTS ON IMPROVEMENTS IS C. & C. TOPIC

President Roy Oen Reports on Retailers Conference at U. of M.

Following a discussion at the Civic and Commerce association luncheon last Thursday of methods of spreading costs in connection with public improvements in the downtown area, President Roy Oen was on motion instructed to appoint a committee to study the matter and submit a report at a later meeting. Named were Stanton K. Dahlen, chairman; E. B. Benson and L. W. Rullen.

Mr. Oen also reported on a retailers' conference he had attended the preceding week at the University of Minnesota in Minneapolis. Topics of discussion at the conference were problems arising from the migration of farm and small town workers to defense industries in the larger cities.

D., son of Mr. and Mrs. John Soeby, exchanged their wedding vows Sunday afternoon, September 6, at one o'clock at the Zion Lutheran parsonage with Rev. E. L. Tungseth officiating. Miss Marion Green, sister of the bride, and Iver Green of Audubon, the bride's uncle, served as attendants.

The bride wore a dress of light blue wool with turf tan accessories set off by a corsage of rubrum lilies. Her attendant wore an apple green dress with brown accessories and a corsage of yellow sweetheart roses and white stephanotis. Mrs. Carl Green, mother of the bride, was attired in a paisley [illegible] with black accessories.

A wedding dinner was served at the home of the bride's parents for the immediate family and eight guests including Miss Eleanor Christofferson of this city.

Mr. and Mrs. Soeby will make their home in St. Paul. For travel Mrs. Soeby chose a navy and white dress suit with red accents.

Out of town guests at the wedding were Mr. and Mrs. Iver Green and son David of Audubon, Mrs. Anna Green and daughter Leola Mae and son Burton also of Audubon, and Frank Green of the Induction Center at Fort Snelling.

Mrs. Soeby is a graduate of Lincoln High School and prior to her marriage she was employed as check in the Red Owl store. Mr. Soeby is in the U. S. army.

Virginia Viau Bride of Lawrence Capistran

The following is an account taken from the Crookston Daily Times dated September 8:

A nuptial high mass was celebrated at the Catholic church of St. Anne on Monday morning at eight o'clock, when Rev. Father Mose Dufault solemnized the marriage of Miss Virginia Marie Viau, daughter of Mr. and Mrs. Louis Viau of this city, and Lawrence Francis Capistran of Thief River Falls, son of Mr. and Mrs. Leadore Capistran of this city.

The full choir of St. Anne's church sang the nuptial music and Mrs. Doris Tallie was organist for the service. The church was decorated with many bouquets of summer flowers and many friends of the young couple attended the service.

Mrs. Robert Juhnke, (Lorraine Viau) a bride of a few weeks ago, was matron of honor attending her sister. Roy Oen of Thief River Falls, friend of the bridegroom, was his best man.

The bride wore a full costume of aqua blue Jersey, with gold novelty trim. With this costume she wore brown accessories and a corsage of yellow roses and yellow daisies.

The matron of honor wore a dress of ice green Jersey, with brown accessories. Her jewelry was a bracelet, gift of the bride. Her corsage was of talisman roses and sweet peas.

Mrs. Viau, mother of the bride, wore a light blue Redingote ensemble, with accessories of darker blue. Her corsage was of pink roses and sweet peas. Mrs. Capistran, mother of the bridegroom, wore a costume of navy blue, with accessories of the same color. Her corsage was fashioned of red roses and white delphinium.

Covers were laid for 20 guests at the wedding breakfast, served at 11 a. m. at the Hotel Crookston.

A reception was held at the country home of the bridegroom's parents during the afternoon hours. About 50 invited guests were entertained. Refreshments were served from a buffet table, decorated with summer flowers. Mrs. Capistran was assisted by Miss Dora Viau, an aunt of the bride, and by Mrs. Joseph Freeze, sister of the bridegroom.

After a wedding trip of two weeks, Mrs. Capistran will return to Crookston to resume her duties at the Bray store, until her bridegroom is assigned to military duty. Mr. Capistran is manager of the shoe department of Oen's store in Thief River Falls.

Stock Reducing Sale!

Poppler's store-wide sale continues to offer you hundreds of attractive values at sale prices we cannot maintain much longer. We urge our customers to buy now before we are forced to say—"We are sorry but there are no more of those available." SALE DEFINITELY CLOSES SEPT. 15TH.

Si Sez:—

Ickes—The Gas Control Authority—put out the word last week that we here in the Northwest were going to be cut off from our gas supply. What happened? You know—don't you? Well everyone who owned a car rushed down and drained every filling station tank in the territory. Why? Because they were afraid they could get no more gas.

All right—now the War Production Board has closed down—and this is a fact—not a rumor—on ALL STEEL, ALL SPRINGS, ALL METAL OF ALL KINDS for use in upholstered furniture—in mattresses and springs. Today you can buy merchandise of this kind—tomorrow—and I don't mean next year either, but right in September and October you are going to find it difficult to find any assortment of pre-war constructed merchandise of this kind.

The answer? Buy now! Get what you want—the quality you want—merchandise that will last for the duration. Buy at Poppler's where today—while our great sale lasts—you can save from 15% to 33% on what you need. Thank you,

Si Poppler.

TAX MORE AND BORROW LESS

Congress is having difficulty in writing a tax bill that will produce the enormous increase in revenue required to finance the war and that will not at the same time prove to be oppressive to taxpayers. That is rather a hopeless undertaking. Some taxes are less painful than others, but they are all painful, and any tax bill that will take billions of additional dollars out of the pockets of the taxpayers is bound to be unpopular.

We suspect, however, that Congress underestimates the willingness of the average citizen to make sacrifices at this time. All reasonable people know taxes must be increased under the present circumstances, and most people, too, are willing to pay their share of the cost. It is better for all of us to have the government tax more now and borrow less. Borrowing merely postpones the day of reckoning and we are better able to pay high taxes now than we will be in the post war era when, in addition to paying debts, we will have to provide for war casualties and the unemployed.

Now that the primary election is out and over we hope a straight line will be drawn through the date of Pearl Harbor and that whatever might have been said or done by any individual or public official pertaining to our war effort before that date will be permanently forgotten. Before Pearl Harbor good citizens disagreed on many questions of national policy. December 7 proved that some had been right and some had been wrong in these previous arguments. But December 7th should have ended the debate as to what had been. It confronted us with a fact that left us no choice as to the course we must follow. Today, as a nation, we have only one purpose, and that is to win the war. We must win it regardless of the cost. On that proposition there can be no difference of opinion. It is unfortunate, therefore, that in this primary campaign the pre-Pearl Harbor record of some of our officials had been made an election issue. We think, in this respect, that the primary has disposed of the problem in a very satisfactory manner. Most of the so-called isolationists have been vindicated by the results. And Joe Ball, who dared to disagree with the so-called isolationists, has been vindicated. It strikes us that this is a happy ending to an argument that never should have been raised. Let it be the end.

There is talk of meat rationing and in the near future we probably will have it in some form, but rationing meat is a more difficult problem than rationing sugar or gas. Sugar is sugar and gas is gas, but a pound of meat may be meat or it may be bone or fat or hide. It has been suggested that a maximum of 2½ pounds of meat be allotted to each individual a week. That is considerably less than people in the high income brackets now use but more than people in the low income brackets can afford to buy, and 2½ pounds of soup bone is not nearly as much meat as 2½ pounds of round steak. If meat rationing comes the problem of securing our proper quota of chops will not be as simple as getting our share of the sugar.

An open letter to first class postmaster Andy Anderson: Dear Andy: we have just checked the results of the primary election which enables each voter to indicate his party preference. Will you please inform us, without stammering or squirming around, why there are more postmasters in the Ninth District than there are Democrats?

If it had rained on Tuesday the vote would have been heavier—but the number of bushels registered by the threshing crews would have been lighter. Bushels pay more bills than votes.

Congratulations — You have $94.95 in cash on your person—that is, if you are an average American citizen.

—o—

Voters who cast their ballots for candidates of more than one party in the primary election Tuesday might as well have stayed away from the polls.

—o—

Fat folks who are worried about that second front can look forward with equanimity to the days of food rationing.

—o—

We can't believe it, but we see in print the statement that Americans spend nearly two billion dollars a year on cigarets.

—o—

The best stamp collection these days, says a colleague, is the one with the most war savings stamps in it.

—o—

A fellow named Bang is seeking the office of sheriff in Norman county. Sounds like a two-gun man.

—o—

Minneapolis is complaining of a housing shortage. One solution would be to move some of the city's defense industries to the smaller towns of the state.

GOVERNOR STASSEN IS RENOMINATED IN PRIMARY ELECTION

(Continued from page 1)

W. I. Nolan, former congressman and lately deputy state treasurer, won the Republican nomination for railroad and warehouse commissioner, and three veterans—Mike Holm, secretary of state; Julius A. Schmahl, state treasurer; and J. A. A. Burnquist, attorney general—were renominated easily.

In the supreme court contest, District Judge Luther Youngdahl led the 10-man field, Thomas F. Gallagher was second, Associate Justice Royal Stone was third and J. Norman Peterson, former liquor commissioner, was fourth. These four apparently were nominated and two will be elected in November.

PRESIDENT LAUNCHES DRIVE ON INFLATION IN ADDRESS MONDAY

(Continued from page 1)

sent law forbids farm price ceilings at less than 110 per cent of parity, he noted, asking that this provision be repealed. Other restrictions prevent a ceiling of less than 115 per cent of parity, he continued.

Parity, he explained, "means that the farmer and the city worker are on the same relative ratio with each other in purchasing power as they were during a period some 30 years ago—at a time when the farmer had a satisfactory purchasing power."

As in his message to congress, he urged that farm price ceilings be fixed at parity, or the price level of some recent date, whichever is higher. He proposed, too, a floor for farm prices which would prevent a disastrous post-war drop in these quotations.

Funeral Rites Today for Guy McEnelly

TRINITY CHURCH SUNDAY SCHOOL STARTS SEPT. 13

Four-Year Course Inaugurated, Rev. Thompson Announces

With a staff of forty officers and teachers which meets in the church tomorrow evening at 7:30, the Sunday School of Trinity Lutheran Church begins its school year next Sunday, September 13th, at 9:30 a. m. The Rev. G. S. Thompson, pastor of the church, announces that a four-year high school course, leading to formal graduation, is being inaugurated this year with a competent staff of teachers and excellent study material.

All departments of the entire school will function under the supervision of a separate superintendent. In order to provide more adequate period for class-work, announcement will be made next Sunday of a plan whereby the regular church service each Sunday will become a part of the instruction for all classes above third grade.

"Training in religion", Reverend Thompson stated, "is training that is essential for an informed democracy. Every American youth is entitled to the opportunity to study the Christian soil from which his country's liberties have sprung. It is every parent's solemn duty to use the opportunities extended by the churches of the city for the benefit of our children."

CO. AGENT CITES WAYS TO COMBAT POTATO BLIGHT

Says August Weather Was Favorable to Spread of Disease

According to an announcement by County Agent Ernest A. Palmer the wide-spread occurrence of late blight on Minnesota potato fields during late August has created a problem that may cause heavy losses in storage unless the crop is carefully handled and stored under good conditions.

Weather conditions during August were so favorable that the disease got a very early start and spread so fast that by the third week in August most fields had blight in some degree. Continuous rains made it difficult to get best results from dusting and spraying, nevertheless, many of the more persistent users of copper spray and dust kept their fields green much longer than those who were less thorough or who did not use copper fungicides.

Late blight affects a crop of potatoes in two ways: (1) by killing the plants it stops late season growth. (2) The amount of loss from rot is not always predicable under average conditions found on many farms.

In the second case, there are some things that a grower can do to hold his rot losses to a minimum. Dr. Chupp of Cornell University offers this suggestion to potato growers who have used no copper fungicides on their fields: "When spraying has not been practiced earlier in the season and blight attacks the vines so that there is no hope of further growth, it has been found that some of the tubers may be saved from rot by spraying the affected vines and soil with a solution of copper sulfate in water (1 pound in 5 gallons). This kills the vines and tends to check the spread of the disease." This may be worth trying in a small way, but one should not be too optimistic until tried locally.

The procedure generally recommended after a field has blighted is as follows:

(1) Let the field die and become thoroughly dry before digging. This will reduce the possibilities for live spores from leaves falling on the freshly dug tubers and developing rot later.

(2) Potatoes should be picked up when thoroughly dry.

(3) If potatoes are pitted in the field immediately after digging they should never be covered with potato vines. Use hay or straw for cover.

(4) All tubers with visible signs of rot should be sorted out before placing potatoes in storage.

(5) Keep storage room dry and as near as possible to 38° F. to prevent spread in bins.

MR. AND MRS. WM. WOOD CELEBRATE ANNIVERSARY

A large group of friends and relatives gathered at the Lutheran church Sunday, Aug. 30 to honor Mr. and Mrs. Wm. Wood on the occasion of their golden wedding anniversary. Ladies of the congregation decorated the church with beautifully arranged bouquets of garden flowers. To the strains of the wedding march from Lohengrin played by Miss Carol Bjornstad, Mr. and Mrs. Wood, escorted by Mrs. L. Peterson and H. Severtson, advanced to the front of the church. Mrs. Peterson, a sister of Mrs. Wood, was the bridesmaid 50 years ago. Mr. Severtson took the place of Mr. Wood's brother who attended him, but was ill and unable to be present Sunday. A. O. Gudim presided at the program which included a piano solo by Carol Bjornstad, songs by Charlotte Anderson and Grace Ronholm, a poem by Shirley Hodne, song by Margaret Lee and Clara Gudim, a musical reading by Clara Gudim, solos by Mrs. S. O. Nordure and David Sten and the reading of telegrams and letters from Clifford Wood and Duane and Robert Turnwall. Three sisters of Mrs. Wood were in attendance, Mrs. L. Peterson, Mrs. F. LINCOLN LIFES CAPTURE VICTORY GOLF LOOP TITLE

Win by 12 Strokes over the Poppler Team Friday Evening

With Hans Chommie shooting a par 36, and a net 34; and team captain Lloyd Bennes carding a 38, and a net 33, the Lincoln Life scored a 12-stroke win over the Poppler's Furniture team Friday evening in a playoff for the Victory golf league championship.

Floyd Daniels marked up a gross 42, and a net 36; while Morris Bye registered a net 37, to give the Lincolns a five 140-stroke total. E. P. Jude and Clarence Knudsen were the low net scorers for the Poppler's, with Jude scoring a 35 and Knudsen a 36.

Playing off a postponed match with the J & B Drugs last Wednesday evening, the Poppler's scored a 155 to 170 win to tie for the league lead and force the Lincoln Life into a championship playoff. Stan Larson's net 34 sparked the Poppler's to their 15-stroke win.

KIEWELS DEFEAT BRIDGEMANS IN D-BALL PLAYOFFS

Score 25 to 6 Triumph in Four Inning Contest Last Friday Night

With both teams playing shorthanded and using make-shift lineups, the Kiewel's and Bridgeman's finally reached a decision in the city D-ball playoffs Friday evening when the red-shirted Kiewel's scored a 25 to 6 triumph in four innings. Manager Stan Cockrell was forced to take the mound for his Bridgeman team, the club's hurler Harold Hanson, being absent, and was reached for 25 hits.

Wally DeChamp pitched for the Kiewels and allowed but six hits. Carl Lee, Kiewel shortstop, in six trips to the plate, collected 3 hits, a base on balls, and reached first twice on errors, scored six runs. Ray Johnson with "two for two" proved to be the most effective Bridgeman batter.

The box score:

Moving to Larger Quarters

When we started business three years ago we hoped eventually to outgrow the small store in which we located. Sooner than we dared expect, our hope has now been realized. This week we are moving to the location formerly occupied by Danielson Bros. Electric Co. on Third Street.

In our new home we will have plenty of room to display our large stock of men's clothing and shoes, in brighter surroundings and in a location that will be much more convenient for shoppers.

We wish to express to our friends our sincere thanks for the patronage that has enabled us to make such gratifying progress. We are determined to continue our policy of selling good merchandise at the lowest possible prices. Our aim will still be to serve you better.

It will take a few days to get our house in order but we will not be too busy to welcome you. Pay us a visit.

THIRTY PROWLERS TRYING OUT FOR LINCOLN ELEVEN

Nine Lettermen Included in Squad Appearing for First Session

Captain Don "Pete" Michalsky headed a squad of thirty Prowlers that reported to coach Willard Kottke Tuesday afternoon for the first "all out" practice of the football season. Lettermen reporting, in addition to Michalsky, were Morris "Mouse" Efteland, Marlyn Dorn, Eddie Chommie, Vernon "Bud" Eide, Norman Furuseth, Homer Matheson, Steve Aines, and Bob Wright.

Don Berg and Harry Huseth, lettermen ends, have not reported, but it is expected that they will check out equipment within a week or so. Among the more promising backfield candidates reporting were LaMarr Hanson, Billy McKechnie, Billy Bye, Don Aasland, Bob Baker, and Johnny Efteland; while Chuck Richards, Cal Travers, Jimmy Magnuson, and Ray Boers are included with the line hopefuls.

Coach Kottke has been sending his squad through intensive drills, with emphasis being placed on blocking assignments. Six blocking dummies have been used, and they have been taking a beating from the Prowler blockers. Kottke intends to liven up the practice sessions with scrimmage the latter part of the week, and select a tentative line-up in preparation for the opening game of the season, Sept. 18th, when Red Lake Falls plays the Prowlers here.

The following is the Prowler football schedule:

Sept. 18th, Red Lake Falls, here.
Sept. 25th, Crookston, there.
Oct. 2nd, Bemidji, there.
Oct. 9th, Moorhead, here.
Oct. 16th, East Grand Forks, here.
Oct. 23rd, Warren, here.

DELIVERY OF AIR MAIL TO FOREIGN LANDS IS LIMITED

Volume Now Is in Excess of Handling Facilities, Says Anderson

Reports received by the post-office department show that the volume of air mail now received for transmission to certain points outside the continental United States is greatly exceeding the facilities made available for that purpose, says Postmaster Andrew Anderson.

Following is the order of preference in the loading of mail on aircraft destined to restricted areas: First, Official air mail; second, V-Mail, and third, to the extent space is available, other letter mail weighing not in excess of two ounces per letter.

Any mail coming within the third category that cannot be given air dispatch to the restricted areas may have to be transported by surface means. Military necessity may later require that only official air mail and V-Mail be transported by air to these areas.

Until further notice, therefore Mr. Anderson stated, only letters in their usual and ordinary form weighing not in excess of two ounces and coming within the third category may be accepted as air mail for transmission to foreign countries and to overseas Navy post offices and A. P. O.'s.

Patrons are urged to use V-Mail for messages to persons in the military service outside of the United States and of using the lightest possible stationary for other overseas correspondence.

PVT. STANLEY OEN NOW AT ST. PETERSBURG, FLA

Pvt. Stanley C. Oen, son of Mrs. Anna E. Oen, recently arrived at the Army Air Forces replacement training center at St. Petersburg, Florida, to start his 30-day basic training. Upon completion of his basic training he will be sent to an advanced school to prepare for "line duty" in maintaining and servicing warplanes.

10 LOCAL GOLFERS PARTICIPATED IN CROOKSTON EVENT

Tom Jorde Is Eliminated in 1st Round of Championship Flight

Ten local golfers participated in the 15th annual Red River Valley golf tournament played over Crookston's Minakwa Country Club course on Sunday and Monday. Grand Forks' Wally Paulson made a successful defense of the title he won last year, defeating Leo Haesle, also of Grand Forks, 1-up in an 18-holes finals match. Paulson eliminated the locals Tom Jorde in a first round match, winning, a 1-up decision.

Vic Kvikstad, top-flight local golfer, won the first flight championship with a 2-up win over Crookston's D. A. McKenzie in the finals. A. M. Holte won the eighth flight championship by scoring a 3 and 2 win over P. R. Sorvig, Winger. Oscar Cerny was defeated in the tenth flight championship, losing to C. M. Ostby, McIntosh, while J. E. Montague, Crookston, defeated Floyd Daniels in the third flight consolation.

Other local golfers playing in the tourney were Lloyd Bennes, Ed Carlson, Dr. H. K. Helseth, and Kern Olson.

U. S. WAR BOARD FURTHER LIMITS CONSTRUCTION

War Production Board Order Became Effective on September 7

The war production board last week sharply reduced the amount of civilian construction to be allowed without authorization. The order which became effective September 7 places all construction under control.

Types of construction have been reclassified, with drastic reduction in the amount of construction for which no authorization is necessary.

The WPB also cautioned builders against making commitments for materials until permission to build actually had been granted. The fact that a builder has all necessary materials on hand and needs no priorities will not in itself govern whether he should be permitted to use them in construction, the WPB said.

New classes of construction, together with their present and former cost limits, with an increase permitted for multiple residential while the others are reduced or unchanged, will be: Residential, $500 and $200; multiple residential, $500 and $1,000; agricultural $1,000, unchanged; industrial $5,000, unchanged; certain types of commercial $5,000 and $200; other types of commercial, including highway, subsurface and utilities construction, $5,000 and $1,000.

M. Arneson this week harvested a crop of more than a bushel of apples from a tree in his yard on State av. At the same time, the tree bore a second crop of blossoms.

Rebounding Ball Breaks Glasses

A calf with a chain dragging from its neck ran past Edward Acree of Brazil, Ind. The chain lassoed Acree. When Herbert Greenwald of Berwyn, Ill., smacked a golf ball out of the rough it hit a hidden stone and rebounded, breaking his glasses and cutting his face.

GIBSON WINNER OF CHAMPIONSHIP IN RIFLE SHOOT HERE

L. Hanson Winner of Standing Match; Wennberg Takes Rapid Fire

Crowded for first place in the club championship matches at the Thief River Rifle club ranges, Walter Gibson, handily beat his closest competitor, Leonard Hanson by two points. Hanson was closely followed by Ernest Bjerken and Vernon Williams. Hanson won first in the standing match with a 43, outranking Gibson who also had a 43.

Carl Wennberg won the 200 yard rapid fire with a 43, outranking Hanson with the same score. Wennberg also won the Rapid Fire at 300 with a score of 45, followed by Gibson with a 44. Gibson won the 600 yard slow match with a 47, outranking Bjerken with the same score.

Salvation Army Ends Successful Season at Its Silver Lake Camp

In one of the most successful camps in its history, the Salvation Army entertained and cared for close to 2200 under-privileged children and their mothers from the twin city area at its fresh air camp at Silver Lake, Northeast of Minneapolis, during the seven-week season just ended, Brigadier T. M. Larsen, northern divisional commander, revealed.

The camp was planned this year with the demands of war time conditions in mind, the children being given the utmost in opportunity for healthful exercise, fresh air and inspiration. The guests included 70 crippled children who have a section of the camp to themselves.

Upon the program were instructional swimming, boating, baseball, croquet, volley ball and various other games with an entertainment and devotional period each evening.

There also was a ten day musical education session at which children of the Salvation Army from Minnesota and North Dakota received instruction.

Keeping Score

.... With HUCK OLSON

No Doubts

The Lincoln Life team erased all doubts about their right to the Victory golf league title on Friday evening when they roared around the local course to post a 140-stroke net and a 12-stroke margin over the Poppler's Furniture team in a championship playoff match. That 140 score was one of the lowest net totals registered all year, and it found the four Lincoln Life players scoring in the 30's. Lloyd Bennes, who had taken a golf lesson from Bill Kottke the evening before the match, shot a 38 actual, and with his 5-stroke handicap, posted a net 33; Hans Chommie, which is another name for par, shot a 36, even figures, and had a net 34; Floyd Daniels scored a net 36, and Morris Bye a 37.

Bennes is pretty proud of his squad, and with good reasons, for Chommie, Daniels, Bye, Dr. Warren Hanson, and Rev. G. S. Thompson have played some fine golf this year, and they have been particularly effective in the so-called "crucial" matches.

Trapshooters, Attention

The local trapshooters, and that includes all the boys that expect to hunt chickens and ducks, should not forget that there are but three more shoots scheduled for the local traps. This evening there will be "open" shooting, and on Sunday a merchandise shoot is being arranged; and on next Friday, Sept. 18th, the day before the opening of the chicken season, a big shoot will be held. Don't forget that these shoots will, in all probability, be the last shoots held here until the war is over. So if you have an itch in your trigger finger, or if there is fog in your eyes, better get out to the Fair Grounds and do some trapshooting.

For the Records

The D-ball records will have the name of the Kiewel's entered in the column containing city championship winners, for the Kiewel's finally scored a decision over the Bridgeman's on Friday evening. While the tussle was far from being of championship caliber it served to wind up the D-ball season, and it did name a winner.

The Bridgeman's were so short of players Friday that they were forced to "draft" side-line spectators into their line-up, and as a result such old-time stars as Ames P. I. Pederson and Shorty O'Hara were again scampering around in the infield. Kiewel's Ole Ness countered this strategem of the Bridgeman's by putting Doc Hedemark into the game, placing Doc on first base.

Well, the boys had fun anyway, and that's the purpose of the D-ball program. And Ole Ness finally won a city championship, and that was another purpose of the program.

Would be Legal

It would be perfectly legal if the members of George Erickson's Deerslayers feasted on "moose" meat this week, because last Sunday, in a special big-bore rifle match held over the local range, George Erickson's squad defeated Carl Wennberg's Moose-killers.

It was my first glimpse of the rifle club's range, and it was eye-opening. The boys have a very attractive lay-out, and to such members as Herb Jung, John Lind, Albert Swanson, Leonard Hanson, George Erickson, and others, must go much of the credit for creating and stimulating interest in rifle shooting.

And after watching the boys shoot I can understand why they bring home venison every year there is an open season.

Crookston Cops the State D-Ball Title

The Crookston Old Style Lagers and all-star aggregation, defeated Stillwater, 6 to 2, on Monday to win the Class A D-ball championship in the state tournament held at Duluth. The Crookston team, with Stan Benquam on the mound, is managed by Russ Solheim. Russ is well-known to local fans, having been a member of the city champion Hartz team.

They'll Have to Do Better

It must have been pretty discouraging for coach Bill Kottke when only a handful, about twenty-five, of Prowlers reported for the season's first after-school football practice Tuesday afternoon. A coach can't build much of a football team when the boys do not exhibit more interest than that.

There is enough stuff on hand for a fair "first" string, but the Prowlers are going to be scant on reserves. And in the early season games, the opener, with Red Lake Falls, is scheduled for Sept. 18th, the Prowlers will suffer from lack of experience, for of the returning lettermen only Pete Michalsky, Mouse Efteland, and Don Berg, were classed as "starters" last year, and Berg won't be available for a week or two.

JOHN DABLOW IS STATE CHIEF OF DEMOLAY ORDER

Elected at Annual Convention at Detroit Lakes Last Week-end

John Dablow, son of Mr. and Mrs. Charles Dablow of this city, was elected master councilor of the Minnesota Order of DeMolays at the annual convention held last Thursday thru Saturday at Fair Hills resort near Detroit Lakes. John has for the past several years been an active member of the Thief River Falls chapter.

Other local young men in attendance at the convention were Bruce Biddick, Leonard Lorentson, Philip Hess, Edward Peterson and Milton Reierson.

Other officers named were Edward Gandsey, Virginia, senior councilor; Dwayne Panzer, Winona, junior councilor; David Day, Franklin chapter, Minneapolis, treasurer. "Dad" Fred Stowell, Hibbing, was re-elected state adviser.

The Rev. William Barr, Minneapolis, addressed the banquet Friday night.

Silhouettes in Egyptian Tombs

Silhouettes have come down to us from great antiquity. In the Egyptian tombs are painted silhouettes of figures in profile which are as true to life as our own, except for one thing, the Egyptians did not know how to draw the eye in profile. Notice this the next time you examine Egyptian drawings. Legend says the first shadow portrait was made by the lover whose betrothed had died. As she lay on her bier, her shadow was cast upon the wall by the candle at her head. From this he drew her likeness so that he might keep her image before him.

Loudest Noise on Earth

The loudest noise ever heard on earth was the volcanic explosion on the island of Krakatao in 1883. It was heard in Bangkok, a mere 1,400 miles away.

"Tortilla Flat", Based on Steinbeck Novel, at Avalon This Week-end

"Tortilla Flat", screen version of the famous novel by John Steinbeck, will be presented at the Avalon theatre Saturday, Sunday and Monday, co-starring Spencer Tracy, Hedy LaMarr and John Garfield. The supporting cast includes Frank Morgan, Akim Tamiroff and John Qualen. The film has its background in a colony near Monterey, California.

"They All Kissed the Bride", a romance with comic interludes, will be presented at the Falls theatre Sunday and Monday, with a midnight prevue Saturday evening at 11:15. Starring Joan Crawford and Melvyn Douglas, the cast also includes Roland Young, Billie Burke and Allen Jenkins.

Hebrew Evangelist at Auditorium Next Sunday

Rev. M. Gordon, converted Hebrew, will be at the City Auditorium Sunday afternoon and evening. In the afternoon he will give an illustrated lecture on the Jewish Passover as it is conducted in the Jewish homes, and its relation to the Lord's Supper. The afternoon service begins at 2:30.

CORN HYBRIDS TO BE COMPARED AT CROOKSTON SEPT. 19

To Compare Results Between 26 Hybrids and Standard Varieties

The comparative test between the new corn hybrids and standard corn varieties will be the chief object of study of Red River Valley farmers at the Corn Day to be held at the Northwest School and Station, Crookston, on Saturday afternoon, September 19.

R. S. Dunham, agronomist at the experiment station, states "twenty-six corn hybrids from all of the leading commercial seed companies and the Minnesota Experiment Station will be shown in comparison to standard varieties such as Minnesota No. 13 and Northwestern Dent." Corn hybrids of interest and value to the Red River Valley growers, which have been produced by the Minnesota Experiment Station and which can be seen on the tour, includes hybrids numbers 800, 700, 701, 702.

The cool wet season of 1942, according to Mr. Dunham, has furnished a real test for corn varieties for the Red River Valley.

The speaking program for Corn Day is scheduled for 1:30 P. M. with Dr. H. K. Hayes, pioneer corn breeder and chief of the division of agronomy and plant genetics, University Farm, St. Paul, as the principal speaker. Other speakers include Superintendent T. M. McCall and R. S. Dunham from the Northwest Experiment Station, E. H. Rinke and Ralph Crim from University Farm, St. Paul.

August Was Best Month for Minnesota Workers, Employment Office Says

August was the best employment month Minnesota has had since 1938, Victor Christgau, director of the employment-security division, said that during the period, fewer workers claimed unemployment compensation and the amount of money paid to unemployed workers was less than during any month since the job insurance program was established. August was the third consecutive month during which the state agency's activities attained new lows.

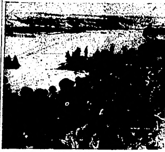
"UC" claims declined 52 per cent from last August, and the number of weeks for which benefits were paid was 23.7 per cent less. The amount paid out—$124,440—was 20.8 per cent less.

The average weekly check was slightly less than in July, due to a higher proportion of payments for partial and part total unemployment. However, this average amount was 10.3 per cent above the average last August. The average of $11.86 is $1.92 more than the average check a year ago.

DUCK FEATHERS LAST 55 YEARS

Roseau—How's this for pillows? Back in the fall of 1887 after the fall shoot of ducks John Stevenson had four ducks feather pillows made. And they are still in the original striped white ticking and doing good service.

German Troops Cross Don River



This photo, obtained from an enemy source, shows German soldiers taking part in Von Bock's offensive aimed at the Caucasian oil fields, crossing the Don river on rubber boats. In the foreground soldiers who have previously crossed the stream await their comrades. Grozny, the immediate objective, in addition to possessing a rich oil pool, has been a storage depot for more than a million barrels of East Caucasus oil.

Traffic Deaths During August Total 25; Were 76 in August Last Year

Traffic deaths in Minnesota have dropped off 57% since inauguration of the 40-mile an hour maximum war-time speed limit, with a three-month saving of 112 lives.

Quoting figures supplied by the state highway department, John E. Casey of Jordan, state chairman of the Minnesota Editorial Association's "Save 100 Lives" committee, today attributed what is perhaps the sharpest sustained reduction in traffic fatalities for a like period in the state's history to a combination of three factors: reduced speeds, reduced volume of travel, and increased interest in traffic safety measures as a means to save manpower and materials vital to the nation's war effort.

Fatalities for the month of August just closed dropped to 25 as compared with 76 traffic deaths in August of 1941, a reduction of 67%. In the three months since the 40-mile speed limit was proclaimed by Governor Stassen, in response to an emergency proclamation by the President, 84 persons have met death in Minnesota traffic, as contrasted with 196 killed during the same period of 1941.

OPA CONSIDERING CEILING ON HOGS

The possibility of a ceiling on live hogs is being considered by the Office of Price Administration, according to state officials in the northwest. Packers have complained that without a ceiling on live hogs, they are unable to handle pork profitably because ceilings are in effect on prices they can charge the distributors. OPA officials plan to work the problem out with representatives of livestock producers and Secretary of Agriculture Wickard. In establishing a ceiling, however, the OPA will take no action that might discourage farmers from raising and feeding livestock.

Army and Navy Training Is Offered by Dunwoody Institute in Many Lines

"Many inquiries have been made by both youth and older men for some special training by Dunwoody which will make them of greater use in the present national emergency. "Many of them", says Dr. C. A. Prosser, director, "are young men under the draft age who are interested in mechanical work and who later may volunteer or be called by the Selective Service. Many also over 20 may volunteer or have not as yet actually been called into the Service.

"Both groups could profitably secure training to fit them better to enter the mechanical sections of the armed forces. When called into military or Navy service, every Dunwoody student is equipped with a Vocational Training Record Card which he submits to the military authorities when called into military or Navy service.

"To meet this need Dunwoody is now offering short Pre-Army and Navy courses in a wide variety of lines for which basic training has been given for many years. We are now expanding this training better to meet the present national emergency.

"Among these lines for which the various branches of the armed forces need many thousands of trained men are all such as the operation and maintenance, adjustment and repair of tanks, planes, trucks, tractors; electrical equipment, radio, lighting, power, signal and electrical control; gas engines and Diesel engines. This training will be of value not only in the present emergency but afterwards in peace time."

STUDENTS ADVISED ON PROCEDURE FOR ENTERING N. D. 'U'

Regulations Announced for Students Preparing for Army and Navy

Since most male students registering for college this fall will want to enlist in one of the army, navy, or marine reserve programs which enable the student to complete his education before being called to active duty, a directive for men planning to enter the University of North Dakota September 28 has been issued by Donald J. Robertson, assistant to the president.

There are certain enlistment pre-requisites which the student should fulfill before leaving for the University, Robertson pointed out. Compliance with the following suggestions will save the student a good deal of time and avoid unnecessary confusion.

1. If the student is under 21 years old, he should secure the written consent of a parent or guardian to enlist in a program.
2. A birth certificate is needed for enlistment in the navy program.
3. A character letter of recommendation (3 are required for the navy) should be secured from some one outside the family.
4. Immediately prior to the date the student plans to present himself for enlistment, he will be asked to secure a written statement from his selective service board to the effect that he has not been called for induction. Each enlistment in a reserve program is credited to the quota of the local selective service board.
5. Students who have not attended the University previously should have transcripts of their high school or college records sent to the office of the University registrar.

Although applications are now being accepted for the Army Enlisted Reserve Corps, final action on the application and the induction of the candidate cannot be made until after the student has completed registration for the fall term.

PERSONS WHO SELL USABLE CARS CAN'T GET NEW ONES

If the old car is adequate for your needs, you'd better keep it, unless you don't want auto transportation for the duration. That's the advice of the Office of Price Administration, which has just issued a new order on car certificates. The order required rationing boards to deny applications for new car certificates from persons who have sold their old car in usable and adequate condition since January 1.

SIREN ON RAMPAGE; NO FIRE, NO AIR RAID!

Hoffman — The siren screamed and screeched for 15 minutes but there was no fire, no air raid, no nothin'. It all happened one morning last week when lightning knocked out a relay coil which set the contraption in motion — and motion it was because the thing ran at top speed all of a quarter of an hour, disturbing peaceful slumber.

Thousands of motorists adopt new wartime method of tire switching!
Based on the fact that tire wear varies on each wheel
TIRE SWITCHING is a common sense practice at any time. Now it's vitally important. It's the very basis of longest life for your set of tires. For no two tires will wear at the same rate on your car, and your hope is to keep them all in service. But do you know when to switch tires ... and to which position?
Have your Standard Oil Dealer supply the right answer with his new wartime method of switching tires. He will "gauge" your tires with a special measuring instrument, Standard Oil Dealers Tire Mileage Gauge. Then he will place each tire where it will give the most service. Have this repeated every 2500 to 5000 miles (older tires at 2500) to get maximum mileage from the set.

That Extra Something! ...You can spot it every time
Like "winning a letter", keeping out in front of the others takes an extra something. Coca-Cola has it, —in taste ... in quality ... in refreshment.
The finished art that comes from 57 years of practice goes into the making of Coca-Cola. A special blend of flavor-essences merges all the ingredients of Coca-Cola into a unique, original taste of its own.
Everybody recognizes this clean, exciting quality taste in Coca-Cola. There are many ways to quench your thirst, but only Coca-Cola refreshes like Coca-Cola. Contentment comes when you connect with a Coke.
It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called Coke. Coca-Cola and Coke mean the same thing ... the real thing ... "a single thing coming from a single source, and well known to the community".
With war, there's less Coca-Cola. So Coca-Cola, first choice, sells out first—sometimes may not be in the red cooler. Worth waiting for ... those times when "The 'Coke's' in".

Marriage Ceremony in Bible

The marriage ceremony is given in the Bible, with the permanency of the marriage relation described in Matthew XIX.

JUST MISSED BRUIN

Onamia.—Hazardous, indeed, is the life of a "traveler" think Mr. and Mrs. Bert Jones following a recent harrowing experience. While driving around the lake they suddenly spied, hurtling toward them down the middle of the road, a black object kicking up the dust in fine fashion. In fact, the occupants of the car were at a loss to know just what it was. Swerving neither to the right nor left in its headlong flight, it was later identified as a half-grown bear, which just missed a head-on-collision with the car, this, because Mr. Jones took to the ditch just in time.

For Dead Persons Only

Only persons who have been dead for 25 years are considered for memorials in the Hall of Fame.

One-Cent Pieces

One-cent pieces have been coined since 1793. Indian head pennies were coined from 1859 to 1909. The Lincoln design was adopted in 1909.

A SIX MILLION TO ONE SHOT

Waseca—When Roy Miller and "Hans" Magner left for the army last March they went to Camp Crowder, Missouri. Later the two bunkmates were separated by the breadth of the continent. Miller went to Miami, Florida, and Magner to Camp Stoneman, Calif. Following a course in the Signal Corps, Miller was shipped out of Miami, presumably for active duty. After a seven-day train ride he landed at Camp Stoneman, California, and of all things—was assigned to the same company in which "Hans" Magner was serving.

With rationing and priorities, now is the time to buy that additional life insurance you have been putting off.
THE LINCOLN NAT'L LIFE INS. CO.
E. M. BENNES, Gen. Agt. [illegible] BENNES, Dist. Agt.

MEAT RATIONING IS "ROUND THE CORNER"

Meat rationing, a distinct possibility sometime in the next four months, may go a little hard on the heavy meat order, but it won't affect the meat requirements of most persons, according to the War Production Board. Americans will get 2½ pounds of meat a week under a rationing plan. England allows its citizens but one pound a week. In Germany the meat allowance is 12 ounces, in Belgium it's five ounces, and in Norway even less than that. To the 2½-pound allowance can be added poultry, cheese and beans, which are good substitutes.

WOODEN TIRE NOT TOO BAD

Cottonwood.—Why worry about rubber for tires when a wooden one will do the job? John Stevens has made a wooden tire for a spare that works like a charm except for the noise it makes when clattering over hard surfaced roads. It bolts onto the wheel like an ordinary rubber tire, is puncture proof safe and dependable, he claims.

Scatter Rugs

Tufted scatter rugs with a luxurious deep pile are easy and quick to make and very inexpensive. For the backing, get crash duck warp-cloth or plain burlap. Colored worsted rug yarn and a neutral colored cotton thread will complete your materials. Your equipment is simply your sewing machine with the handicraft - guide attachment. Draw the design in colored crayons matching yarns to be used and leave three-inch margin.

GOODRIDGE

Guy McEnelly Passes

We deeply regret to report the passing of a wonderful neighbor Guy McEnelly. For many years he has been janitor at the school house. Guy was not only a janitor, he was a pal of all the upper grade students and kept a close watch of the little ones. He coached the small boys in both basketball and baseball. He always took an active part in affairs of the community and was always one of the group who took part in home talent plays. Outside of his work day world, his home was his castle. When not on duty, Guy could be found at home busy with beautifying it for those he loved. The Community extends its deepest sympathy to his loved ones. Obituary will be found elsewhere.

From where I sit . . .

by Joe Marsh

Will Frost dropped over last evening and we had a glass of beer on the back porch. I could see Will was bustin' to say something . . .

"Well," he finally remarks, holding up his glass to the light of the settin' sun, "I paid my income tax today—third installment."

There was a note of pride in Will's voice that some folks might have found amusing—if they didn't know Will . . .

• • •

Wasn't amusing to me though. I happen to know this is the first year Will's filed an income tax return, and I suspect the payment wasn't very big . . . probably in the general neighborhood of $3.26. But I know how it made him feel . . .

Made him feel *good* . . . because he was doing his part as an American citizen . . . holding up his end.

Made him feel *proud* . . . to mail that money direct to Uncle Sam—for things that's needed to win this war with.

That's the way Will would feel about bein' *able* to pay income taxes . . . kind of citizen he is.

And speakin' of taxes . . . I read the other day that during the nine years since beer came back, beer taxes have brought in more than two and a half billion dollars to the government.

• • •

Then it went on to say that the beer industry provides more than a million dollars *a day* in taxes. Some of that's federal, some's state, and some's local. But any way you describe it, it's a lot of money.

Right here in Minnesota, for instance, the taxes from beer last year were enough to pay for twenty-three 4-engine bombers, eighty-one fighter airplanes, or one hundred and twenty-one medium tanks.

(And it wasn't so long ago a lot of that money was going into pockets of bootleggers and gangsters.)

• • •

"There," I thought to myself when I saw Will holding his glass up to the light, "there are two Americans that pay their way . . . Will Frost and beer."

M. C. BURNS IS DEATH VICTIM HERE MONDAY

Venerable Pioneer Would Have Been 94 Years Old September 25

SETTLED IN THIS AREA OVER SIXTY YEARS AGO

Helped Erect First Home to be Built in Original Townsite

Another of the fast-thinning ranks of patriarchs of this community was taken by death when M. C. Burns, one of the oldest residents of this section of the state, succumbed at a local hospital Monday afternoon on the eve of his 94th birthday, which would have fallen on September 25. A stroke suffered Friday was the immediate cause of his death.

Funeral rites were conducted Wednesday morning from St. Bernard's church, Rev. A. I. Merth officiating, and interment was in St. Bernard's cemetery. Pallbearers were Ed O'Hara, W. N. Morell, W. H. Mulry, H. H. Kelly, George Werstlein and H. A. Brumund.

Born in Campbellford, Ontario, Canada, September 25, 1848, Mr. Burns was employed during his early years in the lumber industry in Ontario, traveling to this section by ox team in 1880, and filing on a claim south of what is now the city of Thief River Falls. During the seven years he farmed the tract, he had the distinction of being the first to raise a crop of wheat north of St. Hilaire, the crop being cut with a cradle and threshed with a flail.

In the late '80s he helped erect the first home to be built in the original townsite of this city for Frank Russell. In March, 1888, he assisted in moving C. A. Robbecke's hotel building from St. Hilaire to Thief River Falls, where the structure had a long career as Hotel Ogahmah, located immediately south of the present postoffice.

Mr. Burns was married in November, 1893, to Miss Nellie Powers of Renville, Minnesota, who survives his death. Following the establishment of the sawmill here in 1891, he was employed by the lumber company for some years, after which he dealt in real estate and operated a farm implement business until 1907. Since 1910 he had up to the past few years had charge of rentals in the Dobner-Meehan block.

Driving his own automobile until attaining the age of 90, Mr. Burns was one of a trio of hardy Irishmen who came to this community in the early days from the same locality in Ontario, the others being D. P. O'Neill and Denis Conely, both of whom preceded him in death after reaching an advanced age.

The surviving family includes, in addition to Mrs. Burns, one son, Francis J. Burns of Hawley, three daughters, Mrs. A. G. Janse of Fargo; Mrs. John T. Nolan of Gilbert; and Mrs. G. L. Ardron of Seattle, Washington; together with a sister, Jane Burns of Little Falls, and eight grandchildren.

WATER SUPPLY IS AMPLE FOR POWER PLANT TURBINES

Two Units Expected to Yield 200,000 Kilowatts in September

The Thief River Falls power plant is now well situated in respect to water supply for the turbines, there being an ample flow to care for the needs of both turbines on a full time basis, Supt. Ole Legvold stated today.

He added that the power output by the turbines is well ahead of last year, and gives promise of attaining an output of 200,000 kilowatts for the month of September. Current output for the entire plant to date this year, he said, is approximately the same as for the same period in 1941.

With the water level in Red Lake holding up well, the outlook is for an adequate flow during the coming winter months. Weeds in the channel below the outlet were cut again recently by a city crew.

TOWNSEND CLUB MEETS

The Townsend club will hold their regular meeting Sunday, Sept. 20 at 2:30 p. m. at the Civic and Commerce rooms.

[illegible]uncil Buys Airport [illegible]e South of the City

Respected Pioneer Dies

M. C. BURNS

Resident of this community for the past 62 years, for whom funeral rites were conducted Wednesday morning following his death Monday afternoon on the eve of his 94th birthday.

In response to requests of various civic organizations looking toward the future needs of this community, the city council at an adjourned meeting Tuesday took action to exercise its option to buy for an airport site 360 acres of the farm owned by the D. P. O'Neill estate two and one-half miles south of Thief River Falls on the east side of the river.

The purchase, which did not include an eighty-acre tract on which the farm buildings are located, was made on the basis of $25 an acre, or a total consideration of $9,000.

The tract is well adapted to airport purposes, lying level and with good drainage. An engineer for the Civil Aeronautics authority approved the purchase of the tract when it was described to him, and he will visit the city within the next few weeks to make a first-hand inspection.

Immediate plans call for plowing and leveling off the land this fall and seeding it to grass. It is hoped to interest the federal government in the early development of the property.

MOVIE TICKETS TO BE GIVEN FREE TO SEPT. BOND BUYERS

Proprietors of Avalon Theatre Arrange Program for Sept. 30

Sponsored by Baehr Brothers, proprietors of the local theatres, in cooperation with the Pennington county war bond committee of which Paul A. Lundgren is chairman, a special show will be given at the Avalon theatre Wednesday evening, September 30, at 8:15 to celebrate the anticipated attainment of the county's September war bond quota.

Two free tickets for the performance will be given with the purchase of each war bond bought during the month thru the Northern State bank, Union State bank, postoffice or savings and loan association. Those who have already bought bonds this month may obtain their tickets by calling at the selling agency, it was explained.

Free children's tickets will be issued to those buying $5 in war saving stamps. "Flying Tigers", an outstanding war picture, has been booked for the feature offering that evening, in addition to which there will be several short features.

Guest speaker will be Rev. Jacob Elving, district superintendent of the Northwest Mission association. He will be assisted by Elroy Anderson, interne pastor at Falun.

Officers of the association include Gust A. Peterson, Warren, president; Clarence B. Johnson, Warren, vice president; Rev. Roy N. Wiberg, St. Hilaire, secretary; Ruth Gustafson, Pencer, vice secretary; and Sabder Gustafson, Hallock, treasurer. Rev. Franklin Duerre is pastor of the host church.

Vegetable Freaks Make an Interesting Display

With the harvesting of garden crops now being completed in this locality, the usual array of vegetable curiosities have made their way to the Times display window. Outstanding is a monster cabbage head weighing 24 pounds, grown by John Kast of Goodridge. Other freaks are a V-shaped squash grown by Andrew Gulseth, and Siamese twin cucumbers of large size from the garden of Harold Urness. A fine specimen ear of well matured Minnesota 13 corn was brought in from the K. Swan farm, four miles west of St. Hilaire.

NAME COMMITTEE TO MAKE PLANS FOR C. J. HAMBRO VISIT

Head of Norwegian Parliament to Speak in This City October 5

To make arrangements for the appearance in this city Monday, October 5, of the Hon C. J. Hambro, head of the Norwegian parliament in exile, who will deliver an address in the Lincoln high school auditorium, Major G. Schilbred this week appointed a committee including Rev. E. L. Tungseth, chairman; Supt. Morris Bye, Robert J. Lund and W. E. Dahlquist.

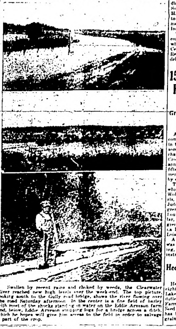
Officers of the Rotary club indicated they will arrange for a joint luncheon meeting October 5 of service clubs at which Mr. Hambro will be the honor guest.

Tentative plans call for the financing of the speaker's appearance here by local merchants, in which event the public would be admitted on presentation of war savings stamps. A detailed announcement of arrangements will be made later.

Game Warden Borchert Addresses Jr. Chamber

Game Warden William H. Borchert was the guest speaker at the first fall session of the Junior Chamber of Commerce last Thursday in the Palm Garden Cafe. Mr. Borchert discussed conservation activities, and gave details of the coming hunting seasons.

Clearwater Overflows Again



Swollen by recent rains and choked by weeds, the Clearwater River reached new high levels over the week-end. The top picture, looking south to the Gully road bridge, shows the river flowing over the road Saturday afternoon. In the center is a fine field of barley with most of the shocks standing in water on the Eddie Arveson farm and, below, Eddie Arveson stripping logs for a bridge across a ditch, which he hopes will give him access to the field in order to salvage a part of the crop.

SCHOOL BOARD INCREASES TAX LEVY 3 MILLS

Figure Is Set at 41.5 Mills for Coming Year; 38.5 Mills This Year

ACTION IS TAKEN BY BOARD MONDAY NIGHT

Raise Due to Anticipated Increase in Current Expense Items

Confronted by an estimated increase in current expense of $5,647.26 for the 1942-43 school year, due principally to higher salaries for teachers and other employes, the local board of education at its September session Monday evening adopted a budget calling for a tax levy for school purposes of 41.5 mills, compared to 38.5 mills the past several years.

Included in the total levy is the regular one-mill rate together with a maintenance tax of 37.5 mills and the usual tax of three mills for bonds and interest. Supt. Morris Bye explained that if the rate had been maintained at the 1941-42 level, the cash balance at the end of the current school year would reach a dangerously low level, in addition to which the board foresees a continued rise in school operating costs during the war emergency.

The budget as adopted contemplates expenditures as follows: Current expense, $125,960.23; capital outlay, $2,175; and debt service, $20,399.38. Principal items include salaries of instructors, $72,587.73, compared to expenditure of $70,857.31; operation of plant, $22,535, compared to disbursements of $20,749.22 in 1941-42; and maintenance, $4,500, compared to $3,919.88.

Mr. Bye reported that the total school enrollment at the end of the first week of the term was 1469, compared with 1562 at the same time a year ago. The decrease of 93 is distributed as follows: Kindergarten, 26; elementary grades, six; junior high school, seven; and senior high school, 54.

Reservists Leave City to Begin Army Duty

After enjoying a two-weeks furlough following their induction into the army, the group of reservists shown above returned to Fort Snelling Monday to enter on active duty. Pictured left to right are Perry Grytdal, Peter Feragen, Arthur Holdahl, Leonard Hoaas, Francis A. Wold, Willard Yonke and Albert Ness. Harry Langley, also a member of the contingent, left from Duluth, while Ludvig Bjerklie left this city Tuesday. Norman Newland was to leave this noon, and Renard Swanson will go next Monday.

METHODISTS TO CONVENE IN CITY NEXT THURSDAY

Community Church to be Host to Annual District Conference

The Community church in this city will be host next Thursday, September 24, to the annual conference of the Fergus Falls district of the Methodist church, Rev. S. S. Olafsson, pastor, announced today. The session will attract pastors of 55 churches from thruout Northwestern Minnesota. Dr. Paul Snyder of Fergus Falls, district president, will preside.

Following registration at 9:30 in the morning, the conference sermon will be delivered by Rev. John G. Lewis of Crookston, formerly of Thief River Falls. Also appearing on the morning program will be Rev. Roland G. Hohn, executive secretary of the conference board of education, who will discuss "Our Program of Christian Education."

After the serving of lunch by the W. S. C. S. and devotions led by Reverend Olafsson, the conference will hear an address by Rev. Charles M. Mosebrook, missionary recently returned from Malaya, and an address by Dr. Paul Snyder on "Emphases during the present year."

At 4 o'clock will be held the district meeting of the Women's Society of Christian Service, with Mrs. C. F. Rost as the speaker, to be followed at 5 o'clock by a meeting of the Rural Society and Institute commission.

The W. S. C. S. will serve the conference supper at 6:15, after which Rev. L. F. Runion of Sauk Centre will lead devotions, and Reverend Mosebrook again will deliver an address.

MANY PRESENT FOR BLACKOUT TALK TUESDAY

Lieut. C. L. Fleming Tells of Preparations Made for Defense

STATEWIDE BLACKOUT SLATED ABOUT OCT. 1

Speaker Says State Now is 65 Per Cent Organized for Emergency

Declaring that the Thief River Falls community has no assurance of immunity from enemy air attack during the current war, Lieutenant C. L. Fleming, associated with the state civilian defense office, addressed a large audience in the municipal Auditorium Tuesday evening.

The speaker, who was introduced by Major G. Schilbred, head of the Pennington county civilian defense council, stressed the importance of the duties of the air raid wardens and called attention to a coming statewide blackout scheduled for about October 1.

He also commended the city council for steps taken toward adoption of a blackout ordinance, giving legal authority to the wardens and imposing stiff penalties for violations of regulations.

Lieut. Fleming told of the establishment of a system of volunteer aircraft spotters, two in each township, whose duty it is to watch for enemy planes and report their movements to an information control office. He said that enemy bombers traveling over this area would have the iron ore facilities at Duluth for their first objective, with New Brighton and the Twin City area for a second.

Stating that the public should not believe statements to the effect that no trouble need be anticipated in this section, the speaker also warned against the activities of saboteurs.

In closing, he stated that the Thief River Falls community could prepare itself fully for a blackout in a week's time, but that a lot of work would be required. The state in general is about 65 per cent organized at present, he said.

Mr. Schilbred commended the excellent work done by the Victory Aides to encourage the attendance at the meeting of such a large gathering, the audience filling the main floor of the Auditorium.

COACH KOTTKE IS SPEAKER AT C & C SESSION SEPT. 10

State Vocational Agriculture Head to Speak This Noon

Willard Kottke, recently elected athletic coach at Lincoln high school, was the principal speaker at the luncheon meeting of the Civic and Commerce association last Thursday. Coach Kottke indicated that he expected to develop a "pretty good" football team this fall.

Following criticism of the absence of display of the American flag in the business district, President Roy Oen was instructed to appoint a committee of three to urge business places to make a more general display.

At today's luncheon meeting the speaker was to be Leo P. Knuti, state supervisor of vocational agriculture, who will discuss the rural war production training program. He is in the city for a conference with school superintendents and agriculture instructors from this section of the state.

Former Residents Wed in San Francisco Saturday, Sept. 5

The marriage of Helen Geske, daughter of Mr. and Mrs. G. Geske, Estevan, Saskatchewan, Canada, formerly of Thief River Falls, and Pfc. William R. Halvorson, son of Mr. and Mrs. H. B. Halvorson of this city, took place at the beautifully decorated home of Mr. and Mrs. Norman Rix in *San Francisco, Calif. The ceremony was read before an improvised altar of white and pink* streamers by Rev. Philip Solbjor of Central Methodist Church at 8:00 o'clock Saturday evening, September 5th.

Pfc. Albert Napolitan of Pittsburgh, Pennsylvania, who acted as best man, sang "In the Garden" accompanied by Mrs. Helen Dahl at the piano. Just preceding the ceremony, Norman Rix sang "At Dawning," by Cadman, and following the ring ceremony, "I Love You Truly," by Carrie Jacobs Bond, was sung by Mrs. Norman Rix.

While Lohengrin's Bridal Chorus was being played, Mrs. Rix as matron of honor, entered first, wearing a floor length gown of peach taffeta with jacket trimmed with ruffled net. She wore a lovely corsage of white begonia, gardenias and bavardia.

The bride entered on the arm of Norman Rix, wearing a head spray of five small gardenias and bavardia. Her floor length gown of peach rayon taffeta which was designed with sweetheart neckline, full tiered skirt, and full angel sleeves, was accentuated by a gorgeous corsage of orchids, lilies of the valley, gardenias, and bavardia.

White carnations were worn as boutonnieres by the men, while white gladiolus, pink amaryllus, asters, carnations and ferns were used to carry out the pink and white scheme for the occasion.

At the buffet supper following the ceremony, the two-tiered wedding cake, topped with a soldier and bride in miniature, formed the centerpiece on the table, between tall white candles.

Among the thirty guests present were Mr. and Mrs. Melvin Griebrok and two children, formerly of Thief River Falls and Mr. and Mrs. Gust Nakken, formerly of Rosewood.

The couple left the following morning for Clear Lake and other places of interest for a short honeymoon. At present they are making their home at 2811 Pierce St., San Francisco, Calif.

The groom is a graduate of Lincoln High School and is at present stationed at Letterman General Hospital in San Francisco. The bride is a sister of Mrs. Henry Thorson of this city and Mrs. Norman Rix may be remembered as Gladys Nakken of Rosewood.

From where I sit...

by Joe Marsh

In the square of a little village not far from here I came on the prettiest flower garden you ever saw.

It was a lot of flowers all mixed up—hundreds of different kinds, I guess. So I asked a passerby if he could tell me about it.

"Well," he says, "in this town whenever anybody plants a flower garden and has any seeds left, they scatter them over this plot."

Then he leans over and pulls out a couple of weeds. "We all have to help pull out the weeds too," he tells me. "That way the village has a flower garden to be proud of."

• • •

That's about as pretty an illustration of co-operation as I ever come across. But there's plenty of examples of co-operation and civic spirit these days.

We were talking just yesterday about how the brewers and the beer distributors are working together and co-operating with law enforcement authorities.

You see a lot of friendship and fine old customs have grown up around beer. But the weeds—well—they've got to be pulled out, too.

Everybody has to lend a hand. And the brewing industry is just sensible enough to recognize that . . . But what's more—they're doing something about it.

• • •

The brewers don't want their beer sold in the wrong kind of places, and so they've teamed up with the authorities in a self-regulation program to make careless beer retailers "clean up or close up," as they say.

From what I read, the plan is working out mighty successful in a number of states, and is spreadin' out into others.

From where I sit, it looks like a fine idea . . . a mighty practical example of how honest co-operation works out to the benefit of everyone—the brewers, the beer retailers, and us plain citizens that like our gardens and our pleasures—with the weeds kept out.

Joe Marsh

Rail Brotherhood Chief Interred in Minneapolis

Railroad and railroad brotherhood officials from northwest states attended double funeral of John P. Barton, 69, and his wife, Margaret, at St. Thomas church in Minneapolis Monday.

Barton, general chairman of the Order of Railway Conductors of the Soo Line for 25 years, died Friday night and Mrs. Barton died of shock a few minutes after his death.

He was a railroad conductor 40 years, was a director of the Transportation Brotherhoods National bank and a fourth degree Knights of Columbus. Mrs. Barton was active in railroad brotherhoods auxiliary work.

Parking Ticket Apology

"Don't be sore. We're only trying to do our duty." That in effect, was the petition passed around Monessen, Pa., as local police began a strict enforcement of the parking ordinances. Mayor James C Gold said he had not previously ordered strict enforcement because citizens "tagged" had a habit of venting their ire on the mayor personally. So the chamber of commerce thought up the petition.

RIVER FALLS

DO AS WE SAY—OR ELSE

We no longer are surprised by the conduct of some of the federal officials who exercise broad powers over the activities of the people, but we still become indignant occasionally. One of the recent examples of a lack of common decency by power-drunk bureaucrats was a press release issued by the wage and hour administration which obviously was intended to create a public prejudice against a business organization that had dared to disagree with a ruling of a representative of the commission.

Because of the disagreement, the questions involved were to be settled in court. In its press release, announcing that the questions were being submitted to a federal court, the allegations of the wage and hour commission were set forth in such a way as to create the impression that the defendant was a very bad citizen. This version of the argument was franked out to newspapers that served the large territory in which this particular firm operated, and from which territory, presumably, the jury that would decide the facts would be drawn.

We know nothing of the issues involved in this case but we do know that many of the endless rules and regulations that have been placed on all types of transactions are vague and often conflicting, and we believe the head of a responsible business organization in this America of ours should be able to disagree with a government employee without being smeared as a public enemy.

Many business organizations thruout the country, and some of them here in Thief River Falls, have accepted the rulings of the wage and hour administration and have made adjustments in their wage and working conditions to conform to these rulings, which is as it should be. But the manner in which representatives of the government have opened this case against one business organization that exercised its proper rights in refusing to accept such rulings, suggests that Germany is not the only country in which midget minded officials sometimes abuse their authority.

Thief River Falls now has an airport—or at least the site for an airport. Located three miles south of the city on the east side of the river, the site seems to provide all the requirements of a good municipal air depot, including room for expansion. Considering the possibility that the site now selected may serve the community for hundreds of years, in an age when flying probably will be the main form of transportation and travel, the selection of a particular piece of ground to serve this purpose is of more than passing importance. In the years to come it is likely to influence community development in more ways than one. To the city officials, therefore, who, we believe, have made a wise selection, taking into due consideration all the factors that should be considered in a decision of that kind, a round of cheers.

Threshing conditions have not been ideal this past week but they could have been a lot worse, and much progress has been made in putting a good crop into the bin. Not so good is the condition that exists in some parts of the county where too much rain and not enough river have flooded fields, some of them already in shock. And not so good are blighted potatoes or rusty flax. But by and large the average yield is going to be far above normal if the weather from now on makes it possible to get what is left.

This week brings us the opening game of the football season—Friday night, under the lights. And on Saturday comes the hunting season. Winter is on it's way.

PUBLIC OPINION

Editor Times:

On Tuesday, September 8th, 1942, Minnesota voters proved once and for all that they are for the early conclusion of the war in which we now are engaged with all speed possible by the government. It has served due notice on the powers that be at Washington, D. C., that Minnesota's industry, businessmen, laborers and farmers are not of the "complacent" class, which they took comfort in flinging at us a few days ago.

Our farmers have been and are working overtime, with short help to harvest one of the largest crops in the history of the state. This in itself is ample proof as to their loyalty and all out support of the government.

The loyalty of Minnesota has always been above reproach, and always will be, when the freedom of the nation is at stake, regardless of what political gossipers have contended!

We have also served notice upon all "politicians" be they located in Washington or elsewhere, that we will never surrender our constitutional rights to constructive criticism of our nations affairs regardless of men in political power. That would be surrendering the very fundamentals of "democracy" for which we are fighting a global war.

We are AMERICANS with a capital "A" and resent implications by anyone to the contrary!

Albert Anderson,
Clearbrook, Minn.

MINNESOTA G.O.P. CONVENTION WILL BE HELD SATURDAY

National Committeeman Will Address Meeting in St. Paul

Encouraged by reports of increased Republican votes in the state in the recent primary, Republican leaders in this and other counties throughout Minnesota are making preparations to go to St. Paul Saturday for the annual Republican state convention, which is to be held at the St. Paul auditorium that day, starting at 10 a. m.

Following upon a primary where spirited contests rolled up a substantially increased vote for republicans, the convention will serve as the official opening of a general election campaign which party leaders hope will result in a clean sweep of all state and congressional office for republicans. Votes cast for republican candidates in the recent primary were materially increased over the mark of two years ago, R. C. Radabaugh, republican state chairman, said, and plans will be made at the convention for a general election campaign designed to consolidate and increase the gains made.

Attesting to the interest in the [illegible] position of the party, Kenneth Wherry, Pawnee City, Neb., western representative of the Republican national committee, will come to St. Paul and address the convention. Wherry is republican candidate for U. S. Senator in Nebraska and has long been an active and effective speaker in republican circles. Governor Stassen will outline his program in an address to the convention. E. C. Duncanson, Spring Valley, will be temporary chairman.

Gopher Eleven to Make Its Bow September 26th

Although details of the programs have not been completed, military and naval ceremonies are expected to accompany each of the University of Minnesota's home football games this fall, replacing the usual student horseplay that has been on the program between halves. Tentative arrangements are now being made for a display by the United States Marine Corps at the opening game with Pittsburgh on September 26. It is also certain that elaborate naval ceremonies will be performed between halves at the October 3 game, when the Gophers will meet Lt. Col. Bernie Bierman's team from the Flight Training School at Iowa City.

Besides American raids Japan is said to average four earthquakes a day, one severe earthquake every 30 months, and one disastrous shock every generation.

RECREATION HIGHLIGHTS

The first puppet show of the fall season will be on Thursday, Sept. 17th at 4:20 in the Arena Puppet Theatre, Camille Dostal, recreational leader announced today.

"The Sleeping Beauty", "The Three Kittens" and a musical short will be presented.

Everyone is invited to see these shows, which will be held every other Thursday throughout the school year.

In connection with the Puppet Theatre you will find the quiet game room. This is open each day from 1:00-6:00.

Pre-school children are invited to come and make use of this game-room. They will find many constructive games and equipment to pass away their leisure hours. Bring your little ones and leave them there.

Uses Boat to Reach Farm

Elmer Engstrom and E. H. Oftelie are improving the former Peter Erickson farm, which Mr. Engstrom bought last fall. The Engstroms will make their home there after certain changes and accommodations are made. While going to and from work, Mr. Engstrom has the unique experience of becoming a first class seaman. Water covers a large portion of the farm he now occupies, and in order to reach his car on the Gully road, he uses a boat. The distance he covers each day in this manner is about a mile.

Mr. and Mrs. Marvin Gustafson visited at the Axel Gustafson home in Trail Tuesday. Marvin's sister Gladys, a stenographer in Washington, D. C. is now spending her vacation at her parents' home.

Hard Cider for Cold

As a remedy for colds it was formerly quite the thing to take a mug of hard cider and sprinkle it liberally with cayenne pepper. Then a stove poker that had been heated red hot was thrust into the mug causing it to boil and foam. This beverage was quaffed as soon as the poker was taken out. It made such an acceptable remedy that on many a New England farm it is served today although not necessarily for colds but as a most heartening drink.

PRAIRIE CHICKEN HUNTING SEASON OPENS SATURDAY

Shooting Permitted in Area North of Highway 1 and East of T. H. 32

Local hunters are preparing to go out in quest of prairie chickens during the open season which continues from sunrise Saturday, September 19, until sunset on Monday, September 28.

Under regulations issued by Verne Joslin, director of the division of game and fish, no hunter may take more than five birds in one day and shall not have more than ten in his possession at any time.

The territory open to hunting this season includes all of that area lying north and east of the system of highways described as follows: Beginning at Oslo on the North Dakota-Minnesota border, thence east on State Highway No. 1 to Thief River Falls; thence south on State Highway No. 32 to its junction with U. S. Highway No. 2; thence southeast on U. S. Highway No. 2 to its junction with U. S. Highway No. 59; thence south on U. S. Highway No. 59 to Waubun; thence east on State Highway No. 113 to its junction with U. S. Highway No. 71; thence north and east on U. S. Highway No. 71 to its junction with State Highway No. 85; thence southeast to the junction with U. S. Highway No. 371; thence south on this highway to its junction with State Highway No. 84; thence southwest on State Highway No. 34 to its junction with State Highway No. 64; thence south on State Highway No. 64 to its junction with U. S. Highway No. 210 at Motley.

Lincoln Eleven Meets Red Lake Falls Friday

Local football fans will get their first glimpse of coach Willard Kottke's 1942 Prowler football team when the blue and gold eleven meets Red Lake Falls in the traditional opening game of the season on Lincoln field Friday night.

Captain Don Michalsky, playing at the fullback position, will lead the Prowlers on the field for the opening kickoff, and "Pete" will have the following players as team-mates: left end, Bob Wright; left tackle, Chuck Richards; left guard, Norman Furuseth; center, Bud Eide; right guard, Marlyn Dorn; right tackle, Calvin Traver; right end, Steve Aines; quarterback, Bill Bye; left halfback, Eddie Chommie or Homer Matheson; right halfback, Morris Efteland; and fullback, Michalsky.

Backfield reserves who are certain to see service in the game are Billy McKechnie, quarterback or fullback; LaMarr Hanson, halfback; Johnny Efteland, halfback; and Don Aasland, quarterback. While the linemen that are slated for action include Harry Huseth, Bob Baker, and Ray Bowers.

Last year the Prowlers, playing their finest brand of football, trounced the Red Lake Falls team, 24 to 0, and the locals hope to repeat that triumph this year. It must be remembered that the Red Lake Falls team was handicapped greatly last year by the loss of their ace halfback, Morris Guerin, who suffered a fractured ankle during the opening minutes of play. This season's Red Lake Falls team is reported to be one of their best teams, with their line being particularly strong.

The opening kickoff is slated for 8:00 p. m.

Golf Title Trophies to be Awarded Saturday

Trophies won by members in the recent club championship tournament will be awarded at a party in the club house on the golf course Saturday evening, it was announced today by Kern M. Olson, chairman of the committee in charge of arrangements. The party is open to both men and women members, and lunch will be served, with dancing forming the principal diversion.

RULES LISTED FOR GAME BIRD HUNTING ON INDIAN RESERVE

White Nimrods Must Pay $1 Fee and Engage Indian Guides

Raymond H. Bitney, superintendent of the Red Lake Indian agency, announced last week that action had been taken by the general council of the Red Lake band of Indians to permit white men to hunt migratory game birds on the Red Lake Indian reservation during the coming open season.

Permission to hunt, Mr. Bitney said, will be given only to those hunters who secure a permit from the agency office on payment of a $1 fee and who employ an adult Red Lake Indian guide who will be paid not less than $5 a day for each day of service. No other game than migratory birds shall be taken.

Interested individuals may write to the agency at Red Lake, Minnesota, for names of available guides or for other information relating to hunting on the reservation.

Gary Cooper and Barbara Stanwyck in Comedy Hit at Avalon This Week-end

Love, laughter and excitement are blended in "Ball of Fire" which will be presented at the Avalon theatre Saturday, Sunday and Monday, starring Gary Cooper and Barbara Stanwyck. Cooper enacts the role of a studious professor and Miss Stanwyck that of a flippant night club entertainer whom he meets while investigating. The cast also includes Oscar Homolka, Tully Marshall and Allen Jenkins.

"Ship Ahoy," the offering at the Falls theatre Sunday and Monday features Eleanor Powell, dancer, and Tommy Dorsey's orchestra, with comedy by Red Skelton, Bert Lahr and Virginia O'Brien add to the amusement.

Man Fined for Ramming Car on LaBree Avenue

Arthur Ordahl, living east of this city, was brought into municipal court early this week on a hit-run charge, after leaving the scene when his car rammed into the parked car of Carl B. Larson on LaBree av. Sunday. Ordahl was fined $5 and $2.50 costs by Richard G. Mabey, special municipal judge.

Federal Reserve Bank Says August Business Volume Exceeded 1941

Business volume throughout Minnesota during the month of August 1942 was six per cent above that recorded for the same month last year and cumulative totals for the first eight months of this year showed a 15 per cent increase over the January-August period of 1941 according to bank debit figures released today by the Federal Reserve Bank of Minneapolis.

Since bank debit figures represent the dollar volume of checks drawn by depositors against their bank accounts with most of these checks going in payment for goods, services, debts, etc., the debit total for a locality is considered a good indicator of general business volume.

Checks drawn by Thief River Falls depositors against their accounts in local banks during August were four per cent over similar figures for August a year ago and these totals for the first eight months placed 1942 12 per cent above the like period last year.

School of Instruction for PTA at E. G. Forks

A. officers and members of the 16th district, comprising six counties of northwest Minnesota, at East Grand Forks on Saturday, September 19.

The national and state representatives are coming to conduct an intensive school of instruction, with Mrs. George Keller of East Grand Forks, district president to preside.

The sessions will begin at one p. m. sharp.

WALTER C. BUGGE WINS U. S. ARMY PROMOTION

SAUER-KRAUT "BOUQUET"

Clarkfield. — Good care of his victory garden has rewarded Lewis Kjos with generous response from his cabbage patch. One plant had 14 perfectly formed and solid heads on it, each one edible. The largest head was perhaps four inches across. Together the 14 heads looked like a huge sauer-kraut "bouquet."

A new type of glass, weighing only 10 pounds per cubic foot, floats like cork.

HUNTERS' WARMUP TRAPSHOOT TO BE STAGED ON FRIDAY

Two Traps to be in Operation All Day, Starting at 9 in Morning

The Pennington County Sportsmen's club will conduct their second anual Hunter's Warm-up Trap Shoot at the fair grounds tomorrow, Friday, Sept. 18th. The shoot, which was introduced last year, is in the nature of a warm-up for the opening of the sharptailed and pinnated grouse season, which opens on Saturday, Sept. 19th.

While it is not expected that the number of hunters participating in the event will reach last year's number, Ernest Barzen, chairman of the trapshoot committee, does expect a fair turn-out.

The program is scheduled to open at 9:00 a. m., with two traps in operation, and shooting will continue throughout the day.

LEGION AUXILIARY SEEKS NEW RECORD MEMBERSHIP IN '42

Organization is Seeking to Build Patriotic Spirit, Says Chief

Revitalizing America's spirit of patriotism will be one of the important undertakings of the American Legion Auxiliary during the coming year, Mrs. Esther Plough, president of Elmer J. Eklund unit of the auxiliary, announced today. Enrollment of the largest membership in the history of the organization is being sought to help accomplish this task, she said.

"Armed defenses which we are building will not make America secure unless there is behind them a nation strong in patriotic spirit", Mrs. Plough stated. "A united nation in which everyone is willing to serve and sacrifice for the common good is essential for the survival of our country as we know it in the world of today. There must be no subversion or self-seeking at home while our men are training in the field. The institutions which they are training to defend must not be allowed to decay behind their backs.

"The Auxiliary is giving energetic service in all fields where the patriotic work of women can be effective. We need greater strength than ever before this year because of the greater need for the work we are in position to do. We are asking all eligible women of Thief River Falls to come into our Auxiliary Unit now and help us carry forward our great program of service."

The unit will hold its next meetings in the Memorial room tonight and Oct. 1, when applications for membership will be received and new members welcomed into the organization.

Enlistments are Sought for U. S. Naval Reserve

Enlistments are now open in the United States Naval Reserve, offering ratings to men with construction experience, according to Lieutenant C. S. Olson, officer-in-charge of Navy Recruiting for Minnesota. Men accepted will be enlisted in the "Seabees", official construction battalion of the Navy, and will be assigned to build advance and mobile bases outside the continental limits of the United States.

Salaries range from $54 to a $126 a month and include housing, food, clothing, transportation, medical and dental care. Men between 17 and 50 are eligible, depending on experience and qualifications.

For an application for enlistment form, apply to nearest Navy recruiting station.

Navy Recruiting Party to be in City Sept. 21

Major H. W. Kinghorn announced today that a Navy recruiting party from the Bemidji station will be stationed in the veterans' room in the Auditorium Monday, September 21, between the hours of 10 o'clock in the morning and 6 at night.

To Plan Bowling League Setup Wednesday Night

City Bowling Association secretary Harry Wisdom announces that an organization meeting will be held in the Auditorium's Civic and Commerce room next Wednesday evening, Sept. 23rd. All team captains, and others interested in the formation of league bowling, are requested to be in attendance. Tentative plans call for a three-league schedule to be bowled this season, with the schedule opening on Oct. 5th.

FEWER TUBE AND TIRE PERMITS ARE GIVEN THIS MONTH

Ration Board Issues Certificates for Two New Automobiles

With reduced quotas, fewer certificates for tire and tube purchases were issued by the local rationing board for the period from September 1 to 16. Certificates were issued as follows:

Passenger car tubes: R. J. McKercher, St. Hilaire; Isaac E. Wilson, Hazel. Heavy truck, bus and tractor tires and tubes: E. H. Pomerenke, Mavie; Dennis Wegge, C. T. Hallstrom, Oscar W. Wedul, George Gessner, and Bridgeman Creameries, all of Thief River Falls; and T. O. Loyland and Edwin Flatgard, Goodridge. Retreads: Joseph R. Wert, Thief River Falls.

Automobiles: Weyl Zuckerman & company and Paul M. Engelstad. Bicycles: Ralph Munt and Jon Maruska.

Holiday Traffic Deaths Set 9-Year Low Record Under 40-Mile Speed Top

With traffic noticeably lighter and speeds drastically reduced by the 40-mile an hour maximum war-time limit, Minnesota passed through the recent three-day Labor Day week-end with the lowest traffic death rate in the history of the state's traffic accident recording bureau, established early in 1934.

This bureau of the state highway department reports only two persons killed in two fatal traffic accidents during the Saturday, Sunday and Monday of September 5-6-7.

Labor Day holiday week-ends, over the past 8 years, have taken an average traffic toll of 12 persons killed in an average of 9 accidents each year.

Roger Dooley Now Heads Janesville, Minn. School

Roger W. Dooley, who coached the state champion Lincoln high school basketball team in 1932, recently accepted the position of superintendent of schools in Janesville, Minnesota. After leaving Thief River Falls, Mr. Dooley was coach and superintendent at Kellogg for two years, and the past five years has been superintendent at Henderson, Minnesota.

Harold Hylden Receives Lieutenant Commission

Harold E. Hylden, son of Mr. and Mrs. Lars Hylden of this city, this week accomplished the greatest step in the private-to-general course—the step from non-commissioned officer to commissioned officer status—as he graduated from the Armored Force Officer Candidate School at Fort Knox, Kentucky, with the gold bars and commission of a second lieutenant in the Army of the United States. He will be assigned to duty with an armored division or tank battalion.

SKUNK, CHUCK AND WOOD RIDE TOGETHER

Keeping Score

.... With HUCK OLSON

The Opener

Coach Bill Kottke's Prowler football team will put on their first performance for the local fans tomorrow night when the locals meet Red Lake Falls in the opening game of the season. The Prowlers have been sent through intensive drills during the past week, including an hour-long scrimmage under the lights Tuesday night, and a degree of smoothness has been achieved; but Friday night's contest will reveal that the Prowlers are lacking in experience and reserves.

With last season's returning regulars shifted to new positions, Coach Kottke's team will have new players at every position. Pete Michalsky, the team's captain, played at a guard position last year, and this year he has been shifted to fullback; Bob Wright, a letterman tackle of two year's ago and out of action last season because of a broken arm, has been placed at left end; and Mouse Efteland, last season's fullback, is playing at right halfback.

The balance of the team will be made of last season's reserves and sophomores. Eddie Chommie and Homer Matheson, who were reserve backfield men last year, have been running at the left halfback position. Tony Dorn and Norm Furuseth, who were reserve guards last year, have clinched the guard spots this year; Bud Eide, Jug Snelling's understudy at center last season, will open at center; Steve Aines is slated to start at right end; with Cal Traver filling the right tackle position.

Billy Bye at Quarterback

The sophomores in the starting line-up will be Billy Bye at quarterback, and Chuck Richards at left tackle. Billy McKechnie promises to be the all-round backfield reserve, being primed to assist Billy Bye at quarterback and also slated to put in some time at fullback. LaMarr "Lefty" Hanson, the team's speedster, will see action at right halfback.

The team drove through a hard one-hour scrimmage on Tuesday and the first string had to go "all out" to score a three-touchdown margin over the scrappy reserves. Mouse Efteland, on reserve plays, scooted for two touchdowns, and Homer Matheson piled over for the third marker. Eddie Chommie did not participate in the practice, being on the injured list with a couple of bruised ribs and a pair of sprained fingers. It is expected, though, that Eddie will be ready for the game Friday night.

Coach Kottke has not made any drastic changes in the offensive formations of the Prowlers, and the fans will see the team shift from a balanced line and a "T" formation backfield, to an unbalanced line and a single wing formation.

A New Record

The Oen's team, playing off a postponed Victory Golf league match last Wednesday evening, scored a net 139 to post the season's low net score, trimming one stroke off the mark established by the Lincoln Life team. The record-breaking round saw Tom Jorde score an actual 33, and carrying a 1-stroke handicap, mark up a net 32; Haakon Olson carding a 41, and having a 10-stroke handicap, for a net 31; while team captain Roy Oen, with a gross 47, had a net 37; and Karl Kollitz marked up a net 39. Incidentally, the win over the Rex Cafe gave the Oen's undisputed possession of third place, breaking a five-way tie.

Andy Wilson in "Out-door Life"

Andy Wilson, a local high school graduate in 1940, and a top-flight guard on the Prowler football teams in '38 and '39, is one of the principals in a story written by Anderson Cheavens and featured in the October issue of "Outdoor Life" magazine. The story, entitled "Take a Soldier Fishing", is embellished by several photos of Andy. Andy is in the Army Air Force, being stationed at the Waco (Texas) Army Flying School.

Warm-up Shoot

Don't forget that the Sportsmen's Club will conduct their second annual warm-up trap shoot at the Fair Grounds tomorrow. The program will continue all day, with shooting scheduled to begin at 9:00 a. m.

Where are the Chickens?

The opinions of the game wardens to the contrary, there appears to be a scarcity of sharptailed grouse around here. I've had a number of reports from fellows that are pretty well qualified to report on the chicken situation, and these reports are that there are mighty few coveys to be seen. There is considerable disagreement as to the cause of the grouse shortage, with some contending that fox has been destroying untold numbers of the birds; and others claim that disease has depleted the coveys; and still others say that the cold and heavy rains this spring killed off the hatch. A combination of these causes may be the reason for the shortage, for there undoubtedly is a chicken scarcity.

RED LAKE COUNTY 4-H CLUB FAIR ON FRIDAY, SATURDAY

Band Concert and Parade to be Features Saturday in Red Lake Falls

The annual Red Lake county 4-H club fair is to be held in Red Lake Falls on Friday and Saturday, Sept. 18 and 19. It is expected that it will be outstanding from the standpoint of participation, exhibits, entertainment and enjoyment for everyone.

Friday, Sept. 18, is entry day and all 4-H club exhibitors should have their entries in by 9 a. m. on Friday. Those who desire to do so can bring them in on the afternoon or evening of Thursday, Sept. 17. All exhibits except livestock will be housed in the Red Lake Falls municipal auditorium. Most of the time on Friday will be taken up in judging of the exhibits.

On Saturday, the big day of the fair, there will be many events to hold the interest throughout the day. There will be band concerts by the Red Lake Falls high school band, under the direction of L. H. Amdahl, at intervals during the day.

Showmanship of livestock will start at 10:00 in the forenoon. The float and livestock parade will begin at 1 p. m. This will be followed by foot races and bicycle races for boys and girls. There will be a suitcase exchange race for women. Other features of interest will be the horse and pony races, free-for-all horse race, sack race, three-legged races, potato races and then the water battle.

The climax of the whole fair will be a free show for all 4-H members Saturday evening, at the State theatre, Red Lake Falls. All 4-H members are requested to attend as the features will be entertaining and educational.

Newfolden Couple Observe Golden Wedding

A large group of friends and relatives assembled August 30 in the Lutheran church in Newfolden to honor Mr. and Mrs. William Wood on the occasion of their golden wedding anniversary. A. O. Gudim presided over the program of talks and musical numbers.

Receipts for Payment of Game, Fish License Fees No Longer Valid

Temporary receipts for payment of fees for any kind of license are not valid, according to Verne E. Joslin, director of the division of game and fish. License books are now sent to county auditors prior to the opening of each season for which the licenses are issued. This does away with the necessity of anyone having a temporary receipt for payment of fees. The law requires that a license must have the actual license upon his person when engaged in the activity for which the license is issued. The possession of only a receipt will not exempt the holder from arrest.

730 Drivers Forfeit Licenses in August; One-Third Under Age

Seven hundred and thirty motorists were barred from the use of their cars during the month of August under the war-time tightening up of traffic law enforcement to aid in the war-time conservation of cars, tires and human lives.

The drivers' license bureau of the state highway department this week reported 280 drivers' licenses were revoked outright during the past month, 240 of them for driving while drunk, 16 for repeated offenses of speeding, 7 for reckless driving, and 5 for inebriacy. Drivers' license suspensions, varying in length of time from 30 days to one year, totalled 450.

Speeding, on second offense after the driver has once been warned of the wartime necessity for driving at slower speeds, cost 212 motorists, more than the excessive wear on their tires. It cost them the suspension of their rights to drive. Reckless driving, second offense, was responsible for 71 suspensions, and running through stop signs and signals were grounds for 20 forfeitures.

Despite the fact that many young men from Minnesota have gone into the armed forces of their country, 25 of the drivers whose licenses were revoked and 211 of those whose licenses were suspended or a total of 258 out of the 730 penalized, were youths under 21 years of age.

For the duration Capetown, South Africa, pauses for two minutes at noon every day.

Closing Out SALE

Having accepted the position of Band and Voice Instructor in the Erskine and Mentor schools, I will be unable to continue the operation of my music store. I am therefore offering for sale at discounts as high as 50% the entire stock of musical merchandise. The sale will end September 19th, so the time will be very short.

I will continue to do business at my residence, however, and will take care of all the piano tuning I can find time for.

May I take this opportunity to thank the people of this community for the very fine business I have enjoyed since I opened my store in your city, and as soon as this war is over and I am able to buy the quality of musical merchandise I like to sell, I hope to open a larger place in your city.

Leave your piano tuning orders with any of the following piano teachers: Sister Eugenia, Miss Fern Barnett, Mrs. H. F. Harrison, Mrs. Mildred Hamilton.

SALVAGE DRIVE IN MINNESOTA TO GO ON UNTIL DEC. 31

Every Farm Asked to Yield 1,000 Pounds of Scrap This Fall

Three northwest states, Minnesota, North and South Dakota, are out after 533,000 tons of scrap iron and steel to be brought in for the nation's war program before December 31.

It is absolutely imperative that the three states raise their quotas in the salvage campaign," said F. Peavey Heffelfinger, deputy regional director of the War Production Board, who is in charge of all salvage campaigns. "This scrap metal is needed to supply American soldiers, sailors and marines with the weapons and materials of war which they must have to beat the Axis. We must get it for them."

In Minnesota a series of six scrap harvest meetings are under way. Salvage committee members in every county of the state will carry the message to Minnesota farmers that every farm must produce at least 1,000 pounds of scrap. L. E. Vorphal, executive secretary of the Minnesota general salvage committee, is in general charge of the campaign in Minnesota.

Quotas for the three states are 476,000 tons of iron and steel from Minnesota; 34,000 tons from North Dakota, and 23,000 tons from South Dakota.

Serving on the Pennington county salvage committee are Carl Christofferson, chairman; Jack McKechnie, C. D. Gustafson, H. R. Lund and O. E. Taxerass.

Corn Day Program to be Given at N. W. School on Saturday, Sept. 19th

The program for Corn Day at the Northwest School and Experiment Station at Crookston, for September 19, is now complete, according to Superintendent T. M. McCall. A general invitation has been extended to farmers, business men, and all persons interested in corn production to attend the program.

The program will start at 1:30 p. m. in the school auditorium. Dr. H. K. Hayes, chief of the division of agronomy and plant genetics and pioneer producer of the Minnesota corn hybrids, will discuss "Production of Hybrid Corn for Northwestern Minnesota."

E. D. Rinke of University Farm, St. Paul, will discuss the production of hybrid seed corn in the Red River Valley, and Ralph Crim of the agricultural extension division will speak on performance records of hybrid and standard varieties in Northwestern Minnesota.

R. S. Dunham, agronomist at the Northwest Experiment Station, will be in charge of the tour of corn plots and discuss corn growers' problems.

Justice Royal A. Stone of Supreme Court Dies

Death unexpectedly ended the career of Associate Justice Royal A. Stone, of the Minnesota supreme court, Sunday in Miller hospital in St. Paul, five days after he was renominated for re-election.

The 67-year-old jurist, a member of the supreme court bench since 1923, had been in the hospital the past 10 days with a heart ailment but his condition did not become critical until Sunday.

The jurist, who ran third in the field of 10, was originally appointed to the court but elected for the first time in 1924 and since re-elected.

GRYGLA

Pinned by Tractor

Arthur Boman received painful injuries from a freak accident which occurred a week ago Sunday evening. He stepped in front of his tractor with the intention of starting it and was unaware that the powerful machine was in gear. After a turn of the crank the tractor started and immediately rolled forward pinning Mr. Boman between an adjacent building and tractor. Fortunately Mr. Boman was able to reach the choke and succeeded in shutting off the gas supply sufficiently to stop his iron captor. Thus he was able to extricate himself and call for help. Injuries sustained included a deep cut in the hip, which resulted in the loss of a great deal of blood, and severe bruises. At this writing he is happily on the road to recovery although still confined to his bed.

Army Man and Bride Honored

Staff Sgt. and Mrs. Carl Holte were the guests of honor at a surprise party given last Tuesday evening at the Nels Satre home. Over one hundred neighbors and friends gathered to greet the honored couple who were recently wed at Augusta, Georgia, where the groom is stationed at Camp Gordon. Outdoor games were enjoyed by the young people while the older members of the group visited.

At midnight a lovely lunch, which had been contributed by the guests was served and the serving table was appropriately centered with a three-tiered white wedding cake trimmed in green and yellow and topped with a miniature bridal pair. The Holtes were presented with a purse of money as a remembrance from their many Grygla friends, the presentation being made by Leonard Hanck.

People from a distance attending were Mr. and Mrs. Eddie Engelstad, Myrtle Holte, and Myrtle and Gilford Lunn, all of Gatzke. The party was arranged by Mrs. Henry Holte and Margaret Wold.

Phyllis and Lois Selle Honored

Phyllis and Lois Selle, members of the local Brownie Troop, shared honors at a surprise farewell party given at the schoolhouse by the Brownies and their leader, Adeline Severance. After an impromptu program given by the girls and a group of games the leader, Miss Severance, served a dainty lunch. Phyllis and Lois each received a gift in remembrance of their playmates. Those present were Phyllis and Lois Selle, honored guests, Irene and Evelyn Strom, Gloria Hoble, Thelma Nygaard, Virginia Swanberg, Marylyn Lunde, Beverly Brateng, Janice Clausen, Betty Anne Ellingson, and Adeline Severance.

Mrs. Christ Clauson Feted

Mrs. Christ Clauson was the guest of honor at a birthday party given for her on Sunday afternoon at the home of her daughter, Mrs. Alfred Swanberg. The afternoon, which was spent socially, closed with the serving of a delicious lunch which had been contributed by all those present. A white angel food cake decorated with pink made an attractive centerpiece for the serving table. Mrs. Clauson received a variety of lovely gifts. Those sharing the occasion were Mr. and Mrs. Emil Clauson and family, Mrs. Ervin Holbrook and children, Mrs. Bertha Holbrook, Mrs. Ralph Cady, Mr. and Mrs. Vernon Wickstrom and Allan, Mr. and Mrs. John Brateng and children, Mrs. Andrew Monken and Alpha, Mr. and Mrs. Christ Clauson and Mike, and Mrs. Alfred Swanberg and children.

Birthday Party

A surprise birthday party was held Sunday afternoon at the Frank Hendrickson home at Malcolm in honor of their daughter Tillie, at an advanced date. About 42 guests gathered. The afternoon was spent in a social way. After that a delicious lunch was served in a cafeteria style which was brought by the guests.

A six pound baby boy was born to Mr. and Mrs. Hendrickson on Wednesday, Sept. 9. The new arrival has been named Charles Gerald.

Birthday Party

A group of relatives and friends were entertained at the Severt Askeland home on Sunday afternoon in honor of Alvin Askeland who was twelve years old that day. The youngsters present spent the afternoon playing games while their elders visited. Alvin's sister Mrs. ... served a lovely lunch including three decorated birthday cakes and Alvin received several other lovely gifts.

Those present beside the Askeland family were Mrs. Orville Askeland, Mrs. Callin Olson and Gloria, Carl and Even Thera, Newland, and Lorna Salveson.

Luther League Re-organized

The St. Olaf Luther League met at the church on Sunday evening and the following program was given: scripture reading and prayer by Rev. T. C. L. Hanson; song by Peter Goare, who was accompanied at the organ by Mrs. M. E. Ellingson; reading by Inger Nygaard; song by Ramona and Gail Johnson with Agnes Sandland playing the organ accompaniment; sermon by Rev. Hanson, who chose as his topic, "Thinking Aloud"; and the closing feature of the program was a group of very interesting films of scenes from the Lake of the Woods Bible Camp which had been taken by Rev. Hanson.

Agnes Sandland led the business meeting which included the reorganization for the coming year and the reports from both the secretary and treasurer were read and approved. It was decided to send delegates to the Luther League convention to be held at St. Hilaire, Oct. 2-4 and Mrs. Orville Askeland and Jonas Johnson were appointed delegates with Adeline Severance and Mrs. Henry Holte as alternates. A communication from the Lutheran Herald was read urging Luther League members to subscribe.

Agnes Sandland was elected president to succeed Alvin Arden; Margaret Lillevold was elected vice president to succeed Charlotte Loyd; Adeline Severance was re-elected as treasurer and Mrs. Henry Holte was re-elected secretary. Mrs. Oscar Knutson and Mrs. Elmer Hylland were chosen to serve on the refreshment committee for three months, and Helen Ellingson was appointed on the revolving program committee. Lunch was served by Mrs. John Brateng, Hans Strom and Lee ... Nygaard.

Box 1 Thief River Falls

TO THE PEOPLE OF THIEF RIVER FALLS AND OF PENNINGTON COUNTY:

I cannot easily convey to you the gratitude I feel for the splendid support you gave me in the Primary Election or for the vote I received from the people of Pennington County on September 8. I wish to thank you all and especially to express my appreciation to those of you who so willingly gave of your time and energy to bring about my nomination as the Republican Candidate to the Congress of the United States.

Our task ahead must not be regarded lightly. I sincerely hope that you will not waiver from that task, but that we shall continue together, all of us, to the accomplishment of our purpose. I shall need your help and in return, I can give you only my solemn promise that if you elect me to Congress I shall devote myself untiringly to the problems of the people of Pennington County and shall give my immediate, personal and studied attention to the solution of those problems. Our objectives shall be the winning of the war and, thereafter, the building of a Greater Pennington County for you, a Greater Ninth Minnesota District for us and a Greater America for our children.

Very truly yours,
JOHN W. PADDEN

SMILEY

Farewell Party

Mr. and Mrs. Freeman Allen were the honored guests at a party at the flower-be-decked Smiley Hall Sunday afternoon. The Allens are leaving this week end to make their permanent home in Washington state. Mr. Allen will be employed in a shipyard out there. There were over a hundred guests gathered at the hall to do justice to the pre-departure occasion. A nice program was the main feature with the following numbers: community singing of "America" led by Miss Judith Lockrem; greetings in behalf of the Smiley Community club of which the Allen's were prominent members by Jim McCrum; two vocal duets, "God Will Be With You" and "Till We Meet Again" by Gladys and Melvin Vigen; a reading, "Mrs. Smith's Habit" by Mrs. Ted Markus; greetings in behalf of the St. Pauli Ladies aid and Bjorge. Mrs. Allen was not a member of the Ladies aid but was highly regarded by them; two clever songs "United States Marine Hymn", and "Yankee Doodle Ain't A-doodling Now" by Miss Geraldine Olson; Greetings in behalf of the county extension office by County Agent Ernest Palmer who stressed the valuable work Mrs. Allen as a leader in various project units through the years; voice solo by Miss Judith Lockrem, county superintendent "God Will Take Care of You", a favorite song of the Allens; greetings from Paul Lundgren, county attorney, in behalf of the satisfied customers of the Allen's egg and chicken delivery in town. A buffet supper was served at six o'clock and the Allen's were presented with a purse of money from the assembled group and from many who were unable to come. Mr. and Mrs. Allen responded with a few shy words of appreciation. May they have a pleasant journey to the West and happy and successful years in their new home is the wish of the Smiley folks to the Allens.

Pre-School Party

The young girls of North Smiley met at the Leonard Helgeland home Friday where they enjoyed a rollicking time. A delicious lunch was served by Mrs. Helgeland. The young ladies were Darlene and Shirley Matske, Janet Samuelson, Joyce Helgeland, Delores Roese, Ann Pederson, Mary Swedberg, Doris, Jean and Lois Helgeland.

Miss LaVinia Martin was a week end visitor from her home in Minneapolis. She visited at the O. N. Olson, Mark Olson and Jim McCrum homes.

The two schools in Smiley opened Monday morning. The Hiawatha school, with Miss Gunda Engen again at the helm will have only five pupils attending the term. Miss Engen will drive to and fro from her home in Thief River Falls which is only three miles. The new teacher at the Smiley school, Dist. 4 is Miss Clara Swanson of Numedal. She has twenty-one pupils to rule. Miss Swanson is staying at the Walter Lendobeja home.

Baptism

Wee Judeen Marlys Olson was baptized a week ago Sunday at the home of her parents, Mr. and Mrs. Mark Olson who were also hosts to a chicken dinner party preceding the baptism. Rev. E. L. Tungseth of the Zion Lutheran church performed the rite with Mr. and Mrs. Ted Markus as the sponsors. Guests at the dinner were Rev. and Mrs. Tungseth and daughter Arlene, Mr. and Mrs. Markus, Mr. and Mrs. O. N. Olson, Mr. and Mrs. Jim McCrum, Clara and Orton Olson, Wayne Olson, Bruce and Marilyn McCrum.

Mrs. Frank Phibbs (Wilma Aakre) and son "Tepper" arrived on Wednesday from their home in Tacoma, Washington for an indefinite visit with her mother, Mrs. E. Aakre, and her brother-in-law and sister, Mr. and Mrs. Ted Markus.

Flying Cadet

Word has been received from a local girl, Ina Anderson, who is now spending some time with her brother Gote who was also down at Hot Springs with them up to the time of his enlistment as a flying cadet in the Army Reserve Corp two months ago. He received his elementary training at the Municipal Airport at Hot Springs. Gote made his first solo flight Aug. 7. He has now completed his ground school training and his flight test and will leave shortly for Randolph Field, Texas. Gote is Smiley's first contribution to the Flying Forces. Good for you, Gote! Miss Anderson also stated that they had gotten quite a surprise visit Sunday, Sept. 6, when their closest Smiley neighbor up here, popped in on them. He was Pvt. Ove Nordahl who is stationed only fifty miles from Hot Springs at Camp Robinson, near Little Rock. The Anderson girls and Gote took Ove on an interesting sight seeing tour which included a town of West Mountain, Hot Springs and North Mountains. They went up on the Hot Spring Observation tower on Hot Spring Mountain 815 feet above the city. The Anderson's extend greetings to everyone through this column.

Mark Olson received a letter from his cousin Dr. Miles Gullingsrud that he arrived safely overseas and is very happy at his work as a doctor in an army camp somewhere in quaint England. His letter was exceptionally interesting as she told of various items of the crossing and scenic landmarks.

Mr. and Mrs. Ted Markus, Mrs. E. Aakre, Mrs. Frank Phibbs and son attended the funeral of a relative, Mr. Ekeness in Grand Forks Wednesday.

Mrs. Sena Chervestad and son Orlando of River Valley called at the Jim McCrum home last Friday.

Mr. and Mrs. Al Samuelson and daughter Janet motored to Grygla Sunday and spent the day at the home of Mrs. Samuelson's parents the Paulson's.

With rationing and priorities, now is the time to buy that additional life insurance you have been putting off.

2 GLIDER SCHOOL MEN IN CROOKSTON KILLED IN CRASH

Instructor and Student Die Monday When Airplane Crashes

A glider student from the Crookston army glider school and his instructor were instantly killed Monday when their plane crashed at the Gerard emergency landing field seven and one-half miles west of Crookston.

The student pilot was Hugh C. Dodd of Marshall, Ark., and his instructor was Charles W. Schooley of Grand Rapids, Mich.

A military investigation of the tragedy was held late Monday, it was understood, but results of the inquiry were not made public.

Few details of the tragedy were available but persons near the scene who told the story, said it appeared the machine was coming in too slow when the pilot attempted a simulated forced landing on the field.

The pilot appeared to speed up the engine, but the plane was too close to the ground and one wing struck and was torn off. The remainder of the plane crashed in a heap nearby.

When the plane was reached the bodies of the student and instructor were found huddled together in the wreckage and it was necessary to cut away metal portions of the machine to remove them.

MINNESOTA FAIR THIS YEAR DRAWS 585,000 PERSONS

Premiums Being Paid Off in Full; Dates Fixed for 1943 Fair

The "Food For Victory" Minnesota State Fair came to a successful conclusion with 585,334 persons praising the competition in three national livestock shows, the war effort of the 4-H boys and girls and the greatest war exhibit in the northwest.

This was the report today of Raymond A. Lee, fair secretary, who termed as outstanding the cooperation of the United States Navy, Army, Marines, Civilian Defense, Treasury department, and Red Cross who participated in the opening and closing programs and arranged the huge war exhibit.

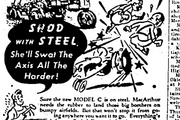
Whetting the morale to the highest pitch since Pearl Harbor, the Minnesota State Fair has accomplished the true role that it has been fulfilling through its 83 years of history. The 1942 exposition marks the fourth war that this great state institution has cooperated with our armed forces.

President Henry A. Derenthal pointed out that the livestock shows, including the National Percheron, the National Red Polled cattle, and the National Shropshire Sheep show brought the greatest assembly of fine stock ever shown at any state fair. With more than 2,000 4-H club boys and girls enrolled in "Food For Victory" projects, the fair this year reached a new high in team and individual competition where Minnesota youth demonstrated its part in the war effort.

Dates for the 1943 fair were set for the same period, opening on August 26 and closing on Labor Day, September 6. The fair is paying off its advertised record premium awards 100 percent and meeting all its obligations. "It is too early yet to determine the financial outcome of the 1942 fair until the final audits are made", Mr. Lee reported.

WHAT A RECORD FOR ONE MAN!

Mountain Lake. — Exhibiting grains, vegetables and fruits at the Cottonwood county fair, Edwin College took 41 firsts and 23 seconds, walking off with the major part of the prize money given out in that department.



SHOD WITH STEEL
She'll Swat The Axis All The Harder!

Sure the new MODEL C is on steel. MacArthur needs the rubber to land those big bombers on bumpy airfields. But that won't stop it from going anywhere you want it to go. Everything's there — Sealed Reservoir bearings, no daily greasing; hydraulic controls; 2-row tool bar implements; snappy, powerful motor.

Allis-Chalmers pioneered the air-tired tractor and still believes there is no substitute to equal pneumatic tires. When rubber comes back, you can change to air tires in half an hour, and the Model C will be better than ever. In the meantime, we recommend it on steel with complete confidence.

THANKS TO THE VOTERS—

I take this means of expressing my appreciation for the primary vote cast in my behalf as candidate for State Senator from the 65th Legislative District. I hope to be able to see you personally before the Fall Election and as the final decision is made to merit your vote at that time.

Very Sincerely,

EJNAR JENSEN

TO THE VOTERS OF THE 65TH LEGISLATIVE DISTRICT:

I wish to express my thanks for the votes given me in the primary election. The fact that I finished high in each of the three counties and received a majority of the total district vote was very gratifying. If I am elected to the office of state senator I will do my best to give the district capable and honest representation. The continued active support of friends will be greatly appreciated.

All America Knows Budweiser... but Few Know This

FROM GLACIERS TO GLIDERS

Thousands of retailers of ice cream and frozen foods are using equipment made by our Refrigeration Division—a manufacturing activity which was developed from our years of experience in making ice in glacier-like quantities needed for the brewing of Budweiser.

This equipment is helping to keep America's foods fresher and more nutritious.

Today, however, orders for ice cream and food cabinets will have to wait, for this Division is working all-out on glider wing and fuselage assemblies for our Army Air Forces.

Year after year, we have striven with research and resources to better the methods and facilities for brewing Budweiser. To do this, a laboratory specializing in fermentology and nutrition was necessary. Discoveries made in the laboratory and in the plant have led to the development of products contributing to human necessity and progress. Some of these products would appear to have only a remote relationship to brewing, yet, they are the result of scientific research into many allied fields.

Endless research in making the world's leading beer has led to other products

VITAMINS, B COMPLEX—Our plant is one of the world's largest sources for manufacturers of pharmaceutical and food products.

VITAMIN D—Anheuser-Busch produces enough of the basic material for Vitamin D to supply the entire American market.

BAKER'S YEAST—We are one of America's biggest suppliers of standard and enriched yeasts and malt syrup used to make bread.

CORN SYRUP—many millions of pounds annually for America's candy industry.

SYRUPS—for food, table and confectionery uses and special syrups for medicinal purposes.

STARCH—for food, textile, paper and other industries—millions of pounds annually.

VITAMINS FOR LIVESTOCK—We are America's biggest supplier of yeast vitamins used to fortify animal feeds.

DIESEL ENGINES—Adolphus Busch, founder of Anheuser-Busch, acquired the first rights to manufacture this revolutionary engine in America and thus started our great Diesel industry on its way.

LINCOLN SCHOOL STUDENT HURT IN SHOOTING MISHAP

Homer Matheson Shot in Hip While out Hunting Near Goodridge

Homer Matheson, 17, Lincoln high school senior and son of Mrs. A. C. Matheson of this city, is receiving treatment in a local hospital for a bullet wound in his hip, accidentally sustained Sunday noon while hunting near Goodridge in company with several other boys.

The accident occurred in an automobile with Homer driving, when one of his companions in the rear seat was handling a .22 calibre pistol which he thought was unloaded. Stephen Singer of Goodridge brought the youth to the hospital, where an X-ray revealed that the bullet had lodged in a spot that made its removal difficult.

Homer's injury gives a setback to the Lincoln high school football team on which he had been one of the most dependable players.

MAKING SURGICAL DRESSINGS OPENS NEXT WEDNESDAY

Women Volunteers Sought in New Project Sponsored by Red Cross

Following the completion this afternoon of the fourth and concluding session of a course of instruction in the manufacture of surgical dressings for use by the armed forces, Mmes. L. W. Rullen and George Werstlein, who served as instructors, appealed for volunteers to make the dressings in sessions to open in the council chamber next Wednesday and Thursday, September 30 and Oct. 1.

The groups making the dressings will be supervised by twelve women who today are completing the course of instruction. The project is sponsored by the American Red Cross.

Mrs. Rullen asked that women volunteering their services at the sessions next week bring with them a hair covering and a wash dress to be worn while working, as the strictest sanitary precautions are observed in making the dressings.

These men are volunteers in the construction battalions and will share in the building of advanced bases for the Navy's combat forces.

REPUBLICANS O. K. PLATFORM IN CONVENTION

Annual Statewide Meeting Held in St. Paul Last Week-end

PLEDGE FULLEST AID TO U. S. WAR EFFORT

Demand Curb on Non-War Activities and Steps Against Inflation

Meeting in St. Paul for their annual state convention this past week, Minnesota republicans adopted a platform pledging fullest aid to the nation in the war effort and declaring that America must cooperate with other nations in maintaining a permanent world peace.

"We cannot stand alone," said the platform declaration. "To do so is to be overwhelmed. We must stand with other free peoples, each carrying their proper share of the load to secure permanent peace and freedom for all. America must lead in a new world order."

Delegates to the convention heard reports of increased republican votes as reflected in the recent primary, made plans for the coming campaign, and went home, encouraged by the admonition of party leaders that republicans can capture all state and congressional offices on the ballot in Minnesota this fall. Pleasant to their ears was the statement of Kenneth Wherry of Pawnee City, Nebraska, western director of the Republican National Committee, to the convention:

"The people in other states are expecting great things of your Governor Stassen. After we have won the war and the peace, and he has opportunity to return to a normal life, the people all over the country will look to him as one of America's greatest leaders."

The platform adopted asked that the resources of Minnesota to aiding in the war effort, but

WARREN RESIDENT INJURED IN CRASH WEST OF THE CITY

G. J. Jorgenson Sustains Broken Leg as Auto Leaves Road

Running off Highway 1 at the curve eight miles west of Thief River Falls where it intersects with the Angus road, a car driven by G. J. Jorgenson, manager of the Northwest Chevrolet garage at Warren, proceeded along the ditch for some distance until it crashed into a culvert early Saturday morning.

Jorgenson, who was alone in the car, sustained a double fracture of the lower right leg, and extensive lacerations about the face and neck. He was brought by a passing motorist to a local hospital when discovered several hours after the accident had occurred, and his condition yesterday was reported to be satisfactory. His car was badly damaged.

Jorgenson, who was en route to Warren at the time, was connected with the Northern Chevrolet company in this city before going to Warren.

City Board of Review Will Open Sessions in Assessor Office Monday

Plans Completed For Hambro Visit Oct. 5th

Licenses for Hunting Small Game Going Fast

Approximately 400 small-game hunting licenses had been sold up to Wednesday from the office of County Auditor A. M. Senstad, in addition to which an estimated 200 permits had been issued by a half-dozen designated agencies in the city. Agents in Goodridge are Steve Singer and Carl Christianson, with O. Gunstad serving in St. Hilaire. Only one non-resident small game license has been sold to date, the fee being $25.

RAM DAY SLATED AT FAIR GROUNDS MONDAY, OCT. 5TH

Will Give Farmers of This Region Chance to Get New Animals

Pennington County sheep raisers are planning to get together October 5 with the hope that every farm flock in the county will be headed this year by a good purebred ram.

County Agent Ernest Palmer announced today that the annual ram sale and exchange day sponsored by the extension service and local sheep breeders will be held Monday, October 5, at the fair grounds. This all day event will give sheep men a chance to trade off rams that are out of use in their own flocks and to look over the offerings of purebred breeders from this and neighboring counties.

The Ram Day is especially useful this year because it will save time that might otherwise be spent shopping around to get the kind of a purebred ram needed to improve the flock. All rams offered for sale or exchange will be purebred, and there will be a good choice of individuals in the most popular breeds.

Mr. Palmer says that interest in better sires is running high this year, because the good demand for both wool and lambs has put a premium on quality stuff. "The ram will transmit his characteristics to the whole lamb crop next spring," he says "so the sire is half the flock. Not only is body build affected by breeding, but ability to make gains rapidly and ability to grow a better fleece."

Last year 80 rams were sold or exchanged at the county ram day in this county, and the quality of local flocks was greatly improved by the better sires.

NORWEGIAN DOLLS MAKE INTERESTING LIBRARY DISPLAY

Dolls Shown are Handiwork of Mrs. Hildahl of Roseau

An interesting display of Norwegian dolls of exquisit workmanship is on exhibition this week at the public library, having been arranged by Mrs. Hazel Halgrim, librarian. Included in the display are books dealing with Norse folklore, which the dolls illustrate in minute detail.

The dolls are the handiwork of Mrs. Hild Naess Hildahl of Roseau, who came to that community four years ago from Norway, where she had been a supervisor of handicraft work in the schools of that country. Her products have attracted attention thruout the nation.

Among the folktale characters represented in the collection are a wedding party with fiddler, huldra, fearsome troll, nisse or good luck fairy and a boy and girl on skis. The dolls are complete to the last detail, including tiny knitted neckties and mittens.

Junior Chamber to See War Films This Evening

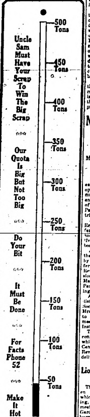
At a meeting of the Junior Chamber of Commerce this evening at 6:30 in the Palm Garden Cafe, Rudy Larson will present some of H. A. Baumann's government news reels presenting highlights of the progress of the war to date, Arthur Johnson, president, announced this morning.

An event eagerly anticipated by residents of this section of the state, and by persons of Scandinavian descent in particular, is the appearance in Thief River Falls Monday, October 5, of the Hon. C. J. Hambro, head of the Norwegian parliament in exile, who will speak at 8 o'clock that evening at Lincoln high school.

Mr. Hambro is coming to this city on invitation of the Sons of Norway lodge, with which a committee of other citizens is cooperating. It is anticipated the visiting official will describe conditions in Norway at the time the country was overrun by the Nazis and developments in the country's affairs since that time. He is now making his headquarters at Princeton, New Jersey.

Merchants of Thief River Falls are cooperating in paying the expenses in connection with Mr. Hambro's visit to the city. The public will be admitted free to the evening program by displaying a 50-cent cluster of war savings stamps, which will be sold in the city in advance of the meeting. The stamps are to be retained by the purchaser, it was explained.

Mr. Hambro will be the honor guest October 5 at a noon luncheon arranged by local service clubs, following which he will address the Lincoln high school student body at 2:30. At 3:30 he will review the scrap parade scheduled for that day in the business district, while at 8 o'clock he will deliver his principal address at the high school.



SCRAP PARADE TO BE FEATURE MONDAY, OCT. 5

To Dramatize Campaign for Scrap Metal Now under Way in County

C. J. HAMBRO WILL BE IN REVIEWING STAND

Those Bringing in Scrap to Receive Free Tickets to Address

To emphasize and dramatize the acute need for scrap metal to keep the nation's steel furnaces operating at full capacity, a scrap parade will be staged in Thief River Falls Monday afternoon, October 5, at 3:30 in connection with the county-wide salvage campaign now in progress, it was announced today by Carl Christofferson, county salvage chairman.

In charge of arrangements for the parade will be F. E. Hageman, blockman for the Allis-Chalmers company, who will be assisted by a committee of local implement dealers including C. D. Gustafson, O. E. Taxeraas, Chris Rinkel, W. M. Ferguson, Philip Hawkins, Hilmer Lunke and Lars Engen.

The time of the parade will coincide with the visit in this city of the Hon. C. J. Hambro, head of the Norwegian parliament in exile, who will deliver an address here that evening. Mr. Hambro will review the parade and give special recognition to citizens bringing in scrap that day, in addition to which they will receive free tickets to the evening meeting at which he will speak.

The gravity of the scrap situation was reported to be as critical as the rubber shortage at a district meeting in Fargo last week attended by Messrs. Christofferson, Taxeraas and Hageman. They were told that the nation supplied a total of 12,000,000 tons of scrap in the last campaign, while the quota for the current drive has been fixed at 17,000,000 tons, of which amount Pennington county is expected to supply 500 tons.

The local men were advised that the government has made arrangements to handle the material brought in in such a manner that there will be no excessive profits for anyone.

N. W. METHODISTS HOLD SESSION IN THIS CITY TODAY

Missionary Returned from Malaya to Speak This Evening

Pastors representing 53 churches in Northwestern Minnesota opened this morning in the Community church the annual conference of the Fergus Falls district of the Methodist church, with Dr. Paul Snyder of Fergus Falls, district president, in charge.

Speakers this morning were Rev. John G. Lewis of Crookston, formerly of Thief River Falls, and Rev. Roland G. Hohn, executive secretary of the conference board of education.

After the serving of lunch by the W. S. C. S. and devotions led by Reverend Olafson, the conference will hear an address by Rev. Charles M. Mosebrook, missionary recently returned from Malaya, and an address by Dr. Paul Snyder on "Emphases during the present year."

At 4 o'clock will be held the district meeting of the Women's Society of Christian Service, with Mrs. C. F. Rost as the speaker, to be followed at 5 o'clock by a meeting of the Rural Society and Institute commission.

The W. S. C. S. will serve the conference supper at 6:15, after which Rev. L. F. Runion of Sauk Centre will lead devotions, and Reverend Mosebrook again will deliver an address.

Lions Club Discusses City Hallowe'en Party

The annual community Hallowe'en party, in arrangements for which the Lions club is cooperating, was discussed at Wednesday's meeting of the club in the Palm Garden Cafe by Dr. E. S. Amesbury, committee chairman, and other members. Jack McKechnie solicited the support of members of the club for the scrap drive now in progress in the county.

Mr. and Mrs. Frank Lund Observe Silver Wedding Anniversary

Mr. and Mrs. Frank Lund were honored on their twenty-fifth wedding anniversary last Thursday evening, September 17, at the Mission Covenant Church where relatives and members of the church gathered for the occasion. The evening began with a program and reception in the church proper where Rev. O. J. Lundell spoke briefly. A. V. Brolin, chairman of the congregation, presided over the program. Several musical numbers were rendered including the wedding march played by Miss Merriam Anderson.

After the reception the guests proceeded to the church parlors where refreshments were served. The church was beautifully decorated with flowers upstairs and downstairs, using pink and white as the color scheme, and at the bridal table a decorated wedding cake was the centerpiece with silver candles completing the decorations. The guests presented Mr. and Mrs. Lund with a silver purse.

Out of town guests were Mr. and Mrs. Arthur Lund and son Roy and Mr. and Mrs. Clarence Bergerson of Trail. A telegram greeting was received from their son and daughter-in-law, Mr. and Mrs. Lloyd Lund of Kingsdale, Arizona, who could not be present at the party.

Minnie Joyce—Arthur Gjerde Vows Spoken Saturday, Sept. 19

Only close relatives and friends were present Saturday, September 19, when Minnie Joyce became the bride of Arthur Gjerde. The bride is the daughter of Mrs. Marie Joyce of Norden and the groom is a son of Mr. and Mrs. Ole Gjerde of Angus.

The ceremony was performed at the Oak Ridge church in the afternoon at 1:30 with Rev. A. O. Skibsrud officiating. The church, which was decorated with assorted garden flowers, formed a lovely setting for the ceremony which took place before an altar banked with blue flowers on a background of white. White streamers and ageratum and phlox decorated the aisles.

Special music, rendered by Miss Judith Lockrem, preceded the ceremony and Miss Ardith Burrell sang "Bless This House", and later she sang "Perfect Love" and "The Lord's Prayer" accompanied by Miss Lockrem.

While the bridal march from "Lohengrin" was played, the bridesmaid, Eleanor Hanson, entered attired in a blue gown of lace and net with a bouquet of tea-rose gladioli.

The bride entered on the arm of her brother, George Joyce. Her gown was of white ninon silk, princess style. Her finger-tip veil was borrowed from her sister, thus the traditional "something borrowed, etc.," was carried out. She also wore a single strand of pearls and carried an arm bouquet of talisman roses and baby's breath.

The bride's mother wore a blue and white dress and the groom's mother wore navy with white. White asters were worn by the gentlemen as boutonnieres. Ralph Hamrick of Angus was best man, and Adeline Olson acted as usher.

At the reception held at the Joyce home immediately following the ceremony, the three-tiered wedding cake topped by a miniature bride and groom was the centerpiece on the table between bouquets of phlox. Other decorations were in blue and white to carry out the color scheme for this occasion.

Among the thirty-six guests, those from away were Mr. and Mrs. Ole Gjerde, Mrs. W. G. Hamrick, Ralph Hamrick and son, all of Angus; Mr. and Mrs. F. Justow and Carol of Crookston; Verna Johnson, Mrs. Clarence Carlson and sons, Mrs. R. Burrell and daughter Ardith, and Miss Judith Lockrem, all of Thief River Falls; Miss Iris Ayers of Bemidji; Rev. and Mrs. Skibsrud, and Miss Doris Wasley of St. Hilaire; and Mr. and Mrs. Victor Johnson and son of Minneapolis.

The couple left for a short honeymoon at Detroit Lakes, and for the present they will make their home with the groom's parents at the Gjerde home near Angus.

The bride is a graduate of Lincoln High School with the class of 1937.

Miscellaneous Shower for Mrs. Charles Rodekuhr

Mrs. Charles Rodekuhr was honored guest last Thursday evening at a miscellaneous shower given for her by her friends at her home. After a social evening lunch was served and Mrs. Rodekuhr opened her gifts. Those present were Mrs. Charles Rodekuhr, honored guest, and Mmes. J. B. Reller of Radium, Victor Nordquist, Minnie Shetler, Carl Wennberg, Francis Cloutier, Connie Stanbridge, Lester Larson, Marvin Borgen, Art Lund, Albert Krankkala, Art Dicken, Dennis Langevin, Henry Ristau, Andy Williams, Vernon Sorenson, Ed. Sgt. Raymond Althoff Is Married in Merced, Calif., September 1

Sgt. and Mrs. Raymond W. Althoff are at home at 827 Q. St., Merced, Calif., after their marriage which took place on Tuesday, September 1, at 9:00 a. m. in the Air Base chapel at Merced. Chaplain A. Buser conducted the single ring ceremony. Mrs. Althoff (nee Margaret Sundrud) is the daughter of Louis Sundrud of Fosston and Sgt. Althoff is the son of Mr. and Mrs. H. W. Althoff of this city.

To the strains of the Bridal Chorus from Lohengrin played by Arthur Renton the bride entered on the arm of Joel Harry who gave her in marriage. She wore a blue and white sheer frock with a corsage of gladioli and roses. Her attendant, Mrs. Freda Morley, wore a dress of pink lace and a corsage of gardenias. Cyril Buser was best man. Other nuptial music was furnished by Mr. and Mrs. Arthur Renton who sang.

Following the ceremony a breakfast was held at the home of Lt. A. Buser for ten guests.

Mrs. Althoff is a graduate of the Fosston High School in 1938 and of the College of Commerce, Minneapolis, in 1942. She has been employed as secretary at the St. Paul Fire & Marine Insurance Co. Sgt. Althoff is a graduate of Lincoln High School with the class of 1938, and of the Air Force Technical School, Chanute Field, Ill., in 1940. At present he is an air base technical aircraft inspector at the Army Air Base, Merced, Calif.

Wards don't expect all women who wear Size 34, for instance, to be the same height! No—some are tall, some short, some average. Wards know, too, that the "short 34" girl isn't proportioned as the "tall 34." Her slip should have a higher waist and hips—and that's exactly what she'll get in a Ward 3-length—for they're proportioned in bust, waist, and hips as well as in length! Beautifully made — with rip-proof seams, double fabric yokes for long wear. In rayon crepe or satin.

COUNTY RED CROSS HANDLES LETTERS TO WAR 'MISSING'

Agency, However, Says It Can Give No Assurance of Delivery

Messages for men reported "missing in action" in the Far East but not yet listed as prisoners of war now are being accepted by the Pennington Red Cross chapter, Herman A. Kjos chapter, chairman, said today. He pointed out, however, that no assurance of delivery can be given.

Mr. Kjos said the messages will be forwarded on the exchange ship "Gripsholm", expected to sail from New York shortly. They will be sent to the International Red Cross Committee's delegate in Japan, who will make every effort to see that they are delivered if the men are in Japanese prison camps. "This effort to communicate with missing men of the Armed Forces", Kjos said, "has been necessitated by the Japanese failure to supply complete lists of American prisoners of war."

"Friends and relatives wishing to contact men reported missing in action, but not yet officially reported by the enemy as Prisoners of War, should contact H. O. Berve, secretary home service committee or Robert J. Lund chairman of the same committee. They should be able to give complete information on the missing man, including name, number, rank, military unit and last known address. The message must be filed on Red Cross form 1616 and must be limited to 25 words".

In order that the message may have the best possible chance of delivery, the Red Cross urges all relatives and friends of a missing man to combine their messages on one form, according to Herman A. Kjos.

"For prisoners officially reported by the Japanese", he pointed out, "regular letters may be sent thru the Prisoners of War mail, on which information may be obtained at any post office. It is not necessary to use the Red Cross message form in these cases."

'43 LICENSE TAGS WILL GO ON SALE THURSDAY, OCT. 1

Motorists to Attach Small Metal Tabs to Present License Plates

Minnesota's 1943 war-time automobile license "plates", which will be black beauty patches on the cream and red ones issued for this year, have been received at the state capitol and will be available Oct. 1.

The "plates" are one and three-eighths inches wide by four inches long. Painted black, with 1943 marked on them in white numerals, they will fit on the lower right hand corner of this year's plates.

Each plate is stamped with a number. This number and that of the 1942 plate will be on each registration card, so that theft will be easily detected.

While 460 tons of metal were used for 1942 plates, only one-tenth of that was needed for the emergency tabs. Regulation 1942 plates will be issued to new cars and the 1943 tabs will be clamped on them.

STATE REPUBLICANS ADOPT PLATFORM AT ANNUAL CONVENTION

(Continued from page 1)

be dedicated to the fullest extent urged in doing this the necessity of preserving the advancements in government that have been made in Minnesota during the last four years. Among the proposals for which the party declared itself were:

1. Development of a post-war construction program by the state to provide employment in readjustment period after war.
2. Setting aside a portion of the present state cash reserves for a fund to help returning veterans get a start after war and formulation of a program now to make plans to facilitate their re-employment.
3. Reduction in non-war public spending.
4. Cut in state real estate tax.
5. Extension of rights and benefits of veterans' preference laws to veterans of present war.
6. Demand that all remaining unused transportation facilities be put to maximum use in transportation of fuel oil to Minnesota communities.
7. Appropriation of funds by legislature for research in development of new uses for farm products.

On national affairs, the platform demanded reduction of non-war activities, firm measures for control of inflation and development at once by congress of policies to govern post-war adjustments, including construction programs to absorb unemployment and measures to maintain purchasing power.

On agriculture, the platform declared the party for a national and state program to "overcome the inequalities under which the farmer now labors," recommended "employment of tariffs, equalization fees and such other measures as may be necessary" to maintain and protect the American standard of living, urged an "adequate farm credit system, under government supervision" and enlargement of farm co-operatives.

Mr. Sjoberg was born in Skaraborg-Len, Sweden, on December 25, 1969, and at the age of 24 he came to America and lived at Crookston until 1897. In that year he was married to Lena Pederson and they both settled in River Falls twp. where they have made their home for the past 45 years.

America has over three billion dollars invested in farm machinery.

Christmas Seals for Use of Armed Forces Are Now on Sale Here

An advance sale of tuberculosis Christmas seals to be sent to men in the armed forces for use on their holiday mail is announced by the local committee.

"A supply of the 1942 Christmas seals, identified with the fight against tuberculosis, for use of Americans in the armed forces on their own Christmas mail, will be welcomed by the boys far away from home and homesick this Yuletime. If they are to get them in time, they will have to be mailed early."

This statement was made today by Dr. E. A. Meyerding of the Minnesota Public Health association, in connection with an announcement that an advance sale of Christmas seals is taking place right now so that relatives and friends here can get supplies to send off in letters to local men and women in service.

Christmas seals bearing the emblem of the double-barred cross have also been placed on sale at the postoffice and at the Thief River Falls Times Office.

Farm Machinery Goes Under Ration Program

Promoted to Sergeant

DONALD THYREN

Son of Mr. and Mrs. Paul Thyren of Hazel, who this month was promoted from the rank of corporal to that of sergeant. In the army since last April, he is now stationed at Nashville, Tennessee.

Farmers planning to obtain new machinery and equipment will hereafter be required to show absolute necessity in order to obtain it, the United States department of agriculture, which has taken over charge of farm machinery rationing, announced this week.

Rationing of most farm equipment, the USDA said, is necessary to conserve critical materials. Less farm machinery can be made from now on until the end of the war.

Claude R. Wickard, secretary of agriculture, said that "distributing machinery through a fair system will help farmers, our own nation and the whole cause of the United Nations by making the limited supply of agricultural machinery meet the most critical needs in our wartime farm production."

Rationing will be handled thru USDA war boards in each state. County rationing commitees will administer the program locally. The county AAA committee chairman, who also is chairman of the USDA war board, will be chairman of the county rationing committee. He will be assisted by two farmers appointed by the county USDA boards.

The temporary rationing plan now in effect establishes three groups of machinery. In the first are included the vital machines needed for current agricultural products. They may not be sold to him unless the farmer has obtained a purchase certificate from his county rationing committee.

Types of machinery in this group are combines, corn pickers, disc harrows, feed grinders, fertilizer spreaders, grain drills, grain elevators, hay balers, beet lifters and loaders, lime spreaders, manure spreaders, milk coolers, milking machines, pickup balers, potato diggers, shredders and tractors.

In general, a farmer will be required to show that his present equipment is not adequate to handle his production and that these requirements cannot be met by repairing existing equipment or by renting equipment. He must also be able to show that rejection of his application by the county rationing board will result in substantial reduction in production of essential commodities.

In the second group is practically all other farm machinery, which may be sold upon certification by the farmer to his dealer that the equipment is essential for his activities.

In the third group are hand tools and smaller horsedrawn equipment which may be sold without restriction.

The plan does not apply to repair parts.

Provision is made for appeals in cases of rejection by the county rationing committee. The farmer is entitled to appeal to the state USDA war board and to the secretary of agriculture through the special war board assistant if he is turned down by the state board.

COUNCIL BUYS NEW TRUCK FOR WATER AND LIGHT OFFICE

Blackout Ordinance Given Its Second Reading Tuesday

The city council at an adjourned session Tuesday evening voted to accept the bid of the Furkenbrock Motor company to supply a Dodge half-ton truck with pickup body for the water and light department. The bid was in the net amount of $648.65, which includes a $200 allowance for the old truck turned in on the deal.

The proposed blackout ordinance, giving air raid wardens legal authority to enforce regulations was given its second reading.

The council approved the appointment by Mayor H. W. Kinghorn of Leonard Johnson to the post of patrolman, succeeding Leon Morehouse, resigned; and of Jack J. Williams as temporary patrolman.

It costs you money every time you don't read these want ads.

PRIMARY RETURNS SHOW INCREASED REPUBLICAN VOTE

State Canvassing Board to Meet Friday to Check Returns

Most notable feature of the recent state primary, next to the outcome itself, was the increase in republican votes, political leaders observed this week as returns from the vote continued to come in from communities throughout the state.

Though engaged in a bitter fight within their party, farmer-labor candidates got out a much smaller vote than the republicans. For every vote cast for farmer-labor candidates, the returns showed, republican candidates received more than three and one-half votes. With 3,404 precincts out of 3,708 reported, republican candidates for governor polled 377,827 votes, and party leaders expected the vote to approach closely or pass the 400,000 mark when all returns are complete, as compared with a vote of 335,375 in all precincts two years ago. Farmer-labor candidates for governor had 105,151 votes in 3,404 precincts, as compared with 411,173 two years ago in all precincts.

Complete returns will not be known until Friday when the state canvassing board meets.

PLOW TURNS UP PERFECT TEETH

Glencoe—Some 43 years ago Henry Narjes [illegible] lost his "uppers". Not only did he lose his own teeth to the dentist but also a fine set which the dentist made to take their place. A bit uncomfortable he found the store teeth and removed them one day while plowing a field placing them in his jacket pocket. They apparently fell out of the pocket unnoticed while he was plowing. Careful search a couple of hours later failed to locate them but now almost 43 years later while his sons were plowing the same field the plate turned up. Except for [illegible] the plate is good as new.

SCHOOLMEN MEET WITH CIVIC GROUP LAST THURSDAY

Representative of the State Education Department Is Speaker

Harry J. Peterson of the state department of education, assistant supervisor of agricultural education and defense training, was the principal speaker at the luncheon meeting of the Civic and Commerce association last Thursday noon. Present were 25 school men from thruout this section of the state.

Mr. Peterson outlined the program sponsored by his department for increasing food production as a war measure and for giving mechanical training to the young men on the farms as a means of aiding farmers in meeting the hardships imposed on them thru shortages of labor and equipment.

The association board of directors and merchants committee met following the session, and agree to underwrite the expense in connection with the appearance in this city October 6 of C. J. Hambro, head of the Norwegian parliament, now living in Princeton, New Jersey.

SCRAP DRIVE LAST WEEK BROUGHT IN LARGE QUANTITY

Campaign Staged in City by the Civilian Defense Organization

The collection of scrap material in the city, scheduled for Wednesday of last week, was continued for several days owing to the inability of the one city-owned truck donated to make the collection to cover the entire city in the one day.

With a house-to-house canvass made in advance by the Victory Aides, working in cooperation with the county civilian defense council, a considerable amount of scrap was collected, including approximately 4,000 pounds of scrap iron, 200 pounds of rubber and 1,000 pounds of rags.

In addition, a considerable amount of discarded furs has been turned into the civilian defense office in the basement of the Auditorium. Proceeds of the sale of the salvaged material will be used to finance war activities in the county, it was announced.

WORKERS' WAGES IN MINNESOTA ARE UP 27.6 PER CENT

Christgau Cites $72,000,000 Increase in Past Six Months

Wages paid to Minnesota workers during the first six months of 1942, as reported to the state division of employment and security, were 27.6 per cent higher than during the first half of 1941, according to an announcement made in St. Paul by Victor Christgau, the agency's director.

Payrolls during the first half of the year totaled $332,400,000. This amount is $72,000,000 more than the $260,400,000 paid during the corresponding period of 1941.

Most of the increase, Christgau said, was represented by greater earnings of workers already employed, since the average employment during the first half of '42 was only 5.4 per cent above the average for the same period in '41.

As of June 30, this year, there were 426,600 workers in the state employed by firms subject to the Minnesota employment and security Act. This is 17,700 more than the 408,900 covered workers at the end of June, last year.

Horse Riders Warned of Night Hazards on Roads

Three suggestions which may avert serious injury or even death to horseback riders who find it necessary to travel motor roads after dark, were issued this week by W. F. Rosenwald, traffic Engineer of the state highway department.

A growing number of accidents have been reported recently from various sections of the state, most of them resulting from the failure of motorists to detect the presence of horse and rider on the highway in time to avoid mishap.

Mr. Rosenwald urged all persons riding horses on roads travelled by motor vehicles to: ride well off the travelled roadway, either out on the shoulder or in the roadside ditch; carry some sort of light, and, at the very least, wear sufficient white clothing to make them more readily observed by motorists.

An ordinary infantry rifle costs the government $80.00. A heavy bomber $335,000.00.

ANOTHER BATTLE TO WIN

Uncle Sam expects the people of Pennington County to turn in five hundred tons of scrap during the next few weeks. Our first reaction to these figures was that it can't be done. There just isn't that much scrap left in the county. But the old man with the whiskers says there is. His estimates are based on the law of averages, and, according to population, he considers five hundred tons a reasonable request. Very well Uncle. If the boys over in the Solomons can do the impossible, so will we.

Scrap really is important and no fooling. It is a necessary ingredient in the production of steel, and steel is essential to the production of ships and shells. We can't win this highly mechanized war without steel.

Because of the shortage of labor and the large amount of fall work to be done, many farmers will not be able to spare the time now to haul in scrap. Essential farm work must come first. But the county salvage committee is prepared to assist in such cases and those farmers who are not in a position to haul in their scrap are urged to notify the committee so that other arrangements for hauling can be made.

On the front page is a thermometer which will show, week by week, the progress that is being made toward meeting Uncle Sam's quota. Forty-six tons are already in and that means only four hundred and fifty-four to go. Let's run the black ink up that thermometer in a hurry.

And, incidentally, it isn't only farmers who have scrap. Townspeople have a lot of it laying around in their basements and attics. Let's have it in a hurry and win this battle of the home front fast.

The Japs have been comparatively inactive for some time — which means that something is about ready to happen again. Several failures probably have made them more cautious. Victories are not being gained as easily as they were in the months that followed Pearl Harbor. The Solomons have taught them that they must now look to their defenses, but they cannot win their war by defensive tactics and they probably will not wait long before they strike—unless we strike first. The attackers have an advantage in being able to choose the place to fight—the big factor in Axis victories to date.

Stalingrad, what there is left of it, is still held by the Russians, or was at the last report. The next broadcast may tell us the Nazis have taken the city but whatever happens from now on, the battle of Stalingrad is a Russian victory. In thirty days of fighting the losses on both sides have been terrific. Hitler, however, is less able to take terrific losses than the Russians. Another week brings October and October brings winter to Russia. Winter is Russia's most effective ally.

Enough progress has been made on the widening of Horace Avenue to indicate what the final results will be. The new street will be considerably wider than other streets in the business section, providing ample room for diagonal parking and a wide lane for traffic. Some day, in the post-war period of made work, a street widening program probably will be adopted for the entire business section.

As far as we know, Thief River Falls will be host to the head of a foreign government for the first time when Hambro of Norway comes here on the fifth of October. Conventions have brought us men of international reputation but none of them has had the official importance that makes Hambro's visit outstanding. And it probably will be a long time before our city will again be so honored.

We didn't need to look at a calendar this week to know that Fall had officially arrived. Three months from tomorrow will be Christmas. Not too early now to start thinking about that Christmas remembrance to the men who are in service across the sea.

VIKING

REV. FLOYD TORNELL FORMERLY OF VIKING WEDS AT MANKATO

In a candlelight ceremony before an altar of palms and candelabra on Friday evening, Sept. 4, Miss Esther C. Gilbertson of Mankato and Rev. Lloyd W. Tornell of Chicago Heights, Ill., formerly of Viking, were united in marriage. The service was read by the Rev. Gilbert Johnson at the Covenant Mission church in North Mankato and took place at 8:30 o'clock. The bridal chorus from Lohengrin and Mendelssohn's wedding march were played by Miss Gertrude Peterson of Mankato. Nuptial music also included "Enough to Know", "Because" and "The Lord's Prayer" sung by Miss Phyllis Anderson of Minneapolis.

The bride was attended by her maid of honor and two bridesmaids, Miss Marion Haug of Minneapolis as maid of honor and Mrs. William Finley of Milwaukee, Wisc., and Miss Marjorie Tornell of Viking as bridesmaids. All three wore gowns of taffeta made with full skirts, fitted scalloped bodice and sweetheart necklines. Miss Haug's gown was blue and she carried white gladiolus. The other attendants wore aqua and rose respectively and carried Johanna Hill roses.

Sharon Carlson, a niece of the bride and Ardyce Jean Greenley, a niece of the groom served as flower girls. They both wore white taffeta ankle length dresses and carried small bouquets.

White satin made princess style with sweetheart neckline and lace inserted in the bodice from shoulder to midriff fashioned the bride's gown. There were lace insets in the skirt, and the fingertip length veil was held in place with a cluster of orange blossoms. She carried gardenias.

The bride's mother, Mrs. C. A. Gilbertson of River Falls, Wisc., wore a dress of [illegible] blue with a corsage of roses. Rev. Tornell was attended by Kermit Greenley as best man and Dr. H. L. Carlson and Arnold Sandell as ushers. The groom and his attendants each wore black tuxedos and wore a white flower on their lapel.

Preceding the wedding a buffet dinner was given at the home of Dr. and Mrs. Carlson, brother-in-law and sister of the bride, to about 25 guests. After the wedding a reception for 200 guests was held in the church parlors. A color scheme of pink and white predominated in the decorations.

Dr. Carlson served as toastmaster and a number of toasts were given and telegrams read. Rev. and Mrs. Tornell left on a short wedding trip and are now making their home at Chicago Heights, Illinois.

The Sunday School conference held at the Mission Covenant church over the past week end was well attended by folks from the Covenant churches throughout the valley. Rev. Jacob Elving was the guest speaker.

Mr. and Mrs. Bud Larson and daughter of Minot, N. D., Mrs. George Monroe, Osella and Ramona Monroe of Radium visited at Mrs. Clarissa Erickson's home on Sunday.

25 Girls from Warren Training Center Get St. Paul Defense Jobs

This past week 25 of the girls who have been training at the Warren war production training center have secured jobs as aviation sheet metal workers in an airlines plant in Saint Paul. These girls who have been placed trained in the sheet metal shop at Warren from July 15th until the time of their placement. All girls are beginning at 60c an hour.

This placement and the enlargement of the Center provides vacancies for 30 young women between the ages of 17 and 25 who are interested in defense training. The Center offers training in either aviation sheet metal or radio.

The girls assigned to the center work 160 hours a month and earn $10.80 a month in addition to their subsistence. Any girl's interested in enrolling at the center should contact their local employment service or write directly to the NYA War Production Training Center at Warren.

CITY COUNCIL PROCEEDINGS

Pursuant to due call and notice thereof, the City Council of the City of Thief River Falls, Minnesota, met in the Council Chambers in the Auditorium and Municipal Building on September 15, 1942. The meeting was called for the purpose of considering the matter of purchase of land for air port purposes, under option expiring on this date. The meeting was called to order at eight o'clock P. M. with Aldermen Grieb[illegible], Peterson, Overum, Rinkel, Severson and Stenberg present.

Alderman Stenberg introduced a resolution determining to accept the offer of the owner of Southeast Quarter of Section Sixteen and the East one half of the Southwest Quarter of Section Sixteen and the North One-half of the Northeast Quarter; also the Northeast Quarter of the Northwest Quarter of Section Twentyone, all in Township One Hundred Fifty-three North of Range Forty-three West of the Fifth Principal Meridian, in the amount of Nine Thousand Dollars, authorizing the Mayor and Clerk to enter into contract for purchase of such land [illegible] and moved adoption of the resolution. Motion seconding adoption was made by Alderman Peterson and the resolution was by roll call duly passed and adopted.

On motion duly made and carried the meeting was declared adjourned.

EMIL GRIEBSTEIN,
President of the Council

Attest: Effie Haney,
Deputy City Clerk.

RESOLUTION

At a special meeting of the City Council held September 15, 1942, Alderman Stenberg, seconded by Alderman Peterson, introduced the following resolution and moved its adoption:

BE IT RESOLVED, By the City Council of the City of Thief River Falls, Minnesota, that it is for the best interest of the City to acquire, establish, construct, own, control, equip, improve, maintain and operate a municipal airport or landing field for the use of airplanes and other aircraft for the benefit of the City and its inhabitants and the City having received from the owners an offer to [illegible] following described real estate which has been found to be suitable for such purposes for the sum of $[illegible]:

The Southeast Quarter (SE¼) of Section Sixteen (16) and the East One-half (E½) of the Southwest Quarter (SW¼) of Section Sixteen (16) and the North One-half of the Northeast Quarter (N½NE¼), also the Southeast Quarter (NE¼) of the Northwest Quarter (NW¼) of Section Twentyone (21), all in Township One Hundred Fifty-three (153) North of Range Forty-three (43) West of the Fifth Principal Meridian.

NOW, THEREFORE, BE IT RESOLVED, that the City Council do determine to accept the said offer and determine to purchase said property for said amount and authorize the Mayor and City Clerk to enter into contract for the purchase and sale of said lands for said sum. Such amount to be payable upon delivery of a good and sufficient Warranty Deed and abstract of title, showing good title in grantors, to be approved by the City Attorney.

ROLL CALL

Aldermen voting Yes: Griebstein, Peterson, Overum, Rinkel, Severson, Stenberg.

Aldermen voting No: None.

Resolution declared passed.

EMIL GRIEBSTEIN,
President of the Council.

Presented to Mayor Sept. 15, 1942.
Approved September 21, 1942.

H. W. KINGHORN,
Mayor.

Attest: Effie Haney,
City Clerk.

GARDEN and TABLE

By ERNEST A. PALMER
County Agricultural Agent

The first light frost is your "go ahead" signal for storing garden produce. Clean out the storage room and make ready with the shelves and containers. There's no place in your storage space for anything but top quality fruits and vegetables. Those slightly spoiled are almost sure to spoil themselves and all the good ones to boot.

Parsnips are the only crop which can be left in the ground for storage. The other crops your garden has to offer will need a little more attention. For methods of preserving these garden products why not ask for the series of folders on food preservation available at this office or write to Bulletin Room, University Farm, St. Paul.

Those late fall apples are beginning to appear now. Try canning them with part corn syrup or part honey with part sugar syrup. All corn syrup or all honey makes not-so-good canned fruit. Honey is satisfactory for as much as half the sweetening while corn syrup is good for as much as one third. In jelly, honey is all right for up to half the sweetening, but corn syrup won't do for replacement of more than one-fourth the sugar syrup needed.

For a better harvest next year, clean up the garden this fall and burn the refuse. The 1942 garden pests won't like it, but next year's crop will get along a lot better. If the cucumber beetles and squash bugs are still at work, it will pay to continue spraying and dusting. Garden insects don't let up at harvest time; neither should you if you want to avoid the pests next season.

One of the newest folders from University Farm is Dry Skim Milk—Its Value and Use. The new folder contains information on the use and value of dry skim milk as well as a variety of recipes to prove how versatile the product is. Copies may be obtained free from this office or by writing to Bulletin Room, University Farm, St. Paul.

Fish Skins As Cure

Along the Maine coast today fish skin bandages are still regarded as the one infallible cure for rheumatism or lameness of the muscles. A strip about two inches wide is cut from a good-sized cod, haddock or cusk, dried and rolled up for use. When applied, it certainly draws more effectively than a mustard plaster.

85 CORN GROWERS PRESENT AT N. W. SCHOOL CORN DAY

Compare Maturity Time of Variety of Hybrid Strains

Eighty-five corn breeders and corn growers from Northwestern Minnesota gathered at the Northwest School and Station at Crookston on Saturday, September 19, for the first annual Corn Day. The day was a success, according to Superintendent T. M. McCall in that corn breeders were able to compare the maturity of their respective hybrids with other hybrid strains and standard varieties offered for sale in the Red River Valley area.

Men who took part on the speaking program were Dr. H. K. Hayes, chief of the division of agronomy and plant genetics, Professor E. Rinke, and Ralph Crim all of University Farm, St. Paul, and R. S. Dunham, agronomist, and Superintendent T. M. McCall of the Northwest School and Station.

Dr. Hayes, in discussing the production of hybrid corns for Northwestern Minnesota, stated "Primary attention was paid in the first corn breeding work in Minnesota to the production of corn hybrids for the central and southern zones in Minnesota. During the past several years the Minnesota, North Dakota, and Wisconsin stations and larger seed companies have produced many hybrids of value for Northern Minnesota. Corn breeding work ranks in value of added income to corn growers with the breeding of small grains for rust-resistance."

R. S. Dunham conducted the tour through the corn plots at the Northwest Station. Corn growers were impressed by the maturity of the very early hybrid strains and the value of a comparative test for the determination of suitable strains for planting.

Prowlers Win Opener from Red Lake Falls

The Prowlers, with Eddie Chommie driving over for a touchdown in the first period and Steve Alnes nabbing a pass in the end zone in the fourth period, and with Bill Bye converting the extra points on sweeps around right end, defeated Red Lake Falls, 14 to 0, Friday night in the opening game on the season's schedule. Coach Kottke's team will journey to Crookston on Friday afternoon for a game with Herschel Lysaker's highly-rated Pirates.

Captain Don Michalsky won the toss for the Prowlers Friday evening, and the locals, defending the east goal, chose to receive. Steve Alnes caught the kick-off on the Prowler 30-yard line and made a 17-yard return, to the Thief River 47-yard line. Mouse Efteland, on the first play, reeled off 6 yards, but the Prowlers failed to gain with two running plays, and Bye punted to the Red Lake Falls 20-yard line. Neither team could gain consistently and the two elevens exchanged punts during most of the period.

In the closing minutes of the period Red Lake Falls' LaChance kicked out-of-bounds on the Red Lake Falls 48-yard line, given the Prowlers the ball in their opponents territory. Pete Michalsky picked up a yard on a spinner, and then Eddie Chommie flipped a pass to Mouse Efteland, who made the catch on the 30-yard line and scampered to the Red Lake Falls 15-yard line before being downed. On a try into the line, Mouse added 2 yards, and on a lateral, from Bye, Efteland circled left end to the Red Lake Falls 9-yard line. Red Lake Falls was penalized 5 yards for offside, and the Prowlers had a first down on the 4-yard line. Bye, on a quarterback sneak, picked up a couple of yards, and on the next play Chommie slashed through for the touchdown. Bye circled right end to add the extra point.

Red Lake Falls made a bid for a score in the third period when a punt was downed on the Prowler 5-yard line, and Billy Bye's punt was taken by Red Lake Falls on the Thief River 29-yard line. The Prowlers were penalized 5 yards for offside; but then the locals' defense, with Marlyn Dorn, Norman Furuseth, and Bob Wright leading the charge, smeared LaPlante for a 4-yard loss at left end, and Orthloff, was held for no gain on a try at right end, and Ray LaPlante lost 7 yards when a passing play misfired. Red Lake Falls punted out-of-bounds on the Prowler 20-yard line, to end the threat.

The Prowlers added their final tally in the fourth period when, after having been stopped on the Red Lake Falls 5-yard line, Bye took LaChance's punt on the Red Lake Falls 25-yard line. A pass, Bye to Homer Matheson, gained 9 yards, and Matheson swung off tackle for a first down on the 11-yard line, Efteland made a yard on a try at center, and Bye tossed a pass to Steve Alnes in the end zone for the touchdown. Bye added the extra point on another successful sweep around right end.

For the Prowlers, backfield men Pete Michalsky, Mouse Efteland, Homer Matheson, Billy Bye, and Eddie Chommie turned in strong performances. Chommie was forced out of the game in the second half when he suffered a badly bruised nose. In the Prowler line, Marlyn Dorn, Norm Furuseth, and Bob Wright were the most effective, but they were given able support from Bud Eide, Chuck Richards, Cal Traver, and Steve Alnes. Red Lake Falls' Armand LaChance and Ray LaPlante were the most effective ball carriers, while LaChance also played well on defense.

Included are a monster pumpkin weighing 55 pounds, a table turnip weighing 6½ pounds, two huge onions weighing more than a pound and a half each, and a sunflower 13 inches in diameter from a plant that was twelve feet in height.

U. S. PREPARES 1ST OF SERIES OF FOUR NEW RATION BOOKS

First Book Covers Rationing of Group of Items for Six Months

As necessary as a steno's powder puff or grandpa's pocket knife—that's what war time rationing books will be like in a few months, says the Office of War Information.

Everyone of us will carry a rationing book—possibly more than one—for a number of commodities may be rationed. The first book of four planned for the "all-purpose" rationing already has been sent to the government printing office in Washington. One hundred fifty million of them will be printed.

The design of the book makes possible its use for straight coupon rationing, such as is now used for sugar, or for use of the point system whereby the consumer may "spend" his ration in various grades and kinds of a general type of commodity. The first book is adequate for rationing of at least two major groups of commodities for a minimum of six months. It contains 192 coupons on eight pages, each page a separate color and each coupon designated by number and letter.

Consumers will receive their books on the basis of the sugar registration. An adult member of the family may apply for books for all members of the family by presenting all the sugar ration books of that group. Sugar ration books will be retained by consumers because sugar rationing will not be affected by the new coupons.

Here is how the books can be adapted to any rationing program:

Suppose meat rationing is the next step. The Office of Price Administration would validate one section of the book as the meat rationing coupons, at the same time making public the regulations controlling their use. Other commodities would be handled in the same way.

DUCK HUNTERS TO START SHOOTING NEXT SATURDAY

Season on Ruffed Grouse or Partridge Will Open Friday, Sept. 25

With a liberal supply of the birds reported in the Thief River Falls area, the annual duck hunting season will get under way Saturday, September 26, thruout the northwest under federal regulations. Shooting will be legal from sunrise to sunset, with a limit of ten daily in the aggregate of all kinds, and a possession limit of twenty.

Shotguns are limited to three shells, and magazines of larger capacity must be plugged. Live decoys are prohibited. All persons over the age of 16 hunting water fowl must have a federal duck stamp.

Ruffed grouse or partridge may be taken for a total of 23 days, divided into three periods, commencing at sunrise on Friday, Sept. 25, and continuing until sunset, Monday, Sept. 28; commencing again at sunrise Saturday, Oct. 10, and continuing until sunset Saturday, Oct. 24; commencing again at sunrise on Wednesday, Nov. 18, and continuing until Sunday, Nov. 21, all dates named inclusive with daily shooting hours from sunrise until sunset of each day, in the following territory:

In all of that territory lying north and east of the system of highways starting at the North Dakota-Minnesota border west of Moorhead, and continuing southeast on U. S. Highway No. 52 thru Barnesville, Fergus Falls, Alexandria, Sauk Center and St. Cloud to its junction with State Highway No. 95; thence east on Highway No. 95 through Princeton, Cambridge, North Branch, Taylor Falls to the Wisconsin-Minnesota border.

The number of partridge or ruffed grouse which may be taken by any one person shall not exceed five (5) in any one day, and shall not exceed fifteen (15) in possession at any one time.

.... With BUCK OLSON

Tough Luck for Homer

Homer Matheson, who has been sharing the left halfback spot for the Prowlers with Ed Chommie, will be out of action for the season as the result of a hunting mishap on Sunday. Homer was shot in the back, near the hips, by a 22 cal. pistol, a pistol which had just been "unloaded". The injury will keep Homer out of a Prowler football uniform for at least four or five weeks, and Homer, judging by his play against Red Lake Falls, was just beginning to get into stride. He made several fine gains on running plays Friday, nabbed a couple of Bill Bye's passes, and on defense he connected for some crunching tackles. Homer turned in a fine all-round game, and Coach Kottke had planned on making intensive use of the loose-jointed Prowler in the remaining games on the schedule; but those plans will have to be changed.

A Mistake

It is generally agreed that it was a mistake to open the season on sharptailed and pinnated grouse, especially in the Pennington and Marshall county areas. I talked with a number of hunters and all of them, even including the relatively few that reported limit or near-limit bags, said that there weren't enough birds to have warranted an open season. The hunters that came in with birds said that they had had the hardest kind of hunting and that it was necessary to scour the thickets in order to get in-range shooting, for the birds that were flushed out of the stubble were wild and nearly always out of range.

Few Get Limit

I met Erv Pearson and Al Whittaker on the road north of Grygla about noon on Saturday, and they were heading back to Thief River, having shot nine birds, including four "yellow-legs". And on Sunday Erv and Al had Ed Johnson along and then, too, they had a good shoot, getting fifteen chickens. Erv. is pretty secretive about where he found the grouse, saying it was "around Grygla"; but I have an idea that it was between Gatzke and Grygla and a bit south of the Moose River. Harold Olson and Pete Pederson, too, came into town with limits and they report that they were "around Grygla". Bill Sponheim, Ole Ness, Albert Swanson, and George Schulke were up around Thorhult and they found enough birds to make a nice bag. Bill, he perhaps won't tell you about it, took a shot at a grouse that flushed close to him, and then learned that he hadn't put any shells in his gun.

Joe LaBoe Bags One

Joe LaBoe, he's the fellow that was bragging about how he would go out Saturday morning and have his limit before ten o'clock, came in with one chicken. I was up around Wannaska on Saturday and I got a couple of birds, but since then all I've been doing is going out in the country to eat my lunch. I must look like a hunter, though, because on Sunday a deputy game warden stopped me and asked if I had any birds. He didn't know me very well. I met Father Emmett Shanahan at Warroad Tuesday afternoon, and we went into the territory south of Salol; but it seemed that the birds had been "burned" out of there. Ed "Pickerel" Nelson, who was with me, did pick up a pair of grouse around Skime on our way home.

He Should Stay Home

Harold Eide is making plans to attend the World's Series, which he says will find the St. Louis Cardinals as the 1942 world's champions. Harold is so hopped up about the Cards' chances, and about their pitchers in particular, that he is saying that the Yanks won't get twenty hits during the series, and that DiMaggio and Gordon will only be a couple of "zero for four" hitters. But if the Card officials knew what kind of a jinx Harold is, a National League jinx, they would refuse to sell him tickets to the games.

They Were Pleased

The fans that saw the Prowlers in their opening game of the football season last Friday were pleased with the performance of coach Kottke's eleven. The Prowlers, in scoring their 14 to 0 triumph, defeated a good Red Lake Falls team, and the locals revealed possibilities in racking up the win. Young Billy Bye, a sophomore, caused much favorable comment by the manner in which he directed the team from his quarterback position, and Bill proved that he is going to be a first-rate punter, too, getting off several long kicks. Marlyn Dorn and Norman Furuseth, the Prowler guards, were outstanding in the work of the line, and many times they crashed through to muss up the Red Lake Falls offense. Mouse Efteland, playing at right halfback, flashed good speed and drive in the reserve plays, and with better timing these plays are going to gain much ground for the Prowlers. Mouse is a touchdown threat whenever he gets loose. Eddie Chommie, until he bruised his nose and was taken out of the game, exhibited the hardest drive among the Prowler backs, and Eddie was on the throwing end of a couple of successful passes. And Pete Michalsky was same steady, reliable Pete that has been a star on the past Prowler football teams, and this year, his third season as a regular, Pete is showing that he can play in the backfield, in addition to being a first-rate lineman.

MINNESOTA IS ORGANIZED TO BRING IN SCRAP

State Newspapers Cooperate with War Production Board

ASK 1,000 POUNDS OF SCRAP OFF EACH FARM

Drive to Continue Thruout Remainder of the Current Year

Daily and weekly newspapers in all three northwest states, Minnesota, North and South Dakota, are putting their shoulders to the wheel to get America the scrap iron and steel it needs to make the munitions of war.

In Thief River Falls, the Times is participating in the salvage drive in cooperation with the Minnesota Press association. Newspapers all over America are working to get in the scrap at the request of Donald M. Nelson, chairman of the War Production Board.

"Salvage is one of the most important war-time problems confronting us at this time," says F. Peavey Heffelfinger, deputy regional director of the WPB in charge of priorities and materials. "We want 1,000 pounds of scrap from every farm in the northwest. This will materially help in making the salvage campaign a success. Every old farm implement, every piece of unused agricultural machinery should be turned in at once. These are desperately needed for the making of the munitions of war. The press will do a mighty important work in this effort."

Minnesota newspaper editors mapped plans for their salvage campaign at a meeting in Minneapolis last week; North Dakota editors at a meeting in Fargo and South Dakota editors in a session at Huron. Newspaper campaigns will continue through October.

Scrap depots are being set up in every community in the northwest. Persons who wish to sell their scrap will be paid by dealers or at the depots. Proceeds from donated scrap will go to various service organizations such as the Red Cross or the U. S. O.

Every person who has any scrap at all, particularly iron and steel, is urged to take it to the nearest scrap depot at once. In cases where farmers have large amounts of scrap which they cannot conveniently move, they should contact their local salvage committee. The salvage committee will make arrangements to move bulky amounts of scrap.

Mr. Heffelfinger pointed out that scrap must be kept moving towards the steel furnaces, and in the northwest states it is particularly important that it be moved early. After snow is on the ground, it is difficult to locate and ship scrap. Mr. Heffelfinger said that two big furnaces in the Chicago area were recently closed down because of lack of scrap.

In the making of steel, scrap is used about half-and-half with iron ore. At some furnaces in America, the scrap content runs as high as 55 per cent. Without scrap iron and steel, the entire steel production program, which is of vital importance to the war effort, might bog down.

Patrol Arrests 1,098 Drivers, Levies Fines of $14,853 in August

One thousand and ninety-eight motorists were arrested for traffic violations by state highway patrolmen during the month of August, and 2,902 additional drivers were handed out warning tickets for less serious infractions of the state's traffic safety laws. In addition 2,475 motorists were given "must repair" tags for driving with illegal or unsafe equipment.

Of the motorists arrested, 196 were convicted of careless driving, 169 of improper passing, 181 of driving at excessive speeds, 170 of driving with improper equipment and 92 of driving under the influence of intoxicating liquors. One hundred and nine of those arrested ran through stop signs or signals, 27 were driving in the wrong lane or over the centerline and 16 were parked improperly on the roadway.

Fines assessed by the courts during the month totalled $14,853 and brought up to a total of $103,354 the amount of penalties levied so far this year.

In all 7,162 drivers have been arrested by highway patrolmen for traffic violations since January 1 and in addition 14,345 have been given illegal equipment tags, 12,825 have been given verbal warnings and 6,891 were issued written warning tickets.

POTATO STOPS .22 BULLET SHOT

Blooming Prairie — European battlefields aren't the only places where embedded shells and bullets are found these days. While preparing the spuds for the family meal last week Mrs. Frank Starman, Jr. cut into one that held a .22 calliber bullet firmly encased in its center. The tuber was perfectly formed and showed no signs of where the bullet had entered.

Naval Postmaster at San Juan, Puerto Rico

RUFUS STANLEY OLSON

Of Thief River Falls is postmaster for the 10th Naval District at San Juan, Puerto Rico, and has been acting in that capacity for more than a year. While he was aboard ship he was a quartermaster and it is an old Navy custom that, wherever possible, the quartermaster handles the distribution of mail. "Oly" did so well with it that when the Navy Post Office was opened at San Juan he was asked to take charge. The post office is functioning smoothly now and Olson is getting restless so he has asked to be relieved this month.

A great deal of this restlessness dates from the time earlier this year when Oly got a month's leave and went home to Thief River Falls. All of his travels in the six years he had been in the Navy hadn't quite got his mind off "the little girl back home" in St. Hilaire with whom he had been so chummy since childhood. He laid his case before Miss Violet Larsen, with the result that they were married before he went back to sea.

If he can get the assignment he has asked for he will be back in the States shortly and Mrs. Olson will be able to join him. He wants to go to lighter-than-air school and learn to pilot one of the Navy's big gas bags in the war against submarines.

Olson is a graduate of St. Hilaire High School, class of 1936. He decided he wanted to see something of the world after he left school and he chose the Navy as the best means of travel. He went to Grand Forks, North Dakota, to enlist and since then he has been over a good portion of the globe. He is still sold on the Navy.—Official U. S. Navy Photo.

Weights of Trucks and Loads Increase Sharply During Past Six Years

A 33.5 per cent increase in average weights of trucks and loads was the most notable feature of a comparative study of summer traffic on trunk highways in 1942 and 1936 made by the Minnesota highway planning survey, joint project of the department of highways and the federal public roads administration. The number of trucks decreased 8.1 per cent, counts indicated, but with increased weights the net total tonnage of trucks and loads was 22.6 per cent greater in 1942 than in 1936.

Passenger cars were 25.5 per cent fewer in 1942 than in 1936. Minnesota cars dropped off 20.6 per cent and foreign cars 44.2 per cent. Passenger cars were 81.5 per cent of the total number of vehicles in 1936 and 81.3 per cent in 1942.

Tractor trucks with semi-trailers were 52.7 per cent more numerous in 1942 than in 1936. There was a 9.7 per cent decrease in the number of "light" trucks, those of 1½ tons rated capacity or less. "Medium" trucks, of more than 1½ and less than 5 tons capacity, decreased 42.8 per cent, while "heavy" single unit trucks, of 5 tons capacity or more, dropped off 82.8 per cent.

Railroads Act to Limit Ticket Reservations

Constantly increasing demands for train transportation have prompted tightening of rules governing reservation of space, A. J. Dickinson of St. Paul, passenger traffic manager of the Great Northern railway, has advised all company ticket agents.

The new rules, designed to obtain maximum use of available passenger equipment, now are in effect throughout the country, said Mr. Dickinson.

The Great Northern official said that in all cases military needs will get first attention, after which civilian business will be handled to the best of the railroads' ability.

GRYGLA

Return from Vacation Trip

Ellen Dalos and Alice Anderson returned last Tuesday from a Month's vacation trip that took them on a wide circle of interest. They visited at Camp Rucker at Ozark, Alabama with Oliver Dalos; at Shaw Field at Sumter, S. Carolina with Raymond Anderson; at Norfolk, Virginia with Mr. and Mrs. Herbert Anderson; at St. Augustine, Florida and Washington, D. C., where they saw historic sites; and at Madison, Wisc., and Minneapolis, where they visited friends.

Farmers Union Local Meets

The Farmers Union local met at the hall last Tuesday evening. The following program was given: recitation by Dennis Erickson; skit, "The Cooperative Wagon" by four boys; reading by Adeline Franzman; a play, "Little Nell", by a group; and reading by Luverne Franzman. It was decided to discontinue the junior class for the winter months and to organize classes for the Junior Reserves and Juveniles instead.

Lunch was served by Mrs. B. M. Anderson and Mrs. Eric Sundberg.

Mr. and Mrs. Wilmer Wolfe and daughter of Norwood arrived on Friday to spend a few days at the Axel Sund home.

ACHIEVEMENT DAY AT GRYGLA SATURDAY

A 4-H club Achievement Day will be held at the Grygla school auditorium on Saturday, Sept. 26. All 4-H members and members of their families are urged to attend. A noon luncheon will be served to be followed by a program and style revue.

Members are asked to have their exhibits at the schoolhouse by ten o'clock so that Miss Ada Tadnem of Bemidji can judge them. Dalton Sealing, Beltrami county agent, will judge all livestock at homes of members who have calves, lambs etc., in the forenoon or late afternoon of the same day. All 4-H records must be sent in to the county office in order to make a member eligible for a prize.

Bold Bear Causes Excitement

Farmers just south of town have been busy the past few days trying to kill the big black bear which has been on the rampage on nearby farms. On Saturday night three lambs and a goat belonging to Waldemar Leverson were killed. The marauders returned on Sunday and Monday nights also and on Monday night several sheep belonging to Alfred Franzman were killed. The farmers and other hunters on his trail have sighted the beast but their shots have missed so far. The game warden has been notified and it is to be hoped that the bear will be snared before more livestock is lost

P. T. A. To Meet

The first meeting of the Grygla P. T. A. will be held at the school house on Friday evening, Sept. 25.

Mr. and Mrs. Sidney Fladeland and children of Warren visited with Mrs. Bertha Fladeland last Wednesday evening. They accompanied Mr. and Mrs. Walter Halbrook and sons who spent the evening at the Harold Bush home.

Lars Nyggard returned Saturday from Great Falls, Montana, where he had been employed on a defense project.

Mrs. Ella Leverson of Halstad visited at the Ole Tollefson home a few days last week.

A letter was recently received by Mr. and Mrs. Hans Olson from their son Joseph who is stationed at Hoffman Island, N. Y., with the U. S. Coast Guard and Maritime Service. In his letter Joseph stated how well he liked his work and proudly told of having been promoted to third class engineer's mate. Joseph enlisted last June.

Mr. and Mrs. Paul Paulson, Mr. and Mrs. Kermit Paulson and Wayne, Mr. and Mrs. Roy Paulson, Mr. and Mrs. Sigfred Nygaard and children and Victor Nygaard all went to Smiley on Sunday where they attended a parcel shower for Mrs. Alvin Samuelson, given at her home. On their return they were accompanied by Mrs. Victor Nygaard and son, who had been overnight guests at the Samuelson home after returning from a ten-day visit with relatives at Fergus Falls and Perley.

Obed Olson returned to his home here on Friday after working in the harvest at points in North Dakota.

Mrs. Marvin Vosberg and son returned home last week after spending several weeks with friends at Thief River Falls.

Mr. and Mrs. Earl Glithvedt and children, who have visited relatives here for the past few weeks, left on Tuesday for Pelican Rapids where Mr. Thieling will be employed.

Lyle Thieling and Oscar Harrenstein of Pelican Rapids, and George Hanviker and G. Gehagen, both of St. Paul, enjoyed some chicken hunting in this area over the weekend. While here they were guests at the Erling Glithvedt home.

Mrs. Spencer Talbert (Beatrice Trontveit) arrived last week from New Orleans, Louisiana for a visit with her parents. On Sunday she will leave for Los Angeles, Calif., where she will be employed.

Vernon, Lester and Thelma Ostlund and Arlyn Bush left on Saturday for Grafton, N. D., to pick potatoes.

Mr. and Mrs. Carl Galls and Nancy of Bagley spent the weekend at the Christ Clauson home.

Mr. and Mrs. Hans Strom and family and Elmer Strom were entertained at the John Brateng home on Thursday evening in honor of Mrs. Brateng's birthday.

Mrs. Ralph Bush recently received a letter from her brother Sgt. George Thompson who has been transferred to the army camp at Little Falls.

The John Rustvold family and Duane Stenberg spent last Thursday evening at the Andrew Stenberg home, the occasion being the observance of the birthdays of Charles Rustvold and Morris Stenberg, which occurred that day. Mrs. Stenberg served a lovely lunch which featured a white birthday cake decorated with pink.

Mrs. Morris Windness entertained Mr. and Mrs. Ezra Davy and Darlene at Sunday dinner, the occasion being in honor of Mrs. Davy's birthday.

COUNTY BOARD PROCEEDINGS

September 8th, 1942

Pursuant to law, the Board of County Commissioners of Pennington County, Minnesota, met at the office of the County Auditor at 10:00 A. M. on September 8th, 1942.

Members present: Bredeson, Mulry, Mandt, Race and Roy.

Members absent: None.

Minutes of the meetings of August 4th and 13th, 1942, were read and approved as read.

A petition was filed by Christ Mattison and Peter P. Lesch requesting that the SW¼ of Section 21, Township 153, Range 42, and the SW¼ of Section 22, Township 153, Range 42, be set off from School District No. 120 to School District No. 5.

Moved by Commissioner Mandt and seconded by Commissioner Roy that a hearing on the above petition be held at 3:00 P. M. October 6th, 1942 in the office of the County Auditor. On being put to a vote motion was duly carried.

The Board having prepared a list of parcels of land forfeited to the State of Minnesota for non-payment of taxes under any existing law declaring the forfeiture of land to the State for taxes, which list shows the classification of real estate as agricultural and non-agricultural, as well as the appraised and reappraised value determined by the Board, ordered the said list filed with the County Auditor, and on motion of Commissioner Mandt, seconded by Commissioner Roy, and duly carried unanimously, said list was approved.

Commissioner Race offered the following resolution for adoption:

It is hereby resolved that all lands which pursuant to Chapter 386, Laws of 1935 as amended have been forfeited to the State of Minnesota for non-payment of taxes under any existing law declaring the forfeited land to the State for non-payment of taxes, shall be offered for sale to the highest bidder at the office of the County Auditor in the Court House in the City of Thief River Falls, Pennington County, Minnesota, commencing at 10:00 A. M. on the 10th day of November, 1942, and continuing from day to day until all parcels are offered. A list of said lands being on file in the office of the County Auditor in said county.

The foregoing resolution was seconded by Commissioner Mulry and carried.

Moved by Commissioner Roy and seconded by Commissioner Race that the County appropriate $344.34 to Norden Township for road work. Carried.

Moved by Commissioner Race and seconded by Commissioner Roy that the County appropriate $150.00 to the Finance Committee, Pennington County Defense Council. Carried.

Commissioner Mulry offered the following resolution and moved its adoption:

WHEREAS, Pennington County has acquired the ownership in fee of Lot five (5) of Block Six (6), of Meehan's Addition to the City of Thief River Falls, Pennington County, Minnesota, and,

WHEREAS, Harriet H. Christensen has offered the County of Pennington the sum of One hundred ($100.00) dollars for a conveyance of said property to her, and

WHEREAS, The County Board of Pennington County, having considered said offer and having deemed it to be for the best interests of the County to sell said property;

NOW, THEREFORE, BE IT RESOLVED, That the Pennington County Board of Commissioners will consider and vote upon the sale of the above described premises on the tenth day of November, 1942, pursuant to the provisions of Chapter 633, of Mason's Minnesota Statutes.

The foregoing resolution was seconded by Commissioner Mandt, and unanimously carried.

Moved by Commissioner Race and seconded by Commissioner Mandt that the road committee and the bridges and culverts committee inspect roads, bridges and culverts September 29th, 1942. Carried.

We find the Treasurer charged with the Tax Levy for 1941, as follows:

Tax Levy for 1941	$326,144.96	
Total Debit		$326,144.96
Taxes collected	$189,505.85	
Total Credit		189,505.85
June 1st, 1942, Balance uncollected		$136,639.11

We hereby certify that we have verified the correctness of the foregoing statement by checking the duplicate receipts with the tax books for the period above named.

BOARD OF AUDIT, PENNINGTON COUNTY.
Alfred Bredeson, Chairman County Board
A. M. Senstad, County Auditor
Henry Storhaug, Clerk of District Court.

TO THE COUNTY BOARD, Pennington County, Minnesota:

Pursuant to law I present below, a statement showing the amount of taxes levied for County purposes for the current year, the amounts collected and apportioned to date, and the balance uncollected, together with the actual cash balance remaining to the credit of each County fund at the close of business on the 30th day of June 1942.

A. M. SENSTAD, County Auditor.

THEY ASKED FOR IT...

LET'S LET 'EM HAVE IT!

Here's a scrap we stay-at-homes can all get into. Uncle Sam's calling for *action* on the home front. That's what we've been waiting for, isn't it?

If you're an average sort of town family you're supposed to have 100 pounds of scrap metal lying around your premises—scrap that will do a real job in a torpedo.

If you're a typical sort of farm family you've got something like 1,000 pounds of idle scrap—enough to make a considerable mess in Herr Hitler's back yard.

Talk about "second fronts"! From fields, attics, parks, cellars, backyards, garages, alleys, shops, kitchens, closets, will come... screws, bolts, nuts, keys, iron fences, ancient cannon, hair pins, coat hangers, town water towers, abandoned bridges, machinery, tools, pipe, auto parts—anything and everything made of iron and steel.

Give 'em the works—and don't make the mistake of thinking you can't do it! You will be surprised how much you can dig up when you swing into action. There's that old hot water tank you thought you might use some day. Right now you've got the most important job for it you'll ever find!

Our boys at Manila, Wake and Midway didn't say "Can't." The Russians hung on grimly to Sevastopol until after 50,000 tons—more than thirteen 100-car train loads of metal and explosives—were hurled at them!

No mistaking, it will take a lot of cold steel—and hot steel—to tame that gang of international brigands we're tangling with. And that iron and steel is needed NOW—every pound of it we can dig up.

The all-out battle for metal begins October 1. Sure you'll volunteer, and be one of the first to turn in your quota!

And remind your neighbor, too.

They asked for it... Let's let 'em have it.

WHY SCRAP IS SO IMPORTANT

First—Scrap iron and steel is needed in the process of making new steel from iron ore.

Second—A pound of scrap metal melted together with a pound of pig iron (made from iron ore) produces nearly two pounds of new steel.

Railroads are breaking all records in getting tremendous quantities of iron ore from the mines in northern Minnesota to the boats on Lake Superior. The Great Northern Railway alone is moving nearly one-third of all of the iron ore that is being consumed by the roaring steel furnaces of the Nation.

But iron ore is not enough!

Scrap metal is the urgent need!

The production of tanks, guns, shells, ships, etc., for our fighting forces is slowing up because of lack of scrap metal.

Our Commander-in-Chief has appealed to every American to search out and turn in the last ounce of scrap metal from his home, business and farm.

★ You'll find full information about how to dispose of your scrap metal in your newspaper. Every county, city and town will have scrap collections. Whether you sell your scrap to a junk dealer or donate it to some organization that has enlisted in the scrap round up, your scrap will get into the fight! *From out-grown safety pins to worn-out tractors, let's shoot the works!*

One War Week

A calendar of events on one war job in one recent week gives a graphic picture of how General Electric is working to meet wartime emergencies.

1. THURSDAY: An order was received at an eastern G-E factory for equipment, needed by a U. S. warship near Australia. A special call went out.

2. THURSDAY NIGHT: As many workers as could be efficiently employed on the job worked all night, all day FRIDAY, assembling the equipment.

3. SATURDAY: Under police escort, the equipment was rushed to a nearby airport. Traveling by plane, it arrived in San Francisco on SUNDAY.

4. WEDNESDAY: A bombing plane landed the equipment at its Pacific destination—10,000 miles from the factory—six days after receipt of order.

General Electric believes that its first duty as a good citizen is to be a good soldier.

From where I sit . . .

by Joe Marsh

When I drop into Sam Abernathy's store, I usually come away with something worth rememberin'.

Sam's our town's most successful storekeeper and he's not one to do much talking, unless he figures he's really got something to say.

Last evenin' he said plenty.

• • •

Stranger was in the store. And Ben Ryder, Homer Bentley and some others were talkin' about the scrap collection when this feller sort of horned in . . .

"I hear these scrap collections are a lot a bunk," he says. "Fact of the matter is, this junk they're gathering ain't no use for makin' steel. Just a waste of time gettin' it together . . ."

At that point Sam steps in.

"Just a minute," he says, fixing him with a cold and steely eye. "May I inquire where you got them so-called facts?"

The stranger hems and haws, and Sam advances on him grim and unsmilin'.

"Name your authority, sir," he says. And he wasn't kiddin'! "Tell us, where did you get all this inside, private information?"

Well, sir, I never saw Sam so mad since Lem Martin's dog chased the cat into the pickle barrel. And I guess I never saw a man crawfish out of a place fast as that fellow did.

• • •

Thinking it over afterwards, I came to the conclusion that Sam's got the real system for handling folks who throw facts and figures around free and easy like.

F'instance, I've noticed there's some pretty fancy fact and figure jugglin' done by some of those who oppose the right enjoyed by millions of decent people to drink a friendly glass of beer when they want to.

Lately I've been asking these folks the same kind of questions that Sam asked that rumor-mongerin' stranger. Try it yourself, next time you hear anybody making derogatory remarks—whether it's against the war effort . . . or just against beer.

STATE CANVASSING BOARD COMPLETES ITS VOTE CHECKUP

Governor Stassen Biggest Vote-Getter in Recent Primary Election

More Minnesotans cast ballots in the Sept. 8 primary election than in the 1940 primary. That's the big news the state canvassing board made public Friday.

The total vote cast this year was 580,482, compared with 573,404 in 1940, 576,376 in 1938 and 534,209 in 1936. Most officials had expected a smaller vote than in 1940 in line with what has happened in most other states.

Gov. Harold E. Stassen, Republican nominee for a third term, received the highest vote of any candidate in any party, the report showed, his 218,457 leading the field by a wide margin.

Senator Ball, who was before the voters for the first time, had a wider plurality, however. He led Walter K. Mickelson, New Ulm publisher, who was his nearest opponent for the Republican nomination, by 86,889 votes, 197,773 to 111,834.

Ed Thye of Northfield, picked by Gov. Stassen to succeed him when the governor reports for active duty in the navy next spring, defeated Lieut. Gov Elmer C. Anderson, his nearest opponent among the eight seeking the GOP nomination for lieutenant governor, by 50,953 votes—174,658 to 124,605, with 89,761 distributed among the six others.

A total of 409,787 ballots were cast in the Republican gubernatorial contest, indicating a total Republican vote near 100,000 greater than two years ago, and providing a possible clue to where Democrats, who had no statewide contest, voted.

The largest Farmer Labor vote for any single office, was cast for governor, with Right Wing Leader Hjalmar Petersen polling 66,405. The total of Farmer Labor ballots in 1940, was 133,548.

Close behind Petersen in the matter of total vote was Elmer Benson, Farmer Labor association leader, who won the third party senate nomination with 68,051 votes, Mrs. Ernest Lundeen, widow of the former senator, ran second with 24,019.

To Open Wartime Science Course at U.N.D. Oct. 1

A 16-week wartime course in mathematics and physics, authorized by the U. S. office of education, will open at the University of North Dakota October 1, officials reported Wednesday.

The course is designed for men who are working for military commissions, and for women interested in technological or laboratory work and those who want to teach physics and mathematics in high schools, it was announced.

A minimum of two years credit in high school mathematics is required of students, who must be high school graduates. No tuition or fees for instruction will be charged, officials stated.

Lyceum Feature at Plummer Tuesday Evening

"Sounds of the Air", an original and copyrighted program based on the experiences of Harold Allen and Alice Demmons in Hollywood and radio-land, will be presented at the Plummer Auditorium, Tuesday evening, September 29, 1942 at 8 o'clock.

These artists have toured from coast to coast and their program has had an enthusiastic reception in over forty states. They combine their talents in a cleverly planned program consisting of dramatized dialogue, bird mimicry, musical artistry, sound effects, and humor. They dramatize spectacular facts about birds and their calls in continuity over their own microphones, bringing in bits of humor and numbers which Mr. Allen has whistled in pictures.

Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

Scrap iron and steel, other metals, rubber and waste materials. It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

Throw YOUR scrap into the fight!

FEW CASES ON CALENDAR FOR OCTOBER TERM

Fall Term of District Court Will Open in This City Monday, Oct. 5

JURY NOT SUMMONED UNTIL A WEEK LATER

Five Condemnation Appeals are Included in Nine New Actions

A short calendar of cases is scheduled to come up for disposal at the October term of Pennington county district court, which opens next Monday, October 5, with Judge James E. Montague of Crookston presiding. The petit jury, if summoned, will appear for duty the following Monday, October 12.

The calendar of cases, as completed this week in the office of Henry Storhaug, clerk of court, includes only nine new civil actions in addition to three continued cases and a half-dozen criminal cases to be presented by County Attorney Paul A. Lundgren.

Included in the new civil cases are five appeals in condemnation actions: Albert Eid vs. Ole J. Wedul, Emil Just vs. Harry R. Allen, the County of Pennington vs. the Town of Kratka and Emil Just vs. Wendell Corbett and Oscar Gunstad.

Continued actions are those of Dr. Edward Bratrud et al. vs. Nash-Finch company; St. Lukes Hospital vs. Nash-Finch company; and Reichert Brothers vs. E. L. Danielson.

New criminal cases include two involving the illegal sale of liquor, one paternity proceedings and one action involving criminal negligence.

ANNUAL RAM SALE AND EXCHANGE DAY SLATED OCT. 5TH

Gives Local Sheep Raisers Chance to Improve Breeding Stock

The annual ram sale and exchange day sponsored by the extension service and local sheep breeders will be held Monday, October 5, at the fair grounds in Thief River Falls, county agent Ernest Palmer stated today.

The event will open at 9 in the morning and close at 2:30 in the afternoon.

This event is planned to give sheep men a chance to trade off rams that are out of use in their own flocks and to look over the offerings of purebred breeders from this and neighboring counties.

The Ram Day is especially useful this year because it will save time that might otherwise be spent shopping around to get the kind of a purebred ram needed to improve the flock. All rams offered for sale or exchange will be purebred, and there will be a good choice of individuals in the most popular breeds.

Mr. Palmer says that interest in better sires is running high this year, because the good demand for both wool and lambs has put a premium on quality stuff.

Annual Pennington Co. Teachers Institute Is Set for Friday, Oct. 2

Miss Grace Nordgaard of the state department of education will be the instructor at the annual Pennington county rural school teachers institute to be conducted in the Lincoln high school auditorium Friday, October 2, starting at 9 o'clock in the morning and continuing until 4 in the afternoon. Arrangements for the institute have been made by Miss Judith Lockrem, county superintendent of schools.

Scrap Metal to be Picked up Throut T. R. Falls Next Saturday Morning

Included in the parade next Monday afternoon, October 5, which will be a feature of Salvage Day in this community, will be the scrap metal collected in a special drive next Saturday morning, October 3, under the auspices of the Pennington county salvage committee. Householders are asked to place their scrap metal on the street next to the curb in the center of each block by 11 o'clock Saturday morning, arrangements having been made for a dozen trucks to pick up the material.

THE INDEPENDENT OPENS ENLARGED STORE SATURDAY

A. M. Magnuson Announces Formal Opening of New Supermarket

Providing much needed space for its expanding operations, the Independent Supermarket Saturday will hold the formal opening of its enlarged and completely remodeled quarters, the space now being twice as large as that formerly occupied, A. M. Magnuson, proprietor, announced today.

The sales room now measures 75 feet in width, with a depth of 60 feet, in addition to a large space in the rear for filling orders and weighing out merchandise. Fluorescent lighting and new low-type fixtures have been installed throut the store, with all departments being conveniently marked.

Push carts are available for patrons wishing to serve themselves, with three checkout counters provided. In addition, from 16 to 18 clerks are employed regularly.

Mr. Magnuson stated that the Texas Ranger, popular attraction heard over Radio Station WDAY, Fargo, will be present at the store in person Saturday afternoon at 2:30 and again at 3:30 to provide songs and instrumental music.

Air Raid Wardens Will Attend Meeting Friday

Air raid wardens of this community, as well as other persons interested, are urged to attend a meeting in the Auditorium Friday evening, October 2, at 8 o'clock, it was announced today. A. J. Rau, manager of the local telephone exchange, will present motion pictures prepared by the Bell Telephone system dealing with blackout precautions in London.

PROCLAMATION

WHEREAS, our Nation needs scrap now to win this war, and

WHEREAS, the newspapermen of the Nation have agreed to lead the people in a continuing metal salvage program as long as the need exists, and

WHEREAS, Minnesota newspapers, already doing a splendid job of publicizing and co-ordinating this effort in our State, are now offering through Minnesota Editorial Association an American Flag to the County making the best record and a Certificate of Merit to the leading Community in each County for the month.

NOW, THEREFORE, I, Harold E. Stassen, Governor of the State of Minnesota, do hereby proclaim

THE MONTH OF OCTOBER
as
METAL SALVAGE MONTH

and especially urge the people of Minnesota to co-operate with the members of Minnesota Editorial Association in an intensive effort to move the greatest possible volume of scrap metal before winter slows up this important program.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Minnesota to be affixed at the State Capitol in St. Paul this 23rd day of September, 1942.

(Signed) HAROLD E. STASSEN,
Governor.

Attest:
(Signed) Mike Holm,
Secretary of State.

Substantial Prizes Will be Awarded in Various Divisions

PARADE TO START AT 3:30 IN AFTERNOON

Entrants to Register in Advance at Taxerass Impt. Co.

The kick-off of the most intensive scrap metal collection drive to date in Pennington county, and which will continue until snow flies, will be next Monday, October 5, featured by a parade in which citizens from throut the countryside will bring in their collections to compete for a generous distribution of cash and merchandise prizes.

Other events of the day will be the participation of the Hon. Carl J. Hambro, who will be in the city to deliver an address preceding the parade and again in the evening, as well as reviewing the parade; and in addition the annual ram sale and exchange will be conducted at the county fair grounds in the morning and early afternoon.

Parade entrants will register at the Taxerass Implement company on Main av. S. before 3 o'clock on Monday afternoon, while the parade will get under way at 3:30, starting at Main av. and First st.

The list of prizes to be awarded is published elsewhere in this issue. Included are prizes ranging from merchandise up to $10 cash to farmers bringing in the heaviest loads of scrap, as well as to farmers bringing in a truck or trailer load the longest distance,

T. R. GROCERY CO. CONTRIBUTES $101 TO USO CAMPAIGN

Puts Pennington Well over Its Quota, Chairman Luhman Says

The Pennington county campaign for funds for the support of the United Service Organizations in providing for the needs of service men in camps throut the nation, late last week received an outstanding addition in the form of a check for $101.25 from the Thief River Grocery company, branch of the Nash-Finch company of Minneapolis.

The contribution represents a percentage set aside for that purpose in connection with the company's anniversary sales campaign conducted in July.

Ralph Luhman, serving as chairman of the USO drive, announced that last week's payment brings to a total of $440.88 the sum raised in the county, compared to a quota of $325.

City Assessed Values Register Gain in 1942

The total assessed valuation of all real and personal property in the city of Thief River Falls is $1,716,290, compared to $1,623,728 in 1941, or an increase of nearly $100,000, City Assessor T. M. Threnson announced Monday as the city board of review opened its three-day session. The figures were subject to amendment by the local board.

The full and true value of lots in the city was fixed at $859,795, with buildings valued at $3,071,346, or a total full and true value of $3,931,141. Assessed valuation of homestead property was placed at $459,434, while that of non-homestead property was $837,362, or a total assessed valuation of $1,296,796, compared to $1,231,518 in 1941. Assessed value of unplatted property was $7,494.

Personal property this year was assessed at $552,356, compared to $514,846 in 1941, these figures being before the deduction of household exemptions. Moneys and credits this year were appraised at $918,000 compared to $887,905 in 1941.

Howard Balderstone Marries Brandon Girl At Church Wedding

Nuptials for Miss Mae Harriet Bolin, daughter of Mr. and Mrs. Carl F. Bolin of Brandon, Minn., and Howard M. Balderstone, son of Arthur M. Balderstone of Jacksonville, Arkansas, were solemnized at the Chippewa Mission Covenant church parsonage at Garfield, Minn., on Saturday, September 5, at 11:30 a. m. Rev. Elmer D. Landerdahl prompted the vows.

The bride wore a beige and brown plaid wool suit with a corsage of Johanna Hill roses. Her only ornament was a gold bracelet, a gift of the bridegroom. Her sister, Mrs. Willard Rogney of Minneapolis, was her attendant and she wore a brown and yellow ensemble with a corsage of yellow roses. Willard Rogney, brother-in-law of the bride, was best man.

Immediately following the ceremony a wedding dinner was held at the home of the bride for the immediate relatives, centering the bridal table was the beautifully decorated wedding cake made by the bride's sister, Mrs. Willard Rogney.

After their wedding trip through southern Minnesota, the bride resumed her teaching duties at the Winona Public Schools while the bridegroom left for Biloxi, Mississippi, where he is an instructor at Keesler Field Army Air Corps Technical School. Mrs. Balderstone is a graduate of the St. Cloud State teachers college with the class of 1941 and has attained her Bachelor of Science degree in education. Kendall Gustafson Is Wed to Lily Erickson In Fertile, Sept. 26

Bouquets of garden flowers and lighted tapers formed the setting for the wedding of Miss Lily Erickson, daughter of Mr. and Mrs. Robert Erickson of Fertile, to Lieut. D. Kendall Gustafson, son of Mr. and Mrs. C. Dave Gustafson of this city. The ceremony took place in the Concordia Lutheran church at Fertile on Saturday, September 26, at 3:00 p. m. with Rev. O. W. Tolo prompting the vows.

The bride was lovely in a gown of white chiffon fashioned along princess lines with a long train and trimmed with seed pearls. Her floor length veil was caught by a tiara of white pearls. Roses and pompons made up her bridal bouquet and her only ornament was a necklace, a gift of the bridegroom. She entered the church on the arm of her father, who gave her in marriage.

Attending her were Miss Ethel Brunsberg as bridesmaid and Mrs. George Hull of Fargo, N. D., as matron of honor. They wore identical rose glow and pale pink chiffon gowns and carried colonial bouquets. Attending the bridegroom as best man was Norman Peterson, of Thief River Falls, brother-in-law of the bridegroom, and ushers were Charles Gustafson, brother of the bridegroom, and Roland Erickson.

Nuptial music was furnished by Mrs. Albert Lundby of Fertile who played the Bridal Chorus from "Lohengrin" and Mendelssohn's "Wedding March". The bridegroom's brother, Ralph Gustafson, sang Grieg's "I Love Thee" and "Oh Promise Me" preceding the ceremony.

A reception was held in the church parlors after the wedding for approximately 50 guests. The bridal table was centered by a three tiered wedding cake and appropriately decorated with flowers. Mrs. Norman Peterson of Thief River Falls and Miss Phyllis Erickson of Moorhead poured.

Lieutenant Gustafson is a graduate of Lincoln High School and of Hamline University and is now serving as second lieutenant in the U. S. Army. Mr. and Mrs. Gustafson left yesterday for Camp Shelby, Mississippi, where they will make their home.

Howard Balderstone Marries Brandon Girl At Church Wedding

Nuptials for Miss Mae Harriet Bolin, daughter of Mr. and Mrs. Carl F. Bolin of Brandon, Minn., and Howard M. Balderstone, son of Arthur M. Balderstone of Jacksonville, Arkansas, were solemnized at the Chippewa Mission Covenant church parsonage at Garfield, Minn., on Saturday, September 5, at 11:00 a. m. Rev. Elmer D. Lauderdahl prompted the vows.

The bride wore a beige and brown plaid wool suit with a corsage of Johanna Hill roses. Her only ornament was a gold bracelet, a gift of the bridegroom. Her sister, Mrs. Willard Rogney of Minneapolis, was her attendant and she wore a brown and yellow ensemble with a corsage of yellow roses. Willard Rogney, brother-in-law of the bride, was best man.

Immediately following the ceremony a wedding dinner was held at the home of the bride for the immediate relatives. Centering the bridal table was the beautifully decorated wedding cake made by the bride's sister, Mrs. Willard Rogney.

After their wedding trip through southern Minnesota, the bride resumed her teaching duties at the Winona Public Schools while the bridegroom left for Biloxi, Mississippi, where he is an instructor at Keesler Field Army Air Corps Technical School. Mrs. Balderstone is a graduate of the St. Cloud State teachers college with the class of 1941 and has attained her Bachelor of Science degree in education. Mr. Balderstone graduated from the St. Cloud teachers college in 1937 with his Bachelor of Education degree, and in 1941 he attained his Master of Science degree in education at the University of North Dakota. He taught in the Central and Lincoln High Schools in Thief River Falls for five years before leaving for Biloxi, Mississippi.

Kendall Gustafson Is Wed to Lily Erickson In Fertile, Sept. 26

Bouquets of garden flowers and lighted tapers formed the setting for the wedding of Miss Lily Erickson, daughter of Mr. and Mrs. Robert Erickson of Fertile, to Lieut. D. Kendall Gustafson, son of Mr. and Mrs. C. Dave Gustafson of this city. The ceremony took place in the Concordia Lutheran church at Fertile on Saturday, September 26, at 3:00 p. m. with Rev. O. W. Tolo prompting the vows.

The bride was lovely in a gown of white chiffon fashioned along princess lines with a long train and trimmed with seed pearls. Her floor length veil was caught by a tiara of white pearls. Roses and pompons made up her bridal bouquet and her only ornament was a necklace, a gift of the bridegroom. She entered the church on the arm of her father, who gave her in marriage.

Attending her were Miss Ethel Brunsberg as bridesmaid and Mrs. George Hull of Fargo, N. D., as matron of honor. They wore identical rose glow and pale pink chiffon gowns and carried colonial bouquets. Attending the bridegroom as best man was Norman Peterson, of Thief River Falls, brother-in-law of the bridegroom, and ushers were Charles Gustafson, brother of the bridegroom, and Roland Erickson.

Nuptial music was furnished by Mrs. Albert Lundby of Fertile who played the Bridal Chorus from "Lohengrin" and Mendelssohn's "Wedding March". The bridegroom's brother, Ralph Gustafson, sang Grieg's "I Love Thee" and "Oh Promise Me" preceding the ceremony.

A reception was held in the church parlors after the wedding for approximately 50 guests. The bridal table was centered by a three tired wedding cake and appropriately decorated with flowers. Mrs. Norman Peterson of Thief River Falls and Miss Phyllis Erickson of Moorhead poured.

Lieutenant Gustafson is a graduate of Lincoln High School and of Hamline University and is now serving as second lieutenant in the U. S. Army. Mr. and Mrs. Gustafson left yesterday for Camp Shelby, Mississippi, where they will make their home.

Land O'Lakes Creameries to Retire Certificates

Directors of Land O'Lakes Creameries, Inc., Minneapolis, have voted redemption on November 30 of the balance of two series of certificates of interest, representing a total payment to members of $174,823. The action retires all certificates of interest issued prior to 1938. Certificates of the 1936 and 1937 series, properly endorsed, should be mailed to Land O'Lakes by November 30 in order to facilitate payment.

Get Wooden Leg

Out in Colorado, Timeo Valdez had vainly tried for two years to get together enough money to buy a wooden leg. When he heard that they handed them out free in State prison, Timeo went out on a "job." Win or lose, he figured he was sure to get his new leg.

Knut Wetleson, Red Lake County Pioneer, Passes Away Sunday, Age 92

Funeral rites are being held today, Oct. 1, in the Salem Lutheran church in Garnes, Red Lake County, for Knut Wetleson, age 92 years, 2 months, and 5 days, who died on Sunday, September 27, at a local hospital. Rev. J. K. Lerohl conducted the rites assisted by Rev. E. O. Sabo of Mavie.

Mr. Wetleson was born in Moe, Telemarken, Norway, in 1850 and emigrated from Norway in 1881, arriving at Fergus Falls, Minn. He lived for several years near Moorhead and homesteaded in the Town of Garnes, Red Lake County, in 1896. For nineteen years he made his home on his farm in Garnes in summer and in winter he lived in Thief River Falls, until three years ago when he sold his farm and resided in this city until his death. He was one of the oldest settlers in this community. Besides his farming interests, he was also a parochial school teacher and taught in his parish school for 49 years.

Relatives surviving are three cousins, Tollef Lunde of Douglas, N. D., John Langeli of Grand Forks, N. D., G. Langeli of Norway; one second cousin, Mrs. O. Stenberg of Oklee; three nephews and one niece, Melvin Prestlien, Wanda, Joe, and Nels Prestlien. His parents and seven brothers and sisters preceded him in death.

Funeral Services Wednesday for Mrs. Mary Lendobeja, 72

Funeral services were held yesterday, September 30, for Mrs. Mary Lendobeja in the St. Bernard's Catholic church at 9:00 a. m. Rev. A. I. Merth officiated and interment was made in the church cemetery. Mrs. Lendobeja died at her home in Kratka township on Saturday, September 26, at the age of 72 years 8 months and 1 day.

Mrs. Lendobeja was born on January 25, 1870, in Poland. She was married to Peter Lendobeja and together they came to America in 1891 and lived in Columbus, Nebraska, for three years. Later they lived in Grygla for seven years and finally they came to Kratka where they since made their home.

Five sons and three daughters survive, namely, Julian, Theodore, and Mrs. Bert Johnson, all of Goodridge, Adams, Walter, and Leon of Thief River Falls, Mrs. A. J. Gerend and Mrs. Lucille Heberling of Akron, Ohio; eight grandchildren; and one brother John of Bulka, Poland. Her husband, three daughters, and one brother preceded her in death.

and awards to the farmer in each township bringing in the largest load.

Prizes ranging from $3 to $10 will be awarded to the 4-H clubs credited with the most scrap, $5 each to the Boy Scout and Girl Scout troop bringing in the most scrap, and awards for the biggest load carried in a coaster wagon, wheelbarrow and doll buggy.

There will also be special prizes for novelty entries, in addition to which all entrants will receive reserved seats for the Hambro address in the evening in the high school gymnasium. Prizes will be awarded at that time.

The parade, which is under the direction of F. E. Hageman, cooperating with local implement dealers, will be headed by the Legion color guard, and will include four musical organizations, the Thief River Falls municipal band, the Lincoln high school band, the local drum corps and the Mentor high school band.

Starting at Main av. and First st., the parade will proceed up Main av. to Third st., east to LaBree av., south to First st., east to Horace av., north to Second st., and east to the city scale, where those who have not previously done so will weigh their scrap metal.

The parade will be in four sections. The first, to face east at Knight av. and First st., will include the colors, band, first ward and townships of Norden, Numedal, Bray, Polk Centre and Sanders.

The second section, to face south at First st. and Arnold av. N., will include the drum corps, second ward, and townships of Cloverleaf, Kratka, Mayfield, Wyandotte and Smiley.

The third section, to face north at First st. and Arnold av. S., will include a band, third ward and townships of Reiner, Star, Hickory, Deer Park, Highlanding and Goodridge.

The fourth section, to face south at First st. and Duluth av. N., will include a band, fourth ward, and townships of Silverton, Rocksbury, North, River Falls and Black River.

Last Rites for Olavus Paul Johnson Oct. 3

Olavus Paul Johnson died at his home at 217 Conley Ave. So. on Tuesday, September 29, at the age of 69 years 7 months and 11 days. Funeral rites will be held in the Larson chapel Saturday, October 3, at 2:00 p. m. with Rev. V. L. Peterson officiating.

Mr. Johnson is survived by his wife, five sons and two daughters, Henry of Webster, S. Dak., Palmer, Morris, and Earl of this city, Marcella and Bertha of Hollywood, and Orville in camp; two grandchildren; and one brother in Winthrop, Minn. Two children preceded him in death.

Annihilating Snakes

A motorist discovered by accident one very drastic method of annihilating snakes. He had stopped his car when a large black snake attacked it and sank its fangs into one of the tires. The snake apparently chose a thin portion of the casing, for its fangs went clean through and punctured it. Before the snake could withdraw its fangs the escaping air inflated its body and blew it to pieces!

ASLEEP IN BACKYARD; AWAKENED MILES AWAY

Willmar.—Strange tale is the one Elmer S. Knudsvig, who lives west of Brooten, told local police. Tired and weary from lack of sleep he drove into his farm yard one night recently and proceeded to fall asleep in his car. Several hours later he awakened in the back seat to discover a stranger at the wheel of the car which was traveling between Spicer and Willmar. The supply of gasoline was exhausted and to his query "What are you doing with my car?", the stranger replied, "I'm going to get you some gasoline and then you can have your car back." Whereupon said stranger made a hasty departure. Mr. Knudsvig's cash in the amount of $12.00, his driver's license, sugar rationing book and a few other sundry items were missing.

Betty Crocker KITCHEN CLINIC

EASY ON THE SUGAR BOWL AND MIGHTY DELICIOUS

Here is a deliciously tender, spicy, molassesy gingerbread that fairly melts in your mouth. The good old-fashioned kind that's very moist and almost black! Dress it up in all sorts of ways for different desserts. You'll be falling back on it often, because it takes only 2 tbsp. of sugar! Here is the recipe:

HADDON HALL GINGERBREAD

- ½ cup shortening
- 2 tbsp. sugar
- 1 egg
- *1 cup black molasses
- 2¼ cups sifted all-purpose flour
- 1 tsp. soda
- ½ tsp. salt
- 1 tsp. ginger
- 1 tsp. cinnamon
- 1 cup boiling water

*You can get the best flavor and color by using black New Orleans molasses.

Cream shortening, add sugar, and cream well. Blend in well beaten egg and molasses. Sift flour, soda, salt and spices together . . . and add to creamed mixture alternately with the boiling water. Pour into a heavily greased and floured 8-inch square pan (2¼ inches deep). Bake about 45 minutes in a slow moderate oven (325° F.). Serve hot . . . either plain or dressed up as a special dessert. Delicious topped with Whipped Cream, Whipped Cream and Sliced Bananas, Chocolate Sauce and Whipped Cream, Apple-Nut Whip, Banana-and-Apricot Glaze, or Cream Cheese and Lemon Sauce, etc.

With Cream and Lemon Sauce

Split square of gingerbread into 2 layers and spread white cream cheese (softened with milk) between. Place a dab of cheese on top, and pour your favorite Lemon Sauce over all. Sprinkle with grated lemon or orange rind.

Gingerbread Ring With Applesauce

Bake gingerbread in a heavily greased and floured 9-inch ring mold (not more than ½ full) . . . about 45 minutes in a slow moderate oven (325° F.). Serve on a chop plate with bowl in center filled with applesauce. Garnish with sweetened whipped cream.

With Apple-Nut Whip

Beat 1 egg white until it will hold a point. Then gradually beat in ½ cup confectioners' sugar. Fold in ½ cup cream whipped until stiff. Fold in grated apple (2 tart apples) and ½ cup chopped nuts. Chill. Serve on gingerbread.

Growing With Your Child

Deafness

The origin of deafness very frequently lies in those troubles of nose and throat so common among little children. Diseased tonsils and adnoids, what we call "colds," the acute infectious children's diseases are responsible for most of the deafness which so greatly impairs the happiness and usefulness of many adults. Because the Eustachian canal is wider and straighter in the child than in the adult, the transfer of disease germs from the nose and throat to the ear is very easy in childhood. The child should be watched with especial care during and after the infectious diseases, especially scarlet fever, measles and diphtheria. It is at this time that inflammation is often set up which will lead to mastoid operations, and deafness in many cases. An earache is so often a sign of inflammation of the ear that it should never be neglected.

We may suspect deafness, or ear trouble, if some of the following indications are present. The stupid, vacant look which is often associated with deafness may be the result of enlarged adnoids. If this is the case, the breathing of the child may be difficult too. Inattentiveness and frequent asking of questions are by no means always the result of inability to hear, but they should arouse suspicion in the mind of the parent who can think of no other reasonable explanation. Sometimes the child's posture becomes odd, on account of his efforts to listen with his "good" ear. Again, it may be his poor school progress that betrays the handicap he is struggling under. Many schools are now doing a very fine piece of work in examining children's hearing, and placing deaf or partially deaf children in special classes.

This, however helpful it may be, is only locking the door after the horse has been stolen. We can hardly stress too emphatically the need of great care of the ear during colds, or during convalescence from various illnesses. Trouble sometimes sets in because the parent has not understood the importance of keeping the child quiet for at least forty-eight hours after the temperature has become normal. The ill or convalescent child should also be kept away from persons who have colds or other upper respiratory infections, as in his weakened condition he is more liable to infection.

College Terms Certain to be Shortened, Says Head of Minnesota "U"

Basic changes in the educational procedures of colleges and universities, including the University of Minnesota, are inevitable in the near future as these institutions adapt themselves to the war, President Walter C. Coffey of the University of Minnesota said today.

As fast as government action, including financial assistance, makes it possible, he said, higher educational institutions will offer able-bodied male students what will amount to a pre-induction training period. It is expected that soon after reaching the age of 20 years these men will be called to duty.

Dr. Coffey said the old concept of a four-year educational period, with vacations, is doomed, at least for the period of the war.

Specialized courses fitting them for approved types of service that will contribute directly to the war effort will be offered to women students, of whom large numbers will be on the campus, and to male students who are not qualified for military service.

President Coffey pointed out that recent official statements have begun to make clear the policy to be followed, among them that by Secretary Henry L. Stimson, saying that qualified male students may not expect to continue in their usual student status after the end of the term in which they reach age 20. The Navy has indicated that it sees shorter college terms coming by stating that Naval ROTC courses will be only as long as the courses in which its students are enrolled.

SOME HAVE NO FEET

Sometime, somewhere, recently, we read a piece of Oriental advice to the effect that people without shoes should not complain until they have considered the plight of those who have no feet, and during the past week that bit of wisdom has come to the surface every time we have listened to complaints of the awfulness of the conditions under which we must live. The right to grumble is a part of the American tradition but occasionally we overdo it.

In the war effort we are subjected to a constant barrage of "do" and "don't", and not all of the authorities who order us around exercise the best judgment. Contradictory commands are common and there is much confusion. There are some very little men in very great places. There is reason aplenty therefore for complaints. But, after all, we cannot expect a machine that has been assembled so suddenly to operate without vibration and it isn't strange if, now and then, a gear is stripped.

We are ordered to do a few things but in the main the government looks to us for voluntary cooperation and, as citizens of a Democracy, we should cooperate to the best of our ability in whatever we are requested to do.

Should we complain? Of course we should when there is cause for complaint. The right to gripe is what we are fighting for. But let's keep our complaints as reasonable as possible and before we give them circulation consider the advice to people who grumble because they have no shoes.

To those of us who remain at home the war has brought little real hardship as yet. We are just getting nicely started down the road to Sacrifice. We may have to get along without automobiles and other things that have become as essential to us as shoes. But in the world today there are many nations without feet.

In the drive to meet its quota of 500 tons of scrap, Pennington County has already moved one-fourth of the distance and within the next week should pass the halfway mark. Committees directing this effort look forward to an excellent response Monday when a scrap parade will be conducted in honor of C. J. Hambro, President of the Norwegian parliament. Norway is very much in the war, Norwegian shipping having been a big factor in the survival of the United Nations, and in honoring Hambro we pay tribute to a nation that is an active ally. We know of no more fitting way of honoring one of the world's great leaders under the circumstances than by saying it with scrap.

Seats for 3,000 people will be available Monday evening when Hambro addresses an audience in the high school gymnasium. The price of admission is reasonable. All you have to do to be admitted is buy fifty cents worth of war stamps—and you keep the stamps. In other words admission is free because you probably would buy the stamps anyway. Of course if you want to buy more stamps, or even a bond, the gatekeepers will not turn you away. Fifty Victory Aids have worked three afternoons making up stamp corsages that will sell for a dollar and these will be very acceptable as credentials.

Hitler made a speech yesterday in which he urged his people to gird up their loins again for another tough winter, but his talk probably don't meet with the enthusiastic response that his speech did on a similar occasion last year. In referring to the Russians last year he boasted, "Now it can be declared that the enemy already is broken and will never rise again." No doubt many of the Germans who listened to him yesterday recalled what he had told them a year ago. Faith in their leader must be undergoing a severe strain these days.

Several inches of snow narrowly missed us last week—by-passed us to the south by only a few miles. It doesn't hurt to give a little thought now and then to the fact that not all of our breaks are bad.

GARDEN and TABLE

In many homes, whole green peppers are canned or brined for winter soups and salads. Canning saves more vitamin C, but larger quantities of peppers can be kept by brining. To brine: wash peppers carefully and leave whole. Prepare a strong brine using 3½ pounds of salt and enough water to make 1 gallon of brine. Soft water is preferable. Place peppers in clean stoneware crocks or wooden containers. Cover peppers with brine and keep under brine by weighting down a wooden cover or china plate. If mold or fermentation shows at any time, add more salt. Cover solution with paraffin to prevent evaporation.

Cabbage is a Victory Food Special beginning this week and continuing through October 10. The domestic type is usually most plentiful now, but in some areas of Minnesota there is a large crop of Danish cabbage. Danish is solid and stores well; domestic is softer and should be used at once. Formerly much of the fall cabbage was used by commercial canners. This year tin is not available, and it's up to us to make our own supplies of kraut. Fresh-broken Danish heads won't keep long and should be used in this way, too. Kraut is simple to make. Directions are given in Extension Pamphlet 102, "Preserve Garden Products by Drying, Mixing and Brining". Come to this office for your free copy, or write for it to the Bulletin Room, University Farm, St. Paul.

Though some fall horseradish is on the market now, plant scientists say it is better to delay harvest until October. Three or four days before digging the roots, cut off the tops as close to the ground as possible. Put the roots in cold storage, or store in pits with other vegetables. If roots are stored in the barn, cover with straw, or something similar, to prevent freezing. Don't expose the roots to light or they will turn green. You'll be wanting to grow horseradish again next year, when supplies of imported seasonings may be further reduced. For the new crop, save any rootlets as thick as your finger. Tie them in bundles and store in a box of damp sand in the cellar. Replant in the spring.

Cover the strawberry patch when temperatures drop to 20 or 15 above. Plants won't get properly hardy if you mulch too early. Wheat straw makes the most satisfactory mulch. Usually it should be applied late in October, but it's a good idea to get it ready now so that you are prepared for a sudden cold snap.

Don't cultivate the ground around raspberry plants after the last picking. Cultivation stimulates fall growth and prevents proper ripening of the cane. Late in October, guard against winter-killing by placing the cane down on the ground and covering with earth.

Rake the debris and grass from around apple trees this week so that mice won't find refuge there. Young apple trees in particular can be badly damaged from mice feeding on the trunk. Late in October, place a mound of dirt around the trunk of each tree. Make it about 1 foot high to discourage mice from trying to climb to the trunk.

64 HOURS AT WELDING JOB

Hallock.—Most everybody some time or other has missed one night's sleep, and even probably two nights but who can exceed the stretch Hilmer Stenquist put in over an electric welding machine recently? Employed by an implement company that has been making repairs and machines for farmers during the harvest season he worked one long period of 64 hours without sleep. That's not all either. After a six-and-one-half hour rest he went back on the job and put in another 17½ hour spell.

Older Technical Men are Eligible to Air Corps

The U. S. Army has raised its age limit on the enlistment of technical workers in the Air Corps ground crew. Now men up to the age of 60 can qualify, whereas before the maximum was 44. Men with experience as mechanics, machinists, assemblers, instrument makers and repairmen, appliance servicemen, radio operators and repairmen, metal workers, and welders can qualify if they can pass the physical requirements for the regular Army. Those interested are asked to write to the U. S. Army recruiting office at Grand Forks, N. D.

IT MAY NEVER HAPPEN AGAIN!

Morris—When the grandstand ticket sales at the Stevens County Fair were checked following the Sunday afternoon performance, it was found 1037 tickets had been sold. When the grandstand ticket sales for the Sunday evening performance were checked it was found 1037 tickets had been sold. Selling exactly the same number of tickets for two successive performances, especially into a grandstand and with a share of the crowd made up of non-paying children, is a coincidence that probably will never happen again!

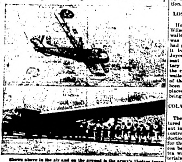
New Troop-Carrying Glider for U. S. Army



Shown above in the air and on the ground is the army's 15-place troop-carrying glider, the CG-4A, now in quantity production at Wichita, Kans. In the hands of a skilled pilot the glider can be landed in almost any small field or pasture. The glider has a wing span of 83 feet and 8 inches, and weighs only 3,000 pounds. Note troops boarding glider in lower picture. Gliders of this type may be used against Axis when invasion time comes.

Commando Tactics at Harding Field, La.

Soldiers are undergoing a special training course in Commando tactics at Harding Field, La. Here we see a soldier about to leave the jumping tower and dive into a blazing pool of water. The soldiers are taught to swim with a modified breast stroke, splashing water in front of them to protect them from the flames. The tower from which they leap is 20 feet high, the approximate distance of a transport's deck from the water. In case of a torpedoing, the soldiers would have to dive into the flaming water with their full packs and swim for shore.

LOST WALLET RECOVERED AFTER FOUR YEARS

Houston.—Four years ago Eddie Wilson of Crystal Valley lost his wallet, the contents of which he was not certain. Long ago he had given up hope of ever finding it but one morning recently as Joyce Benson removed the rear seat of his automobile preparatory to hauling merchandise to the county fair, he discovered the wallet with $302.00 in it. Miracle of the whole story is the car had been parked various and sundry places over the years without ever being locked.

COLA BEVERAGES GO ON RATION BASE OCT. 1

The cola beverages, manufactured with caffeine as an important ingredient, go under allocation control October 1, the War Production Board has decided. Reason for the move is that supplies of cocoa beans, coffee, coffee scrapings, tea waste and mate, the raw materials from which the drugs that go into these beverages and medicines are made, have been reduced by the present shipping situation. The order will reduce the amounts of caffeine which can be made for beverage production.

Proposed Amendments to the Constitution of Minnesota

To be submitted at 1942 General Election

STATE OF MINNESOTA
LEGAL DEPARTMENT
J. A. A. BURNQUIST
Attorney General

St. Paul, Minnesota
January 28, 1942

Honorable Mike Holm
Secretary of State
State Capitol
St. Paul, Minnesota

Dear Sir:

In compliance with the provisions of the 1941 Supplement to Mason's Minnesota Statutes of 1927, Section 44, I make this statement of the purpose and effect of the amendments proposed to the constitution of Minnesota to be voted on at the November 3, 1942 general election in accordance with Laws 1941, Chapters 171 and 555.

PROPOSED AMENDMENT NUMBER 1

By the enactment of Laws 1941, Chapter 171, the legislature has proposed an amendment to Article 8, Section 6, of the constitution.

This section now reads as follows:

"The permanent school and university fund of this state may be invested in the bonds of any county, school district, city, town or village of this state, and in first mortgage loans secured upon improved and cultivated farm lands of this state. But no such investment or loan shall be made until approved by the board of commissioners designated by law to regulate the investment of the permanent school fund and the permanent university fund of this state; nor shall such loan or investment be made when the bonds to be issued or purchased would make the entire bonded indebtedness exceed 15 per cent of the assessed valuation of the taxable property of the county, school district, city, town or village issuing such bonds; nor shall any farm loan or investment be made when such investment or loan would exceed 30 per cent of the actual cash value of the farm land mortgaged to secure said investment, nor shall such investments or loans be made at a lower rate of interest than 3 per cent per annum, nor for a shorter period than five years, nor for a longer period than thirty years, and no change of the term, school district, city, village or of county lines shall relieve the real property in such town, school district, county, village or city in this state at the time of issuing of such bonds from any liability for taxation to pay such bonds."

If amended as proposed by the legislature, this section will read as follows:

"The permanent school, permanent university and swamp land funds of this state may be loaned to or invested in the bonds of any county, school district, city, town, or village of this state and in first mortgage loans secured upon improved and cultivated farm lands of this state, but no such investment or loan shall be made until approved by the board of commissioners designated by law to regulate the investment of the permanent school fund and the permanent university fund of this state; nor shall such loan or investment be made when the bonds to be loaned or purchased would make the entire bonded indebtedness exceed 15 per cent of the assessed valuation of the taxable property of the county, school district, city, town, or village issuing such bonds; nor shall any such farm loan or investment be made when such investment or loan would exceed 30 per cent of the actual cash value of the farm land mortgaged to secure said investment; nor shall such investments or loans be made at a lower rate of interest than two per cent per annum, nor for a shorter period than one year nor for a longer period than 30 years and no change of the town, school district, city, village, or county lines shall relieve the real property in such town, school district, county, village or city in this state at the time of issuing such bonds from any liability for taxation to pay such bonds."

PURPOSE AND EFFECT

The purpose and effect of this proposed amendment is to reduce the rate of interest at which certain of the state's permanent trust funds may be loaned to, or invested in the bonds of any county, city, village, town, or school district in the state from three per cent per annum to two per cent per annum; also to reduce the minimum term for which such loans and investments may be made, from five years to one year, and also to include the swamp land fund among the state's trust funds which may be so loaned and invested.

PROPOSED AMENDMENT NUMBER 2

By the enactment of Laws 1941, Chapter 555, the legislature proposed an amendment to Section 36 of Article IV of the constitution, and required its proposal to be stated on the ballot, thus:

"Shall Article IV, Section 36, of the constitution be amended so as to simplify and reduce the expense of publishing amendments to home rule charters of cities and villages?"

The part of the section in which a change is proposed now reads as follows:

"* * * Such charter so deposited may be amended by proposal therefor made by a board of fifteen commissioners aforesaid, published for at least thirty days in three newspapers of general circulation in such city or village, and accepted by three-fifths of the qualified voters of such city or village voting at the next election and not otherwise; but such charter shall always be in harmony with and subject to the constitution and laws of the state of Minnesota. * * *"

If amended as proposed by the legislature, the same part of this section will read:

"* * * Such charter so deposited may be amended by proposal therefor made by a board of fifteen commissioners aforesaid, published for at least once each week for four successive weeks in a local newspaper of general circulation in such city or village, and accepted by three-fifths of the qualified voters of such city or village voting at the next election and not otherwise; but such charter shall always be in harmony with and subject to the constitution and laws of the state of Minnesota. * * *"

PURPOSE AND EFFECT

The purpose and effect of the proposed amendment is to require publication of amendments to home rule charters once each week for four (4) successive weeks in a legal newspaper of general circulation in such city or village instead of publication in three (3) newspapers of general circulation in such city or village for at least thirty (30) days as now required.

There are many cities and villages which do not have three local newspapers. In such cases, under the present provision, publication must be made in newspapers printed elsewhere and circulating locally. If the proposed amendment is adopted, publication will be required in only one (1) qualified newspaper four (4) times, thereby reducing the difficulty and expense of amending home rule charters.

Very truly yours,
J. A. A. BURNQUIST,
Attorney General.

The Suez canal is swept from end to end for mines at regular intervals.

Are you entitled to wear a target lapel button?

You can ONLY if you are investing at least ten percent of your income in War Bonds to do your part on the home front toward winning the War.

The target lapel button is a badge of patriotism, a badge of honor. You should feel proud to display it. The buttons are obtainable at your plant management, at the office of your local War Bond chairman, or at your Payroll Savings Window where you authorize your ten percent payroll deductions.

Enlist in the ten percent War Bond army and do your part to win the War.

More Men Than Women

More men than women are afflicted with dandruff. There are reasons: Two of them. Men wear tightly fitted hats that keep the scalp overheated; they shampoo their ambrosial locks in a careless, haphazard manner.

They swozzle a bar of soap over their heads, stand under the shower, vainly imagine that their scalps are clean and the suds removed.

'Tain't so. To get the scalp clear of dead skin scales, there should be plenty of friction. The shampoo medium should be liquid, so it will pass through the brain wool onto the flesh.

NO SUCH THING

"Naw. He said I was tryin' to work him."

"H'm. How foolish to suspect youse of working."

Money in Patches

Numerous neat patches on the clothing of a tramp in the Camooweal district of Australia earned him the name of "Billy Patches," and by that name he was known until he died. He was considered "queer, but harmless" because of his patches. After his death it was revealed that under each patch was sewn a treasury note and that "Billy Patches" really was a walking bank, according to reports received in Sydney.

Early Horse

The history of horses is traceable back to the Tertiary geological period. At that time, there existed a tiny fox-like creature whose several toes helped it to get about on soft, swampy ground, and from this animal evolved the modern horse.

Bacon and Eggs

According to the statistics of railway dining cars, eggs and bacon is one of the most popular dishes in Scotland.

Crookston Eleven is Prowler Victim 20-0

Sparked by the stellar play of Pete Michalsky, Norman Furuseth, Marlyn Dorn, and Bill Bye, the Prowlers, by a three-touchdown margin, 20 to 0, upset a favored Crookston Pirates eleven in a game played at Crookston's Highland Park Friday afternoon. The Prowlers will conclude their season's "travel" schedule this evening when they meet the Bemidji Lumberjacks on the B. S. T. C. field in Bemidji. The remaining four games on the schedule, following the Bemidji contest, will be played "at home".

Friday's game found the Prowlers scoring on the hefty Pirates early in the first period. The locals after receiving the kickoff, which was taken by Dorn, failed to gain their yardage in three plays in mid-field, and Bye punted to the Pirate 20-yard. On the second play the Pirates committed the first of a number of fumbles and Dorn recovered for the Prowlers on the Crookston 27-yard line. A penalty carried the ball to the 12-yard line, and Bill Bye, who was one of the game's brightest stars, picked up 11 yards on a swing around right end. Two plays failed to gain, but then Bye slid off tackle for the touchdown. The try for extra point failed when Bye's place-kick was low.

Crookston made their only serious threat at a score in the third period when an exchange of punts gave the Pirates the ball on their 40-yard line. Toddie Johnson circled right end to the Prowlers 40-yard line. Don Youngquist gained 18 yards on another sweep at the ends. Youngquist, on a shot into the line, added 6 yards, and a pass to Willis Swanson was completed on the Thief River 16-yard line.

The Prowler line, playing fine defensive ball held for downs on their own 14-yard line, and when Bye, making the game's longest run, carried the ball to mid-field, the Pirate threat was stopped. Bye punted from mid-field, and the locals were again in a position to score when Furuseth recovered a Pirate fumble on the Crookston 30-yard line. Failing to gain the Prowlers punted to the Pirate 10-yard line. Chuck Richards slashed in to block the Pirate punt and the Prowlers had the ball on Crookston's 5-yard line. Bye swung around right end to tally the game's second touchdown; and added the extra point by circling right end from a fake kick formation.

The Prowlers added their final touchdown late in the fourth period when Pete Michalsky intercepted one of Crookston's frantic last-minute passes on the Pirate 10-yard line and was downed on the Crookston 2-yard line. Bye flipped a pass to Billy McKechnie for the touchdown, and the extra point was gained when Bye again swept around right end.

Alf Borry Shows Movies at Lions Club Meeting

Alf Borry supplied a motion picture program at the weekly luncheon meeting of the Lions club Wednesday noon in the Palm Garden Cafe. He showed excellent color movies of the Ninth district American Legion convention held in this city in June, as well as scenes on a trip thru the Black Hills of South Dakota and films dealing with various aspects of the war in Europe.

Local Navy Man Receives Petty Officer's Rating

Harold Buck of the U. S. Navy, who for the past four months has been taking a course in electricity in Detroit, Michigan, last week received his petty officer's rating. He was one of the top twenty men in his company of 120 who were selected to receive further instruction at the Consolidated Edison company in New York City. He is the son of Mr. and Mrs. Huber Buck.

High-Salaried Wives

Income tax returns in the U. S. showed that more than 56,000 wives earned bigger incomes than their husbands did. Thirty of these married women received from $125,000 to $625,000 a year.

Some More Tough Luck

I hope that the Prowlers do not make a habit of providing a tough-luck item every week, but it seems so because I have another one this week. Last week, through a hunting accident, the Prowlers lost the services of Homer Matheson; and during Tuesday afternoon's scrimmage Eddie Chommie suffered a broken arm, breaking the bone in his left arm a short distance below the elbow. And that means that Eddie is through with football for the year. The chunkily-built Chommie was one of the team's most reliable runners, the finest tackler on the squad, and a fair passer, so his loss will put quite a crimp in the effectiveness of the Prowlers. Eddie appears to have been 'jinxed' all year, for during an early season practice he received a couple of bruised ribs and a pair of sprained fingers; and during the Red Lake Falls game he received a lacerated nose, forcing him from the contest. A nose mask had been ordered for Eddie but it did not arrive in time for the Crookston game last Friday, so coach Kottke was forced to spare Eddie as much as possible. On Tuesday a special face mask was borrowed from Red Lake Falls, and then during the scrimmage Eddie received the broken arm.

The loss of left halfbacks Homer Matheson and Eddie Chommie has built up quite a problem for coach Kottke. It means that he will have to shift Bill Bye from quarterback to the left halfback position, and send Bill McKechnie to the quarterback spot, with Mouse Efteland and Pete Michalsky filling the other backfield posts. That's the quartet that saw most of the action in the Crookston game. But the Prowlers need a couple of capable backfield reserves.

They're a Light Team

The probable Prowler line-up that will face the Bemidji Lumberjacks at the kickoff tonight will average 148 pounds in the backfield, and 160 pounds in the line. And that, especially for the backfield, is a light team. A catalog of the Prowler weights reads like this: left half-back Bill Bye, 144 pounds; right halfback Mouse Efteland, 148 pounds; fullback Pete Michalsky, 172 pounds; quarterback Billy McKechnie; 132 pounds; left end Bob Wright, 158 pounds; left tackle Chuck Richards, 162 pounds; left guard Norm Furuseth, 150 pounds; center Bud Eide, 158 pounds; right guard Marlyn Dorn, 174 pounds; right tackle Cal Fraver, 160 pounds; and right end Steve Alnes, 162 pounds.

A Nice One to Win

The Prowlers, having played and won their first two games, have already tied last season's winning mark of two victories. And the Prowlers should be able to mark up a couple more wins in the remaining four games. But the triumph over coach Herschel Lysaker's Crookston Pirates on Friday gave the boys plenty of satisfaction, for Crookston was expecting to "take" the Prowlers. It was quite a shock for Crookston to lose the game, and especially to take a three-touchdown loss.

But the Prowlers will be given the acid test tonight when they play Red Wilson's Bemidji team. And that would be a nice one to win, too. Although the Lumberjacks lost such stars as Jack Vinji and Sid Nelson through graduation, they have come up with another better-than-fair team. A transfer student, 187-pound John Evans, at center, captain DeWayne Hoberg, at tackle, and Tommy Corrigan, at end, are the standouts in the Bemidji line; while fullback Don Lindblom is the chief backfield threat.

Ducks, Unlimited

All reports indicate that the duck hunters had one of their banner opening days last Saturday, and it seems that the majority of the hunters came back with limits, and mostly mallards at that. The swamp north of Greenbush, Roseau lake, Ditch 20, Red Lake river, and Clearwater river, appear to have been the points of concentration for the hunters, and limits were bagged at all these places. Frank Rinkel, Helmer Bauman, and Lincoln Arnold, were along Ditch 20; and so were about a hundred other hunters, and they reported fine shooting.

Busher Hallstrom and Harry Handrickson were in the Good waters of the Clearwater river; and I saw Bill and Emil Hallamack out there, too, and they all had limits of mallards. Busher said that the hunting was tough, because of the tall rushes and high water. Palmer Johnson, Bill Bugge, and Bill LaFave were in a party that hunted in the Greenbush area, and they had limits on Saturday and Sunday. Kern Olson was at Roseau lake and there the hunting was "tops".

A fellow that deserves a paragraph all by himself is "Babe" Lendobeja, because it is reported that he bagged a couple of geese on Sunday.

He'll Stay Home

Harold Eide, who had planned on attending the World's Series, will stay home. He did not want to make the trip alone and as he couldn't find anyone to go with him, he decided to take in the series by radio. Garf Benson says that the reason Harold wanted a companion was because he, Harold wanted somebody to hold him up when the Yanks took the Series.

HAZEL SOLDIER GIVES FACTS ON LIFE IN IRELAND

Says Country Is Beautiful and Natives are Kind to Soldiers

In a letter received late last week from Ireland by Arthur Berg, chief clerk of the selective service board, Irvin Arne, son of Mr. and Mrs. Andrew Arne, Route 1, Hazel, who volunteered for army duty in March 1941, says that Ireland is a beautiful country with its hills and valleys and numerous hedges every hundred yards or so.

"I told some of the people here", he writes, "that our farm was about 300 acres, and they wouldn't believe me—that is such a fabulous acreage to them. The country here is in great need of machinery and advanced farming methods, but certainly there is no want of beauty.

"This is such a peaceful country, you would never guess it is under the devilish cloud of war, until at night, when there is not a light to be seen. Belfast, near here, is a nice city, but the blackout surely spoils the picture.

"The people here are swell to us. Sometimes when we are on the road in convoys and stop by a house, the people come out with sandwiches and tea."

LUTHER LEAGUES CIRCUIT MEETS IN ST. HILAIRE OCT. 2

Choral Union Will Present Concert Next Sunday Afternoon

The Thief River Falls circuit Luther Leagues of the Norwegian Lutheran Church of America, will hold their annual convention and choral union concert in the St. Hilaire Lutheran church, the Rev. A. O. Skibsrud, pastor, beginning Friday evening, October 2 and closing with the choral union concert on Sunday afternoon, October 4. "This Is The Victory" is the convention theme.

Dr. Jacob Tanner of Fergus Falls, professor emeritus of Luther Theological seminary, St. Paul, will be the convention speaker. The Friday evening session will be devoted to the Lake of the Woods Luther league Bible camp, near Baudette. The young people will lead the discussion of the theme in the Saturday morning and afternoon sessions. The keynote address will be given by Dr. Tanner on Saturday evening.

Divine worship will be conducted in the St. Hilaire high school auditorium at 10:30 on Sunday morning with Dr. Tanner preaching the convention sermon. In the afternoon at the same place, the Thief River Falls circuit choral union will render a sacred concert under the direction of Orville Berg, director of Trinity Lutheran choir, Thief River Falls. The nucleus of this choral union is composed of the choirs from Thief River Falls, Greenbush, Roseau and Baudette.

Delegates and visitors will attend from the 44 Leagues of the circuit which extends from St. Hilaire to Baudette and from Halma to Grygla. Officers of the Circuit organization are: President, Rev. T. C. L. Hanson, Holt; vice president, Raymond Dordal, Karlstad; secretary, Miss Tryphena Anderson, Roseau; treasurer, Marian Augustine, Thief River Falls, 2.

Over 2,000,000 of State Citizens Reside Within One Mile of Trunk Route

More than two million of Minnesota's 2,792,300 people live in cities or villages on trunk highways, or in municipalities or on farms within one mile of a trunk route, according to an analysis of distances made by the highway planning survey, joint project of the department of highways and the Federal Public Roads administration.

Minnesota has 753 incorporated cities and villages. Trunk highways run within the corporate limits of 620, which have a population of 1,744,094, according to the 1940 census. The 133 places not touched by trunk highways contain 35,000 people, or less than 2 per cent of the municipal population; 38 places, with 10,201 people, are within one mile of a trunk route. Approximately 275,000 people in rural unincorporated areas live within one mile of a trunk highway.

The largest place not on a trunk highway has 1,026 population, is on a dustless state aid road and within a mile of two trunk highways. The next largest place not on a trunk highway has 876 people, and is on a paved state aid road. There are only 12 other places of more than 500 population not located on trunk highways.

Of the 133 places not on trunk highways, 113 are on state aid roads, 10 are on county aid roads and 10 on local roads. More than half of the places not on trunk highways are within three miles of such routes.

Expect Fuel Oil Users to Cut Consumption by One-Third This Winter

Home fuel oil rationing in 30 Eastern and Midwestern states will be geared to an estimated overall average reduction of 33⅓ per cent of normal consumption, instead of the 25 per cent reduction previously indicated, the office of price administration announced Friday in Washington.

Paul M. O'Leary, OPA deputy administrator, said it had been found that a 25 per cent reduction would not be sufficient in view of the fuel shortage.

If furnaces can not be converted from oil to other fuels, O'Leary said, "then everything that is possible must be done to improve the burner efficiency and to insulate the home properly."

SCHOOL NOTES

Workmen are busy in the laboratory installing new equipment. When the plumbing is finished, science classes will have the latest in fine laboratory facilities.

The school enrollment is increasing slowly. Many of the students are still at work on farms, due to the labor shortage. It is urged that these students attend whenever the weather does not permit work in the fields.

With several students still to enroll, the freshmen class now numbers twenty-eight. Students in this class new to our school are Margaret Adams, Oliver Dahle, Ruth Fimrite, Viola Habedank, Alvina Halvorson, Lester Hanson, Raymond Hohle, Selmer Holen, George Hruby, Florence Johnson, Louise Kassa, Rosann Marquis, Hilton McMahon, Inez Myrum, Therese Nesland, Mary Ann Oski, Lloyd Peterson, Ernest Roisland, Dagney Saxcold, Ella Skretvedt, Audrey Stephens, and Elsie Sonsdahl.

Mae Englund is a new sophomore, while Bernice Brunner is new to the junior ranks. Harley Bucholz has returned to school as a senior. Seventh graders enrolled here for the first time are Doris Johnson and Phylis Hutchinson. New eighth graders are James Appel, Lorraine Mielke, Mary Skibicki, and Galen Wayne.

A more complete summary of the school enrollment will be presented at a later date.

War savings stamps sales for the first week totalled $26.30. It is expected that the next sales will bring in much more. We at school consider ourselves on the home front in the present war, and we are going to exert every effort to aid our fighting forces. A round-up of scrap metal is planned for early October.

A cook has not yet been selected to prepare our noon day lunches. However, we hope to open the lunch program early in October. The Goodridge school participated in the county garden and canning project this summer; hence, a goodly supply of vegetables will supplement the usual fare.

RIVER VALLEY

The Oak Park Luther League meets at the church at 2:30 P. M. A program will be held and Rev. Lie will conduct Norwegian services. Lunch will be served by the John Peterson and Louis Mandt families.

A large crowd attended the bridal shower Sunday for Miss Anne Hofstad who will be married at the home of her parents, Mr. and Mrs. Ralph Hofstad next Sunday.

Miss Myrtle Monson of Bemidji is visiting at the home of her sister and brother-in-law, Mr. and Mrs. Floyd Lundeen.

Mr. and Mrs. Arthur Gustafson and Mrs. Pete Gustafson were shoppers in Thief River Falls Monday.

Johnny Olson and Ingolf Bakken were the two young men from this community who left for Fort Snelling Sunday.

Supt. Judith Lockrem visited schools in this neighborhood Monday.

MEETING OF GOOD ROADS BOOSTERS HELD LAST WEEK

N. W. Good Roads Association Meets in Crookston Thursday

Declaring that the Alaska highway opens a scenic route unsurpassed in Canada and probably in the United States, and predicting that it will attract thousands of tourists once peace is restored and the road is opened to civilian travel, Errick F. Willis, minister of public works in the province of Manitoba, addressed the dinner meeting climaxing the fall conclave of the Northwest Good Roads association in Crookston last Thursday evening, says the Times of that city.

Mr. Willis and M. J. Hoffman, Minnesota state highway commissioner, were principal speakers on the dinner program which ended the day's sessions of the highway association. Mr. Hoffman spoke on the problem which Minnesota faces in financing its highway maintenance in war time, with drastically reduced revenues from gasoline tax and motor vehicle licenses, and with definite obligations of bonded indebtedness to be met.

While even the most ardent good roads enthusiasts are agreeable to halting construction of highways in war time, there is a general feeling the maintenance should be continued to protect the enormous investment in state, county and township roads, city and village streets, Mr. Hoffman declared. While it is both essential and good business to continue the maintenance program, the drain on manpower, materials and equipment occasioned by the war means that further restrictions are due, and that it may even be necessary to reduce maintenance below the minimum which is considered good, he said.

The Alaska highway, 1,400 miles long, constitutes the first instance in history in which one nation has constructed a road in another nation and presented it to the nation in which it is built without cost, Mr. Willis pointed out in bringing to the highway dinner a word picture, illustrated with maps of the road now being built in Canada.

The United States will build the highway and maintain it until six months after the war, at which time it will become the property of Canada. Canada obtained the right of way for the highway, reverts any income tax collected in connection with its construction, waives duties and facilities getting material and men into Canada for its construction, permits the obtaining of timber, gravel and rock for its construction.

The road is being constructed as a military necessity to supply air fields enroute to Alaska, and to provide a land route should the sea way to Alaska be cut off by Japanese attack. Thirty thousand whites and 40,000 natives in Alaska would starve if the sea route were cut and no land route available, Mr. Willis declared. The route will serve to connect air fields built in Canada at a cost of nine million dollars.

A large delegation of Pennington county and Thief River Falls officials, as well as other citizens, was present in Crookston for the occasion.

TIRE SELLERS MUST FILE INVENTORIES OCTOBER 15

All tire sellers must file inventory reports on all serviceable tires and tubes in their stocks shortly, northwest Office of Price Administration officials have been advised from Washington. Dealers—including tire dealers, automobile supply dealers, motor vehicle dealers and finance companies—must take an inventory of the stocks on hand September 30 and have it in the hands of the OPA by October 15. Officials said this inventory will be important to the dealers because on the basis of the reports turned in will be decided which dealers will be eligible to receive additional stocks of tires if larger inventories become necessary in the rationing program.

Sailing of Red Cross Steamer Canceled as Japan Refuses Permit

Japanese refusal to allow any neutral vessel to cross the western Pacific has caused the American Red Cross to cancel the charter of the S. S. Kanangoora, neutral Swedish ship originally scheduled to carry supplies for American military prisoners and civilian internees held in Japan, occupied China, and the Philippines, Herman A. Kjos, chairman of the Pennington county Chapter, has been advised.

The vessel has been released to the owners and the supplies unloaded to be held in San Francisco until other arrangements can be made. Mail and packages for identified prisoners in Japan have been transferred to the neutral exchange ship, the Gripsholm, Mr. Kjos said.

"It is expected that the Gripsholm will sail shortly with Japanese to be exchanged for American non-combatants at the neutral port of Lourenco Marques in Portuguese East Africa," Kjos declared, adding that mail and other supplies for prisoners of war also will be transferred to Japanese exchange ships and carried to Japan where Paravicini, International Red Cross Committee delegate, will supervise their distribution throughout the Far East.

"The supplies to be carried by the Gripsholm include: 40,000 standard eleven-pound food parcels; 10,000,000 cigarettes; $33,000 worth of drugs and medical supplies; $95,000 worth of blankets and toilet articles, and large quantities of underwear, shoes and other articles, including prisoner of war relief supplies carried for the Army and Navy Departments," Kjos said he had been advised.

Highway Salvage Drive Not Only Aids the War, But Nets State $20,000

Salvaging operations of the state highway department not only have contributed 1,350 tons of metal, rubber and other materials to the war effort, but they have netted the state a return of $20,000.

The highway department, Commissioner M. J. Hoffmann explained, inaugurated a practice in all maintenance districts for regular and systematic collection and disposal of salvage material and junk early in 1941, many months before the necessities of actual war made salvage drives a watchword throughout the country.

Under this practice all such material available was periodically assembled in each district, advertised for sale and disposed of to the highest bidders.

Since the nation's need for salvaged materials, particularly metals and rubber, has become critical, the highway department has gone through each district with a fine-tooth comb and consigned to the salvage piles not only worn out parts, tires and scrap metal, but also such old or obsolete equipment and machinery as is no longer of practical service value, and also bridge and other structural steel which it is not practicable to reuse.

The proceeds to the trunk highway fund from the sale of this junk and salvaged material, including old equipment, passed the $20,000 mark last week.

GRYGLA

4-H CLUB ACHIEVEMENT DAY HELD SATURDAY

Big Grass Workers and Benville Brigadiers took part in the 4-H Club Achievement Day at Grygla Saturday. In the morning, girls' project exhibits in sewing and baking were judged by Miss Ada Todnem of Bemidji, Beltrami Co. home demonstration agent, while Dalton Seeling, county agent, judged the livestock projects. The boys accompanied Mr. Seeling on the field trip.

A fine meal was served at noon by Mrs. Clifford Lunde and Mrs. Ralph Bush, all 4-H members contributing to the lunch. Following the noon luncheon, a program was given as follows:

Song—Star Spangled Banner, by audience.

Club pledge by 4-H members.

A very inspiring talk was then given by Rev. T. C. L. Hanson of Holt. In his talk Rev. Hanson stressed the fact that 4-H club members were not only baking, sewing, gardening, or caring for their calves and lambs, but they were building for the future, and told how their work would develop in each one certain habits and traits that will help him in later life.

A group of girls from Big Grass Club sang two songs, "Friendship Song" and "White Cliffs of Dover".

Winton Levorson read a composition entitled, "The Cow".

A very interesting account of their trips to the state fair was given by Bette Thieling and Hurdis Giltvedt, both members of the Big Grass Workers 4-H club. Bette won her trip in individual bread baking demonstration in the county contest and Hurdis was awarded her trip for having the grand champion clothing exhibit at the Beltrami county fair. In the state contest, Bette received a blue ribbon and Hurdis placed in the red ribbon class.

A piano solo by Helen Rasmussen. This was followed by a talk by Miss Ada Todnem, who discussed changes in the 4-H projects for next year. New projects are the Boy's and Girls' Service Projects which may be taken by those who are especially helping in the home and with the work on the farm.

Miss Florence Peterson teacher in Big Grass school, gave a short performance with a dancing doll.

The program closed with a style revue also judged by Miss Todnem, who, at the close, awarded ribbons to all 4-H members who had not exhibited at the county fair.

Following is a list of placings by classes: Bread I—Muffin exhibit: Marilyn Lunde, blue; Mabel Anderson, red.

Cake (Elementary)—Cookie exhibit: Luverne Frangman, blue.

Clothing I—Donna Bush, blue; Marilyn Gilthvedt, red.

Clothing II—Shirley Bush, red.

Clothing III—Audrey Hylland, red; Inger Nygaard, red. (Exhibits of both were in blue class but were awarded red ribbon on account of delayed completion of records). Bette Thieling, blue.

Dress Revue: Marilyn Giltvedt, blue; Donna Bush, red; Hurdis Gilthvedt, red; Shirley Bush, red; Audrey Hylland, red; Bette Thieling, blue.

Boys' Project—Gardening: Rolfe Lunde blue.

Lamb: Winton Levorson, red.

Dairy Calf: Arnold Anderson, grade Shorthorn, red, Gordon Anderson, grade Holstein, red.

A number of club members who had completed their projects, but were unable to exhibit, will receive prizes on the records.

FIRE CAUSES MUCH DAMAGE

A fire occurred last Thursday evening at the home of Mrs. Ida Anderson, south of town. The fire was thought to have started from wood which she had placed in the oven of her cook stove, leaving it to dry while she went outdoors. When she returned she found the whole house filled with smoke and a lively blaze near the cookstove. Mrs. Anderson entered with the intention of fighting the fire but was overcome by smoke and fell down. Her call for help were soon heard by Myrtle Anderson who ran to help her grandmother. With great difficulty the elderly lady was luckily rescued, and the Grygla fire department was called. The flames were finally brought under control but damage estimated at almost $100.00 resulted from the fire and water. Some pieces of furniture were destroyed, the interior of the building was badly scorched, windows broken and all of Mrs. Anderson's clothing was destroyed. The whole house will have to be renovated before she can occupy it again. The loss was partially covered by insurance.

Birthday Parties

Mrs. Fred Buchalz entertained a few boys on Sunday afternoon in honor of the birthday of her son Ronald, who was twelve years old last Tuesday. The youngsters devoted the afternoon to playing games after which Mrs. Buchalz served a sumptuous lunch featuring a white birthday cake. Ronald received several gifts. Those present besides the Buchalz family were Jack Nomeland, LeRoy Austad, Floyd Cronmger, and Eugene Franzman.

Mr. and Mrs. Otta Johnson of Warren called on relatives and friends here on Saturday.

The Oscar Tweten home was the scene of a family gathering last Friday evening in observance of Allan Jones' birthday which occurred that day. A pleasant social time was had and at a late hour a delicious lunch, which had been contributed by all, was served by the ladies. A white birthday cake with pink trimming centered the serving table. Those enjoying the occasion were Mr. and Mrs. Allan Jones and family, and Mr. and Mrs. Oscar Tweten.

Mrs. Hilmer Benson was pleasantly surprised on Sunday, September 20, when a group of relatives and friends gathered at her home in honor of her birthday, which occurred that day. The afternoon was devoted to visiting and at its close the self-invited guests served a lovely lunch, featuring a white cake decorated with pink and green and topped with candles. Mrs. Benson received several gifts. Guests were Mr. and Mrs. Jess Warne, Mr. and Mrs. Jack Warne and daughter, Mr. and Mrs. Roy Warne and children, Mrs. Curtis Nordby and son, and Mr. and Mrs. Bert Bernstein of Gatzke.

Grygla P. T. A. Meets

The Grygla P. T. A. met at the schoolhouse last Friday evening for the purpose of organizing for the coming season. Mr. Wurscher conducted the meeting. Mrs. M. K. Ellingson accepted the position of president and Mr. Wurscher will act as her assistant. It was decided to appropriate $5.00 per month for the hot lunches which will be served soon. A long discussion followed on the necessity of continuing the hot lunch program and it was decided that a membership drive should be launched to try to get parents of all school children to join.

It was decided not to send delegates to the state convention but to procure a speaker instead. A motion was passed to start the meetings promptly at 8:30 p. m. committee appointments were left to the executive board.

No program or social hour was had. Lunch was served by Mmes. G. Austad, Harry McLeon, and Carl Holbrook.

The Valle Luther League will meet at the church Sunday evening, Oct. 4.

Axel Rasmusson and Arvid Wedul of Hazel were guests at the M. K. Ellingson home on Friday and Saturday.

INTERNATIONAL LUTHER LEAGUE HEAD HERE OCT. 6

Rev. A. E. Hanson on 3-Day Program at Trinity Church

The Reverend A. E. Hanson, known to many residents of this community from the time of his pastorate at Stephen, and now pastor at Brookings, South Dakota and also president of the International Luther League, will be the speaker at a series of special meetings at Trinity Lutheran Church, October 6-8.

Rev. Hanson served a pastorate at Bemidji for several years and then moved to St. Paul, where he was the pastor at Christ Lutheran Church on Capitol Hill. He is known widely as a speaker.

The Reverend G. S. Thompson, pastor of Trinity Church, announced today that the special meetings will be held at 8:00 p. m. and are planned especially for young people. "We are particularly eager", he stated, "to bring our high school youth and other young people into contact with Mr. Hanson's message and his refreshing personality. Nevertheless, we extend a hearty invitation to men and women of all ages to come to our church on the evenings announced."

Mr. Hanson and Mr. Thompson have also made preparations to meet in private conference with any who may request it. The Reverend A. Skibarud of St. Hilaire, will provide a tenor solo as the special music for the first evening meeting. Other special music will add to the interest and inspiration of subsequent services.

22-YEAR-OLD BUS TO MAKE GRID TRIPS

U. S. Troops at Port Moresby

Carrying barracks bags, personal belongings and ammunition, these American soldiers are shown as they arrived at Port Moresby, New Guinea. Since then these troops have likely seen action with Jap jungle troops, headed towards this base. New Guinea natives and Australian soldiers sitting on gas drums inspect the troops as they march past.

Nationwide Rationing of Gas Starts Nov. 22

Price Administrator Leon Henderson announced Saturday in Washington that nationwide gasoline rationing would start probably about November 22 with a basic ration of slightly under four gallons a week.

Motor fuel rationing for the country's 27,000,000 private vehicles—patterned after the system now in effect on the Atlantic seaboard will be merged with tire rationing into a single program, Henderson said. He did not explain how this would be accomplished.

Earlier in the day Joseph B. Eastman, director of the office of defense transportation, called for a nationwide speed limit of 35 miles an hour. Compliance with this, Henderson announced, will be a basic requirement for obtaining both tire and gasoline rations.

In addition, tires on all cars must be submitted every 60 days after rationing starts for on-wheel inspection to insure that proper care is given them.

The 35-mile speed limit on all highways and streets was decreed in an official ODT order. It did not carry enforcement or penal provisions but Eastman said he would request governors of all states to make it effective "thru proclamation or otherwise."

Governors will be asked to call upon state and local officials for strict enforcement.

The speed limit was ordered effective October 1 for all vehicles except trucks and busses operated by common carriers over regularly-scheduled routes and for the latter October 15.

Motor vehicles operated by the armed forces or under their direction were exempted, as were cars driven in emergencies "for the protection and preservation of life and health or for public safety." The latter must be held to "reasonable" speeds consonant with the emergency existing.

An ODT spokesman said the action was taken under the wartime powers of President Roosevelt, delegated to Rubber Director William M. Jeffers and by the latter to Eastman.

Henderson did not explain how the speed limit would be tied in with rationing.

The gasoline rationing program will give to each automobile on the minimum, A-card basis, enough gasoline for 2,880 miles of driving a year, reckoned at 15 miles to the gallon.

Provision will be made for supplemental rations in certain cases, as is done now in the East but Henderson emphasized that "additional gasoline will be allowed only on proof of need and in quantities strictly limited to the degree of essentiality to the nation's war effort."

Ship Builders Seeking 33,000 Men in Minnesota

Approximately 33,000 workers for jobs in West Coast shipyards are being sought by the United States employment service in Minnesota, says Leonard B. Ryan, state director. One of the firms is operated by "Miracle Builder" Henry J. Kaiser, whose company last week launched a 10,500 ton ship in 10 days after the keel was layed.

The openings are for workers in the following occupations: helpers without mechanical skill, electric welders, welders' helpers, boilermakers' helpers, and laborers. Persons 18 to 60 are wanted. Wages range from 68 cents to $1.20 per hour to start, with time and one-half for overtime.

ELECTRIC CO-OP. MAKING STUDY OF POST-WAR NEEDS

Survey to Reveal Potential Customers in Area It Serves

The Red Lake Electric Cooperative, Inc., is making a check-up of the possible rural users of electric power in this area as part of a nation-wide survey being conducted by the Rural Electrification Administration O. J. Overmoen, superintendent, announced today. The survey, which is a part of the federal government's post-war planning program, will cover unelectrified farms, schools, churches, stores, filling stations, food processing plants and other rural establishments. The Rural Electrification Act of 1936 charges the REA administrator with responsibility for checking closely the conditions and progress of rural electrification.

Many farmers of this area who cannot obtain electricity until critical materials are again available have already applied to Red Lake Electric Cooperative, Inc. for service, according to Mr. Overmoen. He said that the information obtained from the survey will be used in estimating how many rural consumers can be reached by REA electric service when the war is over.

Mr. Overmoen said that REA Administrator Harry Slattery has stressed the importance of the survey in view of President Roosevelt's emphasis on extension of rural electrification as a post-war development. In October, 1941, the President wrote to a Wisconsin Congressman that "expanded activity in rural electrification promises to be one of our staunchest supports in the transition from a defense to a peacetime economy." Again in May this year, in a letter to Mr. Slattery on REA's seventh birthday, the President wrote: "It is a source of gratification to know that nearly 950,000 farms and other rural consumers on REA-financed lines are better able to make their maximum contribution to the war because they have electric power. This is a further demonstration of the need, when materials and manpower become available, for achievement of the goal of eventually taking electricity to every possible rural home and enterprise in the nation."

A careful study of trends in costs of construction will be made in connection with the survey of potential users, Mr. Overmoen said. He pointed out that standardization of construction designs by REA engineers between 1935 and 1942 had resulted in a reduction from about $1,500 per mile to $750 per mile in the costs of building rural electric distribution lines. This made electric service economically feasible for many farm families who at the start of the REA program were believed financially unable to bear the costs of such service.

Dunwoody Offers Free Machine Shop Training

To meet the great demand upon Dunwoody Institute of Minneapolis for trained machine tool operators, the school needs many applicants for free training. A special effort is now being made to obtain as many applicants as possible from communities where there is no opportunity to secure free training or employment in war production induction industries.

Applicants must be males. Those with previous mechanical experience in some line are preferred at present. This would include experience in the repair of farm equipment. They should be over 45 or, if under 45, be married and have at least two children.

For full information, applicants should write to Dunwoody Institute, Minneapolis.

H. S. PUPILS ARE ASKED TO JOIN IN U. S. WAR EFFORT

High School Victory Corps to be Organized Soon in Minnesota

Northwest high school boys and girls will have an opportunity to participate in their country's victory effort by enrolling in the high school students Victory Corps, which now is being formed. Headed by the famous World War flying ace, Captain Eddie Rickenbacker, and supervised by Paul V. McNutt, federal security administrator and war manpower commission chairman, the plan has approval of national school organizations. State superintendents and commissioners of education are expected to call on local school boards to launch the northwest program shortly.

Aims of the high school Victory Corps are two: first is the immediate, accelerated training for youth in the war service they will be expected to perform after they leave school and second, active participation while still in school in their community's war effort.

Members of the Victory Corps will be guided into critical services and occupations, trained in better understanding of the war and demands on wartime citizenship. Also stressed will be physical fitness, voluntary drill for selected boys, competence in science and mathematics, preflight training and other essentials.

"All high school students —boys and girls—can participate in the program, Mr. McNutt said.

Perhaps She Was Practicing

City detectives in Milwaukee apprehended a 20-year-old girl in the act of shop-lifting in a department store. Adolph Deisinger, chief of the store's police, gasped: "This girl applied for a detective's job here. She said she would be good at catching shoplifters. I was considering her for the job." The girl drew a $50 fine.

100 Job Openings Listed on New Alaska Highway

The United States employment service offices in Minnesota are looking for more than 100 workmen for employment on the new Alaska highway, it was announced by Leonard D. Ryan, state USES director. The agency has employment for 75 carpenters at $1.41½ an hour, 25 to 30 laborers at $0.90½ an hour, and a limited number of good carpenter foremen at $1.54 an hour. Additional information can be obtained at any one of the 30 USES offices in the state, one of which is located in Thief River Falls.

Vichy 'Celebrates'

Marshal Petain, head of Vichy, France, is welcomed by Pierre Laval as he arrives at the Gergovie memorial, near Clermont Ferrand. Here, on the second anniversary of the French Legion, members of the legion brought earth from all parts of the French empire to be sealed in the monument which commemorates Vercingetorix's victory over Julius Caesar in 52 B. Be Careful in Making Substitutions for Meat in Diet, Bulletin Says

Meat rationing may damage the American public's health if the usual mistakes in substitution are made, but it will be absolutely harmless if the right substitutes are used, according to a food study by Northwestern National Life Insurance company.

Shorter meat rations are already here for millions of American families, due to high food prices, the study points out. Commonest, and therefore most dangerous error, is to try to replace meats by eating still more starches and sweets, because these satisfy hunger, and cost but a small fraction as much as meat. Both adults and children can remain plump on such a diet, but in a few months become ailing, "pepless", and easy prey for many diseases, due to "protein starvation."

We need enough starches and sweets for "fuel", but they cannot substitute for protein, the great body-building and repair material, the study says.

Healthful, economical protein replacements for short meat rations are: milk in all forms, including skim, buttermilk, and cheese; eggs; soy flour and soy grits (used in breads, soups, cereals, and to "stretch" meat and fish dishes); peanut butter; beans, peas and lentils; whole-grain and enriched breads and cereals.

Fish and poultry, popularly recommended as substitutes for the "red" meats, are excellent so far as food values are concerned; however, fish is relatively as scarce as meat, and poultry is as expensive. In many other countries both have been rationed along with meat.

Elmer "Pete" Berling was ordered to report to the navy's induction center at Helena, Mont., on Sept. 22 for formal entry into the U. S. navy. He started his naval duties with the rank of second class petty officer in the mechanical division. Following formal induction at Helena, Berling will be transferred to the naval station at Norfolk, Va. Berling has been a resident of Thief River Falls for several years and prior to his induction he was employed at the Home Automobile Co., at Livingston. Mrs. Berling will remain in Livingston while her husband is serving in the navy. She is employed at the Montgomery Ward store there.

Tracy.—If friendship is the greatest asset on earth, then Emil Comenick is indeed a rich man. During a recent stay of 18 days at the Clinic hospital he had 411 different visitors. His hospital stay was necessitated because of serious injuries received late in August when he fell into the band cutters of a threshing machine.

HIGHLANDING

Mr. William Nyheim opened school in Dist. 37 Monday. Mr. Nyheim's home is at Roseau.

Miss Lenora Erickson called on school board members Monday in the interest of the new school maps. Miss Erickson who has spent some time studying in China and the Philippines has agreed to give a lecture on those countries at the Highlanding hall in the near future. Watch for the date and be sure to attend this lecture. Miss Erickson will appear in Philippino dress and show colored pictures on a canvas besides lecturing.

Mrs. Geo. Gerlach and Billy returned to Fargo, N. D., Friday after spending the past month at the Wm. Vaughan home.

Mrs. Clifford Vad is on the sick list.

William Nyheim spent the week end in Thief River Falls with friends.

Mrs. Wm. Cousin's sisters who have spent two weeks at the Cousin home returned to their homes at Grand Forks, N. D., and Minneapolis last week.

Miss Cis Korstad drove over from Twin Valley Saturday. Miss Korstad drove in snow until she reached Erskine. We feel lucky with so much flax not threshed and some still uncut.

Mr. and Mrs. Anton Johnson visited at the John Cantwell home in Oklee Sunday.
